Harley's drawings literally come to life!

The Reluctant Psychic - Suzan Saxman 2015-01-27

We all, as children, saw imaginary friends and heard monsters in the closet. But for Suzan Saxman, those friends and monsters didn't go away—and they weren't imaginary. They were the dead who came to her from the time she was a little girl with urgent messages for the living. Raised in a house filled with secrets, she saw and spoke the truth as soon as she could talk, alarming the nuns in her convent school with her revelations and terrifying her own mother with her strange visions. Each night she woke to see a man with no eyes watching her, and each day she kept watch by the window while her father was at work and Steve, her real father, a swarthy drifter, rendezvoused with her mother. It was the 1960s in suburban Staten Island and she tried to hide it all, and be a daughter her mother could love. Always skeptical of her tremendous gift, she struggled to come to terms with her calling even as she revealed the destinies of everyone, from housewives to hit men, stockbrokers to rock-and-rollers. She could witness everyone's future—everyone's but her own. Why was she visited by angels and demons? Could she ever escape this strange fate? Where was her own soul mate? Now Suzan tells the story of her journey and tries to make sense of her family's buried secrets. Through powerful readings of others' destinies interwoven with compelling narrative, a reluctant psychic emerges from the shadows.

Cured - Jeff Rediger 2021-07-15

A pioneering Harvard psychiatrist uncovers the lost connections between the mind, body and immune system When it comes to understanding the connection between our mental and physical health, we should be looking at the exceptions, not the rules. Dr Jeff Rediger, a world-leading Harvard psychiatrist, has spent the last fifteen years studying thousands of individuals from around the world, examining the stories behind extraordinary cases of recovery from terminal illness. Observing the common denominators of people who have beaten the odds, Dr Rediger reveals the immense power of our immune system and unlocks the secrets of the mind-body connection. In Cured, he explains the vital role that nutrition plays in boosting our immunity and fighting off disease, and he also outlines how stress, trauma and identity affect our physical health. In analysing the remarkable science of recovery, Dr Rediger reveals the power of our mind to heal our body and shows us the keys to good health.

Creating Signature Stories - David Aaker 2018-01-02

Stories are orders of magnitude which are more effective than facts at achieving attention, persuading, being remembered, and inspiring involvement. Signature stories—intriguing, authentic, and involving narratives—apply the power of stories to communicate a strategic message. Marketing professionals, coping with the digital revolution and the need to have their strategic message heard internally and externally, are realizing that a digital strategy revolves around content and that content is stories. Creating Signature Stories shows organizations how to introduce storytelling into their strategic messaging, and guides organizations to find, or even create, signature stories and leverage them over time. With case studies built into every chapter, organizations will realize the power of storytelling to energize readers, gain visibility, persuade audiences, and inspire action.

The Way of the Rose - Clark Strand 2019-11-05

What happens when a former Zen Buddhist monk and his feminist wife experience an apparition of the Virgin Mary? “This book could not have come at a more auspicious time, and the message is mystical perfection, not to mention a courageous one. I adore this book.”—Caroline Myss, author of Anatomy of the Spirit Before a vision of a mysterious “Lady” invited Clark Strand and Perdita Finn to pray the rosary, they were not only uninterested in becoming Catholic but finished with institutional religion altogether. Their main spiritual concerns were the fate of the planet and the future of their children and grandchildren in an age of ecological collapse. But this Lady barely even referred to the Church and its proscriptions. Instead, she spoke of the miraculous power of the rosary to transform lives and heal the planet, and revealed the secrets she had hidden within the rosary’s prayers and mysteries—secrets of a past age when forests were the only cathedrals and people wove rose garlands for a Mother whose loving presence was as close as the ground beneath their feet. She told Strand and Finn: The rosary is My body, and My body is the body of the world. Your body is one with that body. What cause could there be for fear? Weaving together their own remarkable story of how they came to the rosary, their discoveries about the eco-feminist wisdom at the heart of this ancient devotion, and the life-changing revelations of the Lady herself, the authors reveal an ancestral path—available to everyone, religious or not—that returns us to the powerful healing rhythms of the natural world.

The True Meaning of Smekday - Adam Rex 2015-02-10

The book that inspired HOME, now a major motion picture! It all starts with a school essay. When twelve-year-old Gratuity ("Tip") Tucci is assigned to write five pages on "The True Meaning of Smekday" for the National Time Capsule contest, she's not sure where to begin. When her mom started telling everyone

about the messages aliens were sending through a mole on the back of her neck? Maybe on Christmas Eve, when huge, bizarre spaceships descended on the Earth and the aliens—called Boov—abducted her mother? Or when the Boov declared Earth a colony, renamed it "Smekland" (in honor of glorious Captain Smek), and forced all Americans to relocate to Florida via rocketpod? In any case, Gratuity's story is much, much bigger than the assignment. It involves her unlikely friendship with a renegade Boov mechanic named J.Lo.; a futile journey south to find Gratuity's mother at the Happy Mouse Kingdom; a cross-country road trip in a hovercar called Slushious; and an outrageous plan to save the Earth from yet another alien invasion. Fully illustrated with "photos," drawings, newspaper clippings, and comics sequences, this is a hilarious, perceptive, genre-bending novel from best-selling author Adam Rex.
