Glamorama - Bret Easton Ellis 2010-06-09

The author of American Psycho and Less Than Zero continues to shock and haunt us with his incisive and brilliant dissection of the modern world. In his most ambitious and gripping book yet, Bret Easton Ellis takes our celebrity obsessed culture and increases the volume exponentially. Set in 90s Manhattan, Victor Ward, a model with perfect abs and all the right friends, is seen and photographed everywhere, even in places he hasn't been and with people he doesn't know. He's living with one beautiful model and having an affair with another on the eve of opening the trendiest nightclub in New York City history. And now it's time to move to the next stage. But the future he gets is not the one he had in mind. With the same deft satire and savage wit he has brought to his other fiction, Bret Ellis gets beyond the facade and introduces us, unsparingly, to what we always feared was behind it. Glamorama shows us a shadowy looking-glass reality, the juncture where fame and fashion and terror and mayhem meet and then begin to resemble the familiar surface of our lives. Look for Bret Easton Ellis's new novel, The Shards, coming in January.

**Less Than Zero** - Bret Easton Ellis 2019-03-07

With an introduction by novelist Ottessa Moshfegh Eighteen-year-old college student Clay is back in his hometown of Los Angeles for Christmas break. Clay is three things: rich, bored and looking to get high. As he reacquaints himself with a familiarly limitless world of privilege, along with his best friend and his ex, his shocking, stunning and disturbing adventure is filled with non-stop drinking in glamorous nightclubs, drug-fuelled parties, and endless sexual encounters. Published in 1985, when Bret Easton Ellis was just twenty-one, Less Than Zero is a fierce coming-of-age story which quickly defined a genre. A cult classic beloved for its dogged portrayal of hedonistic youth and the morally depraved, this extraordinary and instantly famous novel is a landmark in modern fiction: an inventive, precocious and invigorating story of getting what you want when you want it.

**Flatscreen** - Adam Wilson 2012-02-21

"OMFG, I nearly up and died from laughter when I read Flatscreen. This is the novel that every young turk will be reading on their way to a job they hate and are in fact too smart for." —Gary Shteyngart, author of Super Sad True Love Story Indie-lit star and Faster Times editor Adam Wilson delivers the gleefully absurd, effortlessly heartwarming story of one young man's struggle to shake off the listless, sexless, stoned mantle of suburban teenage life and become something better. Fortunately (maybe) for Eli, his apathetic quest finds a catalyzing agent in one Mr. Seymour J. Kahn, a paraplegic sex addict and two-bit silver screen star who initiates a mad decent into debasement and (of course) YouTube stardom—a transformation from which there will be no going back.

Less Than Zero - Bret Easton Ellis 2010-12-10

In 1985, Bret Easton Ellis shocked, stunned and disturbed with his debut novel, Less Than Zero. Published when he was just twenty-one, this extraordinary and instantly infamous work has done more than simply define a genre, it has become a rare thing: a cult classic and a timeless embodiment of the zeitgeist. It continues to be a landmark in the lives of successive generations of readers across the globe. Filled with relentless drinking in seamy bars and glamorous nightclubs, wild, drug-fuelled parties, and dispassionate sexual encounters, Less Than Zero - narrated by Clay, an eighteen-year-old student returning home to Los Angeles for Christmas - is a fierce coming-of-age story, justifiably celebrated for its unflinching depiction of hedonistic youth, its brutal portrayal of the inexorable consequences of such moral depravity, and its author's refusal to condone or chastise such behaviour.

**The Rules of Attraction** - Bret Easton Ellis 1988

Laureen, Paul, and Sean, three wealthy, aimless students involved in a loveless sexual triangle, search for an approximation of love amidst the decadence and boredom of their lives

**Bret Easton Ellis** - G. Colby 2011-08-15

This book reads the whole of Bret Easton Ellis's oeuvre to date from Less Than Zero to Imperial Bedrooms and asks to what extent Ellis's novels can be read as critiquing the cultural moments of which they are a part. Ellis's work can be thought of as an enactment of a process of underwriting contemporary culture, which offers new paths of understanding and ways of critiquing the contemporary author's place in the relations of production.

The Destiny Thief - Richard Russo 2019-01-03

In these nine essays, Richard Russo provides insight into his life as a writer, teacher, friend and reader. From a commencement speech to the story of how an oddly placed toilet made him reevaluate the purpose of humour in art and life, to a comprehensive analysis of Mark Twain's value, to his harrowing journey accompanying a dear friend as she pursued gender-reassignment surgery, The Destiny Thief reflects the broad interests and experiences of one of America's most beloved authors. Warm, funny, wise and poignant, the essays included here traverse Russo's writing life, expanding our understanding of who he is and how his singular, incredibly generous mind works. An utter joy to read, they give deep insight into the creative process from the perspective of one of our greatest writers.

