Dream Wars - Leia Stone 2018-05-17

A gripping story, of love, loss, and the fight for humanity. My name is Kit Steele and I was ten years old when thousands of alien ships landed all over the world in the year 2020. We thought for sure that we'd be goners, about to be obliterated or terraformed out of existence. But when the ship doors opened, they were... empty. Maybe they were just communication vessels, we thought. But that night, when humanity fell asleep, we were sucked into an alternate dimension. The Dream Wars. A place where the alien ghouls fed off of your body unless you fought back. If you're killed in the Dream War, your body dies on earth. That was ten years ago and I've been training for the Dream War every night since then. Each time I close my eyes and drift off to sleep I become a merciless killer.

Taking out as many ghouls as I can. It's earned me the rightful title of Commander and now I protect the rich in their sleep with my team of warriors. But the one thing I didn't expect was that my new client Damien Striker might be able to put a stop to this war, if I can keep him alive long enough. Meet the team: Commander Kit Steele - Carnivore, protector of billionaires, has a penchant for blue hair and anything sweet, hates cats, despises the color pink, and loves 80's rock music. Medic Ronnie Sotto - Kit's best friend, graduated Harvard medical school at age 15, loves cats, favorite color pink, and once did leg surgery on a cat in the dream war to save its life. Lieutenant Brisk Hutchins - Slept with Kit one time, is in love with Ronnie even though she turns him down because he slept with Kit, pretends to like cats, has one of the highest ghoulish kill records second to Kit, secretly loves old Britney Spears songs. Pyrotechnic expert Nox Lightfoot - nickname 'pretty boy', likes to light things on fire, thinks cats are okay, would

jump in front of a bus if it would bring bacon back and misses the times when the skies were filled with birds. Maxine Cross - Miss USA runner up, has rage issues but won't go to anger management, is proudly promiscuous, and wouldn't be caught dead in the same room as a cat. She enjoys dancing in the rain, first kisses and killing ghouls. *This book is for upper YA/NA audience, beware of language.

The war of the American Revolution - Robert W. Coakley 1975

Perfekt Order - S.T. Bende 2015-12-08

"Like a summer superhero movie, this YA fantasy features dazzling adventure and a truly epic romance." -iBooks Official Review All's fair when you're in love with War. For seventeen-year-old Mia Ahlström, a world ruled by order is the only world she allows. A lifetime of chore charts, to-do lists and study schedules have helped earn her a spot at Redwood State University's engineering program. And while her five year

plan includes finding her very own happily-evah-aftah, years at an all-girls boarding school left her feeling woefully unprepared for keg parties and co-ed extracurricular activities. So nothing surprises her more than catching the eye of Tyr Fredriksen at her first college party. The imposing Swede is arrogantly charming, stubbornly overprotective, and runs hot-and-cold in ways that defy reason . . . until Mia learns that she's fallen for the Norse God of War; an immortal battle deity hiding on Midgard (Earth) to protect a valuable Asgardian treasure from a feral enemy. With a price on his head, Tyr brings more than a little excitement to Mia's rigidly controlled life. Choosing Tyr may be the biggest distraction—or the greatest adventure—she's ever had.

The Water Defenders - Robin Broad 2021-03-23
Winner of the 2021 Duke University Juan Mendez Award Named one of The Progressive's "Favorite Books of 2021" and one of the "Best of Books 2021" by Foreign Affairs The David and Goliath story of ordinary people in El Salvador who rallied together with international allies to prevent a global mining corporation from poisoning the country's main water source At a time when countless communities are resisting powerful corporations—from Flint, Michigan, to the Standing Rock Reservation, to Didipio in the Philippines, to the Gualcarque River in Honduras—The Water Defenders tells the inspirational story of a community that took on an international mining corporation at seemingly insurmountable odds and won not one but two historic victories. In the early 2000s, many

people in El Salvador were at first excited by the prospect of jobs, progress, and prosperity that the Pacific Rim mining company promised. However, farmer Vidalina Morales, brothers Marcelo and Miguel Rivera, and others soon discovered that the river system supplying water to the majority of Salvadorans was in danger of catastrophic contamination. With a group of unlikely allies, local and global, they committed to stop the corporation and the destruction of their home. Based on over a decade of research and their own role as international allies of the community groups in El Salvador, Robin Broad and John Cavanagh unspool this untold story—a tale replete with corporate greed, a transnational lawsuit at a secretive World Bank tribunal in Washington, violent threats, murders, and—surprisingly—victory. The husband-and-wife duo immerses the reader in the lives of the Salvadoran villagers, the journeys of the local activists who sought the truth about the effects of gold mining on the environment, and the

behind-the-scenes maneuverings of the corporate mining executives and their lawyers. The Water Defenders demands that we examine our assumptions about progress and prosperity, while providing valuable lessons for those fighting against destructive corporations in the United States and across the world.

