LL FOR PUNTOS DE PARTIDA - Anne Becher 2016-01-04

It's more than a text. It's a program. Success in the language classroom requires so much more than just a text. In any language-learning setting, students require numerous and various opportunities to read, write, hear, and speak. Puntos de partida sets the standard for Spanish-language teaching. An innovative program that has been continuously refined for today's classroom, Puntos delivers proven pedagogy with clear and effective presentations, comprehensive teaching resources, and powerfully adaptive digital tools. Now in its anniversary Tenth Edition, Puntos builds on the holistic, five-skills approach it pioneered. It's the Puntos you know. It's the Puntos of today. Puntos hallmark features include: Engaging and Immersive Digital Tools: Connect Spanish is the most powerful and flexible course management system available. Rooted in research on effective student learning practices, the platform integrates adaptive learning tools with dynamic, engaging language practice activities. McGraw-Hill's LearnSmart provides each student with a personalized and adaptive learning experience based on individual needs. Connect Spanish also provides the instructor with both the ability and flexibility to pull from the robust set of content available in the platform and craft a unique learning path based on the goals of the course. With Practice Spanish: Study Abroad, the market's first 3-D immersive language game designed exclusively by McGraw-Hill, Puntos brings the language to the students in a fun, engaging, and immersive gaming experience. Students "study abroad" virtually in Colombia where they will create their very own avatar, live with a host family, make new friends, and navigate a variety of real-world scenarios using their quickly developing Spanish language skills. The first and only analytics tool of its kind, Connect Insight is a series of visual data displays—each framed by an intuitive question—to provide instructors at-a-glance information regarding how your class is doing. Connect Insight provides analysis on five key insights, available at a moment's notice from your Connect course. A Comprehensive scope and sequence: The comprehensive scope and sequence allows instructors to choose what to cover throughout the course without having to supplement their own materials to fill gaps present in other texts. Carefully arranged organization: the overall organization carefully progresses from formulaic expressions to vocabulary and grammar relevant to daily life and personal interests (studies, family, home, leisure activities), then goes on to prepare students for survival situations (ordering a meal, traveling), and finally branches out to broader themes (current events, social and environment issues). This forward progress is reinforced by a cyclical structure where vocabulary, grammar, and language functions are continuously reviewed and recycled. Clear and effective vocabulary and grammar presentations: Puntos' approach to vocabulary and grammar focuses on the acquisition of vocabulary during the early stages of language learning and then at the start of each chapter throughout the text. Grammar is introduced in thorough explanations, with careful attention given to skills development rather than grammatical knowledge alone. These explanations are now even more accessible to students, featuring conversational language, increased clarity, additional examples, and organization of complex, dense explanations into manageable chunks of concise grammar summary. Integrated four-skills approach: Puntos carefully sequences activities, moving students from controlled to free-form tasks. In the tenth edition, this overall scaffolding is improved and introduced at the individual activity level. Starting with the very first activity fol

Roman Mosaics in the J. Paul Getty Museum - Alexis Belis 2016-05-01

The mosaics in the collection of the J. Paul Getty Museum span the second through the sixth centuries AD and reveal the diversity of compositions found throughout the Roman Empire during this period. Elaborate floors of stone and glass tesserae transformed private dwellings and public buildings alike into spectacular settings of vibrant color, figural imagery, and geometric design. Scenes from mythology, nature, daily life, and spectacles in the arena enlivened interior spaces and reflected the cultural ambitions of wealthy patrons. This online catalogue documents all of the mosaics in the Getty Museum's collection, presenting their artistry in new color photography as well as the contexts of their discovery and excavation across Rome's expanding empire—from its center in Italy to provinces in southern Gaul, North Africa, and ancient Syria. Reflecting the Getty's commitment to open content, Roman Mosaics in the J. Paul Getty Museum is available online at www.getty.edu/publications/romanmosaics and may be downloaded free of charge in multiple formats. For readers who wish to have a bound reference copy, this paperback edition has been made available for sale. The publication of this online catalogue is issued on the occasion of the exhibition, Roman Mosaics across the Empire, on view at the Getty Villa from March 30 through September 12, 2016.

