

The Grand Frontier

Yeah, reviewing a book **The Grand Frontier** could accumulate your near contacts listings. This is just one of the solutions for you to be successful. As understood, capability does not suggest that you have fantastic points.

Comprehending as competently as bargain even more than supplementary will have enough money each success. neighboring to, the revelation as skillfully as perspicacity of this The Grand Frontier can be taken as capably as picked to act.

The Frontier Boys in the Grand Canyon - Wyn Roosevelt 2014-07-20

"Your cayuse is quiet as a lamb now, isn't he, Jo," inquired Jim. "He ought to be by this time," I replied. "You wouldn't expect him to buck all the way through New Mexico, I hope." "It's funny how he began to act up," remarked Tom, "just as soon as we got out of Colorado." "Maybe he doesn't like getting away from the country of his own tribe," I said; "He's a regular little Injun I can tell you that." "I can't blame him for his dislike for the Apache range," interposed Captain Graves, "for a more undesirable lot of devils are not to be found in the Southwest." "You ought to know, captain," remarked Jim, "for you have fought all of them."

War and Peace on the Rio Grande Frontier, 1830-1880 - Miguel Ángel González-Quiroga 2020-03-05

The historical record of the Rio Grande valley through much of the nineteenth century reveals well-documented violence fueled by racial hatred, national rivalries, lack of governmental authority, competition for resources, and an international border that offered refuge to lawless men. Less noted is the region's other everyday reality, one based on coexistence and cooperation among Mexicans, Anglo-Americans, and the Native Americans, African Americans, and Europeans who also inhabited the borderlands. *War and Peace on the Rio Grande Frontier, 1830-1880* is a history of these parallel worlds focusing on a border that gave rise not only to violent conflict but also cooperation and economic and social advancement. Meeting here are the Anglo-Americans who came to the border region to trade, spread Christianity, and settle; Mexicans seeking opportunity in el norte; Native

Americans who raided American and Mexican settlements alike for plunder and captives; and Europeans who crisscrossed the borderlands seeking new futures in a fluid frontier space. Historian Miguel Ángel González-Quiroga draws on national archives, letters, consular records, periodicals, and a host of other sources to give voice to borderlanders' perspectives as he weaves their many, varied stories into one sweeping narrative. The tale he tells is one of economic connections and territorial disputes, of refugees and bounty hunters, speculation and stakeholding, smuggling and theft and other activities in which economic considerations often carried more weight than racial prejudice. Spanning the Anglo settlement of Texas in the 1830s, the Texas Revolution, the Republic of Texas, the US-Mexican War, various Indian wars, the US Civil War, the French intervention into Mexico, and the final subjugation of borderlands Indians by the combined forces of the US and Mexican armies, this is a magisterial work that forever alters, complicates, and enriches borderlands history. Published in association with the William P. Clements Center for Southwest Studies at Southern Methodist University in Dallas, Texas

Frontier Secrets - Anna Zogg 2021-08-24

A woman seeking a new future. A cowboy with a shadowed past. Untamed Wyoming is nothing like polished, restrictive Chicago—that's why Ellie Marshall likes it. On her uncle's ranch, she's free. Free to practice her calling in medicine. Free to finally connect with her uncle. Free to explore her feelings for mysterious cowboy Rhett Callaway. In this strange place, Rhett is her constant—the one she trusts to help and protect her...especially when sinister

machinations on the ranch come to light. But will Rhett's murky past drive him away just when Ellie needs him most?

[The Norman Frontier in the Twelfth and Early Thirteenth Centuries](#) - Daniel Power 2004-12-16

The twelfth-century borderlands of the duchy of Normandy formed the cockpit for dynastic rivalries between the kings of England and France. This 2004 book examines how the political divisions between Normandy and its neighbours shaped the communities of the Norman frontier. It traces the region's history from the conquest of Normandy in 1106 by Henry I of England, to the duchy's annexation in 1204 by the king of France, Philip Augustus, and its incorporation into the Capetian kingdom. It explores the impact of the frontier upon princely and ecclesiastical power structures, customary laws, and noble strategies such as marriage, patronage and suretyship. Particular attention is paid to the lesser aristocracy as well as the better known magnates, and an extended appendix reconstructs the genealogies of thirty-three prominent frontier lineages. The book sheds light upon the twelfth-century French aristocracy, and makes a significant contribution to our understanding of medieval political frontiers.

