Home Game - Lisa Suzanne 2021-02-09

Getting fired and dumped in the same thirty seconds makes for a pretty bad Tuesday. But by Thursday, I'll be in Vegas celebrating my brother's wedding. Since I could use a fresh start, he offers me a place to stay with a buddy of his. At the bachelorette party, a raunchy game results in a quest to find me a one-night stand. When a hunk with dark blue eyes and perfect bone structure hits me with a silly line at the bar, my mission is complete. I vow to move on from our steamy night as I head to the rehearsal dinner, certain one of my brother's hot pro football player groomsmen will be my Prince Charming. Then the best man turns around. Dark blue eyes. Perfect bone structure. A body I won't soon forget. And apparently my new roommate. This is the first book in the VEGAS ACES series.

Down and Out - Kelley R. Martin 2014-09-27

Don't read this book if you don't like snarky, dominant, tattooed men who say things like "Open your mouth, and I will," after you tell them to shove it. And don't read this book if you don't like sassy, strong-willed, fiercely independent heroines who use phrases like "bossy asshole" as a term of endearment. You have been warned. "Tattooed package of sin." That's how Savannah Ryan would describe her new boss, Declan Whitmore, the deliciously tatted and pierced fighter who holds the top spot in Boston's newest underground fighting organization. She'd also describe him as bossy, arrogant, and—depending on what he does to piss her off that particular day—an asshole. It's that

aloof attitude, along with Savannah's witty comebacks and tight little body that land her on his radar. Unfortunately for her, Declan is relentless when he sets his sights on someone, both in and out of the ring. Unfortunately for him, this recently reformed bad girl is trying to go straight after heading down a dangerous path. She's not going to make this easy for him. In fact, she's going to make it—and him—very, very hard. Declan's not worried, though. He'll have Savannah come hell or high water, because if there's one word he'd use to describe her, it's "MINE."

Touching Scars - Stacy Borel 2013-12

Timber Nelson has recently returned home after serving two tours in Iraq. Suffering from PTSD, he's a shadow of the man he was before his time in the military. Instead of learning to live with the nightmares he faced in the war, he drowns them in a bottle of Crown. Katherine Pierce is an alluring woman with dark brown hair, tattoos, and a fiery attitude. Yet her history is one full of disturbing images that she's been trying to run away from for the better part of six years. Undeniable attraction between Timber and Kat reaches its peak and they both give in to the unquestionable pull. Will Timber be able to save Kat from her past repeating itself? And will they be able to soothe each other's scars? Or will their old scars become new wounds?

Bowser the Hound - Thornton Waldo Burgess 1920

When Bowser the Hound gets lost in the Green Forest, Blacky the Crow and other animals decide to help him.

All I've Never Wanted - Ana Huang 2015-06-09

The Scions are the four richest, most powerful guys at Valesca Academy, and they rule the school with iron fists. Everyone wants to date them or be them...everyone, that is, except Maya Lindberg, who just wants to avoid them until she can graduate. She almost succeeds, until an ill-advised outburst puts her right in the Scions' path. Just like that, one becomes her fake boyfriend, one her unwanted matchmaker, one

her guardian angel, and the one she can't stand the most? Yeah, he's her new housemate. Is she happy about it? Hell no. All I've Never Wanted is a romantic comedy about what happens when a girl gets everything she never asked for, including a puppy, a new wardrobe, and, possibly, even true love.

European Traditions in Didactics of Mathematics - Werner Blum 2019-02-18

This open access book discusses several didactic traditions in mathematics education in countries across Europe, including France, the Netherlands, Italy, Germany, the Czech and Slovakian Republics, and the Scandinavian states. It shows that while they all share common features both in the practice of learning and teaching at school and in research and development, they each have special features due to specific historical and cultural developments. The book also presents interesting historical facts about these didactic traditions, the theories and examples developed in these countries.

Shutout - Stacy Borel 2018-01-03

Hadley Marten's first year at LSU was supposed to be a fresh start. Somewhere she could reinvent herself and leave behind old stigmas. Eighteen years of being a nobody, and she was ready to be a somebody. Just when she thought she could finally take life by the horns, she heard a familiar voice say her name. Wrigley Brooks was the boy she always wanted, but could never have. He was the last single Brooks brother. One forced friendship, budding feelings, and a man that can't take no for an answer, has her world turned upside down. Life was determined to show Hadley that there was a lesson in everything. Whether she liked it or not.