Éxito comercial - Michael Scott Doyle 2010-03-11

The best-selling text for the Business Spanish course, ÉXITO COMERCIAL gives post-intermediate students of Spanish a solid foundation in business vocabulary, basic business and cultural concepts, and situational practice that will prepare them for success in today's Spanish-speaking business world. This comprehensive and definitive program integrates textual, aural, visual, and web-delivered media to deliver the most complete instructional and learning experience. More than just a handbook containing frequently-used business terms and grammatical constructions, ÉXITO COMERCIAL turns students into potential professionals by improving the critical thinking and problem-solving skills needed in the business world. Each chapter incorporates a representative variety of situations, transactions, and conflicts into real-life communicative activities and simulations that challenge students to find effective and profitable solutions while developing geo-demographic literacy and cross-cultural communication skills. A que si! - M. Victoria Garcia Serrano 2012-01-01

A QUE SÍ! is a provocative post-intermediate Spanish conversation book designed to increase students' awareness of Hispanic culture. The text encourages critical thinking while challenging the students' ability to express themselves in Spanish, by providing them with an opportunity for in-depth exploration of relevant contemporary issues. The Fourth Edition presents four main themes around which all the text and supplemental materials revolve: Espacios: Públicos y privados, Encuentros y desencuentros, Patria/Nación: Acercamientos, and De acá para allá. Each thematic unit is supported by creative activities and engaging authentic materials. Both Spain and Latin American countries are represented, as are male and female writers, and a few of the different ethnic groups that comprise Hispanic culture. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Plazas - Robert Hershberger 2016-01-01

PLAZAS: LUGAR DE ENCUENTROS, 5th Edition, is a two- or three-semester introductory Spanish program designed to support and enhance your students' language learning experience. PLAZAS transports your students to a Spanish-speaking country or region for an authentic and personalized cultural language-learning experience. Culture is embedded into every page of PLAZAS, giving your students an appreciation of different cultural practices and perspectives. Thanks to an exclusive partnership with the National Geographic Society, the fifth edition facilitates multi-modal interactions with cultural information in new and revised sections. The program's pedagogy continues to be firmly rooted in the research of the National Standards for Foreign Language Learning, or the Five Cs--Communication, Cultures, Connections, Comparisons, and Communities. The new A explorar! section draws upon all five standards in an engaging manner while previewing the content of the lesson. Climate Change and Cities - Cynthia Rosenzweig 2018-03-29

The Urban Climate Change Research Network's Second Assessment Report on Climate Change in Cities (ARC3.2) is the second in a series of global, science-based reports to examine climate risk, adaptation, and mitigation efforts in cities. The book explicitly seeks to explore the implications of changing climatic conditions on critical urban physical and social infrastructure sectors and intersectoral concerns. The primary purpose of ARC3.2 is to inform the development and implementation of effective urban climate change policies, leveraging ongoing and planned investments for populations in cities of developing, emerging, and developed countries. This volume, like its predecessor, will be invaluable for a range of audiences involved with climate change and cities: mayors, city officials and policymakers; urban planners; policymakers charged with developing climate change mitigation and adaptation programs; and a broad spectrum of researchers and advanced students in the environmental sciences.

Writing the Wrongs - John L. Thompson 2001-06-28

Phyllis Trible's *Texts of Terror* is a landmark among those studying women of the Bible. Focusing on stories of the maltreatment of women, Trible paved the way for subsequent feminist exegetes who have been very critical of such stories in the Bible, and who see Christianity as an unredeemably patriarchal religion. It is commonly said that these Old Testament stories of rape, murder, torture, and abandonment passed without comment until recent times. Here, Thompson traces and analyzes various Christian interpretations of these bible stories of women. In drawing attention to views other than *Texts of Terror*, Thompson speaks to Christians who are battling over how the Bible ought to be read today.