War and Peace on the Rio Grande Frontier, 1830-1880 - Miguel Ángel González-Quiroga 2020-03-05

The historical record of the Rio Grande valley through much of the nineteenth century reveals well-documented violence fueled by racial hatred, national rivalries, lack of governmental authority, competition for resources, and an international border that offered refuge to lawless men. Mapping the Frontier - Rufus Harvey Sargent 2015-10-30

Alaska in 1900 was unexplored frontier, a land where risk, danger, and ultimate adventure made teamwork essential. Maine native R. Harvey Sargent led the U. S. Geological Survey in Alaska for over three decades, 1901-1936, charting the vast expanses of this remarkably beautiful and treacherous land. A pioneer of modern mapping, Sargent introduced 20th-century "firsts": photogrammetry and aerial surveys in Alaska, and the first professional surveys of China's mountainous interior. *Mapping the Frontier: A Memoir of Discovery from Coastal Maine to the Alaskan Rim* publishes for the first time Harvey Sargent's diary of his explorations in the world's outer edges, from China to Mexico, Utah, Arizona, Montana, and Alaska. He was the son of a sea captain, born with exploration and adventure in his veins. Grounded in the foundations of his childhood home of Sedgwick, Maine, to his family residence for a half-century with USGS in Washington, D. C., Sargent's lively narrative is beautifully illustrated with period maps and

photographs. The reader will experience the breathtaking majesty of the Grand Canyon; the deadly harsh winters of Utah's desert; misty fjords and dramatic icebergs of Glacier Bay National Park; and Sargent's discovery of Alaska's Aniakshak crater, today the country's most remote National Monument and Preserve.

The Dark Frontier - Eric Ambler 2012-12-11

The Dark Frontier launched Eric Ambler's five-decade career as one of the most influential thriller writers of our time. England, 1935.

Physicist Henry Barstow is on holiday when he meets the mysterious Simon Groom, a representative for an armaments manufacturer. Groom invites the professor to Ixania, a small nation-state in Eastern Europe whose growing weapons program threatens to destabilize the region. Only after suffering a blow to the head—which muddles his brain into believing he is Conway Carruthers, international spy—does the mild-mannered physicist agree to visit Ixania. But he quickly recognizes that Groom has a more sinister agenda, and Carruthers is the only man who can stop him.

A Fluid Frontier - Karolyn Smardz Frost 2016-02-15

As the major gateway into British North America for travelers on the Underground Railroad, the U.S./Canadian border along the Detroit River was a boundary that determined whether thousands of enslaved people of African descent could reach a place of freedom and opportunity. In *A Fluid Frontier: Slavery, Resistance, and the Underground Railroad in the Detroit River Borderland*, editors Karolyn Smardz Frost and Veta Smith Tucker explore the experiences of the area's freedom-seekers and advocates, both black and white, against the backdrop of the social forces—legal, political, social, religious, and economic—that shaped the meaning of race and management of slavery on both sides of the river. In five parts, contributors trace the beginnings of and necessity for transnational abolitionist activism in this unique borderland, and the legal and political pressures, coupled with African Americans' irrepressible quest for freedom, that led to the growth of the Underground Railroad. *A Fluid Frontier* details the founding of African Canadian settlements in the Detroit River region in the first decades of the nineteenth century with a focus on the

