Inventing the Future - Nick Srnicek 2015-11-17  
A major new manifesto for the end of capitalism. Neoliberalism isn't working. Austerity is forcing millions into poverty and many more into precarious work, while the left remains trapped in stagnant political practices that offer no respite. Inventing the Future is a bold new manifesto for life after capitalism. Against the confused understanding of our high-tech world by both the right and the left, this book claims that the emancipatory and future-oriented possibilities of our society can be reclaimed. Instead of running from a complex future, Nick Srnicek and Alex Williams demand a postcapitalist economy capable of advancing standards, liberating humanity from work and developing technologies that expand our freedoms. This new edition includes a new chapter where they respond to their various critics.

**Marsilius of Padua: The Defender of the Peace** - Marsilius of Padua 2005-11-24

The Defender of the Peace of Marsilius of Padua is a massively influential text in the history of western political thought. Marsilius offers a detailed analysis and explanation of human political communities, before going on to attack what he sees as the obstacles to peaceful human coexistence - principally the contemporary papacy. Annabel Brett's authoritative rendition of the Defensor Pacis was the first new translation in English for fifty years, and a major contribution to the series of Cambridge Texts: all of the usual series features are provided,

included chronology, notes for further reading, and up-to-date annotation aimed at the student reader encountering this classic of medieval thought for the first time. This edition of *The Defender of the Peace* is a scholarly and a pedagogic event of great importance, of interest to historians, political theorists, theologians and philosophers at all levels from second-year undergraduate upwards.

**Quando si puntarono i riflettori su Aldo Moro. Aldo Moro e il cinema.** - Rosaria Di

Girolamo 2020-05-14

La nuova edizione di 'Quando si puntarono i riflettori su Aldo Moro. Aldo Moro e il cinema' già edito da il mio libro nel duemilaventi in versione cartacea nasce per il contributo apportato dall'on. Gero Grassi che si ringrazia e al quale è stato sottoposto il contenuto del formato cartaceo per una revisione. Gero Grassi ha segnalato gli errori dietrologici con i quali s'intendono le interpretazioni o le ipotesi avanzate da giornalisti o scrittori che hanno nel passato analizzato il caso non documentando scientificamente quanto da loro pubblicato o chi ha semplicemente espresso un'opinione su alcuni momenti della strage compiuta in via Mario Fani e del sequestro, accaduti il sedici marzo del settantotto, e dell'assassinio del presidente democristiano Aldo Moro avvenuto il nove maggio dello stesso anno. Infine va sottolineato come giustamente spesso Gero Grassi ha dichiarato nelle sue interviste è che ciò che ritroviamo nella descrizione dell'intera filmografia che copre un arco di tempo che va dal 1986-2008 è la 'verità dicibile' presentata dal memoriale Morucci - Faranda reso pubblico nel corso dei processi. Rientra in essa il considerare il covo principale delle Br e la 'prigione del popolo' in via Montalcini 8 a Roma dove nel garage si sarebbe anche consumata la condanna del politico alla fine dei cinquantacinque giorni di prigionia. Tuttavia ciò resta un errore storico.

*Europe and Capitalism* - Diego Fusaro

2015-05-31

The current European Union is too often presented as the perfect realisation of a Europe

of the people and freedom. The present essay overturns the common way to understand this reality. A triumph of capitalism, which has now become absolute, the creation of the European Union has in fact proceeded to destabilise the hegemony of the political. It has paved the road to an irresistible cycle of privatisations and cuts to public spending, to forced precarisation of labour and to an ever-more sharp reduction of social rights, inflicting economic violence upon the subaltern and the most economically deprived. For this reason, the only way to re-imagine the future, to vindicate the people and work, and to continue the struggle that was Marx's and Gramsci's, is to move from a radical critique of finance and the Euro.

*The Dentist of Auschwitz* - Benjamin Jacobs  
2001-01-18

" In 1941 Berek Jakubowicz (now Benjamin Jacobs) was deported from his Polish village and remained a prisoner of the Reich until the final days of the war. His possession of a few dental tools and rudimentary skills saved his life. Jacobs helped assemble V1 and V2 rockets in Buchenwald and Dora-Mittelbau; spent a year and a half in Auschwitz, where he was forced to remove gold teeth from corpses; and survived the RAF attack on three ocean liners turned prison camps in the Bay of Lubeck. This is his story.

*Mortal Republic* - Edward J. Watts 2018-11-06

Learn why the Roman Republic collapsed -- and how it could have continued to thrive -- with this insightful history from an award-winning author. In *Mortal Republic*, prize-winning historian Edward J. Watts offers a new history of the fall of the Roman Republic that explains why Rome exchanged freedom for autocracy. For centuries, even as Rome grew into the Mediterranean's premier military and political power, its governing institutions, parliamentary rules, and political customs successfully fostered negotiation and compromise. By the 130s BC, however, Rome's leaders increasingly used these same tools to cynically pursue individual gain and obstruct their opponents. As the center decayed and dysfunction grew, arguments

between politicians gave way to political violence in the streets. The stage was set for destructive civil wars -- and ultimately the imperial reign of Augustus. The death of Rome's Republic was not inevitable. In *Mortal Republic*, Watts shows it died because it was allowed to, from thousands of small wounds inflicted by Romans who assumed that it would last forever.