Firewalker: The Worldwalker Trilogy 2 -

Josephine Angelini 2015-09-01

A smouldering adventure from the internationally bestselling author of the Starcrossed series "Lily's evolution is thrilling, and readers will eagerly follow her into battle, just like her devoted mechanics. A sequel of surprising depth and drama." Kirkus Lily Proctor has made it back to her own universe, and it's finally time for her and Rowan to be happy and relax. True, she almost died in the Pyre that fueled their escape, and they must hide her new magic for the safety of the world, but compared

to fighting the monstrous Woven and leading armies in the alternate Salem, life is looking good. 'You think I'm a monster, but my choices, as ruthless as they seem, are justified.'

Unfortunately, Lillian, ruthless ruler of the 13 Cities, is not willing to let Lily go that easily. Lily is the closest version of herself she's ever seen in all her worldwalking, and Lillian's running out of time. If she can't persuade Lily and Rowan to return to her world, she'll have to find a way to make them come back.

On the Rocks - Jade C Jamison 2021-04-25

Am I destined to be alone forever? Tired of playing second fiddle in all-girl band the Vagabonds, I break out on my own to put together my own band. I'll control it all, meaning there'll be no more bulls#*t. On my own, though, success seems elusive. As I struggle to make it in this dog-eat-dog world, I begin to question myself, doubt my talent, and wonder if I should sell out just to win the adoration of my old fans who didn't seem to understand me, but I'm determined to stubbornly follow my heart, even though it might mean languishing in relative obscurity the rest of my life. Nothing but a has been. And then, of course, there's CJ. He helps me get my new band off the ground but he's still commitment phobic. Feeling unloved, alone, and even unimportant, I make rash, irrevocable decisions on the road that will probably drive CJ away for good. Will I ever be able to tell him how much he means to me? And, if I do, will he take me as I am or leave me for good? "You need to read the whole trilogy, in order, but I feel like this is the best of the bunch...and that's saying a whole lot.... There is so much emotion, so much life, so much growth. You can't even imagine how happy I am with the ending (though honestly, I want more....greedy and selfish, I can't help it. Ms. Jamison writes these characters so well, they just become so real, and so hard to let go!)" Backstage Blogs *What Readers Are Saying: * "I could not put it down and it was well worth the missed sleep." □□□□ "Jade never disappoints!!" □□□□ "No!!! I don't want this to be over... What an amazing experience it is reading the Vagabonds series." □□□□ "Omg the Queen of Rock truly outdid herself." □□□□ "A great conclusion to a rocking series!" □□□□ If you're a fan of rock star romance and bad boys, this is one ride you won't

want to miss!

Silent Protector - Katie Reus 2021-10-26

Some secrets keep you safe... Adeline Rodriguez left her violent past behind, buried her secrets and started over in Verona Bay. Now a successful co-owner in a local pet grooming business, she's made a life for herself in this idyllic community, and has real friends. Thanks to her past, the only thing she hasn't mastered yet is a real relationship. And when circumstances lead her to finally let her guard down with sexy Mac Collins, he completely ghosts her. Her first instinct is to close herself off again, but she decides to confront him instead—and that fateful decision puts her directly in the crosshairs of a killer. Others can destroy you... Mac has wanted Adeline since the moment they met, but she made it clear that she didn't want a relationship. So he kept his distance. When they're trapped together in a remote cabin, things change between them. But Mac's past has come back to haunt him, so he pushes her away to protect her. Unfortunately, it's already too late. Adeline is now a target too. To save her, Mac has no choice except to end the threat. Only then can he try to win over the woman he can't live without. But winning over the feisty Adeline might prove to be harder than stopping a killer. Warning Miracle -

Slider - Stacy Borel 2015-09-29

Dr. Turner Brooks may be the professional brother, but he's also the adrenaline junkie. When he meets Annabelle, a girl scared to death of veering from the path she's paved for herself, all he wants to do is push her out of that comfort zone. Annabelle has already lost too much. She wants to stay focused on her new nursing job and away from unnecessary risks. Turner Brooks is exactly that - an unnecessary risk. She's heard the rumors about him flying around the hospital, describing him as a "womanizer" or "sex god." Yeah, she doesn't need that. Still, Turner tries to teach her that life is full of risks worth taking. As they grow closer and she begins to let go, the unexpected happens. Will they be able to recover from that surprising fastball or could this be the final strike out?