strong and enduring bonds of family, faith, and resistance that formed between communities in Michigan and what is now Ontario. New scholarship offers unique insight into the early history of slavery and resistance in the region and describes individual journeys: the perilous crossing into Canada of sixteen-year-old Caroline Quarlls, who was enslaved by her own aunt and uncle; the escape of the Crosswhite family, who eluded slave catchers in Marshall, Michigan, with the help of others in the town; and the international crisis sparked by the escape of Lucie and Thornton Blackburn and others. With a foreword by David W. Blight, *A Fluid Frontier* is a truly bi-national collection, with contributors and editors evenly split between specialists in Canadian and American history, representing both community and academic historians. Scholars of the Underground Railroad as well as those in borderland studies will appreciate the interdisciplinary mix and unique contributions of this volume.

Frontier's End - Robert Gish 1988-01-01

The western frontier was officially pronounced closed in 1890, the year Harvey Fergusson was born in Albuquerque. He spent his life reopening it in a series of novels stretching from the classic *Wolf Song* to the belatedly acclaimed *Grant of Kingdom* and *The Conquest of Don Pedro*. In this first full biography and critical study, Robert F. Gish sees Fergusson as a modern frontiersman in love with the outdoors, women, and writing. The scion of New Mexico family prominent in business and politics, Fergusson moved restlessly from one new frontier to another, always seeking to recreate in his life and work the adventure and freedom enjoyed by his ancestors. After a strenuous open-air life by the Rio Grande he went east to raise a ruckus as a journalist and then to Hollywood as a screenwriter, all the while testing his sexual mettle. Finally freelance writing was the only frontier available to one of his imaginative energy. Fergusson's early novel *Wolf Song* is still considered one of the best ever written about the mountain man. Gish shows the writer embracing the gloriously masculine and atavistic role of a 'lone rider' even as he scorned 'the worship of the primitive.' Fergusson struck up a friendship with H. L. Mencken and Theodore Dreiser (who influenced his literary style) and

played a part in the development of Taos and Santa Fe as meccas for artists and writers. Based on extensive research, including Fergusson's diaries and correspondence, *Frontier's End* goes a long way toward reconciling the regional with the mainstream in American literature in the person of a serious novelist whose importance is finally being recognized.

Across the Great Barrier - Patricia C. Wrede
2011

In an alternate frontier America, Eff must travel beyond the Great Barrier and come to terms with her magic abilities--and those of her twin brother--to stop the newest threat encroaching on the settlers.

The Frontier Boys in the Grand Canyon; Or, a Search for Treasure - Roosevelt Wyn
2016-06-23

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Grand Strategy of the Russian Empire, 1650-1831 - John P. LeDonne 2003-12-11

At its height, the Russian empire covered eleven time zones and stretched from Scandinavia to the Pacific Ocean. Arguing against the traditional historical view that Russia, surrounded and threatened by enemies, was always on the defensive, John P. LeDonne contends that Russia developed a long-term strategy not in response to immediate threats but in line with its own expansionist urges to control the Eurasian Heartland. LeDonne narrates how the government from Moscow and Petersburg expanded the empire by deploying its army as well as by extending its patronage to frontier societies in return for their serving the interests of the empire. He considers three theaters on which the Russians expanded: the Western (Baltic, Germany, Poland); the Southern (Ottoman and Persian Empires); and the Eastern (China, Siberia, Central Asia). In his analysis of

military power, he weighs the role of geography and locale, as well as economic issues, in the evolution of a larger imperial strategy. Rather than viewing Russia as peripheral to European Great Power politics, LeDonne makes a powerful case for Russia as an expansionist, militaristic, and authoritarian regime that challenged the great states and empires of its time.

The Heart's Frontier - Lori Copeland
2012-03-01

An exciting new Amish-meets-Wild West adventure from bestselling authors Lori Copeland and Virginia Smith weaves an entertaining and romantic tale for devoted fans and new readers. Kansas, 1881—On a trip to visit relatives, Emma Switzer's Amish family is robbed of all their possessions, leaving them destitute and stranded on the prairie. Walking into the nearest trading settlement, they pray to the Lord for someone to help. When a man lands in the dust at her feet, Emma looks down at him and thinks, The Lord might have cleaned him up first. Luke Carson, heading up his first cattle drive, is not planning on being the answer to anyone's prayers, but it looks as though God has something else in mind for this kind and gentle man. Plain and rugged—do the two mix? And what happens when a dedicated Amish woman and a stubborn trail boss prove to be each other's match?

