Music on the Move - Danielle Fosler-Lussier
2020-06-10

Music is a mobile art. When people move to faraway places, whether by choice or by force, they bring their music along. Music creates a meaningful point of contact for individuals and for groups; it can encourage curiosity and foster understanding; and it can preserve a sense of identity and comfort in an unfamiliar or hostile environment. As music crosses cultural, linguistic, and political boundaries, it continually changes. While human mobility and mediation have always shaped music-making, our current era of digital connectedness introduces new creative opportunities and inspiration even as it extends concerns about issues such as copyright infringement and cultural appropriation. With its innovative multimodal approach, *Music on the Move* invites readers to listen and engage with many different types of music as they read. The text introduces a variety of concepts related to music's travels—with or without its

makers—including colonialism, migration, diaspora, mediation, propaganda, copyright, and hybridity. The case studies represent a variety of musical genres and styles, Western and non-Western, concert music, traditional music, and popular music. Highly accessible, jargon-free, and media-rich, *Music on the Move* is suitable for students as well as general-interest readers. *Viz Annual 2021: the Wizard's Sleeve* - VIZ MAGAZINE. 2020-10

[Little Smokey](#) - Robert Neubecker 2019-08-06
For a brave firefighting airplane, the sky's the

limit! This timeless story of teamwork and determination is perfect for kids who loved The Little Engine That Could and shows how even unlikely heroes can help their community in times of need. When forest fires blaze, the airplanes at Nif-C spring into action! Some swoop low to spray water on the flames. Others drop bright red fire retardant. Little Smokey hasn't quite figured out her job yet, but she wants to help. . . . And when a fire like no other flares up--a fire that none of the other planes can control--it's Smokey's turn to show what she's made of. Featuring useful information about wildfires and fire prevention in the back of the book, Little Smokey is a must-have for children growing up in a world where climate change makes natural disasters a common occurrence. Parents looking to teach their kids about how fires spread and what they can do about it will surely want to take flight with Little Smokey. frequent and intense, it's truly timely." --Kirkus
Auld Lang Syne - M. J. Grant 2021-12-03
In *Auld Lang Syne: A Song and its Culture*, M. J. Grant explores the history of this iconic song, demonstrating how its association with ideas of fellowship, friendship and sociality has enabled it to become so significant for such a wide range of individuals and communities around the world. This engaging study traces different stages in the journey of Auld Lang Syne, from the precursors to the song made famous by Robert Burns to the traditions and rituals that emerged around the song in the nineteenth and early twentieth centuries, including its use as a song of parting, and as a song of New Year. Grant's painstaking study investigates the origins of these varied traditions, and their impact on the transmission of the song right up to the present day. Grant uses Auld Lang Syne to explore the importance of songs and singing for group identity, arguing that it is the active practice of singing the song in group contexts

that has made it so significant for so many. The book offers fascinating insights into the ways that Auld Lang Syne has been received, reused and remixed around the world, concluding with a chapter on more recent versions of the song back in Scotland. This highly original and accessible work will be of great interest to non-expert readers as well as scholars and students of musicology, cultural and social history, social anthropology and Scottish studies. The book contains a wealth of illustrations and includes links to many more, including manuscript sources. Audio examples are included for many of the musical examples. Grant's extensive bibliography will moreover ease future referencing of the many sources consulted.

Christmas: Its Origin and Associations -

William Francis Dawson 2019-06-03

"In looking at the celebrations of Christmas, at

different periods and in different places, I have observed that, whatever views men hold respecting Christ, they all agree that His Advent is to be hailed with joy, and the nearer the forms of festivity have approximated to the teaching of Him who is celebrated the more real has been the joy of those who have taken part in the celebrations. My aim is neither critical nor apologetic, but historical and pictorial: it is not to say what might or ought to have been, but to set forth from extant records what has actually taken place: to give an account of the origin and hallowed associations of Christmas, and to depict, by pen and pencil, the important historical events and interesting festivities of Christmastide. With materials collected from different parts of the world, and from writings both ancient and modern, I have endeavored to give in the present work a chronological account of the celebrations and observances of Christmas. On Taungurung Land - Roy Henry Patterson
2020-12-07

On Taungurung Land: Sharing History and

Culture is the first monograph to examine how the Taungurung Nation of central Victoria negotiated with protectors and pastoralists to retain possession of their own country for as long as possible. Historic accounts, to date, have treated the histories of Acheron and Mohican Aboriginal stations as preliminary to the establishment of the more famous Coranderrk on Wurundjeri land. Instead of 'rushing down the hill' to Coranderrk, this book concentrates upon the two foundational Aboriginal stations on Taungurung Country. A collaboration between Elder Uncle Roy Patterson and Jennifer Jones, the book draws upon Taungurung oral knowledge and an unusually rich historical record. This fine-grained local history and cultural memoir shows that adaptation to white settlement and the preservation of culture were not mutually exclusive. Uncle Roy shares generational knowledge in this book in order to revitalise relationships to place and establish respect and mutual practices of care for

Country.

