Servant of the Blood - K. N. Banet 2021-09-14

I grew up with them, the creatures of the night, the blood suckers, the monsters. The vampires. I knew vampires before I could walk, not that I knew what they really were. I knew they weren't really like me. They looked like me and they could act like me, but we were fundamentally different. I was human, just like my parents, and when I turned eighteen, I decided to work for the vampires after college, too. We had worked for their nest for over five generations and I wanted to continue that tradition. But then, the master of the nest died. He'd practically raised me, my mother, my father, and everyone before us. He had looked at humans working for the nest as part of the nest. We were members of the family, even though we weren't immortal or drank blood. He kept tight control and accidents were so rare I had never seen one happen. The new master of the nest is not so kind or good at the job. We need help. I need help. The new master is letting the vampires get out of control. Bodies are starting to pile up and even the other staff is at risk. I'm Everly Abbott and I need a

solution to this before more people get killed.. But the solution might be more dangerous than the problem.

It was foretold that the person who discovered the True Name of the King would become the next King. But who was capable of such a thing? The Bellringer. = About The Year of the Red Door 244 Days Remain. That is all. The Year of the Red Door has begun, and four months have already passed by. This is the story of the final days of the Second Age. Uncanny things are taking place in the world, mysterious powers are stirring, and there are signs of coming change. Like pieces on a gameboard, ancient forces are moving into position, gathering strength. Many sense the portents and see the signs, but few know their meaning. Fewer still understand what must be done. But who is there to do it? In only 244 days, six intrepid travelers must cross thousands of miles, to the far edge of the world, to find a place that may not even exist. A legendary place called Griferis where a new king may be prepared, trained, and judged for worthiness. It is their bid to find that place, to discover the secret Name of the King, and to make one of their companions the new King. But hope is thin, and time runs out. Can the Name be found? Can the Usurper use it to take the throne? And will it make any difference? It already seems too late. In the spirit of J.R.R. Tolkien and Charles Dickens comes a new heroic tale, a story of ageless love and brave determination, of tragic loss and the hope of redemption. During this quest, mythic powers arise from the ancient past, fate collides with destiny, and the world edges swiftly to its final destruction or to its ultimate fulfillment. Only the Bellringer can tip the balance of fate, but the world is almost out of time...
