Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Improved Crop Quality by Nutrient Management - Dilek Anaç 2007-11-23

Emphasis in agricultural production has shifted from mere quantity to quality products. Practical experience and scientific investigations have shown that, of the various culture measures, balanced fertilization above all exerts a considerable influence on the quality of agricultural products. Simply adding more of what the crop has already absorbed to capacity is unproductive, expensive, wasteful and damaging to the environment. Therefore, balanced crop nutrition increases crop quality, safeguards natural resources and brings benefit to the farmer. Otherwise rapid population growth and severe urbanization will exhaust our natural resources.

Cartwheel - Jennifer duBois 2013-09-24

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Slate •

Cosmopolitan • Salon • BuzzFeed • BookPage Written with the riveting storytelling of authors like Emma Donoghue, Adam Johnson, Ann Patchett, and Curtis Sittenfeld, *Cartwheel* is a suspenseful and haunting novel of an American foreign exchange student arrested for murder, and a father trying to hold his family together. When Lily Hayes arrives in Buenos Aires for her semester abroad, she is enchanted by everything she encounters: the colorful buildings, the street food, the handsome, elusive man next door. Her studious roommate Katy is a bit of a bore, but Lily didn't come to Argentina to hang out with other Americans. Five weeks later, Katy is found brutally murdered in their shared home, and Lily is the prime suspect. But who is Lily Hayes? It depends on who's asking. As the case takes shape—revealing deceptions, secrets, and suspicious DNA—Lily appears alternately sinister and guileless through the eyes of those around her: the media, her family, the man who loves her and the man who seeks her conviction. With mordant wit and keen emotional insight, *Cartwheel* offers a prismatic investigation of the ways we decide what to see—and to believe—in one another and ourselves. In *Cartwheel*, duBois delivers a novel of propulsive psychological suspense and rare moral nuance. No two readers will agree who Lily is and what happened to her roommate. *Cartwheel* will keep you guessing until the final page, and its questions about how well we really know ourselves will linger well beyond. WINNER OF THE HOUSATONIC BOOK AWARD • Look for special features inside. Join the Random House Reader's Circle for author chats and more. "A smart, literary thriller [for] fans of Gillian Flynn's *Gone Girl*."—The Huffington Post "Psychologically astute . . . DuBois hits [the] larger sadness just right and dispenses with all the salacious details you can readily find elsewhere. . . . The writing in

Cartwheel is a pleasure—electric, fine-tuned, intelligent, conflicted. The novel is engrossing, and its portraiture hits delightfully and necessarily close to home."—The New York Times Book Review (Editor's Choice)

"Marvelous . . . a gripping tale . . . Every sentence crackles with wit and vision. Every page casts a spell."—Maggie Shipstead, author of *Seating Arrangements* "[You'll] break your own record of pages read per minute as you tear through this book."—Marie Claire "A convincing, compelling tale . . . The story plays out in all its well-told complexity."—New York Daily News "[A] gripping, gorgeously written novel . . . The emotional intelligence in *Cartwheel* is so sharp it's almost ruthless—a tabloid tragedy elevated to high art. [Grade:] A—"—Entertainment Weekly "Sure-footed and psychologically calibrated . . . Reviewers of duBois's first novel, *A Partial History of Lost Causes*, called it brainy and beautiful, a verdict that fits this successor. . . . As the pages fly, the reader hardly notices that duBois has stretched the genre of the criminal procedural."—Newsday "The power of *Cartwheel* resides in duBois' talent for understanding how the foreign world can illuminate the most deeply held secrets we keep from others, and ourselves."—Chicago Tribune

Young Neil - Sharry Wilson 2014-10-01

"A supremely compelling chronicle" of Neil Young's early life (Rolling Stone). Covering the years from 1945 to 1966, this book documents the childhood and teenage life of Canadian musician and Rock & Roll Hall of Famer Neil Young. From his birth in Toronto through his school years in Florida, Ontario, and Manitoba, the book examines the development of Young's unique talent against a backdrop of shifting postwar values, a turbulent family history, and a musical revolution in the making—and includes many previously unseen photos and set lists. "Not only takes us on Neil's voyage but also uncovers life in the 40's, 50's, and 60's in Ontario and Manitoba . . . Wonderful." —Bernie Finkelstein, author of *True North: A Life In the Music Business* "Having covered Neil Young for a good portion of his career, I thought I knew everything there was to know about the man and his music. I was wrong. Sharry Wilson's book, marked by enormous depth of study and research, opens windows into Young's early life and creative development I never knew existed."

