A Lonely Romeo - Malvin M. Franklin 1919

Free Jazz/Black Power - Philippe Carles 2015-01-01

In 1971, French jazz critics Philippe Carles and Jean-Louis Comolli co-wrote *Free Jazz/Black Power*, a treatise on the racial and political implications of jazz and jazz criticism. It remains a testimony to the long ignored encounter of radical African American music and French left-wing criticism. Carles and Comolli set out to defend a genre vilified by jazz critics on both sides of the Atlantic by exposing the new sound's ties to African American culture, history, and the political struggle that was raging in the early 1970s. The two offered a political and cultural history of black presence in the United States to shed more light on the dubious role played by jazz criticism in racial oppression. This analysis of jazz criticism and its production is astutely self-aware. It critiques the critics, building a work of cultural studies in a time and place where the practice was virtually unknown. The authors reached radical conclusions—free jazz was a revolutionary reaction against white domination, was the musical counterpart to the Black Power movement, and was a music that demanded a similar political commitment. The impact of this book is difficult to overstate, as it made readers reconsider their response to African American music. In some cases it changed the way musicians thought about and played jazz. *Free Jazz / Black Power* remains indispensable to the study of the relation of American free jazz to European audiences, critics, and artists. This monumental critique caught the spirit of its time and also realigned that zeitgeist.

The Jazz Scene - Eric Hobsbawm 2014-11-20

From 1955-65 the historian Eric Hobsbawm took the pseudonym 'Francis Newton' and wrote a monthly column for the *New Statesman* on jazz - music he had loved ever since discovering it as a boy in 1933 ('the year Adolf Hitler took power in Germany'). Hobsbawm's column led to his writing a critical history, *The Jazz Scene* (1959). This enhanced edition from 1993 adds later writings by Hobsbawm in which he meditates further 'on why jazz is not only a marvellous noise but a central concern for anyone concerned with twentieth-century society and the twentieth-century arts.' 'All the greats are covered in passing (Louis Armstrong, Billie Holiday), while further space is given to Duke Ellington, Ray Charles, Thelonious Monk, Mahalia Jackson, and Sidney Bechet ... Perhaps Hobsbawm's tastiest comments are about the business side and work ethics, where his historian's eye strips the jazz scene down to its commercial spine.' *Kirkus Reviews*

Ascension - Eric Nisenson 2009-08-05

It is the summer of 1976 and Salvo Ursari, a man of retirement age, is walking on a taut wire strung between the Twin Towers of New York's World Trade Center, almost fourteen hundred feet above the city. Far below him in the gaping crowd stands his wife, Anna, to whom he has made a solemn promise: This wire walk will end his career. In this daring moment, Steven Galloway opens his riveting novel about Salvo Ursari, whose life begins in 1919 amid a Transylvanian boyhood inhabited by gypsy folklore and inspired by the bravery of his persecuted people. Salvo's story moves irresistibly from a tragic fire that envelops his family, to street life in Budapest, where he learns the skills of a wire walker, to the carnivals of Europe and the competitive world of the American circus. Most fulfilled when living with paradox, Salvo feels safest while performing startling feats of balance on a wire high above the dangerous world; and most endangered if performing above a net. With compassion, warmth, and blazing originality, *Ascension* combines jaw-dropping

storytelling, and fantastical symbolism with mesmerizing detail of Romany and circus culture, and an unforgettable walk with the amazing Salvo Ursari.

[In Search of Buddy Bolden](#) - Donald M. Marquis 2005-09-01

The beginnings of jazz and the story of Charles "Buddy" Bolden (1877-1931) are inextricably intertwined. Just after the turn of the century, New Orleanians could often hear Bolden's powerful horn from the city's parks and through dance hall windows. Despite his lack of formal training, his unique style—both musical and personal—made him the first "king" of New Orleans jazz and the inspiration for such later jazz greats as King Oliver, Kid Ory, and Louis Armstrong. For years the legend of Buddy Bolden was overshadowed by myths about his music, his reckless lifestyle, and his mental instability. In Search of Buddy Bolden overlays the myths with the substance of reality. Interviews with those who knew Bolden and an extensive array of primary sources enliven and inform Donald M. Marquis's absorbing portrait of the brief but brilliant career of the first man of jazz. This paperback edition includes a new preface and appendix relating events and discoveries that have occurred since the book's original publication in 1978.

The Sound of the North - Luca Vitali 2015-05-31

This is the first monograph dedicated to the extremely lively Norwegian jazz scene, through the a reconstruction of the history that has given Norway a fundamental role in Europe for the emancipation of jazz with African American roots. It is an itinerary that began in the 1960s, with the arrival in Oslo of George Russell, and continues to this day. This is a passionate account dense with anecdotes, unpublished interviews and encounters, which documents the richness and originality of a journey through the musical culture of our times. With a gentle yet incisive approach, with a warm humour and a deep admiration for the music and musicians and for all those who work so hard in the music industries, Luca Vitali has produced a classic and important history which needed to be written. The Sound of the North is more than a history book, it is a view from abroad, one person's journey of discovery told through his own experiences and encounters with musicians, writers, journalists, promoters and record labels. The author has gone to Norway to uncover and reveal the riches which are enduring, the creative and human spirit of a seemingly quiet and reserved nation which, actually, has so much to say and so much to give.
