Gates of Fire - Steven Pressfield 2007-01-30
NATIONAL BESTSELLER • "Steven Pressfield brings the battle of Thermopylae to brilliant life."—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . .

Thinking Like a Lawyer - Frederick Schauer
2009-04-27

This primer on legal reasoning is aimed at law students and upper-level undergraduates. But it is also an original exposition of basic legal concepts that scholars and lawyers will find stimulating. It covers such topics as rules, precedent, authority, analogical reasoning, the common law, statutory interpretation, legal realism, judicial opinions, legal facts, and burden of proof. In addressing the question whether

legal reasoning is distinctive, Frederick Schauer emphasizes the formality and rule-dependence of law. When taking the words of a statute seriously, when following a rule even when it does not produce the best result, when treating the fact of a past decision as a reason for making the same decision again, or when relying on authoritative sources, the law embodies values other than simply that of making the best decision for the particular occasion or dispute. In thus pursuing goals of stability, predictability, and constraint on the idiosyncrasies of individual decision-makers, the law employs forms of reasoning that may not be unique to it but are far more dominant in legal decision-making than elsewhere. Schauer's analysis of what makes legal reasoning special will be a valuable guide for students while also presenting a challenge to a wide range of current academic theories.

The Secrets We Kept - Lara Prescott 2019-09-03
NEW YORK TIMES BESTSELLER • A thrilling tale of secretaries turned spies, of love and duty, and of sacrifice—inspired by the true story of the CIA plot to infiltrate the hearts and minds of Soviet Russia, not with propaganda, but with the greatest love story of the twentieth century: Doctor Zhivago • A HELLO SUNSHINE x REESE WITHERSPOON BOOK CLUB PICK At the height of the Cold War, Irina, a young Russian-American secretary, is plucked from the CIA typing pool and given the assignment of a lifetime. Her mission: to help smuggle Doctor Zhivago into the USSR, where it is banned, and enable Boris Pasternak's magnum opus to make its way into print around the world. Mentoring Irina is the glamorous Sally Forrester: a seasoned spy who has honed her gift for deceit, using her magnetism and charm to pry secrets out of powerful men. Under Sally's tutelage, Irina learns how to invisibly ferry classified documents—and discovers deeply buried truths about herself. *The Secrets We Kept* combines a legendary literary love story—the decades-long affair between Pasternak and his mistress and

muse, Olga Ivinskaya, who inspired Zhivago's heroine, Lara—with a narrative about two women empowered to lead lives of extraordinary intrigue and risk. Told with soaring emotional intensity and captivating historical detail, this is an unforgettable debut: a celebration of the powerful belief that a work of art can change the world.

Angela McLeod - Angela McLeod 2019-06-25
This book tells the story of a little-known but outstanding man whose achievements far eclipsed those of his famous father, Queen Elizabeth's favourite, the Earl of Leicester. Unlike similar works, it is a biographical novel, not a biography. Robert Dudley's legitimacy remains in doubt to this day though it was recognised by Charles I, Charles II, The Austrian Emperor and the Pope. Here his life has been extensively researched and the man speaks for himself through historical fact. His achievements, for his era and position, were varied and unique and he died, the Duke of Northumberland, in what is now the Villa Castello near Florence. Perhaps because he left his own country when Star Chamber closed his legitimacy case, he has not been given his proper place in English history. He did not go alone; his beautiful cousin Elizabeth Southwell, disguised as his page, went with him and their twelve children were born in Tuscany. Apart from his achievements, Robert Dudley's private life, a positive minefield, needs little invention. His powerful personality shouts through his actions. Anyone who enjoys Elizabethan and Jacobean history will appreciate the story of this gifted buccaneer of a man who built four ships and sailed them to Trinidad, fought as an Admiral at Cadiz and took possession of Kenilworth Castle by the age of twenty-two. Later, while serving the Medici rulers of Tuscany as Great Chamberlain and rebuilding their navy, he wrote and left to posterity, a definitive, six-volume work on all naval and sea-faring matters, "Dell' Arcano Del Mare" copies of which remain.

Audacity - Melanie Crowder 2016-01-05
"A historical fiction novel in verse detailing the life of Clara Lemlich and her struggle for women's labor rights in the early 20th century in New York."--
The Disinherited - Robert Sackville-West 2015-03-03

In the small hours of the morning of June 3, 1914, a woman and her husband were found dead in a sparsely furnished apartment in Paris. Only when the identity of the couple was revealed in the English press a fortnight later did the full story emerge. The man, Henry Sackville-West, had shot himself minutes after the death of his wife; but Henry's suicidal despair had been driven equally by the failure of his claim to be the legitimate heir to Knole, one of the largest and stateliest houses in England. Henry's father, Lord Sackville, had been introduced to Pepita de Oliva, a beautiful Spanish dancer born in the backstreets of Malaga, in 1852. Their affair lasted until Pepita's death in 1871, and produced five children, of whom Henry was the youngest. One of his older sisters, Victoria, would eventually become mistress of Knole through a judicious marriage. But Henry and the other illegitimate members of the family, Max, Flora, and Amalia, were gradually eased from the historical record. The Disinherited rescues them from the shadows to which they had been consigned, revealing the secrets and lies that lay at the heart of an English dynasty. It is an absorbing and moving tale of sibling rivalry as the brothers and sisters struggle for their father's love and against the stain of illegitimacy that had condemned them to lives of poverty and disappointment.