Clear and Present Danger - Tom Clancy 1990-07-01

Don't Miss the Original Series Tom Clancy's Jack Ryan Starring John Krasinski! In this #1 New York Times bestselling thriller from Tom Clancy, Jack Ryan gets caught in a war between the United States and a Colombian drug cartel and uncovers a shocking conspiracy. When Colombian drug lords assassinate both the U.S. ambassador and the visiting head of the FBI, their actions trigger a covert response from the American government—a response that goes horribly wrong... As the newly named Deputy Director of Intelligence for the CIA, Jack Ryan should be privy to operations like the one in Colombia, but he's been left completely in the dark. With the help of field officer John Clark, Ryan intends to find out what's really going on. But while they expect danger from without, the greatest threat of all may come from within.

Il giorno del falco - Mark Greaney 2012-09-19

Jack Ryan Sr. ha preso la decisione più difficile della sua lunga e brillante carriera: correrà di nuovo per la carica di Presidente degli Stati Uniti, rinunciando al miraggio di un meritato riposo per soccorrere il proprio Paese nella sua ora più buia. Ma la campagna elettorale è persino più feroce del previsto, e il suo avversario si rivela disposto a tutto pur di venire rieletto, anche a montare contro John Clark, da sempre amico fedele di Ryan, l'accusa di essere stato un sicario al servizio dell'aspirante Presidente. Nella bufera mediatica che si scatena, Clark è costretto alla fuga per sottrarsi alla cattura e provare a capire chi si nasconde davvero dietro il complotto. Ma ben altra minaccia incombe sugli Stati Uniti e sul mondo intero: il generale pakistano Riaz Rehan, corrotto e sanguinario, si è alleato con gruppi estremisti islamici per procurarsi testate nucleari e ora si appresta a scatenare una nuova ondata di attacchi contro l'Occidente. Solo gli uomini del Campus, l'agenzia di intelligence fondata dallo stesso Ryan, possono riuscire a fermarlo. E così Ding Chavez, Dominick Caruso e il giovane Jack Ryan Jr. si trovano a unire ancor a una volta le forze e a tentare il tutto per tutto pur di salvare il pianeta dalla catastrofe. Descrizioni realistiche delle più sofisticate strategie militari, pericolosi intrecci tra politica e affari, lo scontro tra le massime potenze mondiali: nel *Giorno del falco* Tom Clancy mescola con sapienza gli ingredienti che hanno fatto di lui un campione indiscusso del thriller, servendo al lettore un cocktail esplosivo.

Scontro frontale - Mark Greaney 2014-01-29

Cinque ex agenti dei servizi di Gheddafi devono essere eliminati per evitare che rivelino informazioni riservate sul conto del defunto dittatore, informazioni che potrebbero risultare imbarazzanti per le democrazie occidentali. Jack Ryan jr, figlio del Presidente degli Stati Uniti, ha già concluso la missione quando scopre di essere stato filmato. Chi lo sta facendo pedinare? Chi vuole ricattarlo? Intanto il clima politico fra Stati Uniti e Cina si fa sempre più teso. C'è chi, sfruttando come pretesto i problemi di confine nel mar della Cina, trama per scatenare uno scontro senza esclusione di colpi. E una serie di attacchi informatici mina la sicurezza dell'America e la sua stabilità anche economica. Fra dirottamenti di droni militari, centrali nucleari in surriscaldamento, mezzi navali e aerei in transito sulle zone calde del pianeta, in una frenetica caccia all'uomo che si dipana tra Washington e Hong Kong, Miami e Canton, Mosca e Istanbul, l'attualità si intreccia con la fantasia per evocare lo spettro di un futuro fin troppo probabile.

Vampire: The Masquerade - Anarch - Modiphius 2019-04

Welcome to a blood thriller on the streets of the modern nights. For centuries the Anarch Movement enjoyed an uneasy truce with the Camarilla, but no longer. Now, the Unbound refuse to bow to the sickening hypocrisy and tyranny of their former allies. Claiming the nighttime streets as their own, the Anarchs seek independence from the despotic Elders, by any means necessary. Only the toughest and smartest of self-made vampires will survive. Featuring all-new essays on nocturnal survival and politics from Juhana Pettersson.

