We Shouldn't - Vi Keeland 2019-01-21

From #1 New York Times Bestseller Vi Keeland, comes a new, sexy standalone novel. Bennett Fox walked into my life on one hell of a crappy Monday morning. I was late for the first day at my new job—a job I'd now have to compete for even though I'd already worked eight years to earn it, because of an unexpected merger. While I lugged my belongings up to my new office, a meter maid wrote me a parking summons. She'd ticketed a long line of cars—except for the Audi parked in front of me, which happened to be the same make and model as mine. Annoyed, I decided to regift my ticket to the car that had evaded a fine. Chances were, the owner would pay it and be none the wiser. Except, I accidentally broke the windshield wiper while slipping the ticket onto the car's window. Seriously, my day couldn't get any worse. Things started to perk up when I ran into a gorgeous man in the elevator. We had one of those brief moments that only happened in movies. You know the deal...your body lights up, fireworks go off, and the air around you crackles with electricity. His heated stare left me flush when I stepped off the elevator. Maybe things here wouldn't be so bad after all. Or so I thought. Until I walked into my new boss's office and met my competition. The gorgeous man from the elevator was now my nemesis. His heated stare wasn't because of any mutual attraction. It was because he'd saw me vandalize his car. And now he couldn't wait to annihilate his

rival. There's a fine line between love and hate—and we shouldn't cross it. We shouldn't—but straddling that line could be so much fun.

They deal with it. But they don't want anyone else to have to deal with it. That is why they have put their story in writing to warn you that there are pied pipers in this world. They are

New York Supreme Court -

Memorial Bridge - James Carroll 1991-05-10

This historical saga of a patriotic man and his son “tackles those dangerous, wrenching issues of morality, political ethics, and family ties” (Alice Hoffman). From the New York Times–bestselling and National Book Award–winning author of *The Cloister*, this decades-spanning novel tells the story of Sean Dillon, who escapes from the rough world of the Chicago stockyards to become an agent in J. Edgar Hoover’s FBI, and then rises to the very top of military intelligence on the eve of its

greatest challenge—and the nation’s greatest failure. An Irishman, a Catholic, and a lawyer obsessed with justice, Dillon is a man whose fierce integrity has always set him apart. His indomitable wife, Cass, can see what his defiant adherence to principle is costing him, especially when he is charged with an impossible duty as an air force general. As America becomes more deeply entangled in Vietnam, Dillon will discover that his son has inherited his merciless conscience—and that he is deeply opposed to the war. From the gangster-ridden politics of Depression-era Chicago to the intrigue and glamour of wartime Washington; from the triumph of virtue in World War II to the moral chaos of Vietnam; from turf battles in the Pentagon to tear-gas conflict in the streets; from a man’s inbred solitude to the story of an extraordinary love— Memorial Bridge is both a journey through twentieth-century history and a tale of one family trying to span the divisions of the American heart. “[Carroll] writes with sweep about faith, redemption, truth, honor. . . . There is beauty and power in his characters and themes, and there is mystery in the big questions that inform Carroll’s moral fiction.” —The Boston Globe

Kiss Me Not - Emma Hart 2019-08-27

What do you do when you're the reigning kissing booth champion but the only person you want to kiss is your best friend's brother? Let me make this clear right here, right now: I, Halley Dawson, do not care that Preston Wright is kissing other women. Not a lick. Not at all. Nuh-uh-freakin'-uh. I do care that he's doing it six feet away from me behind a gaudy velvet curtain--making him my competition in this year's kissing contest. Why do I care, you ask? Because I've had an unfortunate crush on the insufferable idiot since I was sixteen years old, but I also know it's never going to happen. He's the Creek Falls bachelor to die for, and I'm the Creek Falls racoon lady who puts peanut butter sandwiches out for them every night. I'm not going to let him break my four-year-long reign--

no matter how many times he breaks the rules and slides the curtain across to do the one thing he's not allowed to: Kiss me.

In Search of Number 5 - Irwinette Crite 2016-12-12

Rita Reece is a woman in financial need who engages in sexual relationships masquerading as romance. She is a woman who married several times hoping to get it right each time. Rita struggled in her early life. Due to gossip, Rita at one time questioned if she had been told the truth about who her real mother was. Beyond that, her certificate of live birth was troublesome. It had a female name, but a male gender and the name she was taught was spelled differently than on the form. Rita's grownup life began at age 5 when she was she taken from a home filled with love to live with a hate-filled family. This book shows how Rita came to grip with her new life and environment. Living in Satan's command station made Rita strong, but it left mental scars and destroyed her trust in people. Over the years, Rita put her nightmares on paper. This forged an outlet from which some lingering anger and a fragment of hate escaped. Rita wanted to tell this story to somebody, but never did. Why now? Because as Rita grew older and talked about her life, it sounded unreal. It sounded like a motivational speech and not something anyone could actually go through and retain mental clarity. She also realized maybe this book could motivate someone who is trapped by circumstance or situation to seek a way out even if it is by an undesignated or alternate path. This book is categorized as fiction. Names were changed because only bits and pieces of fact about Rita's early life could be proven.