The History of Belgium: 1815-1865, Waterloo to the death of Leopold I - Demetrius Charles de Kavanagh Boulger 1909

The Last Frontier - Howard Fast 2015-05-20
North Castle Books are designed to bring the global variety of knowledge to a broader audience. Primarily aimed at the general reader through bookstore distribution, North Castle Books makes available, in handsomely bound paper editions, titles of literary and cultural significance that our editors have found to be of lasting importance. Spanning the range of fields from Asian Studies to American Studies, from short stories to scholarly treatises, from myth to memoirs, from Economics to Government, from Russian Politics to Recent History, North Castle Books will occupy an important place on bookshelves. Each edition will be reasonably priced, affording students, scholars, and serious readers the means to expand their horizons and

broaden their aesthetic understanding. The story of the Cheyenne Indians in the 1870s, and their bitter struggle to flee from the Indian Territory in Oklahoma back to their home in Wyoming and Montana. "Mr. Fast's novel will stand or fall upon its value as a dramatic, finely presented story. It is all of that: a model, which may easily become a classic example, of what to put in and what to leave out in the writing of a historical novel. ... I do not believe it is saying too much to suggest that in the person of Mr. Fast we may have the next really important American historical novelist". -- Joseph Henry Jackson, New York Herald Tribune Books "Fast's writing, austere polished and austere poetic, is admirably suited to this epic tale of a desperate effort for dignified survival. ... Fast has gotten to the core of this incident and made it into a rich American novel". -- New York Times Book Review "An amazing restoration and reconstruction.

The characters breathe, the landscape is solid ground and sky, and the story runs flexibly along the zigzag trail of a people driven by a deep instinct to their ancient home. I do not know any other episode in Western history that has been so truly and subtly perpetuated as this one. A great story lost has been found again, and as here told promises to live for generations". -- Carl Van Doren

The Unquiet Frontier - Jakub J. Grygiel
2017-08-15

How America's vulnerable frontier allies—and American power—are being targeted by rival nations From the Baltic to the South China Sea, newly assertive authoritarian states sense an opportunity to resurrect old empires or build new ones at America's expense. Hoping that U.S. decline is real, nations such as Russia, Iran, and China are testing Washington's resolve by targeting vulnerable allies at the frontiers of American power. The Unquiet Frontier explains why the United States needs a new grand strategy that uses strong frontier alliance networks to raise the costs of military aggression in the new century. Jakub Grygiel and Wess Mitchell describe the aggressive methods rival nations are using to test U.S. power in strategically critical regions throughout the world. They show how rising and revisionist powers are putting pressure on our frontier allies—countries like Poland, Israel, and

Taiwan—to gauge our leaders' commitment to upholding the U.S.-led global order. To cope with these dangerous dynamics, nervous U.S. allies are diversifying their national-security "menu cards" by beefing up their militaries or even aligning with their aggressors. Grygiel and Mitchell reveal how numerous would-be great powers use an arsenal of asymmetric techniques to probe and sift American strength across several regions simultaneously, and how rivals and allies alike are learning from America's management of increasingly interlinked global crises to hone effective strategies of their own. The Unquiet Frontier demonstrates why the United States must strengthen the international order that has provided greater benefits to the world than any in history.

Town Building on the Colorado Frontier - Kathleen Underwood 1987

The American Frontier - William C. Davis 1999

The author of "The Fighting Men of the Civil War" now masterfully chronicles the grand history of the territory beyond the Mississippi, with particular attention to exploration, expansion, conflict, and settlement.

