The Autobiography of Andrew Carnegie and The Gospel of Wealth - Andrew Carnegie

2006-11-07

The enlightening memoir of the industrialist as famous for his philanthropy as for his fortune. His good friend Mark Twain dubbed him "St.

Andrew." British Prime Minister William Gladstone called him an "example" for the wealthy. Such terms seldom apply to multimillionaires. But Andrew Carnegie was no run-of-the-mill steel magnate. At age 13 and full of dreams, he sailed from his native

Dunfermline, Scotland, to America. The story of his success begins with a \$1.20-a-week job at a bobbin factory. By the end of his life, he had amassed an unprecedented fortune—and given away more than 90 percent of it for the good of mankind. Here, for the first time in one volume, are two impressive works by Andrew Carnegie himself: his autobiography and “The Gospel of Wealth,” a groundbreaking manifesto on the duty of the wealthy to give back to society all of their fortunes. And he practiced what he preached, erecting 1,600 libraries across the country, founding Carnegie Mellon University, building Carnegie Hall, and performing countless other acts of philanthropy because, as Carnegie wrote, “The man who dies thus rich dies disgraced.” With an Introduction by Gordon Hutner

Autobiography of Andrew Carnegie Andrew Carnegie - This posthumously published

autobiography of Andrew Carnegie is a very well written and interesting accounts of the life of one of the wealthiest self-made men in American history. The industrialist and philanthropist lived his life according the following dictum: spend the first third of your life getting all the education you can; spend the next third making all the money you can; and spend the last third giving it all away for worthwhile causes. Andrew Carnegie (1835-1919) was a Scottish-American philanthropist and industrialist, who made his fortune expanding the American steel industry. Born in Fife (Scotland), his family was poor and they emigrated to Pennsylvania in 1848, in hope of finding better fortune there. He started working for the railroads at an early age, earning his way up, before leaving that industry to focus on the steel industry after the Civil War. Carnegie was also an author and while he is mostly remembered for his posthumously published autobiography, he contributed to many periodicals, discussing labour issues, and

published works such "The Gospel of Wealth" (1889) and "The Empire of Business" (1902).

Iacocca - Lee Iacocca 1986-06-01

“Vintage Iacocca . . . He is fast-talking, blunt, boastful, and unabashedly patriotic. Lee Iacocca is also a genuine folk hero. . . . His career is breathtaking.”—Business Week He’s an American legend, a straight-shooting businessman who brought Chrysler back from the brink and in the process became a media celebrity, newsmaker, and a man many had urged to run for president. The son of Italian immigrants, Lee Iacocca rose spectacularly through the ranks of Ford Motor Company to become its president, only to be toppled eight years later in a power play that should have shattered him. But Lee Iacocca didn’t get mad, he got even. He led a battle for Chrysler’s survival that made his name a symbol of integrity, know-how, and guts for millions of Americans. In his classic hard-hitting style, he tells us how he changed the automobile industry

in the 1960s by creating the phenomenal Mustang. He goes behind the scenes for a look at Henry Ford’s reign of intimidation and manipulation. He recounts the miraculous rebirth of Chrysler from near bankruptcy to repayment of its \$1.2 billion government loan so early that Washington didn’t know how to cash the check.

Different Every Time - Marcus O'Dair

2014-10-30

Robert Wyatt started out as the drummer and singer for Soft Machine, who shared a residency at Middle Earth with Pink Floyd and toured America with Jimi Hendrix. He brought a Bohemian and jazz outlook to the 60s rock scene, having honed his drumming skills in a shed at the end of Robert Graves' garden in Mallorca. His life took an abrupt turn after he fell from a fourth-floor window at a party and was paralysed from the waist down. He reinvented himself as a singer and composer with the extraordinary album *Rock Bottom*, and in the early eighties his solo work was increasingly political. Today, Wyatt remains perennially hip, guesting with artists such as Bjork, Brian Eno, Scritti Politti, David Gilmour

and Hot Chip. Marcus O'Dair has talked to all of them, indeed to just about everyone who has shaped, or been shaped by, Wyatt over five decades of music history.

