General Motors, the First 75 Years of Transportation Products - General Motors Corporation 1983

"Beyond the Horizons: The Lockheed Story is the story of those turbulent eighty-two years during which Lockheed achieved fantastic successes and endured occasional failures. Lockheed aircraft set innumerable records and were flown by great pioneering aviators such as Amelia Earhart, Wiley Post, and Howard Hughes. Lockheed engineers achieved fame usually reserved for film stars: Men like the great Kelly Johnson and Ben Rich advanced the world of aviation with their genius, and were honored as legends in their own time. Yet the secret of Lockheed lies in the spirit of family that illuminated the corporation over the years and permitted it to gain great triumphs and survive great tragedies. Over eight decades, Lockheed's unique corporate culture has enabled the company to thrive despite fierce competition. Making the right choices in leadership and technology at the right time contributed to their success, and here is the inside story of the people responsible for transforming Lockheed into the most profitable, prestigious, and influential company in the aerospace industry." --

Think and Grow Rich - Napoleon Hill 2020-10-12

Ever wondered how life would be if we could condition our minds to Think and Grow Rich? Author Napoleon Hill claims to have based this book on twenty years of rigorous research on the lives of those who had amassed great wealth and made a fortune. Observing their habits, their ways of working and the principles they followed, Hill put together laws

and philosophies that can be practiced in everyday life to achieve all-round success. The narrative is rich with stories and anecdotes, which not only inspire, but also show a way forward to take action. After all, riches are not just material, but also pertaining to the mind, body and spirit. Having sold more than fifteen million copies across the world, this book remains the most read self-improvement book of all times!

The White House Conference for a Drug Free America - White House Conference for a Drug Free America 1988

Abstract: This is the final report of the White House Conference for a Drug Free America presented to the President of the United States and members of the 100th Congress. The primary aim of this conference was to gather integrated view points from American citizens on how to solve illegal drug problems in the country. The opinions of the following among others were sought: law enforcement, health care and research professionals; corporate and labor leaders; parents; and educators. The report examines the scope of the drug problem, the evolution of the situation, and offers some solutions. Emphasis is placed on prevention recommendations. Resources on drug issues, recommended reading, and audiovisual materials are included.

Kill the Company - Lisa Bodell 2016-10-21

In the ever-changing world of business, we've arrived at a point where process has trumped culture, where the race toward efficiency has left us unable to reach our potential. Stuck in the land of status quo, we've forgotten how to think. The very structures put in place to help businesses grow are now holding us back;; it's time to Kill the Company. This book is a call to arms: to start a revolution in how we think and work. But instead of more one-size-fits-all change initiatives forced upon employees, we need to embrace small changes that create ripple effects

throughout the organization. Lisa Bodell urges companies to move from "Zombies, Inc." to "Think, Inc." Thinking can no longer be exclusive to the creative team or lead strategists. A culture of curiosity must be fostered among the ranks to shake up our standard practices, from unproductive meetings to go-nowhere strategic planning. This revolution can and will awaken our ability to think, and ultimately, to innovate and grow.

Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Metagaming - Stephanie Boluk 2017-04-04

The greatest trick the videogame industry ever pulled was convincing the world that videogames were games rather than a medium for making metagames. Elegantly defined as “games about games,” metagames implicate a diverse range of practices that stray outside the boundaries and bend the rules: from technical glitches and forbidden strategies to Renaissance painting, algorithmic trading, professional sports, and the War on Terror. In *Metagaming*, Stephanie Boluk and Patrick LeMieux demonstrate how games always extend beyond the screen, and how modders, mappers, streamers, spectators, analysts, and artists are changing the way we play. *Metagaming* uncovers these alternative histories of play by exploring the strange experiences and unexpected effects that emerge in, on, around, and through videogames. Players puzzle through the problems of perspectival rendering in *Portal*, perform clandestine acts of electronic espionage in *EVE Online*, compete and commentate in Korean *StarCraft*, and speedrun *The Legend of Zelda* in record times (with or without the use of vision). Companies like Valve

attempt to capture the metagame through international e-sports and online marketplaces while the corporate history of *Super Mario Bros.* is undermined by the endless levels of *Infinite Mario*, the frustrating pranks of *Asshole Mario*, and even *Super Mario Clouds*, a ROM hack exhibited at the Whitney Museum of American Art. One of the only books to include original software alongside each chapter, *Metagaming* transforms videogames from packaged products into instruments, equipment, tools, and toys for intervening in the sensory and political economies of everyday life. And although videogames conflate the creativity, criticality, and craft of play with the act of consumption, we don't simply play videogames—we make metagames.