Smoketown - Mark Whitaker 2018-01-30

A brilliant, lively account of the Black Renaissance that burst forth in Pittsburgh from the 1920s through the 1950s—"Smoketown will appeal to anybody interested in black history and anybody who loves a good story...terrific, eminently readable...fascinating" (The

Washington Post). Today black Pittsburgh is known as the setting for August Wilson's famed plays about noble, but doomed, working-class citizens. But this community once had an impact on American history that rivaled the far larger black worlds of Harlem and Chicago. It published the most widely read black newspaper in the country, urging black voters to switch from the Republican to the Democratic Party, and then rallying black support for World War II. It fielded two of the greatest baseball teams of the Negro Leagues and introduced Jackie Robinson to the Brooklyn Dodgers. Pittsburgh was the childhood home of jazz pioneers Billy Strayhorn, Billy Eckstine, Earl Hines, Mary Lou Williams, and Erroll Garner; Hall of Fame slugger Josh Gibson—and August Wilson himself. Some of the most glittering figures of the era were changed forever by the time they spent in the city, from Joe Louis and Satchel Paige to Duke Ellington and Lena Horne. Mark Whitaker's *Smoketown* is a "rewarding trip to a

forgotten special place and time” (Pittsburgh Post-Gazette). It depicts how ambitious Southern migrants were drawn to a steel-making city on a strategic river junction; how they were shaped by its schools and a spirit of commerce with roots in the Gilded Age; and how their world was eventually destroyed by industrial decline and urban renewal. “Smoketown brilliantly offers us a chance to see this other Black Renaissance and spend time with the many luminaries who sparked it...It’s thanks to such a gifted storyteller as Whitaker that this forgotten chapter of American history can finally be told in all its vibrancy and glory” (The New York Times Book Review).

The Night Watchman - Louise Erdrich
2020-03-03

WINNER OF THE 2021 PULITZER PRIZE FOR FICTION NEW YORK TIMES BESTSELLER WASHINGTON POST, AMAZON, NPR, CBS SUNDAY MORNING, KIRKUS, CHICAGO PUBLIC LIBRARY, AND GOOD HOUSEKEEPING BEST BOOK OF 2020 Based on the extraordinary life of National Book Award-winning author Louise Erdrich's grandfather who worked as a night watchman and carried the fight against Native dispossession from rural North Dakota all the way to Washington, D.C., this powerful novel explores themes of love and death with lightness and gravity and unfolds

with the elegant prose, sly humor, and depth of feeling of a master craftsman. Thomas Wazhashk is the night watchman at the jewel bearing plant, the first factory located near the Turtle Mountain Reservation in rural North Dakota. He is also a Chippewa Council member who is trying to understand the consequences of a new “emancipation” bill on its way to the floor of the United States Congress. It is 1953 and he and the other council members know the bill isn’t about freedom; Congress is fed up with Indians. The bill is a “termination” that threatens the rights of Native Americans to their land and their very identity. How can the government abandon treaties made in good faith with Native Americans “for as long as the grasses shall grow, and the rivers run”? Since graduating high school, Pixie Paranteau has insisted that everyone call her Patrice. Unlike most of the girls on the reservation, Patrice, the class valedictorian, has no desire to wear herself down with a husband and kids. She makes jewel

bearings at the plant, a job that barely pays her enough to support her mother and brother. Patrice’s shameful alcoholic father returns home sporadically to terrorize his wife and children and bully her for money. But Patrice needs every penny to follow her beloved older sister, Vera, who moved to the big city of Minneapolis. Vera may have disappeared; she hasn’t been in touch in months, and is rumored to have had a baby. Determined to find Vera and her child, Patrice makes a fateful trip to Minnesota that introduces her to unexpected forms of exploitation and violence, and endangers her life. Thomas and Patrice live in this impoverished reservation community along with young Chippewa boxer Wood Mountain and his mother Juggie Blue, her niece and Patrice’s best friend Valentine, and Stack Barnes, the white high school math teacher and boxing coach who is hopelessly in love with Patrice. In the Night Watchman, Louise Erdrich creates a fictional world populated with memorable characters who are

forced to grapple with the worst and best impulses of human nature. Illuminating the loves and lives, the desires and ambitions of these characters with compassion, wit, and intelligence, *The Night Watchman* is a majestic work of fiction from this revered cultural treasure.

The Last Lion - Paul Reid 2012-11-06

The long-awaited final volume of William Manchester's legendary biography of Winston Churchill. Spanning the years of 1940-1965, *The Last Lion* picks up shortly after Winston Churchill became Prime Minister-when his tiny island nation stood alone against the overwhelming might of Nazi Germany. The Churchill conjured up by William Manchester and Paul Reid is a man of indomitable courage, lightning-fast intellect, and an irresistible will to

action. The Last Lion brilliantly recounts how Churchill organized his nation's military response and defense, compelled FDR into supporting America's beleaguered cousins, and personified the "never surrender" ethos that helped the Allies win the war, while at the same time adapting himself and his country to the inevitable shift of world power from the British Empire to the United States. More than twenty years in the making, The Last Lion presents a revelatory and unparalleled portrait of this brilliant, flawed, and dynamic leader. This is popular history at its most stirring.

Alfheim Academy (Alfheim Academy - S.T. Bende 2020

Aura Nilssen has spent most of her sixteen years in hiding. As crown princess of Alfheim, her life depends on avoiding the assassins who killed her parents and want to destroy her realm. When hunters corner Aura on Midgard (Earth), she's immediately evacuated and enrolled at Alfheim Academy--a training ground where telepathic teenagers, daily combat lessons, and communication from beyond is the norm. She attends classes that enhance her energetic abilities, labs that fine tune her mental acuity, and workouts with a supernaturally good looking--and suspiciously evasive--training partner. But it's what she learns outside the classroom that proves most difficult: as Queen of Alfheim, Aura's grandmother played a heartbreaking role in the death of Aura's parents . . . and her iron fisted monarchy is pushing the

realm to the brink of extinction. If Aura doesn't take her grandmother's crown, the home she's only just begun to love may be lost forever. When an unprecedented attack threatens the very heart of Alfheim, Aura has to decide what she's willing to sacrifice to protect her new home. Her choice may mean the difference between survival and annihilation--not only for Aura, but for the world she's always been destined to rule.