Parker Looks Up - Parker Curry 2019-10-15
A New York Times bestseller! A visit to Washington, DC's National Portrait Gallery forever alters Parker Curry's young life when she views First Lady Michelle Obama's portrait. When Parker Curry came face-to-face with Amy Sberald's transcendent portrait of First Lady Michelle Obama at the National Portrait Gallery, she didn't just see the First Lady of the United States. She saw a queen—one with dynamic self-assurance, regality, beauty, and truth who captured this young girl's imagination. When a nearby museum-goer snapped a photo of a mesmerized Parker, it became an internet sensation. Inspired by this visit, Parker, and her mother, Jessica Curry, tell the story of a young girl and her family, whose trip to a museum becomes an extraordinary moment, in a moving

picture book. Parker Looks Up follows Parker, along with her baby sister and her mother, and her best friend Gia and Gia's mother, as they walk the halls of a museum, seeing paintings of everyone and everything from George Washington Carver to Frida Kahlo, exotic flowers to graceful ballerinas. Then, Parker walks by Sherald's portrait of Michelle Obama...and almost passes it. But she stops...and looks up! Parker saw the possibility and promise, the hopes and dreams of herself in this powerful painting of Michelle Obama. An everyday moment became an extraordinary one...that continues to resonate its power, inspiration, and indelible impact. Because, as Jessica Curry said, "anything is possible regardless of race, class, or gender."

The Gospel According to a Sitcom Writer - James Cary 2021-06-17

Maybe Jesus was joking, the disciples didn't know what they were doing and the New Testament is a lot funnier than you might think. You would think it weird if someone suddenly ascended into heaven, right? Reading between the lines, do we detect a touch of rivalry between Peter and John? And surely the lack of parables in the latter's mystical tome is simply crying out to be redressed . . . In this sparkingly witty book, BBC sitcom writer James Cary gives us a new and liberating way of looking at the gospel as he entertainingly relates it to a modern context, with references ranging from Charles Dickens to The Vicar of Dibley. Cheerfully playing around with the text, he takes

the Bible seriously but allows us to laugh at our own petty vanities and foibles - and be enlightened in the process. The Gospel According to a Sitcom Writer is ideal for anyone wanting to liven up their Bible reading and looking for new ways to be thrilled by this sacred text. It's also perfect for priests, pastors, youth leaders and all those involved in ministry and giving sermons, as James Cary shows using comedy and humour is a brilliant way to communicate the gospel. Warm, funny and full of brilliant insight and Christian humour, *The Gospel According to a Sitcom Writer* will make you laugh out loud and shake your head in awe. You'll never read the Bible the same way again. *Viz Annual 2022: the Copper's Torch* - Viz Magazine 2021-09-15

Style and Social Identities - Peter Auer
2007-01-01

This volume presents an interactional perspective on linguistic variability that takes into account the construction of social identities through the formation of social communicative styles. It shows that style is a useful category in bridging the gap between single parameter variation and social identity. Social positioning, i.e., finding one's place in society, is one of its motivating forces. Various aspects of the expression of stylistic features are focused on, from language choice and linguistic variation in a narrow sense to practices of social categorization, pragmatics patterns, preferences for specific communicative genres, rhetorical practices including prosodic features, and aesthetic choices and preferences for specific

forms of taste (looks, clothes, music, etc.). These various features of expression are connected to multimodal stylistic indices through talk; thus, styles emerge from discourse. Styles are adapted to changing contexts, and develop in the course of social processes. The analytical perspective chosen proposes an alternative to current approaches to variability under the influence of the so-called variationist paradigm.

From Biocultural Homogenization to Biocultural Conservation - Ricardo Rozzi 2019-02-18

To assess the social processes of globalization that are changing the way in which we co-inhabit the world today, this book invites the reader to essay the diversity of worldviews, with the diversity of ways to sustainably co-inhabit the planet. With a biocultural perspective that highlights planetary ecological and cultural heterogeneity, this book examines three

interrelated themes: (1) biocultural homogenization, a global, but little perceived, driver of biological and cultural diversity loss that frequently entail social and environmental injustices; (2) biocultural ethics that considers -ontologically and axiologically- the complex interrelationships between habits, habitats, and co-inhabitants that shape their identity and well-being; (3) biocultural conservation that seeks social and ecological well-being through the conservation of biological and cultural diversity and their interrelationships.

The Sounds of Early Cinema - Richard Abel
2001-10-03

The Sounds of Early Cinema is devoted exclusively to a little-known, yet absolutely crucial phenomenon: the ubiquitous presence of sound in early cinema. "Silent cinema" may

rarely have been silent, but the sheer diversity of sound(s) and sound/image relations characterizing the first 20 years of moving picture exhibition can still astonish us. Whether instrumental, vocal, or mechanical, sound ranged from the improvised to the pre-arranged (as in scripts, scores, and cue sheets). The practice of mixing sounds with images differed widely, depending on the venue (the nickelodeon in Chicago versus the summer Chautauqua in rural Iowa, the music hall in London or Paris versus the newest palace cinema in New York City) as well as on the historical moment (a single venue might change radically, and many times, from 1906 to 1910). Contributors include Richard Abel, Rick Altman, Edouard Arnoldy, Mats Björkin, Stephen Bottomore, Marta Braun, Jean Châteauevert, Ian Christie, Richard Crangle, Helen Day-Mayer, John Fullerton, Jane Gaines, André Gaudreault, Tom Gunning, François Jost, Charlie Keil, Jeff Klenotic, Germain Lacasse, Neil Lerner, Patrick
