Financial Accounting - Jerry J. Weygandt
2009-11-02

Weygandt helps corporate managers see the relevance of accounting in their everyday lives. Challenging accounting concepts are introduced with examples that are familiar to them, which helps build motivation to learn the material. Accounting issues are also placed within the context of marketing, management, IT, and finance. The new Do It! feature reinforces the basics by providing quick-hitting examples of brief exercises. The chapters also incorporate the All About You (AAY) feature as well as the Accounting Across the Organization (AAO) boxes that highlight the impact of accounting concepts. With these features, corporate managers will learn the concepts and understand how to effectively apply them.

Investment Decisions in Advanced Manufacturing Technology - Magdy G. Abdel-Kader 2018-12-20

First published in 1998, this volume was designed to lead to an operational model of Advanced Manufacturing Technology (AMT) decision making which incorporated the mathematics of fuzzy set theory. The rapid advancement of robotics, automated technologies and software such as CAD and CAM have made such studies paramount. Here, analyses of a questionnaire survey and field

study of major UK manufacturing companies together provide a simulating portrayal of AMT investment decision making and have been expanded upon with a model using fuzzy set theory.

FINANCIAL POLICY AND MANAGEMENT ACCOUNTING - BHABATOSH BANERJEE
2017-05-01

This well-received book, now in its ninth edition, provides a comprehensive analysis of the fundamental concepts of financial management and management accounting. The elegantly combined presentation of the various aspects of financial management and management accounting is a highlight of this text. Focusing on the core areas of financial management—basic concepts of finance, sources of finance, capital structure theories and planning, dividend policies, investment decisions, portfolio management and working capital management—as well as the areas of management accounting—changes in financial position, financial statement analysis and inter-firm comparison, budgetary control and standard costing, and cost information and management decisions—the book also delves on the contemporary topics, such as, financial environment, corporate governance and international financial management, in detail. In addition, it contains a number of case studies on

various areas of finance and management accounting. The current edition has been thoroughly revised keeping in view contemporary developments in the literature and applicable provisions of the Companies Act, 2013. Apart from updating the case studies, new cases have been added to support the relevance and quality of discussion. Intended primarily for postgraduate students of commerce (M.Com) and management (MBA with finance specialization), the book will also be highly useful for undergraduate students of Commerce and Management, students of professional courses, such as, CA and ICWA, as well as professionals in the fields of financial management and management accounting. The present treatise has been recommended by many Colleges, Management Institutes and Universities in India for their respective postgraduate and undergraduate commerce and management courses.

Modern Advanced Accounting - Murray W. Hilton 1987

Modern Advanced Accounting in Canada -

Murray W. Hilton 1999

Modern Advanced Accounting in Canada continues the approach that made it the best selling advanced financial accounting text in Canada. This includes the complete & comprehensive coverage of business combinations, the preparation of consolidated financial statements, the consolidation of joint ventures and foreign subsidiaries, and push-down accounting. Consolidation coverage continues to emphasize the direct approach accompanied by a "building block" development of the consolidation basics. Coverage of unrelated topics - bankruptcy and receivership, partnerships, and accounting for not-for-profit organizations - has also been maintained.

BUSINESS ACCOUNTING AND FINANCIAL MANAGEMENT - SUBHASH CHANDRA DAS 2013-06-03

This comprehensive and concise book critically examines the essential principles, practices and approaches to financial accounting, cost and management accounting, and financial management. This book is intended for the postgraduate students of management and commerce. Besides, it is equally useful for the students of engineering and technology. The objective of this book is to assist the students and readers in developing an understanding of the theories of various branches of accounting and financial management, and to integrate the knowledge with practice in evaluating the strategic management decisions. The book contains thirty-three chapters divided into three parts. Part A comprising ten chapters discusses the key principles and practices of financial accounting. Part B containing eight chapters explains various methods and techniques of cost and management accounting. Part C comprising fifteen chapters provides an insight into the numerous dimensions of financial management policies and practices. Key Features • A systematic presentation of the subject matter, supported with substantial number of Examples, Diagrams and Tables for easy understanding. • The topics of 'Accounting for Fixed Assets' (Chapter 4), 'Depreciation Accounting' (Chapter 5), 'Revenue Recognition' (Chapter 6), 'Accounting for Inventories' (Chapter 8) and 'Cash Flow Statement' (Chapter 20) have been written thoroughly in accordance with the Accounting Standards (AS) issued by the ICAI. • Review questions covering examination problems and their answers are given at the end of each chapter. The detailed answers are available in the Instructors' Manual. • An exhaustive glossary of terms have been provided

to explain the core concepts. • Solutions Manual is also available.

