

The Insider Trapped In Saddams Brutal Regime

This is likewise one of the factors by obtaining the soft documents of this **The Insider Trapped In Saddams Brutal Regime** by online. You might not require more become old to spend to go to the book opening as without difficulty as search for them. In some cases, you likewise attain not discover the publication The Insider Trapped In Saddams Brutal Regime that you are looking for. It will unconditionally squander the time.

However below, next you visit this web page, it will be correspondingly definitely simple to get as capably as download guide The Insider Trapped In Saddams Brutal Regime

It will not say you will many era as we explain before. You can do it even if action something else at house and even in your workplace. for that reason easy! So, are you question? Just exercise just what we come up with the money for under as without difficulty as review **The Insider Trapped In Saddams Brutal Regime** what you with to read!

Pre-Incident Indicators of Terrorist

Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

[In Search of Iraq](#) - Richard Downes 2009-04-17

From 1998 until the chaotic aftermath of the invasion, news reporter Richard Downes witnessed firsthand the changes that have overwhelmed the Iraqi people. In Search of Iraq goes far deeper into the environment than the daily news. Small events of ordinary life and whispered conversations in back alleys are as telling as the grand political statements. With a

keen focus on the customs, religion, culture and historical diversity of all the communities in the region, Downes reveals the true impact of war, as well as the friendships that can blossom in a country torn to shreds. What emerges is a stunning memorial to a disintegrating nation isolated through international sanctions.

The British National Bibliography - Arthur James Wells 2005

[Artificial Intelligence, China, Russia, and the Global Order](#) - Shazeda Ahmed 2019

"Artificial intelligence (AI) and big data promise to help reshape the global order. For decades, most political observers believed that liberal democracy offered the only plausible future pathways for big, industrially sophisticated countries to make their citizens rich. Now, by allowing governments to monitor, understand, and control their citizens far more effectively than ever before, AI offers a plausible way for big, economically advanced countries to make their citizens rich while maintaining control over them--the first since the end of the Cold War. That may help fuel and shape renewed international competition between types of political regimes that are all becoming more "digital." Just as competition between liberal democratic, fascist, and communist social systems defined much of the twentieth century,

how may the struggle between digital liberal democracy and digital authoritarianism define and shape the twenty-first? This work highlights several key areas where AI-related technologies have clear implications for globally integrated strategic planning and requirements development"--

Plan of Attack - Bob Woodward 2012-12-25

Award-winning journalist Bob Woodward has spent over thirty years in Washington's corridors of power. In *All the President's Men* it was he, together with Carl Bernstein, who exposed the Watergate scandal and he has been giving us a privileged front-row seat to White-House intrigue and decision-making ever since. With *PLAN OF ATTACK* he brings his investigative skills to bear on the administration of George W. Bush, and the build-up to war in Iraq. What emerges is a fascinating and intimate portrait of the leading powers in Bush's war council and their allies overseas as they prepare their pre-emptive attack and change the course of history.

Bibliographie Internationale de Science

Politique - The British Library of Political and Economic Science 2007-10-31

First published in 1952, the International Bibliography of the Social Sciences (anthropology, economics, political science and sociology) is well established as a major bibliographic reference for students, researchers & librarians.

Arabia Felix i terrorns tid - Eva Sohlman 2015-07-01

En unik inblick i Jemens politiska liv Jemen har kallats Arabia Felix - Det lyckliga Arabien. Idag är det mera känt som "de tre K:nas land" - Kalasjnikovs, khat och kidnappningar - där fattigdom, medeltida klankultur och konservativ islam existerar parallellt med dagens IT-samhälle. Eva Sohlman har gjort åtskilliga resor till Jemen. I *Arabia Felix i terrorns tid* skriver hon om landets kontroversiella samarbete med USA i dess "krig mot terrorismen" och utforskar Usama bin Ladins rötter. Hon intervjuar några av de mäktigaste shejkerna och religiösa ledarna, liksom landets president och premiärminister, hon går på khatfester och vapenmarknader och reser till Drottningen av Sabas förbjudna tempel. Hon träffar kvinnor som öppenjärtigt berättar om vad de tycker om könsrollerna i det traditionsbundna samhället

och intervjuar fångar inne i huvudstaden Sanas kvinnofångelse. Eva Sohlman har skrivit en personlig och medryckande bok med avsikt att ge oss en nyanserad bild av ett kulturhistoriskt rikt land i en tid präglad av västvärldens rädsla för terrorism. Eva Sohlman har arbetat på Reuters nyhetsbyrå med utrikesnyheter på Sveriges Radios Eko-redaktion. Hennes artiklar har publicerats i bl.a. New York Times och Washington Post. Fotograf: Ferdinando Scianna, Fotograf: Ali Jareki, Fotograf: Charles Darapaki, Omslagsformgivare: Sara R. Acedo