To Feel the Music - Neil Young 2019-09-10

Neil Young took on the music industry so that fans could hear his music—all music—the way it was meant to be heard. Today, most of the music we hear is compressed to a fraction of its original sound, while analog masterpieces are turning to dust in record company vaults. As these recordings disappear, music fans aren't just losing a collection of notes. We're losing spaciousness, breadth of the sound field, and the ability to hear and feel a ping of a triangle or a pluck of a guitar string, each with its own resonance and harmonics that slowly trail off into silence. The result is music that is robbed of its original quality—muddy and flat in sound compared to the rich, warm sound

artists hear in the studio. It doesn't have to be this way, but the record and technology companies have incorrectly assumed that most listeners are satisfied with these low-quality tracks. Neil Young is challenging the assault on audio quality—and working to free music lovers from the flat and lifeless status quo. *To Feel the Music* is the true story of his quest to bring high-quality audio back to music lovers—the most important undertaking of his career. It's an unprecedented look inside the successes and setbacks of creating the Pono player, the fights and negotiations with record companies to preserve masterpieces for the future, and Neil's unrelenting determination to make musical art available to everyone. It's a story that shows how much more there is to music than meets the ear. Neil's efforts to bring quality audio to his fans garnered media attention when his Kickstarter campaign for his Pono player—a revolutionary music player that would combine the highest quality possible with the portability, simplicity and affordability modern listeners crave—became the third-most successful Kickstarter campaign in the website's history. It had raised more than \$6M in pledges in 40 days. Encouraged by the enthusiastic response, Neil still had a long road ahead, and his Pono music player would not have the commercial success he'd imagined. But he remained committed to his mission, and faced with the rise of streaming services that used even lower quality audio, he was determined to rise to the challenge. An eye-opening read for all fans of Neil Young and all fans of great music, as well as readers interested in going behind the scenes of product creation, *To Feel the Music* has an inspiring story at its heart: One determined artist with a groundbreaking vision and the absolute refusal to give up, despite setbacks, naysayers, and skeptics.

WHO Framework Convention on Tobacco Control - World Health Organization 2011

This book contains the guidelines adopted by the Conference of the Parties at its second (2007), third (2008) and fourth (2010) sessions. These seven guidelines cover a wide range of provisions of the WHO Framework Convention on Tobacco Control, such as: the protection of public health policies with respect to tobacco control from commercial and other vested interests of the tobacco industry; protection from exposure to tobacco smoke; packaging and labelling of tobacco products; and tobacco advertising, promotion and sponsorship; and demand

reduction measures concerning tobacco dependence and cessation. These guidelines are intended to help Parties to meet their obligations under the respective provisions of the Convention. They reflect the consolidated views of Parties on different aspects of implementation, their experiences and achievements, and the challenges faced. The guidelines also aim to reflect and promote best practices and standards that governments would benefit from in the treaty-implementation process.

Tom Clancy's The Division - Alex Irvine 2019-03-26

Immerse yourself into the fractured vision of the post-pandemic world from Tom Clancy's *The Division*® 2 through this new story. Months after the outbreak of a devastating global pandemic that started in New York City on Black Friday, traces of rebirth are spreading across the United States. Spring has come to the nation, and with it a glimmer of hope as civilians band together in settlements, trying to carve out a better life. Amidst a ruined government, a shattered infrastructure, and an eroding civilization, *The Division* - an autonomous unit of sleeper agents activated when all else fails - is all that protects the people from predators who would harm them, scavengers who would take from them, and oppressors who would exploit them. Aurelio Diaz is one of those agents. A man of great honor, he is on the hunt for one of his colleagues who inexplicably abandoned his duty and caused the death of multiple civilians. This trail leads him to April Kelleher, a resourceful civilian who traveled out of New York into a troubled American Midwest. There, she hopes to understand why her husband was murdered and if an antiviral to the deadly disease exists. Together, Agent Diaz and April soon uncover an imminent threat to the future of the country. They must act to preserve civilization's last hope to stop a new virus and save itself from a final collapse.