Advanced Management Accounting (Text, Problems & Cases) - Jawahar Lal

This revised edition of ADVANCED MANAGEMENT ACCOUNTING provides a comprehensive and updated coverage of important topics, current trends, latest ideas and researches in management accounting.

Canadian Books in Print - Marian Butler 2002-02
CBIP is the complete reference and buying guide to English-language Canadian books currently in print; consequently, the Author and Title Index, Subject Index and microfiche editions are indispensable to the book profession. With submissions from both small and large publishers, CBIP provides access to titles not listed anywhere else. Containing more than 48,000 titles, of which approximately 4,000 have a 2001 imprint, the Author and Title Index is extensively cross-referenced. The Subject Index lists the titles under 800 different subject categories. Both books offer the most complete directory of Canadian publishers available, listing the names and ISBN prefixes, as well as the street, e-mail and web addresses of more than 4,850 houses. The quarterly microfiche service provides updated information in April, July and October. CBIP is constantly referred to by order librarians, booksellers, researchers, and all those involved in book acquisition. In addition, CBIP is an invaluable record of the vast wealth of publishing and writing activity in the scientific, literary, academic and arts communities across Canada. A quarterly subscription service including the annual Author and Title Index (March 2001) plus quarterly microfiche updates (April, July, and October 2001) is also available. ISBN 0802049567 \$220.00 NET.

Business Unit & Divisional Performance Measurement - Mahmoud Ezzamel 1992

This volume describes the underlying assumptions that are made in devising the most commonly used measures of business unit performance. It analyzes the strengths and weaknesses of various approaches. The book also presents a more radical approach involving the use of DCF-based measures and considers how accounting information can be usefully supplemented by other sources of information, particularly in the context of the divisionalized organization. The rigorous analysis gives a balanced account of the main problems encountered in using each approach. The

conclusions presented in Business Unit and Divisional Performance Measurement provide a firm foundation upon which a sound management control system can be erected. Key Features *Analyses the strengths and weakness of various approaches * Considers how accounting information can be usefully supplemented by other sources of information * Advances a more radical approach involving the use of DCF-based measures

Issues in Accounting and Finance - Peter Atrill 2019-01-04

Cumulative Book Index - 1970

Prentice-Hall Accounting Faculty Directory - 1995

Healthcare Financial Management - 1997

Some issues accompanied by supplements.

Introductory Financial Accounting - Gerhard G. Mueller 1991

This third edition has been updated to reflect current accounting standards. It uses a decision-making approach as the foundation for explaining the need for, and the role of, accounting information in a modern economy. It also aims to teach students how to become good accounting technicians and to help them to understand why the double entry paradigm is used and what the resulting financial statements mean. This edition has been condensed from 18 to 14 chapters and it has adopted a modular approach to topic presentation. The financial analysis chapter is based on an actual corporate annual report (from Caterpillar). The book-

keeping examples are carried through from chapters 3 to 6. There is a summary of highlights at the end of each chapter.

Financial Accounting Cases - Camillo Lento 2019-08-16

Canadian Financial Accounting Cases, 3rd edition has been developed to bridge the gap between the foundational concepts and the real world. Students are introduced to the case study methodology for financial accounting, which focuses on identifying the issue, understanding implications, developing alternatives, and making recommendations. Students must also be able to understand the overall financial reporting landscape and the overall impact of the individual accounting issues. The cases range from introductory level to advanced level and can be used as assignments, exams, or for in-class discussions. The cases have been developed using IFRS (Part I), ASPE (Part II) or ASNPO (Part III) as the accounting frameworks, providing students with exposure to many different types of organizational structures, and have been linked to the CPA Competency Map. Instructors are provided with detailed teaching notes and marking keys that will assist in guiding the class discussions and assessments. *Wiley CMAexcel Learning System Exam Review 2015 - IMA 2014-08-20*
