The Plant Based Juicing and Smoothie Cookbook

- Paul Green 2021-08

Boosting your health is easier than you think -- everything that's good for you can be made more delicious with a smoothie. America is facing a health crisis -- and it's not the one making the headlines. Over the past decade, there's been a sharp rise in the number of people developing chronic health conditions, including Type 2 diabetes, heart disease, and some cancers. But the shocking truth is that it could have been stopped in its tracks. The CDC estimates that lifestyle changes can ward off over 80% of all heart disease, stroke, and Type 2 diabetes cases. And that's where a plant-based diet comes in. With stars as diverse as Lizzo, Joaquin Phoenix, and Miley Cyrus hopping on the vegan bandwagon, it's clear that this is more than a celebrity craze: this is a trend that's here to stay, and for good reason. In fact, the areas of the world with the highest life expectancies (the so-called 'blue zones') follow a largely plant-based diet. The arguments are compelling, but many people are put off by the thought of learning a whole new way of cooking and navigating complex recipes and unfamiliar ingredients. Are you one of them? You're not alone -- a survey showed that 80% of respondents said they thought transitioning to a plant-based lifestyle would be too complicated to even attempt. But there's one powerful weapon that can help you in your quest to become healthier: a blender. A blender is your answer to taking the hassle out of plant-based living. You'll discover: 200 astonishingly simple smoothie and juice recipes organized by health outcome A complete nutritional profile (and that all-important calorie count) for every recipe -- plus eye-catching images so you can see exactly what your glass should look like An easy-to-navigate index of ingredients (so you can search for smoothies based on what's already in your fridge) The #1 moment of the day to have a

smoothie for maximum health benefits Exactly how to ensure you're getting the most out of your ingredients A comprehensive guide to every kitchen utensil you're going to need (don't panic -- most of them are already in your kitchen) A complete guide to the best vegan protein powders -- so you can make sure every smoothie delivers a powerful punch Kid-friendly smoothies (get that goodness into your little ones by stealth!) In other words, these recipe re-dos passed with flying colors when compared to their more

caloric counterparts. So you can dive right in without an ounce of guilt! If Your Monster Won't Go To Bed - Denise Vega 2017-03-14

For fans of How to Babysit a Grandpa comes a tongue-in-cheek story that is a step-by-step manual for putting your monster to bed. If you have a monster that won't go to bed, don't bother asking your parents to help. They know a lot about putting kids to bed, but nothing about putting monsters to bed. It's not their fault; they're just not good at it. Read this book instead. It will tell you what to feed your monster before bed (it's not warm milk), and what to sing to your monster (it's not a soothing lullaby), and what to read to your monster to send him off to dreamland in no time (the scarier, the better). Just make sure you don't get too good at putting monsters to bed—or you might have a BIG problem on your hands! Praise for Zachariah O'Horra: "The text is pitch-perfect, and the art is its match." —Chicago Tribune (Wolfie the Bunny) "Picture books with hip, quirky illustrations that are not just funny but also have plenty of heart are hard to find. The stylish My Cousin Momo by Zachariah O'Horra has it all." —The Boston Globe (My Cousin Momo) [set star] "O'Horra's acrylic paintings are

the heart of this tale. They clearly show everyone's feelings . . . and there are brilliant bits of humor and whimsy." —School Library Journal, starred review (Wolfie the Bunny) "O'Horra could paint stones in the street and make them funny." —Publishers Weekly (My Cousin Momo)
