The Fairy Godmother - Mercedes Lackey
2016-03-14

In the Five Hundred Kingdoms, if you can't carry out your legendary role, life is no fairy tale....

Elena Klovis was supposed to be her kingdom's Cinderella—until fate took that future away from her, and she set out to make a new life for herself. But breaking with "The Tradition" that guides the kingdoms comes with a cost—one that could leave her powerless and destitute.

Until, that is, her fairy godmother intervenes and offers her a most unexpected job... to become her apprentice, and learn the ways of magic. Now, instead of sleeping in the chimney,

Elena must guide others along their own fated paths. And, of course, deal with arrogant, stuffed-shirt princes who keep trying to rise above their place. But when she finds herself falling for someone completely unexpected, she begins to question where her own path will lead her—and whether she's willing to take fate into her own hands. Sometimes a fairy godmother's work is never done... Read the Tale of Five Hundred Kingdoms Series by Mercedes Lackey:

To Light a Candle - Mercedes Lackey 2005-12-27
In *The Outstretched Shadow*, which was named by VOYA as Best Science Fiction, Fantasy, and

Horror book for 2003, Mercedes Lackey and James Mallory introduced readers to The Obsidian Trilogy and a complex new fantasy world populated by humans, centaurs, elves, talking unicorns, and demons. The Golden City of the Bells, where only humans live, is ruled by the Mage Council, practitioners of High Magic--- a powerful magic that is stable and reliable, though rigidly controlled and performed only by men. Outside the City's walls, humans and magical beings mix freely and call upon Wild Magic---a system sometimes erratic, always driven by desire and need, and performed by both men and women. Now, in *To Light a Candle*, the Demon Queen sends her forces against her human and elven enemies, sowing distraction and death. In the human City, the Queen's agents work to divide the Council and foment rebellion among the City's citizens. In the countryside, they target the most vulnerable and valuable---the young Elf Prince and the Wild Mages who might be the Demons' most dangerous enemies. To his own surprise, young Kellen, once the disappointing son of the great Mage who leads the City's Mage Council, has become a powerful Knight-Mage. Valued for his bravery and his skills as both wizard and warrior, Kellen joins the Elves' war councils. Yet he cannot convince the City of his birth that it is in terrible danger. Kellen's sister Idalia, a Wild Mage with great healing ability, has pledged her heart to Jermayan, a proud Elven warrior. Someday Idalia will pay a tragic Price for a world-saving work of Wild Magic, but until then, she will claim any joy life can offer her. Jermayan, who has learned much while fighting at Kellen's side and loving the human Idalia, finds that everything changes when he Bonds with a dragon while rescuing the Elf Prince and becomes the first Elven Mage in a thousand years. Furious at her enemies' success with the dragon, the Demon Queen attacks in force. Light struggles against Dark, like flickering candle flames buried deep in the shadow of Obsidian Mountain. Trio of Sorcery - Mercedes Lackey 2010-11-09
New York Times and USA Today bestselling author Mercedes Lackey presents Trio of Sorcery, three exciting short urban fantasy novels featuring three resourceful heroines and

three different takes on the modern world and on magics both modern and ancient. Arcanum 101: Diana Tregarde, practicing witch, romance novelist, Guardian of the Earth. Studying at Harvard, Diana is approached by Joe O'Brian, a young cop who has already seen more than one unusual thing during his budding career. The distraught mother of a kidnap victim is taking advice from a "psychic" and interfering in the police investigation. Will Diana prove that the psychic is a fake? Unfortunately, the psychic is not a fake, but a very wicked witch--and the child's kidnapper. Drums: Jennifer Taldeer, shaman, private investigator, member of the Osage tribe. Most of Jennie's work is regular PI stuff, but Nathan Begay brings her a problem she's never seen before. His girlfriend, Caroline, is Chickasaw to his Navaho, but that's not the problem. Somehow, Caroline has attracted the attention of an angry Osage ghost. Thwarted in love while alive, the ghost has chosen Caroline to be his bride in death. Ghost in the Machine: Ellen McBride: computer programmer extraordinaire, techno-shaman. The programmers and players of a new MMORPG find that the game's "boss," a wendigo, is "killing" everyone--even the programmers' characters with their god-like powers. A brilliant debugger, Ellen discovers that the massive computing power of the game's servers have created a breach between the supernatural world and our own. This wendigo isn't a bit of code, it's the real thing . . . and it's on the brink of breaking out of the computers and into the real world. Hermaphrodites, Gynomorphs and Jesus - David C. A. Hillman 2014-02-17

The first western god was both male and female. All of western religion springs from the veneration of a bi-gender entity, known to the ancient world as the Gynomorph. The worship of hermaphroditic gods like the Gynomorph surfaces in ancient pagan cults as well as early Christianity. The celebration of female gods with penises impacted the development of western culture. Veneration of the Gynomorph is the basis for modern western law courts. The founders of democracy worshipped similar female divinities who possessed penises. Ritual sodomy as a means of celebrating hermaphroditic gods directly promoted the birth of western democracy. In fact, ancient priestesses responsible for guiding the worship of hermaphroditic goddesses laid the very foundations for democracy, science and philosophy. The oldest western pharmaceuticals were sex drugs used in religious initiations in celebration of the Gynomorph. Snake venoms

used in cultic sex rituals were immensely popular in both Greece and Rome. In addition, abortion-inducing drugs promoted the first scientific investigations. Classical civilization relied heavily upon the use of cannabis, opiates, and hallucinogens, which were mixed with sexual stimulants. Greco-Roman witches, who served a prominent hermaphroditic goddess, Hecate, were among the earliest western scientists and naturalists. Devotees of gynomorphic divinities were the first westerners to promote the religious practice known as necromancy. The first “baptists” were cross-dressing necromancers, who celebrated the Gynomorph. Eunuchs who served the same goddess were chemically castrated with scorpion venom. Ancient pre-Christian oracles declared that the messiah must be a hermaphrodite. Christianity tried to assimilate and employ the use of necromancy. The earliest Christians used designer sex drugs in their rituals in order to venerate a messiah given gynomorphic status by church bishops.