The Ba'thification of Iraq - Aaron M. Faust 2015-11-15

Saddam Hussein ruled Iraq as a dictator for nearly a quarter century before the fall of his regime in 2003. Using the Ba'th party as his organ of meta-control, he built a broad base of support throughout Iraqi state and society. Why did millions participate in his government, parrot his propaganda, and otherwise support his regime when doing so often required betraying their families, communities, and beliefs? Why did the "Husseini Ba'thist" system prove so durable through uprisings, two wars, and United Nations sanctions? Drawing from a wealth of documents discovered at the Ba'th party's central headquarters in Baghdad following the US-led invasion in 2003, *The Ba'thification of Iraq* analyzes how Hussein and the party inculcated loyalty in the population. Through a grand strategy of "Ba'thification," Faust argues that Hussein mixed classic totalitarian means with distinctly Iraqi methods to transform state, social, and cultural institutions into Ba'thist entities, and the public and private choices Iraqis made into tests of their political loyalty. Focusing not only on ways in which Iraqis obeyed, but also how they resisted, and using comparative examples from Hitler's Germany and Stalin's Russia, *The Ba'thification of Iraq* explores fundamental questions about the roles that ideology and culture, institutions and administrative practices, and rewards and punishments play in any political system.

Kediktatoran Pendekatan Analitis:

Handbook Perbandingan Politik - Carles Boix dan Susan C. Stokes; Ahmad Asnawi (Penerjemah); Rizal (Penyunting) 2021-05-01
Buku digital ini berjudul "Kediktatoran

Pendekatan Analitis", merupakan buku yang berisi tentang "Perbandingan Politik" yang dapat memberikan tambahan wawasan pengetahuan dan pencerahan bagi pembaca. Semangat untuk berbagi terutama dalam literasi khazanah pengetahuan sosial politik yang mendasari penerbit menghadirkan konten-konten di buku digital ini. Penerbit berdoa semoga buku digital yang diterbitkan ini bisa bermanfaat dan menjadi bahan pembelajaran serta panduan bagi siapapun juga.

Overthrow - Stephen Kinzer 2007-02-06

Offers a narrative history of the role of the U.S. in a series of coups, revolutions, and invasions that toppled fourteen foreign governments, from the overthrow of the Hawaiian monarchy in 1893 to the 2003 war in Iraq, and examines the sometimes disastrous long-term repercussions of such operations. Reprint.

Against All Enemies - Richard A. Clarke 2008-12-09

Richard Clarke has been one of America's foremost experts on counterterrorism measures for more than two decades. He has served under four presidents from both parties, beginning in Ronald Reagan's State Department becoming America's first Counter-terrorism Czar under Bill Clinton and remaining for the first two years of George W. Bush's administration. He has seen every piece of intelligence on Al-Qaeda from the beginning; he was in the Situation Room on September 11th and he knows exactly what has taken place under the United State's new Department of Homeland Security. Through gripping, thriller-like scenes, he tells the full story for the first time and explains what the Bush Administration are doing.

The Power to Coerce - David C. Gompert 2016-02-25

Mounting costs, risks, and public misgivings of waging war are raising the importance of U.S. power to coerce (P2C). The best P2C options are financial sanctions, support for nonviolent political opposition to hostile regimes, and offensive cyber operations. The state against which coercion is most difficult and risky is China, which also happens to pose the strongest challenge to U.S. military options in a vital region.

Defect or Defend - Terence Lee 2014-12-08

This book will appeal to students and scholars of

comparative politics, Asian studies, security studies, and international relations, as well as defense policymakers.

