Legitimacy and Drones - Steven J. Barela 2016-03-09

Unmanned combat air vehicles, or in common parlance 'drones', have become a prominent instrument in US efforts to counter an objective (and subjective) cross-border terrorist threat with lethal force. As a result, critical questions abound on the legitimacy of their use. In a series of multidisciplinary essays by scholars with an extensive knowledge of international norms, this book explores the question of legitimacy through the conceptual lenses of legality, morality and efficacy, it then closes with the consideration of a policy proposal aimed at incorporating all three indispensable elements. The importance of this inquiry cannot be overstated. Non-state actors fully understand that attacking the much more powerful state requires moving the conflict away from the traditional battlefield where they are at an enormous disadvantage. Those engaging in terrorism seek to goad the ruling government into an overreaction, or abuse of power, to trigger a destabilization via an erosion of its legitimacy. Thus defending the target of legitimacy" in this case, insuring the use of deadly force is constrained by valid limiting principles" represents an essential strategic interest.

This book seeks to come to grips with the new reality of drone warfare by exploring if it can be used to preserve, rather than eat away at, legitimacy. After an extensive analysis of the three key parameters in twelve chapters, the practical proposition of establishing a 'Drone Court' is put forward and examined as a way of pursuing the goal of integrating these essential components to defend the citizenry and the legitimacy of

the government at the same time.

OECD Economic Surveys: Slovenia 2015 - OECD 2015-05-04

Research Handbook on Behavioral Law and Economics - Joshua C. Teitelbaum

The field of behavioral economics has contributed greatly to our understanding of human decision making by refining neoclassical assumptions and developing models that account for psychological, cognitive, and emotional forces. The field's insights have important implications for law. This Research Handbook offers a variety of perspectives from renowned experts on a wide-ranging set of topics including punishment, finance, tort law, happiness, and the application of experimental literatures to law. It also includes analyses of conceptual foundations, cautions, limitations and proposals for ways forward.

International Conference on Education and Management Science (ICEMS2014) - 2014-09-24

2014 International Conference on Education and Management Science (ICEMS2014) will be held in Beijing, China on August 19-20, 2014. The main purpose of this conference is to provide a common forum for researchers, scientists, and students from all over the world to present their recent findings, ideas, developments and application in the border areas of Education and Management Science. It will also report progress and development of methodologies, technologies, planning and implementation, tools and standards in information systems. Education is an internal topic. It is a process of delivering knowledge in a basic meaning. Humans are hard to define the actual definition of education. But it is the key point for our society to step forward. Management science is the discipline that adapts the scientific approach for problem solving to help managers making informed decisions. The goal of management science is to recommend the course of action that is expected to yield the best outcome with what is available.

ECRM2014-Proceedings of the 13th European Conference on Research Methodology for Business and Management Studies - Dr Martin Rich 2014-06-16

What Works Now? - Boaz, Annette 2019-03-01

Building substantially on the earlier, landmark text, *What Works?* (Policy Press, 2000), this book brings together key thinkers and researchers to provide a contemporary review of the aspirations and realities of evidence-informed policy and practice. The text is clearly structured and provides sector by sector analysis of evidence use in policy-making and service delivery, considers some crosscutting themes, includes a section of international commentaries, and concludes by looking at lessons from the past and prospects for the future. This book will be of interest to a wide range of social science researchers, students and practitioners as well as those interested in supporting more evidence-informed policy and practice.

UPPSC (Uttar Pradesh Public Service Commission) UP Combined State/Upper Subordinate Services General Studies (Paper-I) Preliminary Examination Solved Papers 2022-2005 - Dr. Ranjit Kumar Singh, IAS (AIR-49) 2022-11-09

The presented book UPPSC (Uttar Pradesh Public Service Commission) General Studies (Paper-I) Preliminary Examination Solved Papers is a compilation of previous years' examination question papers from 2022 to 2005. Aspirants can find all these question papers easily where most of

the syllabus is covered in the form of MCQs. The solutions are supplemented lucidly with analytical explanations to promote a clearer understanding to various levels of questions depending upon the complexity. This book seeks to make the aspirants fully aware about the developments in the papers throughout these years along with preparing them to face the upcoming examination with confidence.

ICAS2014-International Conference on Analytics Driven Solutions - Eduardo Rodriguez 2014-09-10

The Criminalisation of People Smuggling in Indonesia and Australia - Antje Missbach 2022-04-22

This book offers an ethnographically informed critique of the hyper-politicised debate on the facilitation of irregularised migration for people seeking asylum between Indonesia and Australia. While state authorities decry such facilitation as "people smuggling" and push for its criminalisation, the book's focal points are the need for unsanctioned passages for people seeking asylum and the detrimental consequences of the criminalisation of "people smuggling" for both the facilitators and the people seeking asylum. Drawing on court verdicts and interviews with convicted facilitators and law enforcement officials in Indonesia, this book provides a unique and holistic picture of the causes, conditions, procedures and intricacies surrounding the facilitation of irregularised maritime journeys between Indonesia and Australia covering almost four decades. It scrutinises the micro-level operational and place-specific characteristics of people smuggling and the consequences of anti-people-smuggling policies in Indonesia and relates those consequences to changes in the macroenvironment, which include relevant legal, political, social and economic factors that determine the overarching conditions of irregularised mobility. Compared to other states in the Global North, Australia has claimed to be more "successful" with its comprehensive approach to eliminate unsanctioned migration at sea by combining punitive, communicative-reventive and interceptive measures. This book challenges key achievements and objectives in regard to criminalising the facilitation of irregularised migration by foregrounding the many negative side effects that have emanated from "stopping the boats". The book will be of interest to researchers in the fields of anthropology and sociology, law and criminology, Asia-Pacific Studies, Southeast Asian Studies and international migration.