American Multinationals and Japan - Mark Mason 2020-03-23

"This pioneering study of United States direct investment in Japan will interest academic specialists, business managers, and government policymakers in America, Japan, and elsewhere. Drawing on rich historical materials from both sides of the Pacific, including corporate records and government documents never before made public, Mason examines the development of both Japanese policy towards foreign investment and the strategic responses of American corporations. This history is related in part through original case studies of Coca-Cola, Dow Chemical, Ford, General Motors, International Business Machines, Motorola, Otis Elevator, Texas Instruments, Western Electric, and Victor Talking Machine. The book seeks to explain why a little foreign direct investment has entered modern Japan. In contrast to the widely held view that emphasizes an alleged lack of effort on the part of foreign corporations, this study finds that Japanese restrictions merit greater attention. Many analysts of the modern Japanese political economy identify the Japanese government as the key actor in initiating such restrictions. Mason finds that the influence of Japanese business has often proved more potent than these analysts suggest. This book offers fresh insights into both the operation of the modern Japanese political economy and of its relations with the world economy."

American Cars, 1946-1959 - J. "Kelly" Flory, Jr. 2009-12-11

From the resumption of automobile production at the close of World War

II through the 1950s, the American auto industry would see the births and deaths of several manufacturers, great technological advances, and an era of dramatic styling as a prospering nation asserted its growing mobility. Cars of this period are among the most iconic vehicles ever built in the United States: the 1949 Ford, the remarkable Studebaker designs of 1950 and 1953, the 1955-1957 Chevrolets, the "Forward Look" Chrysler products, the ill-fated Edsel and many others. This comprehensive reference book details every model from each of the major manufacturers (including independents such as Kaiser-Frazer and Crosley but excluding very low-volume marques such as Tucker) from model years 1946 through 1959. Year by year, it provides an overview of the industry and market, followed by an individual report on each company: its main news for the year (introductions or cancellations of models, new engines and transmissions, advertising themes, sales trends etc.); its production figures and market status; and its powertrain offerings, paint colors and major options. The company's models are then detailed individually with such information as body styles, prices, dimensions and weights, standard equipment and production figures. Nearly 1,000 photographs are included.

A Manual for Cleaning Women - Lucia Berlin 2015-08-18

"I have always had faith that the best writers will rise to the top, like cream, sooner or later, and will become exactly as well-known as they should be-their work talked about, quoted, taught, performed, filmed, set to music, anthologized. Perhaps, with the present collection, Lucia Berlin will begin to gain the attention she deserves." -Lydia Davis A MANUAL FOR CLEANING WOMEN compiles the best work of the legendary short-story writer Lucia Berlin. With the grit of Raymond Carver, the humor of Grace Paley, and a blend of wit and melancholy all her own, Berlin crafts miracles from the everyday, uncovering moments of grace in the Laundromats and halfway houses of the American Southwest, in the homes of the Bay Area upper class, among switchboard operators and struggling mothers, hitchhikers and bad Christians. Readers will revel in this remarkable collection from a master of the form and wonder how they'd ever overlooked her in the first place.

What Every Woman Wants in a Man/What Every Man Wants in a Woman
- John Hagee 2015-02-03

Opposites Attract...and can thrive in a marriage built on God. The book starts with the results of a survey detailing the ten most important qualities that each man or woman wants in a spouse, then teaches us how we can be the person who breeds that quality in our husband or wife. Throughout the book the authors use their own personalities and

experience with marriage to demonstrate how to do marriage right.

Global Business Management - Abel Adekola 2016-04-22

This book interweaves the concepts of the guidance on globalization, international management, and the intricacies of international business that many books on the market treat independently. It clarifies and explains culture, cultural misunderstandings, and cross-cultural interactions. Adekola and Sergi's text is unique in that it offers both the management perspective and the cultural perspective. It is for managers seeking to thrive in the global economy. This book focuses on managing global organizations, providing a basis for understanding the influence of culture on international management, and the key roles that international managers play. It clearly shows how to develop the cross-cultural expertise essential to succeed in a world of rapid and profound economic, political and cultural changes.

Using the Phone Book - Patricia Parrott Gundlach 1980

Always in God's Hands - Owen Strachan 2018-11-20

This year, get to know the true Jonathan Edwards—and see the hand of God in your own life like never before. Jonathan Edwards is one of the most respected early American theologians. In *Always in God's Hands*, Owen Strachan recovers the real Jonathan Edwards—the thinker, the compassionate father, the courageous reformer—as opposed to the caricature of him that is often presented. Edwards believed God was ever-present in each of our lives, caring and encouraging us in every moment. In a moving letter to his daughter, he reminds her of that comforting truth by describing her as “always in God's hands.” Through daily quotes from Edwards's letters and sermons, this inspirational devotional reveals the soaring theology and comforting spirituality of one of history's most faithful and gifted pastors. With each meditation, compiler Owen Strachan offers refreshing and relevant insights, encouraging you in your walk with God.