The Prisoner in His Palace - Will Bardenwerper 2017-06-06

In the tradition of *In Cold Blood* and *The Executioner's Song*, this haunting, insightful, and surprisingly intimate portrait of Saddam Hussein provides "a brief, but powerful, meditation on the meaning of evil and power" (USA TODAY). The "captivating" (Military Times) *The Prisoner in His Palace* invites us to take a journey with twelve young American soldiers in the summer of 2006. Shortly after being deployed to Iraq, they learn their assignment: guarding Saddam Hussein in the months before his execution. Living alongside, and caring for, their "high value detainee and regularly transporting him to his raucous trial, many of the men begin questioning some of their most basic assumptions—about the judicial process, Saddam's character, and the morality of modern war. Although the young soldiers' increasingly intimate conversations with the once-feared dictator never lead them to doubt his responsibility for unspeakable crimes, the men do discover surprising new layers to his psyche that run counter to the media's portrayal of him. Woven from firsthand accounts provided by many of the American guards, government officials, interrogators, scholars, spies, lawyers, family members, and victims, *The Prisoner in His Palace* shows two Saddams coexisting in one person: the defiant tyrant who uses torture and murder as tools, and a shrewd but contemplative prisoner who exhibits surprising affection, dignity, and courage in the face of looming death. In this thought-provoking narrative, Saddam, known as the "man without a conscience," gets many of those around him to examine theirs. "A singular study exhibiting both military duty and human compassion" (Kirkus Reviews), *The Prisoner in His Palace* grants us "a behind-the-scenes look at history that's nearly impossible to put down...a mesmerizing glimpse into the final moments of a brutal tyrant's life" (BookPage).

Lessons Encountered - National Defense University Press 2016-05-09

This volume represents an early attempt at assessing the Long War, now in its 14th year.

Forged in the fires of the 9/11 attacks, the war includes campaigns against al Qaeda, major conflicts in Iraq and Afghanistan, and operations in the Horn of Africa, the Republic of the Philippines, and globally, in the air and on the sea. The authors herein treat only the campaigns in Afghanistan and Iraq, the largest U.S. efforts. It is intended for future senior officers, their advisors, and other national security decision makers. By derivation, it is also a book for students in joint professional military education courses, which will qualify them to work in the field of strategy. While the book tends to focus on strategic decisions and developments of land wars among the people, it acknowledges that the status of the United States as a great power and the strength of its ground forces depend in large measure on the dominance of the U.S. Navy and U.S. Air Force in their respective domains.

State of Repression - Lisa Blaydes 2020-10-06

A new account of modern Iraqi politics that overturns the conventional wisdom about its sectarian divisions How did Iraq become one of the most repressive dictatorships of the late twentieth century? The conventional wisdom about Iraq's modern political history is that the country was doomed by its diverse social fabric. But in *State of Repression*, Lisa Blaydes challenges this belief by showing that the country's breakdown was far from inevitable. At the same time, she offers a new way of understanding the behavior of other authoritarian regimes and their populations. Drawing on archival material captured from the headquarters of Saddam Hussein's ruling Ba'th Party in the wake of the 2003 US invasion, Blaydes illuminates the complexities of political life in Iraq, including why certain Iraqis chose to collaborate with the regime while others worked to undermine it. She demonstrates that, despite the Ba'thist regime's pretensions to political hegemony, its frequent reliance on collective punishment of various groups reinforced and cemented identity divisions. At the same time, a series of costly external shocks to the economy—resulting from fluctuations in oil prices and Iraq's war with Iran—weakened the capacity of the regime to monitor, co-opt, coerce, and control factions of Iraqi society. In addition to calling into question the common story of modern Iraqi politics, *State of*

Repression offers a new explanation of why and how dictators repress their people in ways that can inadvertently strengthen regime opponents. *Winter Is Coming* - Garry Kasparov 2015-10-27 The stunning story of Russia's slide back into a dictatorship-and how the West is now paying the price for allowing it to happen. The ascension of Vladimir Putin-a former lieutenant colonel of the KGB-to the presidency of Russia in 1999 was a strong signal that the country was headed away from democracy. Yet in the intervening years-as America and the world's other leading powers have continued to appease him-Putin has grown not only into a dictator but an international threat. With his vast resources and nuclear arsenal, Putin is at the center of a worldwide assault on political liberty and the modern world order. For Garry Kasparov, none of this is news. He has been a vocal critic of Putin for over a decade, even leading the pro-democracy opposition to him in the farcical 2008 presidential election. Yet years of seeing his Cassandra-like prophecies about Putin's intentions fulfilled have left Kasparov with a darker truth: Putin's Russia, like ISIS or Al Qaeda, defines itself in opposition to the free countries of the world. As Putin has grown ever more powerful, the threat he poses has grown from local to regional and finally to global. In this urgent book, Kasparov shows that the collapse of the Soviet Union was not an endpoint-only a change of seasons, as the Cold War melted into a new spring. But now, after years of complacency and poor judgment, winter is once again upon us. Argued with the force of Kasparov's world-class intelligence, conviction, and hopes for his home country, *Winter Is Coming* reveals Putin for what he is: an existential danger hiding in plain sight.

