Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach."

How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

*1,000 Places To See Before You Die 2019 Calendar* - Patricia Schultz 2018-07-10

**Backdrop** - Gayle E. Pitman 2011

"There's a story behind every research study." In Backdrop, Gayle Pitman narrates the "story" behind the science of sexual orientation - a science that has been rife with contradictions and controversies. Pitman argues that, when it comes to sexual orientation research, we could potentially glean more powerful

insights from the backdrop of politics and personalities behind the research than from the actual studies themselves. Beginning with a focus on the causes of sexual orientation, moving then to the politics of transgender and intersex identities, and culminating in the political controversies of reparative therapy, "don't ask, don't tell," and same-sex marriage, Backdrop brings into focus the rich and textured landscape behind the scientific research findings. Filled with plot twists and developments, variegated characters (the scientists as well as the activists and reactionaries), and thorny political, moral, and philosophical questions, Backdrop brings the science to life, raising more complex questions while simultaneously providing us with a more nuanced understanding of gender and sexual orientation.

**Principle Or Profit** - Ryheim Scott 2016-01-06

Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm's thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his "Gang Green" squad of misfits commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm's friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only "Tear Drop and Buds" are able to recognize and tame. Both OG's in the game graduating to bosses of a mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it's a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the end of the day we all gotta go, so which one are you willing to die for?

That Tree - 2013-09-15

(As seen on CBS News Sunday Morning with Charles Osgood) Trees resonate deeply in the souls of millions of people. A lonely bur oak in the middle of a southwest Wisconsin cornfield spoke to photographer Mark Hirsch. That Tree spoke of hidden beauty and hope. It spoke of patience and dedication. It even gave him personal healing he wasn't aware he needed. Thus every day for the next year Hirsch would quietly attempt to coax the stories from That Tree. Hirsch, after purchasing his first iPhone, scoffed at the idea that a professional photographer would find the camera inside his new phone interesting in any way. A good friend goaded him into trying it and one day in the middle of a January snow storm Hirsch took his first picture of That Tree. He'd driven past That Tree every day for 19 years and never took a picture. That would change. Now a passionate Facebook following of 33,000+ people look for Hirsch's daily picture of That Tree and countless media outlets have featured Hirsch's story including NPR, NBC News, Le Monde, The Guardian, Sierra Club, Chicago Tribune, Denver Post, San Francisco Chronicle, and many more. That Tree is hardcover, 192 pages, measuring 10x10 inches and is published by Press Syndication Group. 2013. *What's Wrong with Pauly?* - B. J House 2013-08
