Guidelines for Applying Protected Area Management Categories - Nigel Dudley 2008
IUCN's Protected Areas Management Categories, which classify protected areas according to their management objectives, are today accepted as the benchmark for defining, recording, and classifying protected areas. They are recognized by international bodies such as the United Nations as well as many national governments. As a result, they are increasingly being incorporated into government legislation. These guidelines provide as much clarity as possible regarding the meaning and application of the Categories. They describe the definition of the Categories and discuss application in particular biomes and management approaches.

Auto Repair For Dummies - Deanna Sclar 2019-01-07
Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this $34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

How to Read Islamic Carpets - Walter B. Denny 2014-12-15
The engaging and accessible volume offers invaluable insights and novel perspectives on what is perhaps the most iconic of all Islamic art forms: the handwoven carpet. With a history stretching back to the fourteenth century and a geographic reach spanning Europe to Eurasia, Mongolia to the Middle East, Islamic carpets boast a degree of innovation and technical skill to rival the world's most exalted works of art. Beauty and brilliance emerge in equal measure from carpets of all forms be they colossal silk rugs exchanged as gifts by sultans and kings or small and sturdy textiles woven for use in nomadic encampments. Some sixty superlatives examples from the Metropolitan Museum's collection—from Persia, India, Turkey, North Africa, and across the Islamic world—are presented here in lavish detail, with concise and approachable texts that position each work in historical and cultural context. Beginning with a discussion of materials and techniques, How to Read Islamic Carpets offers a comprehensive introduction to this captivating art form, and reveals the lasting influence of carpet-weaving traditions in lands far beyond the Islamic world.
