American Jewish History - Gary Phillip Zola
2014-11-04

Presenting the American Jewish historical experience from its communal beginnings to the present through documents, photographs, and other illustrations, many of which have never before been published, this entirely new collection of source materials complements existing textbooks on American Jewish history with an organization and pedagogy that reflect the latest historiographical trends and the most creative teaching approaches. Ten chapters, organized chronologically, include source materials that highlight the major thematic questions of each era and tell many stories about what it was like to immigrate and acculturate to American life, practice different forms of Judaism, engage with the larger political, economic, and social cultures that surrounded American Jews, and offer assistance to Jews in need around the world. At the beginning of each chapter, the editors provide a brief historical overview highlighting some of the most important developments in both American and American Jewish history during that particular era. Source materials in the collection are preceded by short headnotes that orient readers to the documents' historical context and significance.

The American Pageant - Thomas Andrew Bailey
1998

USAs historie indtil 1996

American Pageant - David M. Kennedy
2015-01-01

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis.

Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1–41); Volume 1: To 1877 (Chapters 1–22); Volume 2: Since 1865 (Chapters 22–41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Communism and the family - Aleksandra Kollontai
1920

World Civilizations - Peter N. Stearns 2007
With 83 additional outline and four-color maps, *World Civilizations: The Global Experience*, Fifth Edition, Atlas Edition, helps students with geography, one of the most difficult aspects of World history courses for many. The maps are accompanied by review questions that call on students to identify important geographical areas and think critically about the connection between geography and historical events. The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected. The primary goal of *World Civilizations* is to present a truly global history—since the development of agriculture and herding to the present. Using a unique periodization, this book divides the main periods of human history according to changes in the nature and extent of global contacts. This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting social and cultural as well as political and economic aspects, the book examines key civilizations in world history. *World Civilizations* balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.

Reforging the White Republic - Edward J. Blum 2005

During Reconstruction, former abolitionists in the North had a golden opportunity to pursue true racial justice and permanent reform in America. But why, after the sacrifice made by thousands of Civil War patriots to arrive at this juncture, did the moment slip away, leaving many whites throughout the North and South more racist than before? Edward J. Blum takes a fresh look at this question, focusing on the vital role that religion played in reunifying northern,

and southern whites into a racially segregated society. He tells the fascinating story of how northern Protestantism, once the catalyst for racial egalitarianism, promoted the image of a "white republic" that conflated whiteness, godliness, and nationalism. Blum explores a wide array of venues and media to document how figures from Harriet Beecher Stowe to Frederick Douglass either supported or tried to resist the retreat from Reconstruction. Magazines, personal diaries, sermons, hymns, travelogues, Supreme Court opinions, and political caricatures illustrate religious ideologies at play in virtually every aspects of the larger culture. The myth of the white republic helped mend the North-South rift while lending moral purpose to the government's imperialist ambitions, and by 1900 the United States felt divinely sanctioned in subjugating peoples of color at home and abroad. A blend of history and social science, *Reforging the White Republic* offers a surprising perspective on the forces of religion as well as nationalism and imperialism at a critical point in American history.

Worlds of History, Volume Two: Since 1400 - Kevin Reilly 2007-01-05

Assembled by award-winning community college teacher and distinguished world historian Kevin Reilly, the documents in the best-selling *Worlds of History* bring history alive for students. Students read voices from the distant and more recent past that address topics and issues -- like patriarchy, love and marriage, and imperialism -- of enduring interest and relevance. Ranging widely across regions and cultures, each chapter takes up a major theme and asks students to examine it in the context of two or more cultures, encouraging them to make cross-cultural connections and comparisons. The flexible comparative and thematic framework easily accommodates the variety of approaches instructors bring to teaching world history while supporting the general goal of cultivating critical thinking skills.

World History, Culture, and Geography - 1995

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)

The New Industrial Revolution - Peter Marsh 2012-07-17

Explores more than 250 years of manufacturing history, arguing that the rise of China and India is not necessarily the death knell of the U.S., U.K., German and Japanese economies, if only those nations can adapt.