Autobiography of Mark Twain, Volume 3 - Mark Twain 2015-10-15

The surprising final chapter of a great American life. When the first volume of Mark Twain's uncensored Autobiography was published in 2010, it was hailed as an essential addition to the shelf of his works and a crucial document for our understanding of the great humorist's life and times. This third and final volume crowns and completes his life's work. Like its companion volumes, it chronicles Twain's inner and outer

life through a series of daily dictations that go wherever his fancy leads. Created from March 1907 to December 1909, these dictations present Mark Twain at the end of his life: receiving an honorary degree from Oxford University; railing against Theodore Roosevelt; Autobiography's "Closing Words" movingly commemorate his daughter Jean, who died on Christmas Eve 1909. Also included in this volume is the previously unpublished "Ashcroft-Lyon Manuscript," Mark Twain's caustic indictment of his "putrescent pair" of secretaries and the havoc that erupted in his house during their residency. Fitfully published in fragments at intervals throughout the twentieth century, Autobiography of Mark Twain has now been critically reconstructed and made available as it was intended to be read. Fully annotated by the editors of the Mark Twain Project, the complete Autobiography emerges as a landmark publication in American literature. Editors: Benjamin Griffin and Harriet Elinor

Jenny Pitman: The Autobiography - Jenny Pitman
2012-02-29

Jenny Pitman's success has been won against the

odds. An outsider in the privileged world of racing, she has nevertheless turned herself into one of the most successful trainers in Britain today. And as a woman in a male-dominated profession, she has been forced to work doubly hard for her achievements. Jenny's love of horses has dominated her life. Born on a modest Leicestershire farm without gas, electricity or running water, she joined a racing yard at the age of fifteen. While still in her teens she married jockey Richard Pitman, and together they set up a stable. Before long, Jenny became one of the very first women to be granted a professional licence to train horses. Despite the subsequent break-up of her marriage and financial hardship, Jenny soon managed to establish herself in her own right as a fully fledged trainer. Since then, horses such as Garrison Savannah and Burrough Hill Lad have etched the Pitman name deeply in the record books. Jenny has trained the winners of all five major Nationals and two Cheltenham Gold Cups.

With Corbiere in 1983 Jenny became the first woman trainer to win the Grand National - and she is still the only one to have done so. In 1993 her horse Esha Ness won the 'National that never was'. Two years later the notoriously difficult horse Royal Athlete won her this prestigious race for a second time. The success of Jenny's Lambourn stables has been very much a family affair. Like his father, Jenny's son Mark also became a successful jockey. He rode many of her horses to victory, and on retiring as a jockey worked as assistant trainer to his mother before setting up on his own. In 1997, after an eighteen-year engagement, Jenny married her long-term companion, David Stait. In the 1998 New Year's Honours list she was awarded the OBE. Her fierce will to succeed, her tenacity and her courage to fight for what she believes in, both professionally and personally - these are the foundations on which Jenny Pitman has built her life. Her frank and lively autobiography reflects this spirit.

History, Historians, and Autobiography -

Jeremy D. Popkin 2005-05-09

Though history and autobiography both claim to tell true stories about the past, historians have traditionally rejected first-person accounts as

subjective and therefore unreliable. What then, asks Jeremy D. Popkin in *History, Historians, and Autobiography*, are we to make of the ever-increasing number of professional historians who are publishing stories of their own lives? And how is this recent development changing the nature of history-writing, the historical profession, and the genre of autobiography? Drawing on the theoretical work of contemporary critics of autobiography and the philosophy of Paul Ricoeur, Popkin reads the autobiographical classics of Edward Gibbon and Henry Adams and the memoirs of contemporary historians such as Emmanuel Le Roy Ladurie, Peter Gay, Jill Ker Conway, and many others, he reveals the contributions historians' life stories make to our understanding of the human experience. Historians' autobiographies, he shows, reveal how scholars arrive at their vocations, the difficulties of writing about modern professional life, and the ways in which personal stories can add to our understanding of

historical events such as war, political movements, and the traumas of the Holocaust. An engrossing overview of the way historians view themselves and their profession, this work will be of interest to readers concerned with the ways in which we understand the past, as well as anyone interested in the art of life-writing. *Autobiography, a Collection of the Most Instructive and Amusing Lives Ever Published - 1830*