Integration - Karen Fog Olwig 2007

Weekly World News - 2003-06-03

Rooted in the creative success of over 30 years of supermarket tabloid publishing, the *Weekly World News* has been the world's only reliable news source since 1979. The online hub www.weeklyworldnews.com is a leading entertainment news site.

Multiculturalism and Minority Rights in the Arab World - Will Kymlicka 2014

Explores the obstacles to multiculturalism and

minority rights in Arab states, including the history of European manipulation of minority politics.

Handbook Perbandingan Politik - Carles Boix dan Susan C. Stokes 2018-11-01

Ini adalah beberapa pertanyaan penting yang dibahas ilmuwan perbandingan politik. Dan di seputar pertanyaan-pertanyaan itulah, antara lain, buku ini disusun. Kami meminta sekelompok sarjana terkemuka di bidang perbandingan politik untuk menulis survei kritis di bidang keilmuan yang menjadi keahlian mereka. Kami menyusun buku ini dengan dua prinsip pemandu. Pertama, kami berkomitmen pada kemungkinan (dan keinginan) menghasilkan kumpulan sistematis pengetahuan teoritis tentang politik.

New Statesman - 2003

Disarming Iraq - Hans Blix 2004-03-09

The war against Iraq divided opinion throughout the world and generated a maelstrom of spin and counterspin. The man at the eye of the storm, and arguably the only key player to emerge from it with his integrity intact, was Hans Blix, head of the UN weapons inspection team. This is Dr. Blix's account of what really happened during the months leading up to the declaration of war in March 2003. In riveting descriptions of his meetings with Tony Blair, Jacques Chirac, Colin Powell, Condoleezza Rice, and Kofi Annan, he conveys the frustrations, the tensions, the pressure and the drama as the clock ticked toward the fateful hour. In the process, he asks the vital questions about the war: Was it inevitable? Why couldn't the U.S. and UK get the backing of the other member states of the UN Security Council? Did Iraq have weapons of mass destruction? What does the situation in Iraq teach us about the propriety and efficacy of policies of preemptive attack and unilateral action? Free of the agendas of politicians and ideologues, Blix is the plainspoken, measured voice of reason in the cacophony of debate about Iraq. His assessment of what happened is invaluable in trying to understand both what brought us to the present state of affairs and what we can learn as we try to move toward peace and security in the world after Iraq.

Newsmax.com - 2003-02

Regime Change in the Yugoslav Successor States - Mieczysław P. Boduszyński 2010-04-26

Scholars, practitioners, and policymakers will find the book to be a compelling contribution to the study of comparative politics, democratization, and European integration.

The Oxford Handbook of Comparative Politics - Carles Boix 2007

The Oxford Handbook of Comparative Politics offers a critical survey of the field of empirical political science through the collection of a set of chapters written by 48 top scholars in the discipline of comparative politics

Saddam's Bombmaker - Khidhir Hamza 2001-10-09

Saddam Hussein's bomb expert--one of the highest-level defectors in American history--offers a detailed description of the Iraqi dictator's program to develop weapons of mass destruction. Reprint. 15,000 first printing.

Backstabbing for Beginners - Michael Soussan 2010-06-01

A riveting, first-person account of the backstabbing and hypocrisy that led to the U.N.'s Oil-for-Food Program becoming the most corrupt enterprise ever overseen by the international community.

Escape from Saddam - Lewis Alsamari 2009-03-10

An Iraqi-born actor raised in England describes how a visit to his homeland led to his being conscripted into the Iraqi army and selected for Saddam's elite intelligence service, driving him to make a desperate escape from his native land. Reprint.

