**Back to Venice** - Michael Grant 2011-05-26

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's The Scream. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art.

*Tessa Verney Wheeler* - Lydia C. Carr 2012-04-26

In this book, Carr unravels the biography of the archaeologist Tessa Verney Wheeler, a charming, tiny woman whose untimely death left her archaeological career overshadowed by her distinguished husband, Sir Mortimer Wheeler. Despite a short career of just over twenty years, Verney Wheeler published and excavated extensively while simultaneously developing new archaeological techniques, brought archaeology into the lives of the general public through her connections

with the Press and the encouragement of site tours, and was an inspiring teacher to an impressive roster of students. In this biography, her life is recovered through an examination of her written work, archives, sites, and photographs, as well as through the memories of those who knew her. By means of a discussion of the very personal life and work of one woman, Carr explores the role of women in early British archaeology, resulting in a fascinating picture of a woman and a vivid evocation of the interwar period in London and Wales. From her work retraining colliery navvies as archaeological diggers in Roman amphitheatres on the Welsh borders, to cheap omelettes with her students at the Lyons Corner House on Piccadilly in London, Verney Wheeler crossed social and physical borders with a grace and appeal that remains very palpable today.