Plazas - Robert Hershberger 2001

Plazas is based on the premise that true, authentic communication takes place where language and culture meet. In the real world, plazas are about meeting and connecting, and are, therefore, at the very heart of each and every Hispanic city. Likewise, Plazas was designed to bring you and your students together to communicate and interact. Invoking the metaphor of the plaza, Plazas intends to be a meeting place, a

lugar de encuentro, for the Spanish-speaking world both in and outside of the classroom.

An Introduction to Medical Spanish - Robert O. Chase 2018-10-23

Philippi, From Colonia Augusta to Communitas Christiana - 2021-11-29

This book combines careful reading of texts, inscriptions, coins and other archaeological materials to examine how religious practice, material culture and urban landscape changed as Philippi developed from a Roman colony to a major center for Christian worship and pilgrimage.

Mosaics of Ravenna - Jutta Dresken-Weiland 2016-12-12

The mosaics of Ravenna are rated among the world's most important art works. Their quality and blaze of colour have intrigued believers and visitors since their making between the fifth and the seventh century. This book investigates the issue of the meaning of this imagery, its peculiarities, and the messages conveyed to the viewers through the centuries. It explores the function of the mosaics in the different buildings, and their interpretations in the relevant liturgical context by people living in late Antiquity. Several comparative examples integrate the mosaics in the frame of late Roman art. Written fluently on the basis of current state of research, the volume thus provides valuable new insight in one of the most fascinating sets of images of early Christian times. The mosaics were last subject to extensive investigation 40 years ago. Delve into the magnificence and variety of these mosaics, the colour photographs of which were made expressly for this book. They show the mosaics at close range and allow visual experiences that are impossible on site.

Painted Wood - Valerie Dorge 1998-08-27

The function of the painted wooden object ranges from the practical to the profound. These objects may perform utilitarian tasks, convey artistic whimsy, connote noble aspirations, and embody the highest spiritual expressions. This volume, illustrated in color throughout, presents the proceedings of a conference

organized by the Wooden Artifacts Group of the American Institute for Conservation of Historic and Artistic Works (AIC) and held in November 1994 at the Colonial Williamsburg Foundation in Williamsburg, Virginia. The book includes 40 articles that explore the history and conservation of a wide range of painted wooden objects, from polychrome sculpture and altarpieces to carousel horses, tobacconist figures, Native American totems, Victorian garden furniture, French cabinets, architectural elements, and horse-drawn carriages. Contributors include Ian C. Bristow, an architect and historic-building consultant in London; Myriam Serck-Dewaide, head of the Sculpture Workshop, Institut Royal du Patrimoine Artistique, Brussels; and Frances Gruber Safford, associate curator of American decorative arts at the Metropolitan Museum of Art in New York. A broad range of professionals—including art historians, curators, scientists, and conservators—will be interested in this volume and in the multidisciplinary nature of its articles.

Ecosystem Goods and Services from Plantation Forests - Jürgen Bauhus 2010

Plantation forests often have a negative image. They are typically assumed to be poor substitutes for natural forests, particularly in terms of biodiversity conservation, carbon storage, provision of clean drinking water and other non-timber goods and services. Often they are monocultures that do not appear to invite people for recreation and other direct uses. Yet as this book clearly shows, they can play a vital role in the provision of ecosystem services, when compared to agriculture and other forms of land use or when natural forests have been degraded. This is the first book to examine explicitly the non-timber goods and services provided by plantation forests, including soil, water and biodiversity conservation, as well as carbon sequestration and the provision of local livelihoods. The authors show that, if we require a higher provision of ecosystem goods and services from both temperate and tropical plantations, new approaches to

their management are required. These include policies, methods for valuing the services, the practices of small landholders, landscape approaches to optimise delivery of goods and services, and technical issues about how to achieve suitable solutions at the scale of forest stands. While providing original theoretical insights, the book also gives guidance for plantation managers, policy-makers, conservation practitioners and community advocates, who seek to promote or strengthen the multiple-use of forest plantations for improved benefits for society. Enfoques - José A. Blanco 2011-01-03

