EBOOK: Preparing to Teach in Secondary Schools: A Student Teacher's Guide to Professional Issues in Secondary Education - Ian Abbott 2019-01-28

The fourth edition of this informative, accessible and intellectually engaging teacher training book provides a definitive guide for trainee and newly qualified secondary school teachers and their mentors. The book has been fully updated to reflect the many changes in policy and practice, including developments in the national curriculum, PSHEE and SEN provision. The latest edition covers topics such as how pupils learn, assessment, planning classroom communication and developing positive approaches to pupil behaviour. The wide range of specialist contributors, each bringing extensive first-hand experience of teaching, covers the core professional skills and concepts that new secondary school teachers need to acquire, irrespective of their subject specialism or training route, while the following key features of the book are:

- Examples and illustrations from real classroom practice.
- Details of current research.
- Activities, case studies and scenarios.

Ian Abbott, Associate Professor; Prue Huddleston, Emeritus Professor; and David Middlewood, Research Fellow, are all based at the University of Warwick's Centre for Education Studies, UK.

Key Maths GCSE - David Baker 2002-01-25