The Grand Strategy of the Habsburg Empire - A. Wess Mitchell 2019-10

The Habsburg Empire's grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power. Flanked on four sides by rivals, it possessed few of the advantages that explain successful empires. Yet somehow Austria endured, outlasting Ottoman sieges, Frederick the Great, and Napoleon. A. Wess Mitchell tells the story of how this cash-strapped, polyglot empire survived for centuries in Europe's most dangerous neighborhood without succumbing to the pressures of multisided warfare. He shows how the Habsburgs played the long game in geopolitics, corralling friend and foe alike into voluntarily managing the empire's lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe. The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map, stand firm without the advantage of military predominance, and prevail against multiple

rivals.

War and Peace on the Rio Grande Frontier, 1830-1880 - Miguel Ángel González-Quiroga
2022-09-06

Less noted is the region's other everyday reality, one based on coexistence and cooperation among Mexicans, Anglo-Americans, and the Native Americans, African Americans, and Europeans who also inhabited the borderlands. *War and Peace on the Rio Grande Frontier, 1830-1880* is a history of these parallel worlds focusing on a border that gave rise not only to violent conflict but also cooperation and economic and social advancement.

The Texas Frontier and the Butterfield Overland Mail, 1858-1861 - Glen Sample Ely
2016-03-04

This is the story of the antebellum frontier in Texas, from the Red River to El Paso, a raw and primitive country punctuated by chaos, lawlessness, and violence. During this time, the federal government and the State of Texas often worked at cross-purposes, their confused and contradictory policies leaving settlers on their own to deal with vigilantes, lynchings, raiding American Indians, and Anglo-American outlaws. Before the Civil War, the Texas frontier was a sectional transition zone where southern ideology clashed with western perspectives and where diverse cultures with differing worldviews collided. This is also the tale of the Butterfield Overland Mail, which carried passengers and mail west from St. Louis to San Francisco through Texas. While it operated, the transcontinental mail line intersected and influenced much of the region's frontier history. Through meticulous research, including visits to all the sites he describes, Glen Sample Ely uncovers the fascinating story of the Butterfield Overland Mail in Texas. Until the U.S. Army and Butterfield built West Texas's infrastructure, the region's primitive transportation network hampered its development. As Ely shows, the Overland Mail Company and the army jump-started growth, serving together as both the economic engine and the advance agent for European American settlement. Used by soldiers, emigrants, freighters, and stagecoaches, the Overland Mail Road was the nineteenth-century equivalent of the modern interstate highway system, stimulating

passenger traffic, commercial freighting, and business. Although most of the action takes place within the Lone Star State, this is in many respects an American tale. The same concerns that challenged frontier residents confronted citizens across the country. Written in an engaging style that transports readers to the rowdy frontier and the bustle of the overland road, *The Texas Frontier and the Butterfield Overland Mail* offers a rare view of Texas's antebellum past.

War and Peace on the Rio Grande Frontier, 1830-1880 - Miguel Ángel González-Quiroga
2020

"Draws on national archives, letters, consular records, periodicals, and other sources to create a sweeping narrative of the history of the Rio Grande borderlands between 1830-1880 and the complex relations of violent conflict, cooperation, and economic and social advancement"--

Larkspur - Dorothy Garlock 2001-04-12

Miss Kristin Anderson had never left home before, but no one was going to stop her from going to Montana to take possession of Larkspur, the ranch she had inherited. She didn't know she'd have to outsmart gunslingers and a land grabber named Forsythe.

