Crazy - H. R. Stokes, III
2012-07-26
CRAZY A MEMOIR is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years.

He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up attending college in Cholula

where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause.

Rough Notes - Bruce Thomas 2015-07-30

Bruce Thomas is best-known as

the former bass player with Elvis Costello and the Attractions and as the writer of the best-selling biography of Bruce Lee: *Fighting Spirit*. As a session-musician he played on many hit records -- and trained in the martial art of Body, Mind and Spirit kung fu.

Turning This Thing Around - Keith Maginn 2012-12-22

Turning This Thing Around is an inspiring memoir of overcoming personal struggles. This brutally honest, deeply personal account of redemption takes readers on a moving spiritual journey. Confronted with a myriad of obstacles—a debilitating arthritic disease, narcolepsy, anxiety and depression—the author was outwardly happy, but inwardly miserable. Pushed to the lowest point of his life, Maginn shares how he gradually turned things around and used his experiences to grow as a person. Supplemented by heartfelt poetry by the author and with quotes from Gandhi to Dr. Wayne Dyer to Eckhart Tolle, *Turning This Thing Around* has universal themes

that speak to nearly everyone, as we all must face challenges as part of being human. It is a self-help memoir of sorts: the author discusses not only what he overcame, but also how he did so—and how others can, too. Unlike many popular memoirs on the market, this is a story that more people can relate to. Maginn was not raised in an eccentric family (Jeannette Walls in *The Glass Castle*, memoirs by Augusten Burroughs), nor did he travel to Italy, India and Indonesia, as Elizabeth Gilbert did in *Eat, Pray, Love*. Rather, *Turning This Thing Around* is a story of a normal young man's resiliency when battling extraordinary circumstances.

Open Road - TW Neal
2021-03-11

Fans of Cheryl Strayed's *Wild*, Bill Bryson's *A Walk in the Woods*, and Elizabeth Gilbert's *Eat, Pray, Love* will enjoy author Toby Neal's road trip travel memoir of self-discovery as she and her husband journey through the National Parks! I had a dream to live a "normal" life and I attained it; but along the way, I lost myself. My story began in *Freckled: a Memoir of Growing up Wild in Hawaii*, but it continued after I married the man of my dreams, completed my education with multiple degrees, had a successful career, and raised two beautiful children. I sacrificed to get to where I was. Though I didn't regret anything, flat on my back in the doctor's office on the cusp of my fiftieth birthday, my health was crumbling. I no longer recognized myself. I turned my head and saw a calendar on the wall: Bryce Canyon National

Park in Utah beckoned me with its mysterious sandstone hoodoos. A road trip traveling through the National Parks was just what I needed to rediscover the girl I'd been; it could help me turn a corner into my new career as a writer, and my husband would enjoy a chance to photograph the natural wonders we saw.

Sometimes, a twelve-thousand-mile road trip is also a personal quest. An absorbing travel narrative about defining and facing the limitations and opportunities of midlife. An absorbing travel narrative about defining and facing the limitations and opportunities of midlife. —Kirkus Reviews

The Global Road Movie - José Duarte 2018-04-09

The road movie is one of the most tried and true genres, a staple since the earliest days of cinema. This book looks at the road movie from a wider perspective than ever before, exploring the motif of travel not just in American films—where it has been most prominent—but via movies from other nations as well. Gathering contributions from around the world, the book shows how the road movie, altered and refracted in every new international iteration, offers a new way of thinking about the ever-shifting sense of place and space in the globalized world. Through analyses of such films as

Guantanamo (Cuba), Wrong Side of the Road (Australia), Five Golden Flowers (China), Africa United (South Africa), and Sightseers (England), *The Global Road Movie* enables us to think afresh about how today's road movies fit into the history of the genre and what they can tell us about how people move about in the world today.

The Road - Cormac McCarthy

2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are

sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*. [The Man Within My Head](#) - Pico Iyer 2012-01-03 We all carry people inside our heads—actors, leaders, writers, people out of history or fiction, met or unmet, who sometimes seem closer to us than people we know. In *The Man Within My Head*, Pico Iyer sets out to unravel the mysterious closeness he has always felt with the English writer Graham Greene; he examines Greene's obsessions, his elusiveness, his penchant for mystery. Iyer follows Greene's trail from his first novel, *The Man Within*, to such later classics as *The Quiet American* and begins to unpack all he has in common with Greene: an English public school education, a lifelong restlessness and refusal to

make a home anywhere, a fascination with the complications of faith. The deeper Iyer plunges into their haunted kinship, the more he begins to wonder whether the man within his head is not Greene but his own father, or perhaps some more shadowy aspect of himself. Drawing upon experiences across the globe, from Cuba to Bhutan, and moving, as Greene would, from Sri Lanka in war to intimate moments of introspection; trying to make sense of his own past, commuting between the cloisters of a fifteenth-century boarding school and California in the 1960s, one of our most resourceful explorers of crossing cultures gives us his most personal and revelatory book.

Rural Rides - William Cobbett

Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing Rural Rides, in the early 1820s, Cobbett was a

radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions [The Seeds of New Earth \(the Silent Earth, Book 2\)](#) - Mark R. Autumn Light - Pico Iyer

A Complicated Legacy - Robert H. Stucky 2014-05-23

If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing,

his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

We Fought the Road -

Christine McClure 2017-10-15

We Fought the Road is the story of the building of the Alaska-Canada Highway during World War II. More than one third of the 10,607 builders were black; thought to be incapable of performing on a war front by many of their white commanding officers. Their task--which required punching through wilderness on a route blocked by the Rocky Mountains and deadly permafrost during the worst winter on record--has been likened to the building of the Panama Canal. Unlike most accounts that focus on the road's military planners, We

Fought the Road is boots-on-the-ground and often personal, based in part on letters from the "Three Cent Romance," the successful courtship via mail discovered in the authors' family papers

The Open Road - Pico Iyer

2009-08-17

Pico Iyer has been engaged in conversation with the Dalai Lama (a friend of his father's) for the last three decades—a continuing exploration of his message and its effectiveness. Now, in this insightful, impassioned book, Iyer captures the paradoxes of the Dalai Lama's position: though he has brought the ideas of Tibet to world attention, Tibet itself is being remade as a Chinese province; though he was born in one of the most remote, least developed places on earth, he has become a champion of globalism and technology. He is a religious leader who warns against being needlessly distracted by religion; a Tibetan head of state who suggests that exile from Tibet can be an opportunity; an incarnation of a Tibetan god who stresses his everyday humanity. Moving from Dharamsala, India—the seat of the Tibetan government-in-exile—to Lhasa, Tibet, to venues in the West where the Dalai Lama's pragmatism, rigour, and

scholarship are sometimes lost
on an audience yearning for
mystical visions, The Open

Road illuminates the hidden
life, the transforming ideas,
and the daily challenges of a
global icon.