Permission could not be obtained as many would-be sources were deceased, aged with impaired memory, or just had no knowledge. The unanswered questions were important to this story because much of what caused the unbalance in Rita's life was because of what happened at its beginning. Rita's life was shaped before her heart beat, before she had fingerprints, before birth. She was conceived intentionally because of an unlikely circumstance, in an unlikely place, for an unlikely purpose, by unlikely parents. The person Rita has become is because of the people she encountered, choices she surrendered, and the alternate paths she took In Search of #5.

Motherless Daughters - Hope Edelman 2014-04-08

Ask any woman whose mother has died, and she will tell you that she is irrevocably altered, as deeply changed by her mother's death as she was by her mother's life. Although a mother's mortality is inevitable, no book

had discussed the profound, lasting, and far-reaching effects of this loss—until *Motherless Daughters*, which became an instant classic. Twenty years later, it is still the book that women of all ages look to for comfort and understanding when their mothers die, and the book that they continue to press into each other's hands. Building on interviews with hundreds of mother-loss survivors, the author's personal story of losing her mother, recent research in grief and psychology, and with a new afterword exploring how the legacy of mother loss shifts with the passage of time, *Motherless Daughters* reveals the shared experiences and core identity issues of motherless women: Why the absence of a nurturing hand shapes a woman's identity throughout her lifespan How present-day relationships are defined by past losses How a woman can resolve past conflicts and move toward acceptance and healing What grief really is: not a linear passage, but an ongoing cyclical journey

One Kiss or Two? - Andy Scott 2019-04-23

Every encounter begins with a greeting, and different cultures have developed innumerable ways of showing pleasure at someone's arrival. Humans have been greeting each other for thousands of years, so it should be the most straightforward thing in the world, but this seemingly simple act is fraught with complications, leading to awkward misunderstandings, intercultural fumbings, and social gaffes that can

potentially fracture relationships forever. Why is that? Why are greetings so important? Is there a right and wrong way to say hello? In his illuminating book *One Kiss or Two?*, Andy Scott—a well-traveled former diplomat and no stranger to botched first contacts himself—takes a closer look at what greetings are all about. In examining how they have developed over human history, he uncovers a kaleidoscopic world of etiquette, body-language, evolution, neuroscience, anthropology, and history. Through in-depth research and his personal experience, and with the help of experts ranging from the world-famous primatologist Jane Goodall to top sociologist Erving Goffman, Scott takes readers on a captivating journey through a subject far richer than we might have expected. By the end of it, we are able to make more sense of what lies behind greetings—and what it means to be human in the modern, cross-cultural age.

Problem is, she's known all the boys in her small high school forever, and it's kinda hard to be into a guy when you watched him eat crayons in kindergarten. So she can't believe her luck when she meets a ridiculously hot new guy named Dean. Not only does he look like he's fallen out of a classic movie poster, but he drives a motorcycle, flirts with ease, and might actually be into her. But Dean's already in college, and Keely is convinced he'll drop her if he finds out how inexperienced she is. That's when she talks herself into a new plan: her lifelong best friend, Andrew,

would never hurt or betray her, and he's clearly been with enough girls that he can show her the ropes before she goes all the way with Dean. Of course, the plan only works if Andrew and Keely stay friends--just friends--so things are about to get complicated. Cameron Lund's delightful debut is a hilarious and heartfelt story of first loves, first friends, and first times--and how making them your own is all that really matters.

A summertime slaying sets a suburban housewife on the hunt for a killer. On a scorching summer afternoon, Nancy Howell bakes in the sun, hoping her neighbor will invite her inside. Lila has central air conditioning—a priceless luxury this time of year—and while Nancy doesn't think much of her notoriously promiscuous neighbor, she would do anything to cool down. Sadly, Lila doesn't step outside. She never will again. After more than a day without seeing her neighbor, Nancy finally goes next door and finds Lila sprawled across her bed, a knife buried deep in her chest. When Lila's cuckolded husband is also found dead, the police label it a tragic murder-suicide—but Nancy isn't convinced. In this gin-soaked patch of suburbia, adultery is a way of life and jealousy isn't reason enough for a husband to kill. As the mercury inevitably rises, so will the body count.