The Haitian Revolution - Toussaint L'Ouverture 2019-11-12

Toussaint L'Ouverture was the leader of the Haitian Revolution in the late eighteenth century, in which slaves rebelled against their masters and established the first black republic. In this collection of his writings and speeches, former Haitian politician Jean-Bertrand Aristide demonstrates L'Ouverture's profound contribution to the struggle for equality.

The Rosetta Stone - R. B. Parkinson 2005

The Rosetta Stone is one of the most popular artefacts in the British Museum. Containing a decree written in Greek, Demotic and hieroglyphics, it proved to be the key to deciphering Egyptian hieroglyphics. This concise study traces the history of 'the most famous piece of rock in the world' to become a modern icon and tells the story of the race to use it to decipher Egypt's ancient script by Jean-François Champollion and Thomas Young. Also includes a translation of the text.

[Introduction to Human Geography](#) - David Dorrell 2018-10

The World Revolution of Westernization -

Theodore H. Von Laue 1987

Theodore H. Von Laue's stunningly original and controversial book approaches the dynamics of twentieth-century history from an entirely new perspective by proposing that the little-understood historic process known as the world revolution of Westernization has caused the global violence and warfare of this century. Accounting for world wars, the rise of communism and fascism, decolonization, Third World dictatorships, and contemporary terrorism, Von Laue describes the twin processes of the expansion of Western power and the emergence of global interdependence. His journey through the twentieth century begins in the 1870s with the British raj in India; includes the colonization of Africa, the communist and fascist "counter-revolutions," the Great Depression, Stalinism and Hitler's unleashing of World War II, and the post-war emergence of the United States as the foremost superpower; and ends with the nuclear arms race, the most dangerous of all global tensions. As a challenging history of the contemporary age, this book will make readers think more globally and compassionately about the complex issues that threaten our peace and survival as we prepare to enter the twenty-first century.

How the Garcia Girls Lost Their Accents - Julia Alvarez 2010-01-12

"Poignant . . . Powerful . . . Beautifully captures the threshold experience of the new immigrant, where the past is not yet a memory." —The New York Times Book Review Acclaimed writer Julia Alvarez's beloved first novel gives voice to four sisters as they grow up in two cultures. The García sisters—Carla, Sandra, Yolanda, and Sofía—and their family must flee their home in the Dominican Republic after their father's role in an attempt to overthrow brutal dictator Rafael Trujillo is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wondrous but not always welcoming U.S.A., their parents try to hold on to their old ways as the girls try find new lives: by straightening their hair and wearing American fashions, and by forgetting their Spanish. For them, it is at once liberating and excruciating to be caught between the old world and the new. Here they tell their stories about being at home—and not at home—in

America. Julia Alvarez's new novel, *Afterlife*, is available now.

Geographical Evolution - Archibald Geikie
2019-10-09

It must be owned that man, in most of his struggles with the world around him, has fought blindly for his own ultimate interests. His contest, successful for the moment, has too often led to sure and sad disaster. Stripping forests from hill and mountain, he has gained his immediate object in the possession of their abundant stores of timber; but he has laid open the slopes to be parched by drought, or to be swept bare by rain. Countries once rich in beauty, and plenteous in all that was needful for his support, are now burned and barren, or almost denuded of their soil. Gradually he has been taught by his own bitter experience, that while his aim still is to subdue the earth, he can attain it, not by setting Nature and her laws at defiance, but by enlisting them in his service. He has learned at last to be the minister and interpreter of Nature, and he finds in her a ready and unrepining slave. In fine, looking back across the long cycles of change through which the land has been shaped into its present form, let us realize that these geographical revolutions are not events wholly of the dim past, but that they are still in progress. So slow and measured has been their march, that even from the earliest times of human history they seem hardly to have advanced at all. But none the less are they surely and steadily transpiring around us. In the fall of rain and the flow of rivers, in the bubble of springs and the silence of frost, in the quiet creep of glaciers and the tumultuous rush of ocean-waves, in the tremor of the earthquake and the outburst of the volcano, we may recognize the same play of terrestrial forces by which the framework of the continents has been step by step evolved.