Managers and the Legal Environment: Strategies for the 21st Century - Constance E. Bagley 2015-01-01

Integrating business law with ethics and effective management, Bagley's **MANAGERS AND THE LEGAL ENVIRONMENT: STRATEGIES FOR THE 21ST CENTURY**, 8E equips future managers with the legal knowledge and risk management techniques essential for success in global business. Renowned for its cutting-edge coverage and strategic approach, this book offers one of the most comprehensive yet easy-to-understand presentations of today's global legal environment of business. Proven learning features such as Inside Story and Perspective boxes illustrate how the law impacts daily management decisions and business strategies, and A Manager's Dilemma feature challenges readers to consider such issues as whether to outsource labor to a country known for poor working conditions and the ethics of structuring a business to avoid domestic taxes. Fulfilling AACSB requirements, the eighth edition addresses the legal, political, regulatory, and ethical dimensions of business. Reflecting the latest developments and decisions, the text's up-to-date coverage includes the regulation of commercial speech, the disclosure of corporate political spending, the application of the Fourth Amendment to cell phone location data, the patentability of human genes, employees' use of social media, regulatory responses to climate change, the fiduciary duties of managers of limited liability companies, the FCC's proposed rules on net neutrality, the constitutionality of Obamacare, the use of race in college admissions, the Defense of Marriage Act, NSA surveillance programs, the right of college football

players to unionize, and more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Macroeconomic Management When Policy Space is Constrained - Vitor Gaspar 2016-09-28

The recovery in GDP growth since the global financial crisis has been halting and weak. Concern is widespread that countercyclical policies have run out of space or lack the power to raise growth or deal with the next negative shock. This note argues that room exists for effective policies and that it should be used if appropriate. The most promising route involves a comprehensive, consistent, and coordinated approach to policy making. Comprehensive policy actions within a country exploit synergies, making the whole greater than the sum of parts. Consistent policy frameworks anchor long-term expectations while allowing decisive short- to medium-term accommodation whenever necessary. Coordinated policies across major economies amplify the helpful effects of individual policy actions through positive cross-border spillovers. The findings of this paper indicate that policy coordination adds particular value if the current approach falls short of reviving growth, or in the event of a further downward shock.

Appropriate for undergraduate students studying health education,

nursing and women's studies, *New Dimensions in Women's Health*, Seventh Edition is a comprehensive, modern text that offers students the tools to understand the health of women of all cultures, races, ethnicities, socioeconomic backgrounds, and sexual orientations.

World Economic Outlook, October 2015 - International Monetary Fund. Research Dept. 2015-10-06

This issue discusses a number of factors affecting global growth, as well as growth prospects across the world's main countries and regions. It assesses the ongoing recovery from the global financial crisis in advanced and emerging market economies and evaluates risks, both upside and downside, including those associated with commodity prices, currency fluctuations, and financial market volatility. A special feature examines in detail causes and implications of the recent commodity price downturn; analytical chapters look at the effects of commodity windfalls on potential output and of exchange rate movements on trade.

The 1.5 Billion People Question - Harold Alderman 2017-10-12

Most of the people in low and middle-income countries covered by social protection receive assistance in the form of in-kind food. The origin of such support is rooted in countries' historical pursuit of three interconnected objectives, namely attaining self-sufficiency in food, managing domestic food prices, and providing income support to the poor. This volume sheds light on the complex, bumpy and non-linear process of how some flagship food-based social protection programs have evolved over time, and how they currently work. In particular, it lays out the broad trends in reforms, including a growing move from in-kind modalities to cash transfers, from universality to targeting, and from agriculture to social protection. Case studies from Egypt, India, Indonesia, Mexico, Sri Lanka, and United States document the specific experiences of managing the process of reform and implementation, including enhancing our understanding of the opportunities and challenges with different social protection transfer modalities.

International Conference on Humanity and Social Science, (ICHSS2014) - 2014-07-15

The conference will be held in Guangzhou, China during June 29-30,

2014. The aim objective of ichss2014 is to present the latest research and results of scientists related to Humanity and Social Science topics. This conference provides opportunities for the different areas delegates to exchange new ideas and application experiences face to face, to establish business or research relations and to find global partners for future collaboration. We hope that the conference results constituted significant contribution to the knowledge in these up to date scientific field. ichss2014 is supposed to be the largest technical event on Humanity and Social Science in Guangzhou in 2014. The focus of the conference is to establish an effective platform for institutions and

industries to share ideas and to present the works of scientists, engineers, educators and students from all over the world. The organizing committee of conference is pleased to invite prospective authors to submit their original manuscripts to ichss2014. As preparation for ICSS2014, hundreds of contributions were received and reviewed. Most of these contributions have brought us a new possible solution to our problems; some of them can even be called as a breakthrough. All these researches have been included in this book. I believe it will be of great value to your future study.