The Story of Ace, the Dog that Comes from Space - Anna Annina Lorenzi 2021-11-07

"Dedicated to those who, in spite of everything, don't want to lose their smiles." -A19 What happens when an author, such as Anna "Annina" Lorenzi, of stories, novels, and poetry decides to write a book illustrated ironically, and she encounters "the pencil" of a famous cartoonist, such as Lele Corvi? Well, what a question, Ace is born! The story of Ace was written with a smile to make readers smile, but also to reflect. It's a book for everyone. If a range of ages had to be specified, it would surely be "from 0 to 100." Ace is determined, with his principles, his ideas, and his convictions, but he also is one who knows how to be ironic and to "play" with his weaknesses, his uncertainties, and delusions, reflecting on himself and on the world in which he was "catapulted" when born. (And he also really loves his friends, cuddles, and dog biscuits!) Ace will know how to make himself loved, immediately, because - as Lele Corvi writes in his preface - "...even though he comes from another planet and is a dog, he is one of us. Ace is EVERYONE of us." Let yourself be won over by this little dog! Enjoy! - Anna "Annina" Lorenzi - Born the 26th of October, 1981. She went to two years of classical studies high school, followed by four years of artistic studies high school, without being able to resist dedicating herself to her passions: writing, music, photography, her beloved dogs, engines, travelling and nature. Talking about work, she really does "a little bit of everything," so much so that, together with some friends, she founded a company in Texas that deals with classic cars. Participating in writing contests and working with some Italian magazines, she has published various short stories and articles. Currently, she shares her creative writing on her personal site (annina19.com). She also promotes her previous literary publications, internationally. - Lele Corvi - Currently a cartoonist for the Italian newspapers *Il Manifesto*, *Eco di Bergamo* and *Il Cittadino*, he also draws cartoons a web portal dedicated to cinema, and for a website and magazine about catering. He is also the author of comic strips appearing in various editions of the day planner *Comix*, and for a few years in *Focus Junior*. Recently, he realized the drawings for the graphic novel *Vita eccessiva* di John Belushi (2019). Gabriele is also the author of various collections of cartoons, cartoon strips, and of children's books. He has collaborated with *Corriere della Sera*, *Gazzetta dello Sport*, *Avvenire*, *Banca Intesa*, *Amsa Milano*, *Yamaha*, *Procter&Gamble*, *Citroen*, *3BMeteo*, *Edicola Fiore* and others. He has also created covers, comics and book illustrations for various publishing houses. In addition, Gabriele has had personal exhibits, and his works have also been present in many collective exhibits. He has also won some national and international prizes dedicated to satire and comic strips. - Translator - Starleen K. Meyer has been translating from Italian into English for years: academic

works in the broad humanities field, such as on architectural or music history, but also literary works. She has her B.A. in art, her M.A. and Ph.D. in art history, and has also published contributions in scholarly books and journals. Halo: Broken Circle - John Shirley 2014-11-04

The New York Times bestselling series based on the blockbuster Xbox® games! Centuries before the Human-Covenant War would rage across the galaxy, a similar conflict erupted between the Prophets and the Elites—two alien races at odds over the sacred artifacts left by the powerful Forerunners, who disappeared eons ago. Although they would eventually form a stable alliance called the Covenant, there are those on both sides who question this fateful union. From an Elite splinter group rebelling against the Covenant during the time of its founding...to a brave Prophet caught in the machinations of the new leadership...to the root of the betrayal that would ultimately shatter the Covenant many years later, this is the untold chapter of the most unexpected heroes emerging from a realm filled with shocking treachery and ceaseless wonder. Pediatric Pain Management - Lynnda M. Dahlquist 2012-12-06

Pain is a complex, multidimensional phenomenon, with physiological, behavioral, emotional, cognitive, and developmental aspects (Zeltzer, Barr, McGrath, & Schechter, 1992). To effectively evaluate and manage pain in children, the clinician must be able to assess the unique ways these complex dimensions interact for the individual child and integrate these dimensions into a treatment plan. This can be a daunting task. The purpose of this book is to provide a framework for conceptualizing pain problems in children that can guide the practitioner in developing an evaluation and treatment plan that is optimal for the individual child. This book is not intended to be a comprehensive, exhaustive review of the literature on pain management in children. There are several excellent books of this nature (e.g., Bush & Harkins, 1991; McGrath, 1990; Ross & Ross, 1988). Instead, this book is an attempt to outline an hypothesis testing process of case conceptualizing and treatment planning that can help structure the task of sorting through the complex interrelationships that determine children's pain.

Textbook of Patient Safety and Clinical Risk Management - Liam Donaldson 2020-12-14

Implementing safety practices in healthcare saves lives and improves the quality of care: it is therefore vital to apply good clinical practices, such as the WHO surgical checklist, to adopt the most appropriate measures for the prevention of assistance-related risks, and to identify the potential ones using tools such as reporting & learning systems. The culture of safety in the care environment and of human factors influencing it should be developed from the beginning of medical studies and in the first years of professional practice, in order to have the maximum impact on clinicians' and nurses' behavior. Medical errors tend to vary with the level of proficiency and experience, and this must be taken into account in adverse events prevention. Human factors assume a decisive importance in resilient organizations, and an understanding of risk control and containment is fundamental for all medical and surgical specialties. This open access book offers recommendations and examples of how to improve patient safety by changing practices, introducing organizational and technological innovations, and creating effective, patient-centered, timely, efficient, and equitable care systems, in order to spread the quality and patient safety culture among the new generation of healthcare professionals, and is intended for residents and young professionals in different clinical specialties.
