British Legends - Charles River Editors 2013-09-24

*Includes a contemporary account of Drake's voyage around the world. *Includes pictures depicting Drake and important people, places, and events in his life. *Discusses the legends and controversies surrounding Drake's piracy and adventures. *Includes a Bibliography for further reading. "There must be a beginning of any great matter, but the continuing unto the end until it be thoroughly finished yields the true glory." - Sir Francis Drake The life of Sir Francis Drake, or, more precisely, the tale of it, is one of those prime examples that history is written by the winners. Drake was the most famous sailor of the Elizabethan Era, and he has long been considered a hero by the English. His successes against the Spanish as a captain and a privateer were legendary, and Drake was celebrated for fighting the Queen's enemies, sinking their ships, and capturing the treasure that would otherwise

be used to finance attacks on England. Drake vigorously pursued every mission given to him by Elizabeth I, and brought all his skill, experience and training to bear against her enemies. He was recognized at court for his valor, praised in story and song, and remembered for the kind of personality and esprit de corps that the English have long desired and celebrated in their military heroes. While that might have summarized Sir Francis Drake's life from an English perspective, that's not at all how the Spanish remember "El Draque" ("The Dragon"), the 16th century's most notorious pirate. Referred to as "the main cause of wars" in one 1592 letter to the Spanish King Phillip II, Drake harassed Spanish ships in several oceans and was so despised by the Spanish that Phillip II placed the equivalent of a 7 million dollar bounty on his head. This should come as no surprise, given that Spanish accounts tell of a captain who attacked and boarded Spanish merchant ships to steal their

treasure and made off with it in the kind of haughty and dramatic ways that have become standard fare in pirate lore. El Draque also had no qualms about killing those who refused his requests. Which version of Drake's life is more accurate? As usual, the reality falls somewhere inbetween. For most of his career, Drake was unquestionably a privateer and not a member of any organized Navy, thus answering to nobody except the Queen, and had he failed, he might have been shackled in irons and imprisoned. It was due to the fact he was successful that he was instead given a seat of honor at Elizabeth's own table in her own court. While privateers were used by all European powers during times of war, Drake also happened to target enemy ships when no state of war existed, thus clearly veering into the realm of piracy. Naturally, Elizabeth's enemies claimed that he was engaging in piracy with her blessing, which was probably true at times and untrue at

others. While contemporary accounts reveal two very different sides of the same man, Drake's legacy has since been shrouded in legend, with tales concerning buried treasure, encounters with Native Americans, and his famous circumnavigation of the globe. *British Legends: The Life and Legacy of Sir Francis Drake* looks at the life, career, legends, and controversies of the Elizabethan Era's most famous captain. Along with pictures of important people, places, and events in his life, you will learn about Sir Francis Drake like you never have before, in no time at all.

In Search of a Kingdom -
Laurence Bergreen 2021-03-16
“FASCINATING . . . Dramatic
and timely.” —New York Times
Book Review, Editors' Choice
In this grand and thrilling
narrative, the acclaimed
biographer of Magellan and
Columbus reveals the singular
adventures of Sir Francis
Drake, whose mastery of the
seas during the reign of Queen

Elizabeth I changed the course
of history. “Entrancing . . .
Very good indeed.” —Wall
Street Journal Before he was
secretly dispatched by Queen
Elizabeth to circumnavigate
the globe, or was called upon
to save England from the
Spanish Armada, Francis Drake
was perhaps the most
wanted—and
successful—pirate ever to sail.
Nicknamed “El Draque” by the
Spaniards who placed a bounty
on his head, the notorious red-
haired, hot-tempered Drake
pillaged galleons laden with
New World gold and silver,
stealing a vast fortune for his
queen—and himself. For
Elizabeth, Drake made the
impossible real, serving as a
crucial and brilliantly
adaptable instrument of her
ambitions to transform
England from a third-rate
island kingdom into a global
imperial power. In 1580,
sailing on Elizabeth’s covert
orders, Drake became the first
captain to circumnavigate the
earth successfully. (Ferdinand
Magellan had died in his
attempt.) Part exploring

expedition, part raiding mission, Drake's audacious around-the-world journey in the Golden Hind reached Patagonia, the Pacific Coast of present-day California and Oregon, the Spice Islands, Java, and Africa. Almost a decade later, Elizabeth called upon Drake again. As the devil-may-care vice admiral of the English fleet, Drake dramatically defeated the once-invincible Spanish Armada, spurring the British Empire's ascent and permanently wounding its greatest rival. The relationship between Drake and Elizabeth is the missing link in our understanding of the rise of the British Empire, and its importance has not been fully described or appreciated. Framed around Drake's key voyages as a window into this crucial moment in British history, *In Search of a Kingdom* is a rousing adventure narrative entwining epic historical themes with intimate passions.

spy, diplomat and supreme propagandist for Elizabethan sea power, Richard Hakluyt's accounts of famed explorers mythologised a nation growing rapidly aware of the size and strangeness of the world - and determined to dominate it. Introducing Little Black Classics: 80 books for Penguin's 80th birthday. Little Black Classics celebrate the huge range and diversity of Penguin Classics, with books from around the world and across many centuries. They take us from a balloon ride over Victorian London to a garden of blossom in Japan, from Tierra del Fuego to 16th century California and the Russian steppe. Here are stories lyrical and savage; poems epic and intimate; essays satirical and inspirational; and ideas that have shaped the lives of millions. Richard Hakluyt (c 1552-1616). Hakluyt's Voyages and Discoveries is available in Penguin Classics.