**The Moro Affair** - Leonardo Sciascia  
2014-01-02

On 16 March 1978, Aldo Moro, former Italian Prime Minister, was ambushed in Rome. Within three minutes the gang killed all five members of his escort and bundled Moro into one of three getaway cars. An hour later the Red Brigades announced that Moro was in their hands; on 18 March they said he would be tried in a 'people's court of justice'. Seven weeks later Moro's body was discovered in the boot of a Renault parked in the crowded centre of Rome. In this book, Leonardo Sciascia, a master of detective fiction, untangles the real-life events of these crucial weeks and provides a unique insight into the dangerous world of Italian politics in the 1970s.

**Three Spanish Golden Age Plays** - Lope De Vega 2014-07-11

Three classic Spanish plays, made famous by Shakespeare and Webster Two of the most famous and successful playwrights of Spain's Golden Age of playwriting were Lope de Vega (1562-1635) and Rojas Zorrilla (1607-48). From their prodigious output, the three plays in this

volume, based on similar sources to Shakespeare's and Webster's versions, provide a fascinating comparison with their Jacobean counterparts. Lope's *The Duchess of Amalfi's Steward*, in contrast to Webster's play, focuses on the nobility of love, with characters who are complex and appealing. His *Romeo-and-Juliet* story, *The Capulets and Montagues*, is a fast-moving mixture of serious and comic, with an ending that will surprise and entertain. Rojas' treatment of Cleopatra, with its rich imagery, emphasises the love theme, held within a knot of jealous relationships. A full introduction by Gwynne Edwards sets the plays in context and provides a thorough study of the individual works.

[Speech Motor Control](#) - Sten E. Grillner

2014-06-20

Wenner-Gren Center International Symposium Series, Volume 36: *Speech Motor Control* covers the papers presented at an interdisciplinary conference on *Speech Motor Control*, held at the Wenner-Gren Center in Stockholm on May 11 to 12, 1981. The book focuses on the methodologies, approaches, processes, and techniques employed in speech motor control. The selection first offers information on the interdisciplinary challenge of speech motor control and analogies between central motor programs for speech and for limb movements. Discussions focus on regulation of cerebral motor cortex output by afferent input, goal-orientation and voluntary movement, interaction of transcortical and segmental reflexes, plasticity of speech gestures, and the task of the speech motor system. The text then takes a look at speech production mechanisms in aphasia and functional landscapes in the cerebral cortex related to speech, as well as motor errors and phonetic transcription studies and correlational analysis of consonant preferences in infants, languages, and aphasic errors. The publication ponders on functional landscapes in the cerebral

cortex related to speech; comment on the partial roles of the cerebral hemispheres for speech; and speech breathing kinematics and mechanism inferences. The text also ponders on the aspects of voice production and motor control, vocal fold kinesiology, and oral mechanoreceptors. The text is a dependable reference for readers interested in speech motor control.

[The Aldo Moro Murder Case](#) - Richard Drake  
1995

Aldo Moro's kidnapping and violent death in 1978 had much the same effect in Italy as the assassination of President John F. Kennedy had in the U.S., with both cases giving rise to endless conspiracy theories. Drake provides a detailed portrait of the tragedy and its aftermath as complex symbols of a turbulent age in Italian history.

**Collected Poems** - Federico García Lorca

2018-08-14

A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist, saw two snowy eagles and a naked girl. The one was the other and the girl was neither. -from "Qasida of the Dark Doves" Federico García Lorca was the most beloved poet of twentieth-century Spain and one of the world's most influential modernist writers. His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss. Perhaps more persistently than any writer of his time, he sought to understand and accommodate the numinous sources of his inspiration. Though he died at age thirty-eight, he left behind a generous body of poetry, drama, musical arrangements, and drawings, which continue to surprise and inspire. Christopher Maurer, a leading García Lorca scholar and editor, has brought together new and substantially revised translations by twelve poets and translators, placed side by side with the Spanish originals. The seminal volume Poet in New York is also included here in its entirety. This is the most comprehensive collection in English of a poet who—as Maurer writes in his illuminating introduction—"spoke unforgettably of all that most interests us: the otherness of nature, the demons of personal identity and artistic creation, sex, childhood, and death."

**A Country Is Not a Company** - Paul Krugman

2009-12-01

Nobel-Prize-winning economist Paul Krugman argues that business leaders need to understand the differences between economic policy on the national and international scale and business strategy on the organizational scale. Economists

deal with the closed system of a national economy, whereas executives live in the open-system world of business. Moreover, economists know that an economy must be run on the basis of general principles, but businesspeople are forever in search of the particular brilliant strategy. Krugman's article serves to elucidate the world of economics for businesspeople who are so close to it and yet are continually frustrated by what they see. Since 1922, Harvard Business Review has been a leading source of breakthrough management ideas-many of which still speak to and influence us today. The Harvard Business Review Classics series now offers readers the opportunity to make these seminal pieces a part of your permanent management library. Each highly readable volume contains a groundbreaking idea that continues to shape best practices and inspire countless managers around the world-and will have a direct impact on you today and for years to come.

**La passeggiata al tramonto** - Pietro Ratto

2020-07-09T00:00:00+02:00

Un'opera in cui, per la prima volta, gli scritti di Kant vengono illustrati parallelamente al racconto delle vicende della sua vita privata, così da rendere più avvincente e coerente l'intero lavoro e da evidenziare lo stretto legame tra il vissuto quotidiano del grande professore di Königsberg e le sue imponenti opere filosofiche.