Fixed Infatuation - Stacy Borel 2018-03-26
Molly Hartford was a writer with big dreams, and even bigger aspirations. She had no idea how far out of her depth she was about to be, when she bought a dilapidated house in the Washington Peninsula. It was in desperate need of some help, but she was fully convinced that she could do majority of the work herself. A few self-help videos, and maybe a class at a hardware store - she'd have this in the bag. Easy peasy. Before she even signed the papers, she noticed her sexy neighbor, Blake Whitmore. He was a general contractor with his own business and an eye for detail. Painting walls, repairing cabinets and caulking bathtubs were among his many specialties. Blake was dead set on showing her she had no business remodeling a home. Playful flirting, sexual innuendos, and physical attraction are all part of the job... right? Except they both may find out that things aren't all fun

and games when walls come down, and layers are scraped away. Relationships are built on solid ground, but not when foundations are full of cracks and there's so much more hiding underneath.

Beat by Beat - Kaylee Ryan 2021-09-04

Wren Being a single mom is not how I envisioned life would turn out. But after my happily ever after ended way too soon, I'm doing my best and taking each day as it comes. Life is full of surprises, though, both good and bad... like Marshall Riggins coming to my rescue in the pharmacy line. The gorgeous Riggins brother has a heart of gold and looks mighty fine as a knight in shining armor, but I don't need a handout nor the distraction. Too bad my heart doesn't get the memo. Suddenly he's everywhere I am. With his stubborn smile and dark blue eyes, he sees way more than I wish he would. He looks beyond the broken fragments of my being and still wants me. I can't help but think maybe he's my second chance at a happy ending. Marshall After watching my brothers find their magic and settling down, it's time to admit I want what they have. It's not just about the

passion but the soul connection. The beautiful brunette fumbling through her purse in front of me in line doesn't just catch my attention. She steals my heart. Wren Wheeler is as stubborn as the day is long. The gorgeous single mom doesn't want to accept my help... or my friendship. But her adorable baby girl doesn't agree. In fact, she loves me. And the longer I spend with both of them, I know walking away isn't an option. She's afraid of having her heart broken again, but I'm not going anywhere. I've slowly fallen for Wren. And beat by beat, I think she's falling too.

Now, alone and broke, she'll do whatever it takes to provide for her baby. Firefighter and single dad, Logan Anderson, needs a nanny for his traumatized child, Hazel. When the fragile woman he rescued from the wreckage of a car shows up at the station to say thank you and applies for the job, he agrees to hire her. Lily is determined to keep her new job as a nanny. It means the difference between keeping and losing her baby. But will her growing feelings for her new employer destroy her chance at a fresh start for both her and her baby?

Intelligent Projects Using Python - Santanu Pattanayak 2019-01-31

Implement machine learning and deep learning methodologies to build smart, cognitive AI projects using Python Key Features A go-to guide to help you master AI algorithms and concepts 8 real-world projects tackling different challenges in healthcare, e-commerce, and surveillance Use TensorFlow, Keras, and other Python libraries to implement smart AI applications Book Description This book will be a perfect companion if you want to build insightful projects from leading AI domains using Python. The book covers detailed implementation of projects from all the core disciplines of AI. We start by covering the basics of how to create smart systems using machine learning and deep learning techniques. You will assimilate various neural network architectures such as CNN, RNN, LSTM, to solve critical new world challenges. You will learn to train a model to