Barriers to Bioweapons - Sonia Ben Ouagrham-Gormley 2014-12-15

In both the popular imagination and among lawmakers and national security experts, there exists the belief that with sufficient motivation and material resources, states or terrorist groups can produce bioweapons easily, cheaply, and successfully. In *Barriers to Bioweapons*, Sonia Ben Ouagrham-Gormley challenges this perception by showing that bioweapons development is a difficult, protracted, and expensive endeavor, rarely achieving the expected results whatever the magnitude of investment. Her findings are based on extensive interviews she conducted with former U.S. and Soviet-era bioweapons scientists and on careful

analysis of archival data and other historical documents related to various state and terrorist bioweapons programs. Bioweapons development relies on living organisms that are sensitive to their environment and handling conditions, and therefore behave unpredictably. These features place a greater premium on specialized knowledge. Ben Ouagrham-Gormley posits that lack of access to such intellectual capital constitutes the greatest barrier to the making of bioweapons. She integrates theories drawn from economics, the sociology of science, organization, and management with her empirical research. The resulting theoretical framework rests on the idea that the pace and success of a bioweapons development program can be measured by its ability to ensure the creation and transfer of scientific and technical knowledge. The specific organizational, managerial, social, political, and economic conditions necessary for success are difficult to achieve, particularly in covert programs where the need to prevent detection imposes managerial and organizational conditions that conflict with knowledge production.

Como Se Hace Un Crimen De Estado - Kris Hollington 2009

Tracking and Disrupting the Illicit Antiquities Trade with Open Source Data - Matthew Sargent 2020-05-12

The illicit antiquities market is fueled by a well-documented rise in looting at archaeological sites and a fear that the proceeds of such looting may be financing terrorism or rogue states. In this report, the authors compile evidence from numerous open sources to outline the major policy-relevant characteristics of that market and to propose the way forward for developing policies intended to disrupt illicit networks.

The Insider - Ala Bashir 2005

Ala Bashir, former dean of Medicine at Baghdad University and Iraq's most highly decorated doctor, was Saddam's personal physician from 1983 until spring 2003. He rose to prominence as a plastic surgeon during the Iran-Iraq war, performing over 22,000 operations on thousands of Iraqi soldiers. He is also Iraq's most award-laden artist. Saddam felt a particular affinity for Bashir's pictures, sculptures and monuments. Before long he welcomed Bashir into his inner

circle, confiding in him in times of war and peace. From his vantage point as a "Saddam favourite", Ala Bashir observed and tracked political events in Baghdad. He also witnessed and recorded in detail the hidden life of Saddam's regime and family, the apprehension and extravagance, the partying and killings, the intrigues and power struggles. His is a shocking revelation of a regime's total disregard for human life and dignity. Bashir protected his writings and when he left Iraq in July 2003, he brought them out too. 'Saddam's Confidante' is his memoir, based on these hidden documents, and written with his close friend, Lars Sigurd Sunnanå, one of Norway's leading journalists.

Iran and the United States - Seyed Hossein Mousavian 2015-10-22

"Seyed Hossein Mousavian worked for over 30 years on diplomatic efforts between Iran and the West, alongside now-President Hassan Rouhani and Iranian Foreign Minister Javad Zarif, serving as confidante, colleague, and peer. Here the former diplomat tells the insider history of the troubled relationship between Iran and the US. His unique firsthand perspective blends memoir, analysis and never before seen details of the many near misses in the quest for rapprochement. With so much at stake, the book concludes with a roadmap for peace that both nations so desperately need."--Publisher information.

Crimes Committed by Terrorist Groups - Mark S. Hamm 2011-01

This is a print on demand edition of a hard to find publication. Examines terrorists' involvement in a variety of crimes ranging from motor vehicle violations, immigration fraud, and mfg. illegal firearms to counterfeiting, armed bank robbery, and smuggling weapons of mass destruction. There are 3 parts: (1) Compares the criminality of internat. jihad groups with domestic right-wing groups. (2) Six case studies of crimes includes trial transcripts, official reports, previous scholarship, and interviews with law enforce. officials and former terrorists are used to explore skills that made crimes possible; or events and lack of skill that the prevented crimes. Includes brief bio. of the terrorists along with descriptions of their org., strategies, and plots. (3) Analysis of the themes in closing arguments of the transcripts in Part 2.

Illus.

Enemy of the State - Prof. Michael A. Newton
2008-09-16

At 12:21 p.m., on October 19, 2005, Saddam Hussein was escorted into the Courtroom of the Iraqi High Tribunal in Baghdad for one of the most important and chaotic trials in history. For a year, two American law professors had led an elite team of experts who prepared the judges and prosecutors for "the mother of all trials." Michael Scharf, a former State Department official who helped create the Yugoslavia Tribunal in 1993, and Michael Newton, then a professor at West Point, would confront such issues as whether the death penalty should apply, how to run a fair trial when political and military passions run so high, and which of Saddam's many crimes should be prosecuted. Newton was in Baghdad in December 2003 when the Tribunal was announced and Saddam was captured. In the following months, Scharf and Newton helped write the rules of the Tribunal, conducted a mock trial in (perhaps appropriately) Stratford-upon-Avon, England, and provided legal analysis on dozens of issues. Newton then returned to Baghdad several times during the trial and appeal. Now, from its two shapers, comes the fascinating inside story of the trial and execution of Saddam Hussein and the attempt to bring the rule of law to post-invasion Iraq.

