Europe's great colonial empires have long been a thing of the past, but the memories they generated are still all around us. They have left deep imprints on the different memory communities that were affected by the processes of establishing, running and dismantling these systems of imperial rule, and they are still vibrant and evocative today. This volume brings together a collection of innovative and fresh studies exploring different sites of imperial memory - those conceptual and real places where the memories of former colonial rulers and of former colonial subjects have crystallised into a lasting form. The volume explores how

memory was built up, re-shaped and preserved across different empires, continents and centuries. It shows how it found concrete expression in stone and bronze, how it adhered to the stories that were told and retold about great individuals and how it was suppressed, denied and neglected.

History and Politics In Post-Colonial India -
Michael Gottlob 2011-05-30

The writing of history in India has been fraught with controversies. From the storm over textbooks in the 1970s, and the furore over the Babri Masjid in the 1990s, to the flaring up of religious sentiments over 'beef-eating' and the Ram Sethu, this book provides a synoptic view of teaching and writing of history in post-colonial India. Michael Gottlob explores historical research and teaching as important components contributing to the development of a national identity and ideas of citizenship in post-colonial India. He shows how the urge to decolonize and recover the self has given rise to several approaches that attempt to 'reclaim' Indian history from its colonial past. The book discusses diverse areas like methodological research and public use of history; cultural identity and diversity; nationalism and communalism; and social movements and deconstructs their far-reaching implications in contemporary India. It also examines the role of women, Dalits, and Adivasis to understand their position in the multicultural reality of India.

[The Politics of Authenticity and Populist Discourses](#) - Christoph Kohl 2021-02-12

This edited volume breaks new ground and opens up new perspectives by capturing the role played by claims to authenticity in populist discourses in Brazil, India and Ukraine. By

conceiving of both triumphant populism and increasing demands for authenticity as expressions of crisis, the volume seeks to satisfy the need to take a closer look at yearnings for orientation in a globalised world that is often associated with rapid social change and the disappearance of old certainties. Starting from the assumption that media play a crucial role for populist discourses of authenticity, the volume moves beyond conventional and social media by expanding its focus to media in formal education, notably school textbooks and curricula. These two particular media formats lastingly shape younger generations and thus the future. The proposed volume adopts global perspectives from three postcolonial countries that are often beyond the scope of studies dealing with populist discourses and media entanglements - insights that contribute new aspects to international scholarly debates.

(Re)Constructing Memory: Textbooks, Identity, Nation, and State - James H. Williams 2016-07-08

This book engages readers in thirteen conversations presented by authors from around the world regarding the role that textbooks play in helping readers imagine membership in the nation. Authors' voices come from a variety of contexts - some historical, some contemporary, some providing analyses over time. But they all consider the changing portrayal of diversity, belonging and exclusion in multiethnic and diverse societies where silenced, invisible, marginalized members have struggled to make their voices heard and to have their identities incorporated into the national narrative. The authors discuss portrayals of past exclusions around religion, ethnicity, sexual orientation, as they look at the shifting boundaries of insider and outsider. This book is thus about "who we are" not only demographically, but also in terms of the past, especially how and whether we teach discredited pasts through textbooks. The concluding chapters provides ways forward in thinking about what can be done to promote curricula that are more inclusive, critical and positively bonding, in increasingly larger and more inclusive contexts.

This is an ethnographic study of the Vidya Bharati chain of schools in India which are run by a Hindu nationalist organization called the Rashtriya Swayamsevak Sangh (RSS). The first study of its kind, this volume is an important narrative on the role and impact of textbooks in modern India. Despite having limited resources (they are run on a tight budget) and being based on a radical ideology that derives from a 'Hindu' nationalist agenda, the Vidya Bharati schools have achieved considerable success in the free market of private education and have grown to

over 12,000 schools within 40 years. They are an important example of the interlinkage between ideology and nationalism in contemporary India. The author analyses school structure, curriculum, teaching quality, institutional goals, and ideology in an effort to identify reasons behind Vidya Bharati's success and to show through his field research that a combined strategy of pragmatism blended with ideology has allowed the schools to become highly sought-after. This analysis then asks broader questions about the failures of the public education system in India.

Last Mughal (P/B) - William Dalrymple 2007
Winner Of The Duff Cooper Prize For History 2007
Bahadur Shah Zafar II, The Last Mughal Emperor, Was A Mystic, A Talented Poet, And A Skilled Calligrapher, Who, Though Deprived Of Real Political Power By The East India Company, Succeeded In Creating A Court Of Great Brilliance, And Presided Over One Of The Great Cultural Renaissances Of Indian History. In 1857 It Was Zafar S Blessing To A Rebellion Among The Company S Own Indian Troops That Transformed An Army Mutiny Into The Largest Uprising The British Empire Ever Had To Face. The Last Mughal Is A Portrait Of The Dazzling Delhi Zafar Personified, And The Story Of The Last Days Of The Great Mughal Capital And Its Final Destruction In The Catastrophe Of 1857. Shaped From Groundbreaking Material, William Dalrymple S Powerful Retelling Of This Fateful Course Of Events Is An Extraordinary Revisionist Work With Clear Contemporary Echoes. It Is The First Account To Present The Indian Perspective On The Siege, And Has At Its Heart The Stories Of The Forgotten Individuals Tragically Caught Up In One Of The Bloodiest Upheavals In History.