Autobiography of Sam J. Pigno - Sam J. Pigno
2011-08-22

"Twenty plus years ago, four powerful revengeful groups took out after me to totally destroy everything I had built our school system to stand for; thirty-five brand new and renovated schools, excellent achievement standing that was tops in our state and above the national average and free from the court order that we had been under since 1965! Today, education has now completely ceased in this school system, schools are falling apart again, they changed the name of our school system to wash away everything I had stood for, did away with my excellent teaching plan that caused us so much success, took my picture off the wall that had stood for eight years, gave away some schools after I had spent millions on, to make them among the best, re-violated the Standing court order that I had completely satisfied and finally, they had me sent to prison for one year for a made up charge that was not true! All this destroyed learning altogether in a school system that had become one of the best in the nation

during my leadership as superintendent from 1982-90."

John Gielgud - Sheridan Morley 2010-05-11
Sir John Gielgud's career as an actor was perhaps the most distinguished of any of his generation, and, in a lifetime that spanned almost a century, he appeared in hundreds of theatrical productions and films, receiving virtually every honor given, including an Academy Award. Now, in this wonderfully insightful biography, fully authorized and written with first-ever access to Gielgud's personal letters and diaries, bestselling biographer Sheridan Morley not only traces the actor's fascinating career, but provides a fresh and remarkably frank look into John Gielgud the man, showing how his success as an actor in many ways came at the expense of his personal happiness. Born into a theatrical family, John Gielgud took to the stage as naturally as a duck to water, and almost from the beginning, those who saw him perform knew that they were

experiencing something extraordinary. A determined actor, intent on learning and polishing his craft, he worked incessantly, taking on one role after another, the greater the challenge, the better. During his long and remarkable career, he took on every truly great and demanding role, including all of Shakespeare's major plays as well as many contemporary and experimental productions. At ease in both great drama and light comedy, he was blessed with a great range and a seemingly infinite capacity to inhabit whatever character he attempted. Basically a somewhat shy man offstage, however, Gielgud for the most part limited his friendships to those with whom he worked, and as a result the theater -- and later, film -- made up just about his entire life. That he was flesh and blood, however, was reflected in the fact that he did enter into two long-term relationships, the first with a man who eventually left him for another, but with whom Gielgud maintained a strong tie, and the second

with a handsome, mysterious Hungarian who lived with him until he died, just a few months before Sir John. True scandal came into Gielgud's life only once. In 1953, just weeks after Gielgud had been knighted by the Queen, he was arrested in a public men's room and charged with solicitation. The British press had a field day, but Gielgud's friends and fellow actors rallied to his support, as did his thousands of fans, and the result was the eventual change of law in England regarding sex between consenting adults. While these and many other aspects of his personal life are discussed for the first time in this distinguished biography, it is Gielgud's career as an actor, of course, that receives the greatest attention. And while British audiences had the pleasure of seeing him perform in the theater for his entire life, Americans came to know him best for his work in the movies, and most especially for his Oscar-winning performance as Hobson the butler in the Dudley Moore film *Arthur*. As dramatic and

captivating as one of Sir John's many performances, this authorized biography is an intimate and fully rounded portrait of an unforgettable actor and a remarkable man. *America, the Band* - Jude Warne 2020-05-15 As if recovering from a raucous dream of the 1960s, Gerry Beckley, Dewey Bunnell, and Dan Peek arrived on 1970s American radio with a sound that echoed disenchanting hearts of young people everywhere. The three American boys had named their band after a country they'd watched and dreamt of from their London childhood Air Force base homes. What was this country? This new band? Classic and timeless, America embodied the dreams of a nation desperate to emerge from the desert and finally give their horse a name. Celebrating the band's fiftieth anniversary, Gerry Beckley and Dewey Bunnell share stories of growing up, growing together, and growing older. Journalist Jude Warne weaves original interviews with Beckley, Bunnell, and many others into a dynamic

cultural history of America, the band, and America, the nation. Reliving hits like "Ventura Highway," "Tin Man," and of course, "A Horse with No Name" from their 19 studio albums and incomparable live recordings, this book offers readers a new appreciation of what makes some music unforgettable and timeless. As America's music stays in rhythm with the heartbeats of its millions of fans, new fans feel the draw of a familiar emotion. They've felt it before in their hearts and thanks to America, they can now hear it, share it, and sing along.

