*The End of the Wild* - Nicole Helget 2017-04-11

This timely coming of age novel takes on the controversial issues of fracking and environmental protection. Stay away from my woods. Eleven-year-old Fern doesn't have the easiest life. Her stepfather is out of work, and she's responsible for putting dinner on the table--not to mention keeping her wild younger brothers out of trouble. The woods near their home is her only refuge, where she finds food and plays with her neighbor's dog. But when a fracking company rolls into town, her

special grove could be ripped away, and no one else seems to care. Her stepfather needs the money that a job with the frackers could bring to their family, and her wealthy grandfather likes the business it brings to their town. Even her best friend doesn't understand what the land means to Fern. With no one on her side, how can she save the forest that has protected her for so long? The acclaimed author of *Wonder at the Edge of the World* weaves a poignant story about life on the poverty line, the environment, friendship and family--and, most of all, finding your place in the world.

She sets off on a journey of discovery, with new friends Ben and Sabeen by her side. But just as she gets closer to answering big questions about who she is, what America means, and how communities can grow (and heal), she uncovers new questions, too. Award-winning author Jewell Parker Rhodes tells a powerful story about young people who weren't alive to witness this defining moment in history, but begin to realize how much it colors their every day.

**Teachings of Presidents of the Church: Brigham Young** - The Church of Jesus Christ of Latter-day Saints 2000

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints

struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—"Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and

carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the “Lion of the Lord” (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

*The Study of Children in Religions* - Susan B. Ridgely 2011-11-01

Research in religious studies has traditionally focused on adult subjects since working with children presents significantly more challenges to the researcher, such as getting the research protocol passed by the Internal Review Board, obtaining permission from parents and schools, and figuring out how to make sense of young worldviews. *The Study of Children in Religions* provides scholars with a comprehensive source to assist them in addressing many of the issues that often stop researchers from pursuing projects involving children. This handbook offers a broad range of methodological and conceptual models for scholars interested in conducting work with children. It not only illuminates some of the legal and ethical issues involved in working with youth and provides guidance in getting IRB approval, but also presents specific case studies from scholars who have engaged in child-centered research and here offer the fruits of their experience. Cases include those that use interviews and drawings to work with children in contemporary settings, as well as more historically focused endeavors to use material culture—such as Sunday school projects or religious board games—to study children’s religious lives in past eras. *The Study of Children in Religions* offers concrete help to those who wish to conduct research on children and religion but are unsure of how to get started or how to frame their research.

*Culturally Responsive School Leadership* - Muhammad Khalifa 2020-07-27

*Culturally Responsive School Leadership* focuses on how school leaders can effectively serve minoritized students—those who have been

historically marginalized in school and society. The book demonstrates how leaders can engage students, parents, teachers, and communities in ways that positively impact learning by honoring indigenous heritages and local cultural practices. Muhammad Khalifa explores three basic premises. First, that a full-fledged and nuanced understanding of "cultural responsiveness" is essential to successful school leadership. Second, that cultural responsiveness will not flourish and succeed in schools without sustained efforts by school leaders to define and promote it. Finally, that culturally responsive school leadership comprises a number of crucial leadership behaviors, which include critical self-reflection; the development of culturally responsive teachers; the promotion of inclusive, anti-oppressive school environments; and engagement with students' indigenous community contexts. Based on an ethnography of a school principal who exemplifies the practices and behaviors of culturally responsive school leadership, the book provides educators with pedagogy and strategies for immediate implementation.

**Big Picture Parents** - Harriet Connor 2017-01-20

Being a parent in the modern world is tough. We are often overwhelmed with fear about damaging our children, guilt about our imperfections, and confusion about our role. Harriet Connor knows these feelings well. But hers is not just another parenting book full of "shoulds and shouldn'ts" to make you feel worse. Rather, she invites you to step back and consider the bigger picture: What is the purpose of life and parenthood? What are our human limitations? How can we cope with our guilt and fear? What are our family's values and how do we pass them on? What is our family's structure and place within the wider community? When she was desperate for answers, Harriet Connor turned to the ancient wisdom of her ancestors--the Bible. She went looking for little pieces of grandmotherly advice, but what she found was a grand vision--a big picture--that made sense of both life and parenthood. Whether you are new to the Bible or have read it before, you will not regret taking time to reflect on its message, which has given comfort and guidance to generations of parents just like you.