Ben McCulloch and the Frontier Military Tradition - Thomas W. Cutrer 2000-11-09

[A] well-written, comprehensively researched biography.--Publishers Weekly "Will both edify the scholar while captivating and entertaining the general reader. . . . Cutrer's research is impeccable, his prose vigorous, and his life of McCulloch likely to remain the standard for many years.--Civil War "A well-crafted work that makes an important contribution to understanding the frontier military tradition and the early stages of the Civil War in the West.--Civil War History "A penetrating study of a man who was one of the last citizen soldiers to wear a general's stars.--Blue and Gray "A brisk narrative filled with colorful quotations by and about the central figure. . . . Will become the standard biography of Ben McCulloch.--Journal of Southern History "A fast-paced, clearly written narrative that does full justice to its heroically oversized subject.--American Historical Review

Frontier - Can Xue 2017-03-14

Frontier opens with the story of Liujin, a young woman heading out on her own to create her own life in Pebble Town, a somewhat surreal place at the base of Snow Mountain, where wolves roam the streets and certain enlightened individuals can enter a paradisiacal garden. Exploring life in this city through the viewpoint of a dozen different characters, Can Xue's latest novel attempts to unify the grand opposites of life - barbarism and civilization, the spiritual and the material, the mundane and the sublime, beauty and death, Eastern and Western cultures.

Nogales - Jane Eppinga 2002

Nogales inhabits La Frontera, the Arizona-Mexico border country that exists as much as a state of mind as a place. Here among the saguaro under the Sonoran desert sun came conquerors under the flags of Spain, Mexico, the United States, and the Confederate States. From the arrival of Fray Marcos de Niza in the Ambos Nogales territory in 1539 when Nogales was part of New Spain, through the marches of Conquistadores along Spain's El Camino Real or Royal Road, to the exploits of Apache warriors and the Mexican revolutionary Pancho Villa, Nogales has been at the center of life on the frontier. *Nogales: Life and Times on the Frontier* explores the rich history of this area seasoned by cultures from across the border and around the world. Tales of the bustling ranching, railroad, mining, military, and produce industries are brought to life through the eyes of figures like rancher Pete Kitchen and West Point's first African-American graduate Henry Ossian Flipper. These unique stories are highlighted by striking images from vintage postcards, period photographs, detailed maps, and other illustrations that chronicle the journey from lonely Spanish outpost to thriving modern gateway.

Hamblin - Hartt Wixom 1996

Now from the torn pages of Hamblin's own journals and diaries, found in an old, weathered saddle bag, the real story of Jacob Hamblin comes to life. Read about this frontier explorer who spent more time with warring Indians than Daniel Boone or Kit Carson. Come to know the man who at the peril of his own life, when ordered by superiors to kill captive Indians, said: You'll have to shoot me first. Feel the suspense as angry Navajos prepare to burn Jacob Hamblin

at the stake. Colonize the West. Encircle the Grand Canyon. Cross the Colorado River. Explore the unknown with the man who held special powers to resolve the needs of both his people and the Indians. Live the adventure of Jacob Hamblin--a modern look at the frontier life and the legend.

Global West, American Frontier - David M. Wrobel 2013-10-15

This thoughtful examination of a century of travel writing about the American West overturns a variety of popular and academic stereotypes. Looking at both European and American travelers' accounts of the West, from de Tocqueville's *Democracy in America* to William Least Heat-Moon's *Blue Highways*, David Wrobel offers a counter narrative to the nation's romantic entanglement with its western past and suggests the importance of some long-overlooked authors, lively and perceptive witnesses to our history who deserve new attention. Prior to the professionalization of academic disciplines, the reading public gained much of its knowledge about the world from travel writing. Travel writers found a wide and respectful audience for their reports on history, geography, and the natural world, in addition to reporting on aboriginal cultures before the advent of anthropology as a discipline. Although in recent decades western historians have paid little attention to travel writing, Wrobel demonstrates that this genre in fact offers an important and rich understanding of the American West—one that extends and complicates a simple reading of the West that promotes the notions of Manifest Destiny or American exceptionalism. Wrobel finds counterpoints to the mythic West of the nineteenth century in such varied accounts as George Catlin's *Adventures of the Ojibbeway and Ioway Indians in England, France, and Belgium* (1852), Richard Francis Burton's *The City of the Saints* (1861), and Mark Twain's *Following the Equator* (1897), reminders of the messy and contradictory world that people navigated in the past much as they do in the present. His book is a testament to the instructive ways in which the best travel writers have represented the West.