detect diabetic retinopathy conditions in the human eye and create an intelligent system for performing a video-to-text translation. You will use the transfer learning technique in the healthcare domain and implement style transfer using GANs. Later you will learn to build AI-based recommendation systems, a mobile app for sentiment analysis and a powerful chatbot for carrying customer services. You will implement AI techniques in the cybersecurity domain to generate Captchas. Later you will train and build autonomous vehicles to self-drive using reinforcement learning. You will be using libraries from the Python ecosystem such as TensorFlow, Keras and more to bring the core aspects of machine learning, deep learning, and AI. By the end of this book, you will be skilled to build your own smart models for tackling any kind of AI problems without any hassle. What you will learn Build an intelligent machine translation system using seq-2-seq neural translation machines Create AI applications using GAN and deploy smart mobile apps using TensorFlow Translate videos into text using CNN and RNN Implement smart AI Chatbots, and integrate and extend them in several domains Create smart reinforcement, learning-based applications using Q-Learning Break and generate CAPTCHA using Deep Learning and Adversarial Learning Who this book is for This book is intended for data scientists, machine learning professionals, and deep learning practitioners who are ready to extend their knowledge and potential in AI. If you want to build real-life smart systems to play a crucial role in every complex domain, then this book is what you need. Knowledge of Python programming and a familiarity with basic machine learning and deep learning concepts are expected to help you get the most out of the book

Diseases at the Wildlife - Livestock Interface - Joaquín Vicente 2021-04-30

Shared diseases among wildlife, livestock and humans, often transboundary, are relevant to public health and global economy, as being highlighted currently relative to the global

COVID19 pandemic. Diseases at these interfaces also impact the conservation of biodiversity and must be considered when managing wildlife. While wildlife and domestic livestock have coexisted in dynamic systems for thousands of years, spillover disease risks are higher today than in the past due to global patterns of increasing close contact and interactions among wildlife, livestock and humans in the context of complex, diverse and numerous circumstances. Multidisciplinary studies of animal interfaces, especially those involving wildlife, therefore, must be brought to the forefront so that knowledge gaps can be realized and filled to inform managers and policy makers. In the first part of the book authors illustrate and discuss ecological and epidemiological concepts related to the interfaces, with a vision towards socio-ecological system health. In addition, the history of past animal interfaces provides the necessary perspective to focus current questions, better understand present situations, and informs how we can best approach the future. The second part discusses the myriad of similar and differing wildlife- livestock interfaces found around the world from a regional point of view. The third part focuses on how to assess the spatial and temporal overlap between livestock and wildlife, and authors present new technical innovations about how inter-transmissions between wild and domestic populations can be quantified. An overview of main modeling approaches available to quantify multi-host disease transmission at the wildlife/livestock interface, illustrated with specific-case studies, is also presented. Finally, the need for interdisciplinary approaches and a dedicated thematic field to approach the wildlife/livestock interfaces and create opportunities to promote wildlife-livestock coexistence is emphasized. The concluding chapter presents perspectives and directions to better understanding disease dynamics at the wildlife/livestock interface, global change and implications for the future. The changing distribution of interfaces, ongoing human and environmental changes (e. g. climate warming, changes in animal production systems, etc.) and their likely impacts and consequences for the interfaces and disease transmission processes are all discussed.

Love to Hate You - Jennifer Sucevic 2020-09-22

From USA Today bestselling author Jennifer Sucevic comes a funny, sexy standalone novel. Carter Prescott is one of those guys who has it all. Wealthy family...check. Good looks...check. Brains to match all that brawn...check. And let's not even talk about all those sculpted muscles (no—seriously, I don't want to talk about them). The guy works out like it's his job. Did I mention that he's one of this year's top NFL draft picks? Sure, maybe in the beginning I was taken in by his pretty face and gorgeous body. What girl with a beating pulse wouldn't be? But his obnoxious presence killed any attraction I might have felt a long time ago. All right, fine...that's not altogether true. The guy is smoking hot, okay? There, I admitted it. Sheesh. But that doesn't mean he's not a conceited jerk. Carter is my cousin's best friend, and thanks to the fugue state I must have been in when I agreed to this living arrangement, he's my roommate for senior year. Everything would be fine between us if he would just stop messing with me. But he's incapable of restraining himself. So when he takes his antics too far, who can blame me for retaliating in kind? Carter wants to bring a hookup back to the apartment for the night? Fine by me. Is there any real harm done if I ambush them in the morning and introduce myself as his baby mama? Am I taking things too far if I whip up a batch of laxative laced brownies, so he'll crap himself all over the field? Nope, I don't think so... The real question is how I'm going to make it through eight more months without slowly wrapping my fingers around his...throat and squeezing tight. I'm sorry, did you think I was going to say something else? Please, as if that would happen... *This is a mature New Adult novel with strong language and sexual situations intended for readers over the age of 18*