[Anything of Which a Woman Is Capable](#) - Mary M. McGlone 2017-12-15

The title, *Anything of Which a Woman is Capable*, comes from Father Jean Pierre Médaille, the Jesuit who brought together the first Sisters of St. Joseph in the mid-seventeenth century. Since 1650, congregations of St. Joseph have grown in Europe, the Americas, India and the Orient, all attracting women who are called to do anything of which they are capable to serve their dear neighbor. This volume tells stories of the foundations of congregations in France and then, beginning in 1836, in the United States. It introduces the reader to intrepid women whose willingness to serve knew no boundaries and whose strong personalities provided an ample match for Church leaders who either encouraged or tried to control their zeal. The copious footnotes make this a valuable addition to the history of Catholic women religious in the United States as well as to the history of Catholicism.

**Vocabulary Workshop Level Orange (New Edition)** - Jerome Shostak  
2006-01-01

**Missoula** - Jon Krakauer 2016-01-12

NATIONAL BESTSELLER • “A devastating exposé of colleges and local law enforcement.... A substantive deep dive into the morass of campus sex crimes, where the victim is too often treated like the accused.” —Entertainment Weekly Missoula, Montana, is a typical college town, home to a highly regarded state university whose beloved football team inspires a passionately loyal fan base. Between January 2008 and May 2012, hundreds of students reported sexual assaults to the local police. Few of the cases were properly handled by either the university or local authorities. In this, Missoula is also typical. In these pages, acclaimed journalist Jon Krakauer investigates a spate of campus rapes that occurred in Missoula over a four-year period. Taking the town as a case study for a crime that is sadly prevalent throughout the nation, Krakauer documents the experiences of five victims: their fear and self-doubt in the aftermath; the skepticism directed at them by police, prosecutors, and the public; their bravery in pushing forward and what it cost them.

These stories cut through abstract ideological debate about acquaintance rape to demonstrate that it does not happen because women are sending mixed signals or seeking attention. They are victims of a terrible crime, deserving of fairness from our justice system. Rigorously researched, rendered in incisive prose, Missoula stands as an essential call to action.

*Truce* - Jim Murphy 2016-04-26

Two-time Newbery Honor Book author Jim Murphy writes a stunning nonfiction masterpiece about a Christmas miracle on the Western Front during World War I. On July 29th 1914, the world's peace was shattered as the artillery of the Austria-Hungary Empire began shelling the troops of the country to its south. What followed was like a row of falling dominoes as one European country after another rushed into war. Soon most of Europe was fighting in this calamitous war that could have been avoided. This was, of course, the First World War. But who could have guessed that on December 25 the troops would openly defy their commanding officers by stopping the fighting and having a spontaneous celebration of Christmas with their "enemies"? In what can only be described as a Christmas Miracle, this beautiful and heartrending narrative will remind everyone how brotherhood and love for one

another reaches far beyond war and politics.

Leading from the Second Chair - Mike Bonem 2020-11-03

They say it's lonely at the top. And it can be even lonelier when you are almost at the top. Church leaders who hold second-chair positions are under tremendous pressure. They are expected to do their jobs and provide leadership but to defer to the top leader too. It's a demanding balancing act. How can they lead effectively while serving under someone else's leadership? Leading from the Second Chair offers an invaluable resource to leaders who serve in second- (and third- and fourth-) chair roles, enabling them to become more productive, proactive, and fulfilled. The book reveals the paradoxes of second chair leadership. These leaders must be subordinate to the top leader yet lead in their own right. They should be deep in their expertise but wide in

perspective. And they must be content in their jobs yet remain enthusiastic about their dreams for the future. Mike Bonem and Roger Patterson share their own and others' experiences of failure and success in this vital role. They offer support and practical advice for reshaping the way second-chair leaders can serve well and improve the overall performance of their church or organization. Leading from the Second Chair equips readers with the positive attitudes, skills, and strategies needed to become powerful leaders who will survive and thrive in God's service.
