Animal Ark - Kwame Alexander
2017

A howling wolf, a stalking tiger, a playful panda, a dancing bird - pairing the stunning photography of National Geographic photographer Joel Sartore with the delicate poetry of Newbery award-winning author Kwame Alexander, this lush picture book celebrates the beauty, diversity, and fragility of the

animal world. Featuring more than 40 unique animal portraits, the pages invite kids to explore each creature's markings, textures, and attributes in stunning detail, while calling on all of us to help protect each and every one. Three picture-packed gatefolds inside showcase even more familiar and exotic species. These images are part of Sartore's lifelong project to

photograph every animal in the world, with special attention given to disappearing and endangered species.

America the Beautiful -
National Geographic
2020-10-20

This glorious book of photography, featuring more than 200 magnificent National Geographic images of all 50 states, is a gift-worthy celebration of America's unique natural and cultural treasures. America the Beautiful showcases the stunning spaces closest to our nation's heart--from the woods in the Great Appalachian Valley that Davy Crockett once called home to the breathtaking sweep of California's Big Sur coast to the wilds of Alaska. It also celebrates the people who have made this country what it is, featuring a wide range of images including the Arikara Nation in the early 1900s and scientists preparing for travel to Mars on a Hawaiian island. Culled from more than 130 years of National Geographic's vaunted archives, this provocative collection depicts

the splendor of this great nation as only National Geographic can, with a dramatic combination of modern and historical imagery--from the creation of architectural icons like the Golden Gate Bridge and Lady Liberty to the last of the country's wild places currently preserved in our national parks. Organized by chapters focused on region (west coast and the Pacific, east coast, the south, and the Midwest) that are themselves inspired by verses of the original poem America the Beautiful, this book also features a moving introduction offering perspective on the country's unique journey. You'll also find behind-the-scenes commentary from the world-renowned photographers who captured this unforgettable imagery, and observations from the conservationists, activists, and historians who help keep America beautiful today. Profound and inspiring, this is a book for everyone who has ever marveled at the beauty of the United States.

Through the Lens - National Geographic Society (U.S.) 2003
For more than 100 years, National Geographic has set the standard for photographic excellence. Celebrating that tradition, this volume collects our most remarkable images in a single extraordinary book that visits every region of the world and even outer space. Some of these photos are world renowned while others have rarely been seen. Some illuminate distant cultures; others reveal the mysteries of nature. Whether you linger over an early pioneering shot or a more recent achievement, you'll find in each photograph a stunning testament to the power that pictures possess to go where words cannot. .

National Geographic Simply Beautiful Photographs - Annie Griffiths 2014-11-05
National Geographic Simply Beautiful Photographs takes readers on a spectacular visual journey through some of the most stunning photographs to be found in National Geographic's famed Image Collection. Award-winning

photographer Annie Griffiths culled the images to reflect the many variations on the universal theme of beauty. Chapters are organized around the aesthetic concepts that create beauty in a photograph: Light, Composition, Moment (Gesture and Emotion), Motion, Palette, and Wonder. Beyond the introduction and brief essays about each featured concept, the text is light. The photographs speak for themselves, enhanced by lyrical quotes from scholars and poets. In the chapter on Light, for example, we read these words of whimsical wisdom from songwriter Leonard Cohen: "Ring the bells that still can ring. Forget your perfect offering. There is a crack in everything. That's how the lights get in." And then the images flow, of light entering scenes through windows, clouds, and spotlights, from above, alongside, and behind, casting radiance upon young ballerinas and weathered men, into groves of autumn trees and island-dotted seas, revealing everything it touches

to be beautiful beyond expectation. To illuminate the theme of Wonder, Griffiths chose a wish from Andre Bazin: "If I had influence with the good fairy...I should ask that her gift to each child in the world be a sense of wonder so indestructible that it would last throughout life." This thought is juxtaposed with an exquisite vision in white, a frame filled with the snowy-pure dots and rays of a bird's fan tail. And on it goes, picture after tantalizing picture, alive with wondrous beauty. When she created National Geographic Simply Beautiful Photographs, Annie Griffiths set two goals: to maximize visual delight, and to create a book unique in the world of publishing—one in which many of the photographs could be purchased as prints. She has succeeded on both counts. Many of these stunning images are available for order, and there can be no doubt as to the visual delight. You must open this book for yourself, and take in its radiant beauty.

