[O Uso do Blog pelo Gestor Escolar: Primeira Experiência Documentada do Brasil](#) - Maurícia Simões dos Santos Palácio 2020-04-02

O livro O uso do blog pelo gestor escolar - Primeira experiência documentada do Brasil contempla a experiência de um gestor escolar de uma escola pública da Rede Municipal de Ensino de uma cidade do interior do Estado de São Paulo, que, no uso de um blog, encontrou uma ferramenta de acesso à realidade escolar e que lhe serviu como ponto de reflexão. Foram analisados os textos publicados durante o período de 21 de outubro de 2004 a 01 de dezembro de 2010. Este livro tem como objetivo geral analisar se o uso do blog pode ser espaço de informação e gestão de caráter institucional e pedagógico-administrativo, podendo, desse modo, desencadear a participação do coletivo escolar dentro da visão de gestão democrática. Este livro se propõe a desvendar alguns recursos que venham a contribuir, de alguma forma, com o papel do gestor escolar em relação à Tecnologias Digitais de Informação e Comunicação (TDIC), em especial ao uso do blog, e o estabelecimento de um processo integrador e interacionista com a comunidade escolar. Passados bem mais do que 10 anos da primeira postagem, este tema ainda é atual e traz em si os caminhos traçados no início das redes sociais e seu uso na educação.

Women vs. Capitalism - Vicky Pryce 2019-12-01

The free market as we know it cannot produce gender equality. This is the bold but authoritative argument of Vicky Pryce, the government's former economics chief. Women vs Capitalism is a fresh and timely reminder that, although the #MeToo movement has been hugely important, empowerment of the mind will not achieve full power for women while there remains economic inequality. Pryce urgently calls for feminists to focus attention on this pressing issue: the pay gap, the glass ceiling, and the obstacles to women working at all. Only with government intervention in the labor market will these long-standing problems finally be conquered. From the gendered threat of robot labor to the lack of women in economics itself, this is a sharp look at an uncomfortable truth: we will not achieve equality for women in our society without radical changes to Western capitalism.

One Vote, Two Votes, I Vote, You Vote - Bonnie Worth 2019-08-06

The Cat in the Hat looks at how, why, and who we vote for in a rhyming, nonfiction book that's perfect for Election Day, President's Day, and year-round reading—now with 16 bonus-pages of kid-friendly voting activities! Written in simple rhyme, this Cat in the Hat's Learning Library Book introduces early readers to the concept and practice of voting—with a focus on the American Presidency! Revised to include 16 pages of activities showing kids how to hold their own elections, it's an ideal choice for reading and talking about voting—whether for classroom pet or leader of the free world! Readers will learn the basic principles of democracy; how political parties are made; why Election Day is held in early November; and much more. Fans of the hit PBS show *The Cat in the Hat Knows a Lot About That!* will be delighted to see the Cat knows as much about history and civic responsibility as he does about science!

Pueblo Style and Regional Architecture - Nicholas C. Markovich 2015-06-03

Few architectural styles evoke so strong a sense of place as Pueblo architecture. This book brings together experts from architecture and art, archaeology and anthropology, philosophy and history, considering Pueblo style not simply architecturally, but within its cultural, religious, economic, and climate contexts as

well. The product of successive layers of Pueblo Indian, Spanish, and Anglo influences, contemporary Pueblo style is above all seen as a harmonious response to the magnificent landscape from which it emerged. *Pueblo Style and Regional Architecture*, first published in 1990, is a unique and thorough study of this enduring regional style, a sourcebook that will inform and inspire architects and designers, as well as fascinate those interested in the anthropology, culture, art, and history of the American Southwest.

Waste of a Nation - Assa Doron 2018-03-26

In India, you can still find the kabaadiwala, the rag-and-bone man. He wanders from house to house buying old newspapers, broken utensils, plastic bottles—anything for which he can get a little cash. This custom persists and recreates itself alongside the new economies and ecologies of consumer capitalism. *Waste of a Nation* offers an anthropological and historical account of India's complex relationship with garbage. Countries around the world struggle to achieve sustainable futures. Assa Doron and Robin Jeffrey argue that in India the removal of waste and efforts to reuse it also lay waste to the lives of human beings. At the bottom of the pyramid, people who work with waste are injured and stigmatized as they deal with sewage, toxic chemicals, and rotting garbage. Terrifying events, such as atmospheric pollution and childhood stunting, that touch even the wealthy and powerful may lead to substantial changes in practices and attitudes toward sanitation. And innovative technology along with more effective local government may bring about limited improvements. But if a clean new India is to emerge as a model for other parts of the world, a "binding morality" that reaches beyond the current environmental crisis will be required. Empathy for marginalized underclasses—Dalits, poor Muslims, landless migrants—who live, almost invisibly, amid waste produced predominantly for the comfort of the better-off will be the critical element in India's relationship with waste. Solutions will arise at the intersection of the traditional and the cutting edge, policy and practice, science and spirituality.

Otherworld - Jason Segel 2018-10-02

"Full of high stakes, thrillers, and fantastic twists and turns, fans of *Ready Player One* are sure to love this addictive read." —BuzzFeed "A potent commentary on how much we're willing to give up to the lure of technology." —EW "A fantastic journey from start to finish." —Hypable New York Times bestselling authors Jason Segel and Kirsten Miller imagine a world in which you can leave your body behind and give in to your greatest desires in the first book in a fast-paced trilogy perfect for fans of the hit HBO show *Westworld* and anyone interested in the terrifying possibilities of the future of technology. That's how *Otherworld* traps you. It introduces you to sensations you'd never be able to feel in real life. You discover what's been missing—because it's taboo or illegal or because you lack the guts to do it for real. And when you find out what's missing, it's almost impossible to let it go again. There are no screens. There are no controls. You don't just see and hear it—you taste, smell, and touch it too. In this new reality, there are no laws to break or rules to obey. You can live your best life. Indulge every desire. This is *Otherworld*—a virtual reality game so addictive you'll never want it to end. And Simon has just discovered that for some, it might not. The frightening future that Jason Segel and Kirsten Miller have imagined is not far away. *Otherworld* asks the question we'll all soon be asking: if technology can deliver everything we want, how much are we willing to pay? "An engaging VR cautionary tale." —The A.V. Club "[A] fast-paced adventure." —Publishers Weekly "Authors Jason Segel and Kirsten Miller keep the action nonstop." —Shelf Awareness
