[The INSTRUCTOR'S EDITION maintains the same page layout and numbering as the regular print edition, but the larger pages permit more side-notes to be added. Additionally, if so desired, the book could be debound and placed into a 3-ring binder to permit additional functionality by the user.]THE CAUSE - WHY IS A MANUAL LIKE THIS NEEDED? It is evident to the discerning Christian that an undercurrent of deep uneasiness is washing beneath the waters of Christendom today. Confusion, complacency

and compromise mark the average congregation. Evangelical churches are rocking from the challenges of rationalism, the occult, and mass media that has suddenly exposed the young to a "global village" of other faiths. Never before has the Bride of Christ been faced with so much stress within and without. It is with concern for an end-time work of God that this manual has been formulated. Why have we become so complacent? What fresh emphasis does the church need to prepare for the vast upheavals she is beginning to face? Early believers looked with joy to the return of the Master. Today, we know the time is even more "close at hand." They used this truth to generate a converting compassion driving out to reach the lost masses. But we have often made it an excuse for complacency. Persecution was the womb of the early church. Born in the power of the Holy Spirit and the challenge of secularized religions co-operating with the political powers of the day, it thrived under bitter opposition. In an environment of tension and danger, the men and women God used to represent Christ to the world bore a faith that flamed. Stand beside them in the record, the Scriptures that set our pattern. They pray because they must. They give because they love. They speak, for they cannot be silent. Whenever the Church has prospered materially, the black angel of complacency has reaped a deadly harvest. Invariably, spiritual desolation has followed rampant materialism. The flame of dedication has flickered and smouldered - and into the vacuum of carnality and compromise, the Enemy always floods. Whenever the pleas of God for His church to

return to first love have been shrugged off or rejected, judgment has always struck. It has been so in history. It will be so again, unless we do something NOW. What are the needs of this hour? Faced with the most momentous time in history, blood-bought believers must crystalize problems and provide an answer to this hour of our greatest challenge. We need help that is Scriptural, adaptable, adequate and highly practical. Above all, we need it NOW. We can learn much from what has gone before. Vital revivals have often come from a re-evaluation of the work and the Word of God. Such show His purpose, patterns and power. Many were ignored, criticized even violently opposed. But they inject new life whenever dared into the veins of diminished, dying orthodoxy. YOUTH AFLAME! 2.0 is written for a future need already becoming present. It is directed to half the world still in search of a goal, a leader and a cause to give their lives to... The global Youth of Century 21. It is intended to provide answers for reaching the unchurched and untouched. It is geared for the confused and the complacent. It is given with the prayer that God will use it to grip young people with a cause and a vision that will drive them out to shake their world for the Lord Jesus Christ. A vision of -- YOUTH AFLAME!

**Children Aflame with the Spirit** - David Walters 2014-02-14

In the 1700's John Wesley, the renowned Methodist preacher, experienced amazing outpourings of the Holy Spirit, not only upon adults, but on children and youth as well. Read testimonies from children as young as two and a half years of age to fifteen years old. Others were taken into heaven in trances; many as young as six years of age, spoke with the wisdom of the aged. Is this possible in our generation? Author and revivalist David Walters says, EMPHATICALLY "YES " David Walters

known as an Apostolic Grandfather, is President of Good News Ministries. Not only are there amazing accounts from Wesley's journals, but also similar accounts from David's own experience with children and youth to show that God is still the same today as He was in Wesley's day. In teaching the current generation obviously Christian education is important, but this booklet will take you beyond mere religious instruction of knowledge in the head to drop into the heart in order for this generation to have a real dynamic encounter of God's power and love.

Harrisburg in World War II - Rodney Ross 2021  
As the nation entered into the throes of World War II, Harrisburg was prepared to answer the call of service. Proudful as a "beehive of industry," the city was a hub for wartime manufacturing, railroads and distribution. Bond drives attracted celebrities such as Abbott and Costello as locals enjoyed "Coffee MacArthur" and "Doughnuts Doolittle" for breakfast. Market Square's Caplan's collected empty toothpaste and shaving cream containers in rationing efforts. The local Pabst Blue Ribbon plant stopped canning, and the Harrisburg Coca-Cola Bottling Works ran out of sugar as everyday products became rare luxuries. Nearly 540 area service members lost their lives in the war, leaving Harrisburg to honor their legacy for generations. Author Rodney Ross reveals the trials of life on the homefront in Harrisburg during World War II.