Labour, Mobility and Informal Practices in Russia, Central Asia and Eastern Europe - Rano Turaeva 2021-05-27

This book explores the daily survival strategies of people within the

context of failed states, flourishing informal economies, legal uncertainty, increased mobility, and globalization, where many people, who are forced by the circumstances to be innovative and transnational, have found their niches outside formal processes and structures. The book provides a thorough theoretical introduction to the link between labour mobility and informality and comprises convincing case studies from a wide range of post-socialist countries. Overall, it highlights the importance of trust, transnational networks, and digital technologies in settings where the rules governing economic and social activities of mobile workers are often unclear and flexible.

The Feast of the Goat - Mario Vargas Llosa 2011-03-04

Haunted all her life by feelings of terror and emptiness, forty-nine-year-old Urania Cabral returns to her native Dominican Republic - and finds herself reliving the events of 1961, when the capital was still called Trujillo City and one old man terrorized a nation of three million. Rafael Trujillo, the depraved ailing dictator whom Dominicans call the Goat, controls his inner circle with a combination of violence and blackmail. In Trujillo's gaudy palace, treachery and cowardice have become a way of life. But Trujillo's grasp is slipping. There is a conspiracy against him, and a Machiavellian revolution already underway that will have bloody consequences of its own. In this 'masterpiece of Latin American and world literature, and one of the finest political novels ever written' (Bookforum), Mario Vargas Llosa recounts the end of a regime and the birth of a terrible democracy, giving voice to the historical Trujillo and the victims, both innocent and complicit, drawn into his deadly orbit.

Global Production - Eberhard Abele 2008-01-26

Global production and purchasing operations create a platform for entry into new markets. However, it takes considerable effort to plan and implement a sustainable globalization strategy; this book will help in that task. The wealth of experience and analysis featured in this book is the result of an extensive survey among leading manufacturing companies as well as countless discussions with executives who have personally wrestled with the issues of "going global." The book treats the whole range of management challenges. In breadth and depth, the insights it

offers surpass what a manager or most individual companies could acquire on their own.

'Salem's Lot - Stephen King 2008-05-06

#1 BESTSELLER • Ben Mears has returned to Jerusalem's Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work. In fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.

Cannonball! - Brock Yates 2003-10-12

This first book of its kind tells the behind-the-scenes story of the incredibly illegal Cannonball rally. This best seller is now available in paperback! In the early 1970s, Brock Yates, senior editor of Car and Driver Magazine, created the now infamous Cannonball Sea-to-Shining-Sea Memorial Trophy Dash; a flat out, no-holds-barred race from New York City to Redondo Beach, California. Setting out to prove that well trained drivers could safely navigate the American highways at speeds in excess of the posted limits, Mr. Yates created a spectacle reminiscent of the glory days of the barnstorming pilots. Filled with fascinating unpublished stories, nostalgic and modern-day photographs, inside information and hilarious stories from this outrageous and incredibly immoral rally. Brock is one of the best-known, most respected automotive journalists in the world today.

Consumer Behavior - Solomon 1973

Glory Days - Jim Wangers 1998

"Any car maker's greatest asset is their perceived image in the marketplace." Wangers knows what he is talking about, for he was part of the most successful brand marketing campaign to ever come out of Detroit. At a time when such automotive legends as "Bunkie" Knudsen, Pete Estes, and John DeLorean held sway in the Motor City, Jim Wangers created and defined the American musclecar image, devising savvy brand marketing strategies to promote the car that started it all and became a cultural icon: the Pontiac GTO.

The Stigma of Addiction - Jonathan D. Avery 2019-01-09

This book explores the stigma of addiction and discusses ways to improve negative attitudes for better health outcomes. Written by experts in the field of addiction, the text takes a reader-friendly approach to the essentials of addiction stigma across settings and demographics. The authors reveal the challenges patients face in the spaces that should be the safest, including the home, the workplace, the justice system, and even the clinical community. The text aims to deliver tools to professionals who work with individuals with substance use disorders and lay persons seeking to combat stigma and promote recovery. The Stigma of Addiction is an excellent resource for psychiatrists, addiction medicine specialists, students across specialties, researchers, public health officials, and individuals with substance use disorders and their families.

Snow Crash - Neal Stephenson 2003-08-26

The "brilliantly realized" (The New York Times Book Review)

breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don't dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He'll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.

Auto Repair For Dummies - Deanna Sclar 2019-01-07

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously

published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
