Bomb - Steve Sheinkin 2012-09-04

In December of 1938, a chemist in a German laboratory made a shocking discovery: When placed next to radioactive material, a Uranium atom split in two. That simple discovery launched a scientific race that spanned 3 continents. In Great Britain and the United States, Soviet spies worked their way into the scientific community; in Norway, a commando force slipped behind enemy lines to attack German heavy-water manufacturing; and deep in the desert, one brilliant group of scientists was hidden away at a remote site at Los Alamos. This is the story of the plotting, the risk-taking, the

deceit, and genius that created the world's most formidable weapon. This is the story of the atomic bomb. Bomb is a 2012 National Book Awards finalist for Young People's Literature. Bomb is a 2012 Washington Post Best Kids Books of the Year title. Bomb is a 2013 Newbery Honor book.

Developing Language Teachers with Exploratory Practice - Kenan Dikilitaş 2018-06-26

This edited collection explores the use of Exploratory Practice (EP) by language teachers in classrooms. Written by practitioners, the chapters showcase unique examples of each

principle of EP, with topics ranging from mentoring practitioner researchers, to teaching and learning in EAP, and investigating curriculum development in language teaching programs. The book provides example EP studies and gives voice to practitioners' experiences of the challenges they experienced as well as the benefits. Examples include tackling intercultural communication in linguistically and culturally diverse classrooms; pedagogy and curriculum design in language teaching; explorations of continuing professional development in language education. In doing so, it offers tools that can be transferred to other classroom contexts and used to aid teacher development. The concluding chapter highlights critical aspects of Exploratory Practice which emerge in the studies and examines how practitioners advanced their understandings. This book will appeal to those working in Applied Linguistics, TESOL research, as well as language teachers and teacher educators.

[A Wrinkle in Time](#) - Madeleine L'Engle
2019-07-18

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell

more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

Mary's Monster - Lita Judge 2018-01-30

"Both timely and terrifying." —Gregory Macguire, New York Times–bestselling author of *Wicked* Pairing free verse with over three

hundred pages of black-and-white watercolor illustrations, *Mary's Monster* is a unique and stunning biography of Mary Shelley, the pregnant teenage runaway who became one of the greatest authors of all time. Legend is correct that Mary Shelley began penning *Frankenstein* in answer to a dare to write a ghost story. What most people don't know, however, is that the seeds of her novel had been planted long before that night. By age nineteen, she had been disowned by her family, was living in scandal with a married man, and had lost her baby daughter just days after her birth. Mary poured her grief, pain, and passion into the powerful book still revered two hundred years later, and in *Mary's Monster*, author/illustrator Lita Judge has poured her own passion into a gorgeous book that pays tribute to the life of this incredible author.