Women - Geographic National
2019-10-15

This powerful photography collection, drawn from the celebrated National Geographic archive, reveals the lives of women from around the globe, accompanied by revelatory new interviews and portraits of contemporary trailblazers including Oprah Winfrey, Jane Goodall, and Christiane Amanpour. #MeToo. #GirlBoss. Time's Up. From Silicon Valley to politics and beyond, women are reshaping our world. Now, in anticipation of the 100th anniversary of the 19th amendment, this bold and inspiring book from National Geographic mines 130 years of photography to showcase their past, their present, and their future. With 300+ stunning images from more than 50 countries, each page of this glorious book offers compelling testimony about what it means to be female, from historic suffragettes to the haunting, green-eyed "Afghan girl." Organized around chapter themes like grit, love, and joy, the book features brand-new commentary from a wide swath of luminaries including Laura

by guest

Bush, Gloria Allred, Roxane Gay, Melinda Gates, New Zealand prime minister Jacinda Ardern, and the founders of the #MeToo and Black Lives Matter movements. Each is accompanied by a bold new portrait, shot by acclaimed NG photographer Erika Larsen. The ultimate coffee table book, this iconic collection provides definitive proof that the future is female.

National Geographic Photography Field Guide -

Peter K. Burian 2003
Offers advice to both beginners and professionals on how to create striking and original photographs of people, landscapes, and wildlife.

National Geographic Kids Guide to Photography -

Nancy Honovich 2015
A child friendly guide to the essentials of photography.

In Focus - National Geographic Society (U.S.) 2010

A collection of nearly three hundred photographs from "National Geographic," representing the work of more than one hundred fifty acclaimed photographers,

captures portrait images of people from around the world.

Visions of Earth - National Geographic 2011

Visions of Earth raises a curtain on the wonders of the world and thrills us with nature's opulence and humanity's splendor. Each image alone exposes a nugget of our planet's magnificence; the totality of the collection goes beyond our imagination. Turning the pages, viewers are struck by the richness of life on Earth. One photograph is more awe-inspiring than the next--chosen by veteran National Geographic Magazine photo editors to present what is visually incredible. The photographs are drawn from the popular "Visions of Earth" feature in the magazine, (rated #1 by readers), from our own storied Image Collection, and from renowned photographers throughout the world, many never-before published. Enthralling images fill the book in a gallery of stunning landscapes, fascinating people, amazing animals, and unexpected glimpses of the

usual and unusual. Puffins' beaks signal breeding time in Norway and a speckled emperor moth in South Africa diverts predators with an illusion. An elephant takes a morning dip in India's Andaman Sea while Siamese crocodiles race in Thailand and surfers in Australia relish a perfect day. Monks in Bhutan run to dinner and a little girl in red stands out among white-robed women in an Indonesian mosque. Spanish youth decked in colorful, oversize papier-mâché heads celebrate a festival in Catalonia and a flower of flame blooms from a man's kerosene-filled mouth in a Sikh celebration in India. Around the globe, amazing moments are captured in time, from a spray of flash frozen petal fragments in California to a truck show of chrome-covered and gleaming neon rigs half the world away in Japan. Visions of Earth is a welcome escape from the news of natural disasters, conflict, political upheaval, and social unrest that fills our lives. The book delights our senses,

ignites our emotions, and renews our optimism, showcasing the many ways that our world is a marvel to behold and a privilege to call home.

@NatGeo - National Geographic 2016

Featuring the most liked, commented on, and favorite photos from National Geographic & s iconic Instagram account, @NatGeo is a winning combination of expertly curated and favorite National Geographic photographs from the company & s iconic Instagram account. National Geographic, or @natgeo, is the world's top noncelebrity account on Instagram, with nearly 50 million followers and over one billion likes on its 7,000+ images posted. Embracing the diversity of the account and weaving in social media trends such as hashtags, throwbacks, flashbacks, and of course animals, @NatGeo & s stunning imagery will delight and inspire. --Publisher.

Spectacle - 2018-10-18

An exquisite photo collection showcasing awe-inducing

moments from around the world, including the aurora borealis, cities made of neon lights, a great wildebeest migration, a contortionist on display--and more. In life, there are certain sights that are as beautiful as they are unforgettable--from a majestic supercell to the secrets of a deep blue ice cave to the world's largest library. These fascinating spectacles shock us in their diversity, their complexity, and their epic scale, bringing us the miraculous beauty of our planet. Featuring more than 200 color images, including acclaimed photography from the National Geographic Image Collection, this volume presents a dazzling array of natural and manmade wonders, unusual phenomena, and amusing curiosities. Each page will enlighten and inspire, presenting our world at its best.

Through the Lens - National Geographic 2009

Features a collection of famous and lesser-known photographs taken throughout the past century.

The Photo Ark - Joel Sartore 2017

This book of photography represents National Geographic's Photo Ark, a

major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.