*Thank God for Evolution* - Michael Dowd  
2008-06-19

Few issues have revealed deeper divisions in our society than the debate between creationism and evolution, between religion and science. Yet from the fray, Reverend Michael Dowd has emerged as a reconciler, finding faith strengthened by the power of reason. With evidence from contemporary astrophysics, geology, biology, anthropology, and evolutionary psychology, *Thank God for Evolution* lays out a compelling argument for how religion and science can be mutually enriching forces in our lives. Praised by Nobel laureates in the scientific community and religious leaders alike, *Thank God for Evolution* will expand the horizon of what is possible for self, for relationships, and for our world.

**Jesus and Gin** - Barry Hankins 2010-08-03  
Jesus and Gin is a rollicking tour of the roaring twenties and the barn-burning preachers who led the temperance movement—the anti-abortion crusade of the Jazz Age. Along the way, we meet a host of colorful characters: a Baptist minister who commits adultery in the White House; media star preachers caught in massive scandals; a presidential election hinging on a religious issue; and fundamentalists and liberals slugging it out in the culture war of the day. The religious roar of that decade was a prologue to the last three decades. With the religious right in disarray today after its long ascendancy, *Jesus and Gin* is a timely look at a parallel age when preachers held sway and politicians answered to the pulpit.

**Being boys** - Melanie Tebbutt 2017-10-03

This original and fresh approach to the emotions of adolescence focuses on the leisure lives of working-class boys and young men in the inter-war years. *Being Boys* challenges many stereotypes about their behaviour. It offers new perspectives on familiar and important themes in interwar social and cultural history, ranging from the cinema and mass consumption to boys' clubs, personal advice pages, street cultures, dancing, sexuality, mobility and the body. It draws on many autobiographies and personal accounts and is particularly distinctive in offering an unusual insight into working-class adolescence through the teenage diaries of the author's father, which are interwoven with the book's broader analysis of contemporary leisure developments. *Being Boys* will be of interest to scholars and students across the humanities and social sciences and is also relevant to those teaching and studying in the fields of child development, education, and youth and community studies.

We live in an urban age. To a degree unprecedented in human history, most of the world's people live in cities. It is thus vital, say Mark Gornik and Maria Liu Wong, for Christians

to think constructively about how to live out their faith in an urban setting. In *Stay in the City* Gornik and Liu Wong look at what is happening in the urban church—and what Christians everywhere can learn from it. Once viewed suspiciously for their worldly temptations and vices, cities are increasingly becoming centers of vibrant Christian faith. Writing from their experience living and working in New York City, Gornik and Liu Wong invite readers everywhere to join together in creating a more flourishing—and faith-filled—urban world.

*The Trophies of Grace* - Lionel Etwaru 2014-06-23

Lionel Etwaru became very involved in ministry with Apostle Harry Das and had the opportunity to see the power of the gospel transforming the lives of men and women. In this biography, we see how many lives have been changed and kept by the power of God. Many, in turn, became a part of the mission to share the Gospel in unreached villages, where churches have been planted. This dynamic presentation of the Gospel was expanded when Apostle Philip Mohabir came together with Apostle Harry Das in 1964 and founded the Full Gospel Fellowship. As the team expanded, so the number of churches increased. Today, there are more than 120 churches and scores of missionaries who have been trained in the Bible Training Center. This move did not only affect Guyana but at least thirty other nations around the world. Lionel now lives with his wife, Margaret, in Long Island, New York and pastors a church in Queens. He continues to travel to many other countries for ministry.