Annual report - 1889

The New Frontier of Network Physiology: From Temporal Dynamics to the Synchronization and Principles of Integration in Networks of Physiological Systems - Plamen Ch. Ivanov
2022-02-17

Frontier Regions in Western Europe -

Malcolm Anderson 2013-07-23

First published in 1983. The problem of defining a frontier region is a leitmotiv of this collection of articles but each perspective requires its own definition. The definition of regions has long been controversial and the attempt to define a sub-set of them - frontier regions - according to precise geographical or socio-economic criteria can be useful only for limited purposes as, for example, in the study of transfrontier labour markets. This text looks at the borders regions in Western Europe, in terms of transfrontier co-operation, geographical definitions, physical planning, economics and political authority.

Vaccines and immunotherapy against fungi: the new frontier - Joshua D. Nosanchuk

Invasive fungal diseases have increased many fold over the past 50 years. Current treatment regimens typically require prolonged administration of antifungal medications that can have significant toxicity. Moreover, our present potent antifungal armamentarium fails to eradicate fungal pathogens from certain compromised hosts. Additionally, invasive fungal diseases continue to have unacceptably high mortality rates. A growing body of work has focused on the utility of vaccines and/or immunotherapy as a powerful tool in combating mycoses, either for the active treatment, as an adjuvant, or in the prevention of specific fungal pathogens. This Research Topic will detail the exciting progress in developing vaccines and immunotherapy for fungi.

Epitranscriptomics: The Novel RNA Frontier - Giovanni Nigita 2019-01-31

Following the formulation of the central dogma of molecular biology and the later discovery of classes of non-coding RNAs, the primary focus of Genetics was essentially on variation of DNA aiming at elucidating biological pathways perturbed in diseases. Recently, extensive attention has shifted towards the study of posttranscriptional RNA modifications occurring in both protein-coding as well as non-coding

RNAs, revealing a novel and finer layer of complexity in gene regulation. This, in turn, has led to the birth of the novel field of 'Epitranscriptomics'. The recent increase of applications of high-throughput sequencing technology (HTS) has allowed the unprecedented opportunity to identify on a transcriptome-wide scale, millions of RNA modifications in human genes, counting today more than 140 distinct types such as: methylation (e.g. m6A, m1A, m5C, hm5C, 2'OMe) methylation (e.g. m6A, m1A, m5C, hm5C, 2'OMe), pseudourylation (?), deamination (e.g. A-to-I RNA editing). The scope of this Research Topic was to collect both reviews and research articles addressing the wet lab approaches and bioinformatics methodologies necessary to aid in the identification of novel RNA modifications and characterization of their biological functions. Among the articles embracing the aim of the Research Topic, we have collected four original research and methods articles, five reviews, and a technology article.

Civil War & Revolution on the Rio Grande Frontier - Jerry D. Thompson 2004

A richly illustrated history, *Civil War and Revolution on the Rio Grande Frontier* contains more than 125 of the best images taken by Louis de Planque and other photographers, the vast majority having never been published. From numerous archives and private collections, these images include everything from the destruction following the killer hurricane of 1867 to gripping views of the heart-wrenching hanging of an American army deserter and three unfortunate followers of Cortina, who happened to get caught on the wrong side of the river. Also included are rare scenes of Brownsville, Matamoros, and vice-ridden Bagdad, as well as Juaristas, Imperialistas, Cortinistas, Confederates, Federals, Unionists, cotton traders, journalists, merchants, socialities, de Planque himself, and more than one bandit. Accompanying these images is a comprehensive narrative that superbly chronicles the historic events that engulfed this raw and vast frontier during this tumultuous era. Representing a significant historical achievement, the book is prodigiously researched and detailed.

