[Improper Cross-Stitch](#) - Haley Pierson-Cox 2018-08-07

A fun, witty, nerdy, and irreverent craft book for the modern cross-stitcher. Sometimes it's good to be a little...improper. Profane, funny, and smart, Haley Pierson-Cox's IMPROPER CROSS-STITCH invites the modern crafter to bring personality and humor to their cross stitch projects. From a fully designed "Damn it feels good to be a crafter" to the beautiful Art Deco inspired "fuck," Haley's patterns are fresh, lively and just what the crafter ordered. In this book, she'll introduce readers to the joys of stitching the naughty, the profane, the irreverent, and the just plain awesome. First, she starts with a basic lesson in cross-stitch technique, no previous experience required. Then, once readers know your way around an embroidery hoop and a skein of floss, the book moves on to the designs—35 in total, ranging from hip, to nerdy, to ironically domestic—where Haley encourages crafters to embrace their inner snark with gleeful abandon. Her easy to follow instructions and colorful designs can make a cross stitcher out of anyone. In all her years of crafting, Haley's learned many things, but this simple fact remains one of the most important: There is absolutely nothing in this world quite so satisfying as enshrining something deeply inappropriate within the delicate stitches of a cross-stitch sampler. It's truly one of life's great delights!

[Stitching the World: Embroidered Maps and Women's Geographical Education](#) - Professor Judith A Tyner 2015-04-28

The period from the late eighteenth century until about 1840 coincided with major changes in educational theories and practices, especially for girls, and this book uses needlework maps and globes to chart a broader discussion of women's geographic education. In this light, map samplers and embroidered globes represent a transition in women's education from 'accomplishments' in the eighteenth century to challenging geographic education and conventional map drawing in schools and academies of the second half of the nineteenth century.

*Victorian Alphabets, Monograms, and Names for Needleworkers from Godey's Lady's Book and Peterson's Magazine* - Rita Weiss 1974-06-01

The Victorian woman put initials on nearly every piece of linen and clothing she owned ? everything from handkerchiefs and blouses to tablecloths, napkins, and towels. The modern needleworker may not be quite so avid about initialing everything, but initials and monograms are still attractive and popular ways of decorating common items. This book brings you a large selection of alphabets, initials, monograms, and common names from Godey's Lady's Book and Peterson's Magazine, the most popular American women's magazines of the Victorian era. Each is available in a variety of letter forms, so that you may find the most suitable for your sewing needs: scripts, floral, geometric, Old English, block, ornamental, and many more. Although eminently usable for embroidery, there are also a number of alphabets for crochet and needlepoint. You will find these motifs of the highest quality ? both easy to use and productive of professional-looking results. For traditional embroidery and sewing needs, these alphabets, monograms, and names are ideal but you will also find them applicable to a number of modern uses: for decorating blue jeans and hats, for patches, and even a variety of non-sewing needs.

motifs in a variety of items, including clothing, quilts, and curtains

**The Sampler Motif Book** - Brenda Keyes 1996

A stunning collection of 50 cross-stitch projects, based on the traditional motifs passed on and adapted by centuries of stitches From elaborate works of art created in Elizabethan drawing rooms to simple alphabets stitched by schoolgirls in colonial America, samplers embody a rich history of creative expression. Inspired by examples from around the world, Brenda Keyes has designed 50 projects featuring popular sampler motifs. Motifs ranging from flowers, trees, and shrubs to people, animals, and buildings, are combined with a variety of borders, alphabets, and fillers in a wonderful array of both decorative and useful items. There are bookmarks and key racks, pillowcases and pincushions, as well as pieces suitable for framing and displaying with pride. A simple alphabet sampler provides the ideal introduction to stitching for beginners of any age; the cushion with two traditional symbols of love, the tulip and the carnation, would be welcomed in any home; and the "heart tree" birth sampler, easily personalized with the child's name and birth date, is the perfect gift for a new baby. Throughout the book, the step-by-step instructions are accompanied by computer-generated charts for quick and clear reference. Tips on substituting materials or varying techniques to accommodate different levels of skill, as well as suggestions for expanding the basic designs to produce entirely original projects, make this at once a practical how-to guide and an inspiring, indispensable sourcebook.