Ever Enough - Stacy Borel 2013-07

What happens when the man you thought was the one, ends up being the one that got away? When Finley breaks her heart on graduation night, eighteen year old Emilyn is left alone to pick up the pieces of her life. After muddling through the next ten years—including immersing herself in a lifeless marriage—she is brought to her knees when she encounters Finley at her high school reunion. Long ago buried emotions and feelings bubble to the surface and when

Finley kisses her, Emily flees the scene. Arriving home to find her husband in the arms of another woman, Emily is forced to return to her hometown and start again. But is it possible to start afresh when the past just won't seem to let you go? Finley has spent the ten years since high school focused on his career. As a songwriter, he has never had a problem getting women. But when he realizes that the woman he let go a decade ago could be his happy ever after, he decides to do whatever it takes to get her back. But are some hurdles too great to overcome?

Did somebody say baby? Macie Rosewood was a firecracker, in and out of the bedroom. She lived her life according to her own rules and high standards. When she caught the attention from one of the most eligible Brooks brothers two years ago, Macie had found real love. Dodger Brooks was the sensible brother that played hard and loved even harder. When Macie walked into his life, he found what he'd been looking for. After fear drove her away, Dodger wasn't one to give up so easily. But what happens when sexual tension was too hard to resist, and Macie is left with more than just a hangover after her best friend's wedding? What lengths are Dodger and Macie willing to go through in order to make a relationship work? And what happens when another woman is hell-bent on splitting them apart?

[Knowing and Teaching Elementary Mathematics](#) - Liping Ma 2010-03-26

Studies of teachers in the U.S. often document insufficient subject matter knowledge in mathematics. Yet, these studies give few examples of the knowledge teachers need to support teaching, particularly the kind of teaching demanded by recent reforms in mathematics education. [Knowing and Teaching Elementary Mathematics](#) describes the nature and development of the knowledge that elementary teachers need to become accomplished mathematics teachers, and

suggests why such knowledge seems more common in China than in the United States, despite the fact that Chinese teachers have less formal education than their U.S. counterparts. The anniversary edition of this bestselling volume includes the original studies that compare U.S and Chinese elementary school teachers' mathematical understanding and offers a powerful framework for grasping the mathematical content necessary to understand and develop the thinking of school children. Highlighting notable changes in the field and the author's work, this new edition includes an updated preface, introduction, and key journal articles that frame and contextualize this seminal work.

Hitchhiker - Stacy Borel 2015-05-08
Lonely and lost, I knew I had to leave, even though I didn't know where I was headed. Driving without a purpose, I let the roads lead. I was just a shell of my former self, devoid of feelings. Hoping I'd find the missing pieces of myself along the way. Then I saw him -those menacing deep brown eyes, and an air around him that was formidable. I knew that picking up a hitchhiker was a dangerous thing to do, but I was desperate. Desperate for what, you ask? To feel.

Rage's Redemption - Erin Osborne 2018-03-31
Keegan I grew up alone and running in fear for my life. I never stay in one place for too long and I live my life looking over my shoulder. Not really living at all. All I want to do is find one place to stay and put down roots. I want to belong to something bigger, find love, and have the life I always wanted to have. Rage I tried love once and the only thing I got out of it was my beautiful daughter Kasey. I never wanted to be with anyone for more than someone to warm my bed. Especially after my friend was taken from us brutally. One meeting with Keegan and that's all it took to make me realize that I was a goner. Can Keegan's past stay in the past, or will it come looking for her?