Tales of the Frontier - 1971-06-01

"Anyone in search of the spirit of the Old West will find it in this book. In fact, any student in college taking a course in the history of the West or even in a general history of the United States should be required to read Dick's book; and when once the student had sniffed its atmosphere, the required would no longer be necessary."--Georgia Historical Quarterly "An entertaining and comprehensive collection. . . . The reader is sure to put Dick's book down with a fresh realization of the vigor, adventure, humor, tragedy, and endeavor that went into the development of our western country."--Annals of Wyoming "A highly satisfactory and completely disarming approach to the history of the West."--Utah Historical Quarterly "A delightful anthology of western Americana by that great collector of social history, Professor Everett Dick."--Social Education "A great book for those who enjoy the history of how our West was won"--The Western Horseman

The Frontier Boys in the Grand Canyon; Or, A Search for Treasure - Wyn Roosevelt
2022-07-10

This book has been considered important throughout the human history, and so that this work is never forgotten we have made efforts in its preservation by republishing this book in a modern format for present and future generations. This whole book has been reformatted, retyped and designed. These books are not made of scanned copies and hence the text is clear and readable.

Americana - Hampton Sides 2007-12-18
Harley-Davidson bikers . . . Grand Canyon river rats. . . Mormon archaeologists . . . Spelling bee prodigies . . . For more than fifteen years, best-selling author and historian Hampton Sides has traveled widely across the continent exploring the America that lurks just behind the scrim of our mainstream culture. Reporting for Outside, The New Yorker, and NPR, among other national media, the award-winning journalist has established a reputation not only as a wry observer of the contemporary American scene but also as one of our more inventive and versatile practitioners of narrative non-fiction. In these two dozen pieces, collected here for the first time, Sides gives us a fresh, alluring, and at times startling America brimming with fascinating subcultures and bizarre characters

who could live nowhere else. Following Sides, we crash the redwood retreat of an apparent cabal of fabulously powerful military-industrialists, drop in on the Indy 500 of bass fishing, and join a giant techno-rave at the lip of the Grand Canyon. We meet a diverse gallery of American visionaries— from the impossibly perky founder of Tupperware to Indian radical Russell Means to skateboarding legend Tony Hawk. We retrace the route of the historic Bataan Death March with veterans from Sides' acclaimed WWII epic, Ghost Soldiers. Sides also examines the nation that has emerged from the ashes of September 11, recounting the harrowing journeys of three World Trade Center survivors and deciding at the last possible minute not to "embed" on the Iraqi front-lines with the U.S. Marines. Americana gives us a sparkling mosaic of our country, in all its wild and poignant charm.

Heroes of the Frontier - Dave Eggers
2016-07-26

A captivating, often hilarious novel of family, loss, wilderness, and the curse of a violent America, Dave Eggers's *Heroes of the Frontier* is a powerful examination of our contemporary life and a rousing story of adventure. Josie and her children's father have split up, she's been sued by a former patient and lost her dental practice, and she's grieving the death of a young man senselessly killed. When her ex asks to take the children to meet his new fiancée's family, Josie makes a run for it, figuring Alaska is about as far as she can get without a passport. Josie and her kids, Paul and Ana, rent a rattling old RV named the Chateau, and at first their trip feels like a vacation: They see bears and bison, they eat hot dogs cooked on a bonfire, and they spend nights parked along icy cold rivers in dark forests. But as they drive, pushed north by the ubiquitous wildfires, Josie is chased by enemies both real and imagined, past mistakes pursuing her tiny family, even to the very edge of civilization. A tremendous new novel from the bestselling author of *The Circle*, *Heroes of the Frontier* is the darkly comic story of a mother and her two young children on a journey through an Alaskan wilderness plagued by wildfires and a uniquely American madness.

A Frontier Life - Todd Compton 2013
Todd Compton examines and disentangles many

of the myths and controversies surrounding Hamblin. His Grand Canyon adventures and explorations as a guide alongside John Wesley Powell are well documented, as are his roles as a

missionary, cultural liaison, and negotiator to the Indian tribes of southern Utah and Arizona.