The Cheltenham Festival - Robin Oakley
2014-03-03

The Cheltenham Festival is nowadays the biggest event in the racing year – in visitor

numbers eclipsing Royal Ascot, the Grand National or the Derby. In 2011 it is a hundred years since the 1911 running of the National Hunt Chase marked the birth of the Festival, providing the perfect occasion for Robin Oakley's new history. This is a work of both history and celebration – telling the story of how three days of jump racing beneath Cleeve Hill in Cheltenham became a vast sporting event attracting an average of 50,000 spectators per day. Before the War it saw legendary horses like Golden Miller; after the War the Irish invasion began – both horses and spectators; in the Sixties, Arkle, the greatest jumps horse of all time duelling with Mill House in the Gold Cup. In recent years there have been Cheltenham favourites like Desert Orchid, winning a gruelling Gold Cup in the mud, Dawn Run, Best Mate (2 Gold Cups), hurdlers like Istabraq and Persian War, and the grey hero One Man. But also it is a story of the craic and the characters, like the Irishman who won enough on Istabraq to

pay off his mortgage, then lost it again on the Champion Chase, and reflected, "Ach, it was only a small house anyway!" This is a book for both the committed Festival-goer, Guinness in hand, and every armchair racing fan.

Carroll Shelby - Rinsey Mills 2020-06-02

Written with Carroll Shelby's full collaboration and with a foreword by Edsel B. Ford II, the great-grandson of Henry Ford, this is the definitive record of America's preeminent twentieth century sports car builder and racer—now available as an ebook. It was motoring author Rinsey Mills' passion for AC cars and motorsports history that led to his first meeting with Carroll Shelby. His suggestion that they should collaborate in order to create an accurate record of Shelby's life and achievements at first was rebuffed but later taken up with enthusiasm. This authorized biography is the result. Carroll Shelby: The Authorized Biography was a long time in the making, as Mills left no stone unturned in his quest to produce the complete study of Shelby's remarkable life. He carried out extensive research and conducted numerous interviews,

fully capturing the narrative of Carroll Shelby within and outside of the automotive racing world, including his: Childhood in Texas
Wartime service with the Army Air Force
Postwar entrepreneurship Earliest race wins in 1952
Legendary 1959 victory at the 24 Hours of Le Mans

Historical partnership with Ford that would last for decades

Present-day legacy

An Autobiography - Anthony Trollope
2014-10-09

This classic study of the working life of a professional writer is one of the best - and also one of the strangest - autobiographies ever written. After a miserable childhood and misspent youth, Trollope turned his life around at the age of twenty-six. By 1860 the 'hobbledehoy' had become both a senior civil servant and a best-selling novelist. He worked for the Post Office for many years and stood unsuccessfully for Parliament. Best-known for

the two series of novels grouped loosely around the clerical and political professions, the Barsestshire and Palliser series, in his Autobiography Trollope frankly describes his writing habits. His apparent preoccupation with contracts, deadlines, and earnings, and his account of the remorseless regularity with which he produced his daily quota of words, has divided opinion ever since. As the Introduction to this edition shows, Trollope selected and exaggerated to create his compelling narrative of initial failure and eventual success, and the inspiration that fuelled his creative imagination has too easily been overlooked. The only autobiography by a major Victorian novelist, Trollope's record offers a fascinating insight into his literary life and opinions. This edition also includes a selection of his critical writings to show how subtle and complex his approach to literature really was.