*The Glory Journal: A Missionary's Journal of the Outpouring of God's Glory in Africa* - Stephen Gray 2014-09-30  
This book is published for those who need hope

in God. It sounds too good to be true that God would reveal himself to a team of four missionaries like He did. However, it was real and was experienced by a team who were carried into God's glory. I experienced the reality of God's Glory at a meeting at Evangelical Christian Fellowship, Sacramento, CA, in 2002. Missionary Stephen Gray was preaching about God's Glory and I was so immobilized by the presence and weight of God's Glory that filled the church that I stood without moving. I just reveled in God's presence and His love that surrounded and filled me. -Shelley Grimwood, RN, BSN. I will never forget, when Stephen Gray prayed for me it was like a mighty rushing wind, when the Holy Spirit literally blew in the room, filled me with the Glory of the Lord and I was changed in a moment never to be the same again. -Debbie Walters, Laurel Mississippi

**Midsummer Mist** - Florence R. Bacon 1889

**Nigeria's Christian Revolution** - Richard Burgess 2008

Nigeria has become the arena of one of the most remarkable religious movements of recent times, reflecting the shift in the global center of Christianity from the North to the South. This

book tells the story of one sector of this movement from its root in the Nigerian civil war to the turn of the new millenium. It describes a revival that occurred among the Igbo people of Eastern Nigeria and the new Pentecostal churches it generated and documents the changes that have occurred as the movement has responded to global flows and local demands. As such, it explores the nature of revivalist and Pentecostal experience but does so against the backdrop of local socio-political and economic developments, such as decolonization and civil war, as well broader processes, such as modernization and globalization.

**Billy Graham and the Beloved Community** - NA NA 2016-04-30

This study is the first detailed analysis of Billy Graham's social thought during one of the most volatile periods of American history, the Martin Luther King, Jr. years (1955-1968). Using previously unpublished documents, this book argues that although the popular evangelist occasionally supported King's mission to save America, he largely opposed King's vision of the beloved community and his tactics of civil disobedience. The book also offers the controversial claim that because Graham allowed his political allegiances to trump his biblical Christianity, he never dreamed of nor worked for a world marked by lasting racial reconciliation, economic justice, and peace.

*Phantom Ladies* - Tim Snelson 2014-11-15

Defying industry logic and gender expectations, women started flocking to see horror films in the early 1940s. The departure of the young male audience and the surprise success of the film *Cat People* convinced studios that there was an untapped female audience for horror movies, and they adjusted their production and marketing strategies accordingly. *Phantom Ladies* reveals the untold story of how the Hollywood horror film changed dramatically in the early 1940s, including both female heroines and female monsters while incorporating elements of "women's genres" like the gothic mystery. Drawing from a wealth of newly unearthed archival material, from production records to audience surveys, Tim Snelson challenges long-held assumptions about gender and horror film viewership. Examining a wide

range of classic horror movies, Snelson offers us a new appreciation of how dynamic this genre could be, as it underwent seismic shifts in a matter of months. *Phantom Ladies*, therefore, not only includes horror films made in the early 1940s, but also those produced immediately after the war ended, films in which the female monster was replaced by neurotic, psychotic, or hysterical women who could be cured and domesticated. *Phantom Ladies* is a spine-tingling, eye-opening read about gender and horror, and the complex relationship between industry and audiences in the classical Hollywood era.

*America Aflame* - David Goldfield 2011-03-15

In this spellbinding new history, David Goldfield offers the first major new interpretation of the Civil War era since James M. McPherson's *Battle Cry of Freedom*. Where past scholars have limned the war as a triumph of freedom, Goldfield sees it as America's greatest failure: the result of a breakdown caused by the infusion of evangelical religion into the public sphere. As the Second Great Awakening surged through America, political questions became matters of good and evil to be fought to the death. The price of that failure was horrific, but the carnage accomplished what statesmen could not: It made the United States one nation and eliminated slavery as a divisive force in the Union. The victorious North became synonymous with America as a land of innovation and industrialization, whose teeming cities offered squalor and opportunity in equal measure. Religion was supplanted by science and a gospel of progress, and the South was left behind. Goldfield's panoramic narrative, sweeping from the 1840s to the end of Reconstruction, is studded with memorable details and luminaries such as Harriet Beecher Stowe, Frederick Douglass, and Walt Whitman. There are lesser known yet equally compelling characters, too, including Carl Schurz—a German immigrant, warhero, and postwar reformer—and Alexander Stephens, the urbane and intellectual vice president of the Confederacy. *America Aflame* is a vivid portrait of the "fiery trial" that transformed the country we live in.
