Country Proud - Linda Lael

Miller 2021-04-27

Linda Lael Miller creates vibrant characters and stories I defy you to forget.—Debbie Macomber, #1 New York Times bestselling author First love always burns brighter... Sheriff Eli Garrett is grateful for the good things in this life. Like his two best friends since

childhood. A job that he loves. Enough land under the big skies of Montana to make a man feel free. And Brynne Bailey, finally back home in Painted Pony Creek to stay. Brynne was his high school sweetheart—and the girl he'd betrayed all those years ago. But now, with a new year right around the corner, it's time to make amends and see what the future might hold...if she'll let him. Brynne has one rule for herself: never date another cop. She made that mistake once before, and her heart still hasn't recovered from losing the kids she'd started to think of as her own. So she's happy to put the past behind her and be Eli's friend. Anything else is out of the question...until one electric kiss changes everything between them. But when a case blows wide open, putting Eli in danger, Brynne will confront her biggest fear. Some rules are meant to be broken and some hearts are worth the risk for a second chance with your first love. Don't miss COUNTRY BORN, the next book in Linda Lael

War and Peace - Leo Tolstoy 2019-01-16

Hailed as one of the greatest novels of all time and a classic of world literature, War and Peace is a tale of strivers in a world fraught with conflict, social and political change, and spiritual confusion, Tolstoy's magnificent work continues to entertain, enlighten, and inspire readers around the world. Both an intimate study of individual passions and an epic history of Russia and its people, 'War and Peace' is nothing more or less than a complete portrait of human existence. Among its many unforgettable characters is Prince Andrey Bolkonsky, a proud, dashing man who, despising the artifice of high

society, joins the army to achieve glory. Badly wounded at Austerlitz, he begins to discover the emptiness of everything to which he has devoted himself. His death scene is considered one of the greatest passages in Russian literature. Terror swiftly engulfs the country as Napoleon's army marches on Russia, and the lives of three young people are changed forever. The stories of quixotic Pierre, cynical Andrey and impetuous Natasha interweave with a huge cast, from aristocrats and peasants, to soldiers and Napoleon himself. In War and Peace (1868-9), Tolstoy entwines grand themes—conflict and love, birth and death, free will and fate.

The Myth of Independence - Zulfikar Ali Bhutto 1969

"Aristotle classified the things in the world into ten categories: substance, quantity, quality, relation, etcetera. Plotinus, the founder of Neoplatonism, attacked the classification, accepting only the first four categories, rejecting the other six, and adding one of his own: change. He preferred Plato's classification into five kinds, including change. In this part of his commentary, Simplicius records the controversy on the six categories rejected by Plotinus: acting, being acted upon, being in a position, when, where, and having on. Plotinus' pupil and editor, Porphyry, defended all six categories as applicable to the physical world, even if not to the world of Platonic Forms to which Platonist studies must eventually progress. Porphyry's pupil, Iamblichus, went further: taken in a suitable sense, Aristotle's categories apply also

to the world of Forms, although they require Pythagorean reinterpretation. Simplicius may be closer to Porphyry than to Iamblichus, and indeed Porphyry's defense established Aristotle's categories once and for all in Western thought. But the controversy of this period nonetheless revealed more effectively than any modern discussion the profound difficulties in Aristotle's categorial scheme."--Jacket.

All Quiet on the Western

Front - Erich Maria Remarque
1996-09-29

Considered by many the greatest war novel of all time, *All Quiet on the Western Front* is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of

duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review