Dancing with Saddam - David Kenneth Schenker 2003

Jordan has long served as a pivot between moderate pro-Western states and radical anti-American states in the Middle East. As the United States pursues a policy of 'regime change' in Iraq, the economic, social, and political effects on Jordan will be pervasive. In this timely and important work, David Schenker, an expert on Middle Eastern politics, examines the complex historical relationship between Jordan and Iraq and presents recommendations for U.S. policy toward Jordan. This book is essential reading for scholars of international relations and U.S. policy makers.

How to Get Out of Iraq with Integrity - Brendan O'Leary 2011-09-21

"There is no reason why America's withdrawal from Iraq should be as dishonest as its intervention has been judged to be."—Brendan

O'Leary, from the Preface Both the American people and Arab Iraqis have voiced their overwhelming desire to see U.S. troops removed from the country. How to Get Out of Iraq with Integrity argues that the U.S. military intervention in Iraq must come to an end. But it must come to an end in a judicious, pragmatic, and orderly fashion. In this book, Brendan O'Leary spells out why that withdrawal can begin to occur now, why it is in the best interests of the United States and the Iraqis that withdrawal occur, and why Iraq can function as a federation once the U.S. military has left the country. How to Get Out of Iraq with Integrity provides an in-depth analysis of the new Iraqi constitution, an evaluation of the political goals and powers of the major ethnic and religious groups that will constitute the new Iraqi state, and an assessment of the regional realities of a Saddam-less Iraq. With a viable constitution and other institutional structures already in place, Iraq is poised for a future as a sovereign state. If U.S. leaders facilitate the remaking of Iraq as a federation with four or more regions instead of a recentralized state, the United States can begin successfully to remove its forces. Propelled by this incisive and bold argument, How to Get Out of Iraq with Integrity provides the foundation for the incoming presidential administration to do just that, without betraying U.S. commitments to Arabs, Kurds, or democracy. To make his case, O'Leary draws on his extensive background as constitutional advisor to the Kurdistan Regional Government, the European Union, and the United Nations, along with expertise in constitutional design and ethnic reconciliation in Northern Ireland and South Africa.

Psychological Operations - Frank L. Goldstein
2012-08

From a military commander's perspective, the role of psychological operations (PSYOP) in the successful planning and execution of modern military operations is absolutely essential. It is an integral part of the United States Special Operations Command mission. Today, the military faces a dynamic and unpredictable world. PSYOP will remain a valuable instrument in the overall defense posture and will be a key asset in the fulfillment of U.S. national policy. This manuscript explores the breadth and depth of fundamental PSYOP roles, principles and

methods. Each article is an independent effort and together they represent a cross section of what the best and brightest feel is key to both offensive and defensive psychological operations. Air University Press.

Debriefing the President - John Nixon
2018-07-17

Debriefing the President presents an astounding, candid portrait of one of our era's most notorious strongmen. John Nixon, the first man to conduct a prolonged interrogation of Hussein after his capture, offers expert insight into the history and mind of America's most enigmatic enemy. In December 2003, after one of the largest, most aggressive manhunts in history, US military forces captured Iraqi president Saddam Hussein near his hometown of Tikrit. Beset by body-double rumors and false alarms during a nine-month search, the Bush administration needed positive identification of the prisoner before it could make the announcement that

would rocket around the world. At the time, John Nixon was a senior CIA leadership analyst who had spent years studying the Iraqi dictator. Called upon to make the official ID, Nixon looked for telltale scars and tribal tattoos and asked Hussein a list of questions only he could answer. The man was indeed Saddam Hussein, but as Nixon learned in the ensuing weeks, both he and America had greatly misunderstood just who Saddam Hussein really was. After years of parsing Hussein's leadership from afar, Nixon faithfully recounts his debriefing sessions and subsequently strips away the mythology surrounding an equally brutal and complex man. His account is not an apology, but a sobering examination of how preconceived ideas led Washington policymakers—and the Bush White House—astray. Unflinching and unprecedented, *Debriefing the President* exposes a fundamental misreading of one of the modern world's most central figures and presents a new narrative that boldly counters the received account.
