Love and Its Critics - Michael Bryson 2020-10-09

"This book is a history of love and the challenge love offers to the laws and customs of its times and places, as told through poetry from the Song of Songs to John Milton's Paradise Lost. It is also an account of the critical reception afforded to such literature, and the ways in which criticism has attempted to stifle this challenge. Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin'amor: love as an end in itself, mutual and freely chosen even in the face of social, religious, or political retribution. Neither eros nor agape, neither exclusively of the body, nor solely of the spirit, this love is a middle path. Alongside this tradition has grown a critical movement that employs a 'hermeneutics of suspicion', in Paul Ricoeur's phrase, to claim that passionate love poetry is not what it seems, and should be properly understood as worship of God, subordination to Empire, or an entanglement with the structures of language itself - in short, the very things it resists. The book engages with some of the seminal literature of the Western canon, including the Bible, the poetry of Ovid, and works by English authors such as William Shakespeare and John Donne, and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature. Lively and enjoyable in its style, it attempts to restore a sense of pleasure to the reading of poetry, and to puncture critical insistence that literature must be outwitted. It will be of value to professional, graduate, and advanced undergraduate scholars of literature, and to the educated general reader interested in treatments of love in poetry throughout history." The Better Brain Solution - Steven Masley 2018

Alzheimer's disease is the #1 most terrifying disease today. Despite billions of dollars of research, there are no significant cures for dementia or Alzheimer's (the most common form of memory loss), which accounts for up to 70 percent of all dementia. Almost six million Americans have been diagnosed with Alzheimer's; with an annual cost of dementia care and research in the United States of \$215 billion, more than is spent on

cancer or heart disease. In *The Better Brain Solution*, Dr. Steven Masley writes of the two urgent epidemics we are facing now--escalating rates of disabling memory loss and rapidly increasing rates of diabetes and pre-diabetes--and yet both conditions are largely preventable. Most people today understand the effect that elevated blood sugar has on their cardiovascular health, but few understand that insulin resistance is significantly damaging to the brain. In the *The Better Brain Solution*, Masley offers a program that, in the fight against diabetes, memory loss, and cognitive decline, can reverse insulin resistance, enhance cognitive performance, and stop cognitive decline before it is too late. Masley gives the reader the tools he has developed for his own private patients to prevent and reverse this metabolic syndrome and to achieve normal blood sugar levels (below 95 mg/dL). He explores the impact of insulin resistance on the brain and the heart/brain/diabetes connection, explaining how cognitive function and memory work and he discusses the risk factors for memory loss. *The Better Brain Solution* offers the reader a comprehensive plan for achieving optimal brain health, providing information on brain-boosting foods and supplements as well as providing a practical way to assess cognitive function. With 50 recipes for foods that improve brain and body and that are easy to prepare.

The Uncomfortable Dead - Subcomandante Marcos 2010-02-01

"Great writers by definition are outriders, raiders of a sort, sweeping down from wilderness territories to disturb the peace, overrun the status quo and throw into question everything we know to be true. . . . On its face, the novel is a murder mystery, and at the book's heart, always, is a deep love of Mexico and its people." —Los Angeles Times

Subcomandante Marcos is a spokesperson and strategist for the Zapatistas, an indigenous insurgency movement based in Mexico. Paco Ignacio Taibo II is the author of numerous works of award-winning fiction and nonfiction, which have been published in many languages around the world. He lives in Mexico City.

The Columbia Guide to the Latin American Novel Since 1945 - Raymond L. Williams 2007

In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the "Crack" in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.

Gender and Sexuality in Latin American Horror Cinema - Gustavo Subero 2016-05-20

Gender and Sexuality in Latin American Horror Cinema explores the different mechanisms and strategies through which horror films attempt to reinforce or contest gender relations and issues of sexual identity in the continent. The book explores issues of machismo, marianismo, homosociality, bromance, among others through the lens of horror narratives and, especially, it offers an analysis of monstrosity and the figure of the monster as an outlet to play out socio-sexual anxieties in different societies or gender groups. The author looks at a wide range of films from countries such as Cuba, Peru, Mexico and Argentina and draws points of commonality, as well as comparing essential differences, between the way that horror fictions - considered by many as low-brow cinema - can be effective to delve into the way that sexuality and gender operates and circulates in the popular imaginary in these regions.

Trusting God - Sharon Jaynes 2011-12-13

You don't have to understand God to trust him. "Just trust me." Those are the words we often hear in movies just before something bad happens. And yet, we are told to trust God. In a culture where we tend to take control of our own lives, trusting God has become a religious platitude rather than a life-changing attitude. We say it, but do we really mean it? And what does trusting God really look like? Sharon, Mary, and Gwen—the Girlfriends in God ministry team—have been there. They've traveled the tough roads of life to discover the peace and power that comes from grabbing the hand of God and trusting his plan. The life stories they share bring laughter and sometimes tears, but always spiritual growth. Each of the 12-week sections concludes with a Bible study guide and journal page, inviting you to lock arms with Sharon, Mary, and Gwen and share with other women in a small group setting or to use individually in your own quiet time.

Take Hold of the Faith You Long For - Sharon Jaynes 2016-05-03

On the outside, many women are well-put-together Christians with trendy shoes, beautiful children, and wide, white smiles. On the inside, those same women are little girls cowering at the edge of the playground, hoping no one notices them, yet still wishing they could join in. They've professed faith and know the right things, but they struggle to truly take hold of the "life more abundant" that Jesus offers. Instead they settle for a life that's less than what God has promised them. In this liberating book, Sharon Jaynes reveals the most common reasons women get stuck with a mediocre, mundane faith. Then she shows women how to break free and move forward, leaving behind the feelings of inferiority, inadequacy, and insecurity that are holding them hostage. She uncovers untapped sources of confidence and courage, equipping women to move from knowing the truth to actually believing it--and living it out boldly in a life marked by true freedom.

Literary Self-Translation in Hispanophone Contexts - La autotraducción literaria en contextos de habla hispana - Lila Bujaldón de Esteves 2019-12-17

This edited book contributes to the growing field of self-translation studies by exploring the diversity of roles the practice has in Spanish-speaking contexts of production on both sides of the Atlantic. Part I surveys the presence of self-translation in contemporary Indigenous literatures in Spanish America, with a focus on Mexico and the Mapuche poetry of Chile and Argentina. Part II proposes to incorporate self-translation into the history of Spanish-American literatures- including its relation with colonial multilingual-translation practices, the transfers it allowed between the French and Spanish-American avant-gardes, and the insertion it offered for exiled Republicans in Mexico. Part III develops new reflections on the Iberian realm: on the choice between self and allograph translation Basque writers must face, a new category in Xosé Dasilva's typology, based on the Galician context, and the need to expand the analysis of directionality in Catalan self-translations. This book brings together contributions from some of the leading international experts in translation and self-translation, and it will be of interest to scholars and students in the fields of Translation Studies, Cultural Studies, Comparative Literature, Spanish Literature, Spanish American and Latin American Literature, and Amerindian Literatures.
