[Deliver Us](#) - Luigi Meneghello 2011-05-27

Originally published in 1963, and today considered a landmark in twentieth century Italian literature, Luigi Meneghello's *Deliver Us* is the memoir, not of an extraordinary childhood, but of the very ordinary one the author shared with most of his generation, when Italy was a rural country under the twin authorities of Church and Fascism. His boyhood begins in 1922, the year of Mussolini's March on Rome, and ends when Meneghello, 21, goes up into the hills to join the partisans. Called a romanzo—a story, although not a novel, as that term usually suggests—the book is a genre all of its own that mixes personal and collective memory, amateur ethnography, and reflections on language. Meneghello's sharp insights and narrative skill come together in an original meditation on how words, people, places, and things shape thought

itself. Only loosely chronological, *Deliver Us* proceeds by themes—childhood games, Fascist symbols, religious precepts, and the rites of poverty, of death, of eros, and of love.

Meneghello's ironic musings and profoundly honest recollections make an utterly unsentimental human comedy of that was the whole world to his dawning consciousness.

[Amkoulel, the Fula Boy](#) - Amadou Hampâté Bâ  
2021-07-20

Born in 1900 in French West Africa, Malian writer Amadou Hampâté Bâ was one of the towering figures in the literature of twentieth-century Francophone Africa. In *Amkoulel, the Fula Boy*, Bâ tells in striking detail the story of his youth, which was set against the aftermath of war between the Fula and Toucouleur peoples and the installation of French colonialism. A master storyteller, Bâ recounts pivotal moments of his life, and the lives of his powerful and large family, from his first encounter with the white commandant through the torturous imprisonment of his stepfather and to his forced attendance at French school. He also charts a larger story of life prior to and at the height of French colonialism: interethnic conflicts, the clash between colonial schools and Islamic education, and the central role indigenous African intermediaries and interpreters played in the functioning of the colonial administration. Engrossing and novelistic, *Amkoulel, the Fula Boy* is an unparalleled rendering of an individual and society under transition as they face the upheavals of colonialism.

*Architecture, Mysticism and Myth* - W. R. Lethaby  
2019-01-08

This classic explores the symbolism of classical architecture. A milestone in relating mysticism to design, it shows the correlation between mythology and the design of St. Paul's Cathedral, the Taj Mahal, the Palace of Versailles, and other architectural masterpieces. This delightful book describes the symbolism of real-world architecture, as well as architecture described in fiction, myth and folklore. Lethaby believed that architecture reflected the macrocosm. He speculated that many of the seemingly ornamental details of classical buildings actually represented aspects of the land, the sea and the sky. This is one of those books like the *Golden Bough* or the *White*

*Goddess* (albeit shorter and a less challenging read) that will turn you on to the mythopoetic side of reality, no matter whether you agree with its conclusions.

**The Two Hotel Francforts** - David Leavitt  
2013-10-15

It is the summer of 1940, and Lisbon, Portugal, is the only neutral port left in Europe—a city filled with spies, crowned heads, and refugees of every nationality, tipping back absinthe to while away the time until their escape. Awaiting safe passage to New York on the SS Manhattan, two couples meet: Pete and Julia Winters, expatriate Americans fleeing their sedate life in Paris; and Edward and Iris Freleng, sophisticated, independently wealthy, bohemian, and beset by the social and sexual anxieties of their class. As Portugal's neutrality, and the world's future, hang in the balance, the hidden threads in the lives of these four characters—Julia's status as a Jew, Pete and Edward's improbable affair, Iris's increasingly desperate efforts to save her tenuous marriage—begin to come loose. Gorgeously written, sexually and politically charged, David Leavitt's long-awaited new novel is an extraordinary work.

Economy of the Unlost - Anne Carson  
2009-04-11

The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious.

Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. *Economy of the Unlost* begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences—Simonides' fundamental faith in the power of the word, Celan's ultimate despair—as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.

**One Clear Ice-cold January Morning at the Beginning of the 21st Century** - Roland Schimmelpfennig 2018-04-05

"A highly original and often hypnotic work . . . exactly the type of book that readers in search of striking European voices should embrace" John Boyne, author of THE BOY IN THE STRIPED PYJAMAS A contemporary Berlin fairy tale that bristles with urban truths - the first novel of Germany's best-known contemporary playwright One clear, ice-cold January morning shortly after dawn, a wolf crosses the border between Poland and Germany. His trail leads all the way to Berlin, connecting the lives of disparate individuals whose paths intersect and diverge. The lone wolf is glimpsed on the hard shoulder and photographed by Tomasz, a Polish construction worker who cannot survive in Germany without his girlfriend. Elisabeth and Micha run away through the snow from their home village, crossing the wolf's tracks on their way to the city. A woman burns her mother's diaries on a Berlin balcony. And Elisabeth's father, a famous sculptor, observes the vast skeleton of a whale in his studio and asks: What am I doing here? And why? Experiences and encounters flicker past with a raw, visual power, like frames in a black and white film.