The Local Magistrates of Roman Spain - Leonard A. Curchin 1990

Local aristocracies were crucial to the administrative and social assimilation of provincial communities in the Roman world. Leonard Curchin focuses on local political elites in the Iberian Peninsula, providing the first comprehensive and up-to-date prosopographical catalogue of all known local magistrates in Roman Spain. Curchin makes full use of the latest epigraphic discoveries, including not only the recorded careers of local magistrates but also the new Lex Irnitana. In his introduction he examines both the political role of the magistrates and the social mechanics of elite romanization. Among the traditional assumptions he challenges are the standard size of the local senates, the fixed order of offices, and the nature of the 'quattuorvirate.' He also discusses magistrates' origins, career progression, duties, social status, personal nomenclature, and private wealth. Entries in the catalogue are arranged alphabetically by city within each province. Indexes of names and magistracies facilitate cross-referencing. The volume includes statistical tables as well as maps.

Student Activities Manual - Elizabeth Guzman 2005-05-09

The new Student Activities Manual includes both workbook and lab manual materials in a single convenient volume, with all materials for a given chapter grouped together, saving students money and simplifying navigation. The answer key with answers to all activities is available separately. The Mosaicos Workbook parallels the organization of the text and provides more reading comprehension activities, sentence building and completion exercises, fill-ins, realia and art-based activities as well as composition exercises. Instructors may choose to assign these activities as homework and use them to reinforce class lessons. Each chapter of the Mosaicos Lab Manual contains activities based on recordings of native speakers in

situations thematically related to the corresponding chapters in the text. The listening material for the Lab Manual, the student audio for the in-text listening activities, and recordings of all the text's active vocabulary is contained on the Audio Program CDs or cassettes and is provided free to labs upon adoption of Mosaicos. The scripts for the audio program are provided in the Instructor's Resource Manual.

Arriba! - Eduardo Zayas-Bazan 1999-06-01

Culturas de Espana - Carmen Pereira-Muro 2014-01-01

Taking a student-centered approach to learning, CULTURAS DE ESPAÑA, 2nd Edition truly engages students with its wealth of authentic texts and visual materials while encouraging them to think critically about the cultures of Spain. Developed for Spanish students at the fifth-semester level or higher, this

insightful reader makes an excellent main text in a civilization, culture, or reading course. A departure from traditional texts, which present Spanish civilization as a neutral recounting of historical facts, events, and data, CULTURAS DE ESPAÑA, 2nd Edition emphasizes that history, culture, and civilization are concepts under constant construction. An intriguing conceptual focus brings to life the history and everyday experiences that shape national identity. Vistas: Introduccion a la Lengua Espanola (Spanish Edition) - Jose A. Blanco 2011-01-05

Golosa - Joanna Robin 1998-02-01

Critical CALL - Proceedings of the 2015 EUROCALL Conference, Padova, Italy - Francesca Helm 2015-12-02

The theme of the conference this year was Critical CALL, drawing inspiration from the work carried out in the broader field of Critical Applied Linguistics. The term 'critical' has many possible interpretations, and as Pennycook (2001) outlines, has many concerns. It was from these that we decided on the conference theme, in particular the notion that we should question the assumptions that lie at the basis of our praxis, ideas that have become 'naturalized' and are not called into question. Over 200 presentations were delivered in 68 different sessions, both in English and Italian, on topics related specifically to the theme and also more general CALL topics. 94 of these were submitted as extended papers and appear in this volume of proceedings.

Mosaics in the Medieval World - Liz James 2017-10-05

In this book, Liz James offers a comprehensive history of wall mosaics produced in the European and Islamic middle ages. Taking into account a wide range of issues, including style and iconography, technique and material, and function and patronage, she examines mosaics within their historical context. She asks why the mosaic was such a popular medium and considers how mosaics work as historical 'documents' that tell us about attitudes and beliefs in the medieval world. The book is divided into two parts. Part I explores the technical aspects of mosaics, including glass production, labour and materials, and costs. In Part II, James provides a chronological history of mosaics, charting the low and high points of mosaic art up until its abrupt end in the late middle ages. Written in a clear and engaging style, her book will serve as an essential resource for scholars and students of medieval mosaics.