Robert Shaw - John French 2015-03-02
Robert Shaw is most celebrated today as the

Oscar-nominated star in movies like *From Russia with Love*, *A Man For All Seasons*, *The Sting* and - most memorably of all - as Quint in the record-breaking *Jaws*. His breakthrough came when Hollywood was experiencing something of a British Invasion. Sean Connery, Peter O'Toole, Vanessa Redgrave and Richard Burton were among the new stars. But Shaw was arguably more talented than any, a figure of extraordinary and wide-ranging promise. More than just a mesmerising actor on stage and screen, he was also a gifted writer. He wrote no less than six published novels (winning the Hawthornden Prize), while his plays include the acclaimed *Man in The Glass Booth*. The flipside to Shaw's diverse abilities was his well-earned reputation as a hellraiser. A fiercely competitive man in all areas of his life, whether playing table tennis or drinking whisky, he emptied mini-bars, crashed Aston Martins, fathered nine children by three different women, made (and spent) a fortune, and set fire to Orson Welles' house. He died at

51, having driven himself too hard, too fast, but unable to get over his father's suicide when Shaw was just 11. John French, Shaw's biographer, knew him well, professionally and personally. Robert Shaw: The Price of Success is a perceptive, sympathetic, but unsparing portrait of the blessings and curses endowing this mercurial, enigmatic and deeply engaging man. This edition features a new foreword written by Richard Dreyfuss. Praise 'Both impressive and immaculate, a tremendously skilled biography... chillingly well told.' Sheridan Morley 'I liked Robert Shaw: The Price of Success tremendously, and applaud its digital rebirth.' Robert Sellers, author of Hellraisers and Don't Let The Bastards Grind You Down Bakhtin and the Nation - San Diego Bakhtin Circle Staff 2000

"The end of the twentieth century is marked by historic changes in nation-states and in the concepts of the nation and of nationalism. The ten essays in this volume give to the reader an

inquiry into the problem of the nation with, and sometimes surpassing, the help of Russian philosopher Mikhail Mikhailovich Bakhtin."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Irish-American Autobiography - James Silas Rogers 2017-01-27

This lively survey of the ever-changing Irish-American experience contains "many perceptive, and sometimes surprising, observations" (The Irish Times). Irish-American Autobiography explores the evolution of Irishness in America through memoirs that describe, define, and redefine what it means to be Irish. From athletes and entertainers to saloon keepers, community activists, and Catholic priests, Irish-Americans of all stripes share their thoughts and perceptions on their ever-evolving ethnic identity. Poet and Irish studies specialist James Silas Rogers begins his evocative analysis with celebrity memoirs by athletes like boxer John L. Sullivan and

ballplayer Connie Mack—written when the Irish were eager to put their raffish origins behind them. Later, he traces the many tensions registered by lesser-known Irish-Americans who've told their life stories. South Boston step dancers set themselves against the larger culture, framing their identity as outsiders looking in. Even the classic 1950s sitcom *The Honeymooners* speaks to the poignant sense of exclusion felt by its creator Jackie Gleason. Rogers also examines the changing role of Catholicism as a cultural touchstone for Irish Americans, and examines the painful diffidence of priest autobiographers. Irish-American Autobiography becomes, in the end, a story of a continued search for connection—documenting an “ethnic fade” that never quite happened.

Sixty Years of Jump Racing - Robin Oakley
2017-03-09

Robin Oakley brings alive the colourful world of those who ride and train jumping horses. With elegant production and gripping images *The*

History of Jump Racing chronicles the social and economic changes which have brought the sport's ups and downs—like the development of sponsorships and syndicate ownership, the near loss of the Grand National, the growing domination of the Cheltenham Festival and the growth of all-weather racing to meet the bookies' demands for betting shop fodder. Pace and colour is provided by stories of the horses who have been taken to the heart of racing crowds, like the Irish-trained hurdler *Istabraq* and *Best Mate*, the three-times winner of the Cheltenham Gold Cup for England. Famous rivalries and memorable races are re-lived and key victories revisited in portraits of and interviews with the owners, jockeys and trainers who have dominated the sport. The emphasis will be largely on the past fifty years—from Arkle to Tony McCoy—but a significant introduction by Edward Gillespie encapsulates the past history of what was previously known as 'National Hunt Racing' and sets the stories in context. .