Cajun Low-Carb - Jude W. Theriot 2005-03-31
Now lovers of low-carb cooking can have their gumbo and eat it too, thanks to the chef who "was Cajun before Cajun was hot" (Anne Byrn, bestselling author of the *Cake Mix Doctor* series). Millions of Americans have discovered exactly what Chef Jude W. Theriot found when he tried a diet low in net carbohydrates: that cutting carbs is an effective way to maintain long-term weight loss because the food available on this regimen can be deeply satisfying. Chef Theriot lost more than one hundred pounds

eating the recipes he developed for this cookbook. The recipes in this cookbook cover a tremendous range from standard American favorites like pizza, (mock) mashed potatoes, and meatloaf, to classic Cajun dishes including étouffée, shrimp au gratin, and even jambalaya. The seafood recipes cover just about everything that swims, and the sauces and seasoning mixes can elevate just about any dish into a special treat. There are even dessert recipes sure to satisfy the sweet tooth without the sugar. One unique feature of each of Chef Theriot's cookbooks is the lagniappe, or "a little something extra." This book includes suggestions for parties, additional uses for recipes, serving suggestions, and more. This book proves that Cajun cooking can be low-carb cooking. Each recipe lists serving size, total carbohydrates per serving (which includes sugar alcohols), net carbohydrates per serving, and calorie count. "Jude Theriot . . . believes it's possible to enjoy Cajun food without the carbs." —The Daily Adviser "So delicious are these dishes, you could easily serve them to non-low carbers." —fabulousfoods.com "Cajun is one of my weaknesses. How nice it is to have a cookbook that embraces my new eating habits." —RoundTableReviews.com

Medaka - Kiyoshi Naruse 2011-05-30
Oryzias latipes, known as medaka, is a model organism from East Asia. Breeding of this small, egg-laying freshwater teleost fish has long been popular among hobbyists in Japan. Now, as biological science has entered the genome era, the medaka provides significant advantages that make it one of the most valuable vertebrate models: a large collection of spontaneous mutants collected over a century, the presence of highly polymorphic inbred lines established over decades, and a recently completed genome sequence. This book is the first comprehensive monograph to cover a variety of medaka research. It opens with a historical view of medaka, followed by a series of research topics in the four major areas where the medaka is increasingly important: genomics, genetics, and resources; organogenesis and disease models; germ cells, sex determination, and reproduction; and evolution. Readers will find state-of-the-art information on medaka genetics and genomics such as the first isolation of active transposons

in vertebrates, the influence of chromatin structure on sequence variation, fine QTL analysis, and versatile mutants as human disease models.

The Blood Scion - Nazarea Andrews
2015-11-22

I was just a reporter, trying to stay ahead of my student loans. I knew the rules, and I followed them. I thought I knew how the world worked-humans lived their petty little lives in the safety of the sun. We loved and fought and-when the sun sank-we scurried behind our walls and lived in fear. That is when the monsters came out to play. And even in the safety of the sun, we knew who ruled us. The Houses. And their Scions. Everyone knows the great Houses and their Scions-they are feared and loved and hated and envied. They are the gods who walk the shadows and rule all of our lives. They are salvation and death. And somehow, I am one of them.

Bender - Stacy Borel 2014-04-18

All Keegan wanted was a roommate who was quiet, minded their own business, and paid for part of the rent. Instead, she got Camden

Brooks.Camden, with his sinful body, sharp tongue, and the inability to stay out of Keegan's personal space, couldn't seem to curb his interest in the new girl who wouldn't put up with his domineering ways. Feelings were running rampant, sexual tension was thick, and both were struggling to let go of control. To some people, getting a roommate simply meant living with another person. But to both Camden and Keegan it was a curveball that neither was prepared to swing at.

The Best of Cindy Berry - Cindy Berry 2009-06

In addition to being one of the best-loved and most popular composers for church choirs, Cindy Berry has also delighted audiences with her wonderful writing for solo piano. The Best of Cindy Berry merges both of these talents by offering original solo piano arrangements of her popular choral works. Titles: I Give You Praise * Go Ye! * Remember Me * I Will Keep My Eyes on You * New Every Morning * By the Gentle Waters * Almighty, Unchangeable God * Yours Is the Kingdom * A Strong Tower * Joy Overflowing.