From Rockaway - Jill Eisenstadt 2017-04-11

Timmy and Chowderhead and Peg are lifeguards. They spend summers sitting in those tall chairs, smoking dope and staring at the waves, swatting insects, tormenting seagulls. Winters they work shit jobs like unloading trucks at Mickey's Deli. At night, winter and summer, they drink. Drink and get rowdy. Then there's Alex, the girl who gets away, not only from old boyfriend Timmy but also from "Rotaway"-on scholarship to a rich-kid's college in New England. One midsummer night when the four are reunited, tensions erupt in feats of daring and self-destruction during the wild, cathartic, near-sacred lifeguard ritual known as the Death Keg. Brilliantly capturing the restlessness and casual nihilism of working-class youth with no options, Jill Eisenstadt's acclaimed first novel startles in its power and originality, its depth of feeling, its bright and dark comic turns.

**The Craft of Fiction** - David Letzler 2017-06

What is the strange appeal of big books? The mega-novel, a genre of erudite tomes with encyclopedic scope, has attracted wildly varied responses, from fanatical devotion to trenchant criticism. Looking at intimidating mega-novel masterpieces from The Making of Americans to 2666, David Letzler explores reader responses to all the seemingly random, irrelevant, pointless, and derailing elements that comprise these mega-novels, elements that he labels "cruft" after the computer science term for junk code. In The Craft of Fiction, Letzler suggests that these books are useful tools to help us understand the relationship between reading and attention. While mega-novel text is often intricately meaningful or experimental, sometimes it is just excessive and pointless. On the other hand, mega-novels also contain text that, though appearing to be cruft, turns out to be quite important. Letzler posits that this cruft requires readers to develop a sophisticated method of attentional modulation, allowing one to subtly distinguish between text requiring focused attention and text that must be skimmed or even skipped to avoid processing failures. The Craft of Fiction shows how the attentional maturation prompted by reading mega-novels can help manage the information overload that increasingly characterizes contemporary life.

**Why I Don't Write** - Susan Minot 2020-08-04

A superb collection of short fiction—her first in thirty years and spanning many geographies—from the critically acclaimed author of Monkeys, Evening, and Thirty Girls. A NEW YORK TIMES NOTABLE BOOK. A writer dryly catalogs the myriad reasons she cannot write; an artist

bicycles through a protest encampment in lower Manhattan and ruminates on an elusive lover; an old woman on her deathbed calls out for a man other than her husband; a hapless fifteen-year-old boy finds himself in sexual peril; two young people in the 1990s fall helplessly in love, then bicker just as helplessly, tortured by jealousy and mistrust. In each of these stories Minot explores the difficult geometry of human relations, the lure of love and physical desire, and the lifelong quest for meaning and connection. Her characters are all searching for truth, in feeling and in action, as societal norms are upended and justice and coherence flounder. Urgent and immediate, precisely observed, deeply felt, and gorgeously written, the stories in *Why I Don't Write* showcase an author at the top of her form.

Simulacra and Nothingness in Bret Easton Ellis' "Less Than Zero" - Katharina Wagner 2020-02-05

Seminar paper from the year 2015 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Cologne (Englisches Seminar I), course: American Postmodern Literature, language: English, abstract: With his debut novel *Less Than Zero*, Bret Easton Ellis set a milestone for a generation, who needed a voice. First published in 1985 when he was 21 and still at Bennington College, Ellis is now considered as the 'celebrity author' of the postmodern era, using the minimalist style for which the novel became famous. Writers of postmodern fiction, also called 'Blank Fiction', elegantly use a minimalist plot with flat characters in a simple style and as validated member of the 'Brat Pack', Ellis combines urban life, violence, drugs and consumerism. In the novel we follow Clay, the 18-year-old protagonist and student at Camden College in New Hampshire, coming back to Los Angeles for Christmas break. Experiencing several parties, concerts, affairs and drugs with his old friends, Clay explores the apathy, boredom and alienation from his old life. Although criticized for Ellis's straight nihilism, integrating his own celebrity persona into his art and creating a universe of immature characters who seem to grow older but without any growing effect, it is questionable, if *Less Than Zero* is only just that - a world inhabited by rich and shallow characters without any purpose. With the help of Jean Baudrillard's simulation theory and Sartre's theory of Being and Nothingness, which will be introduced before analyzing the novel, this paper will address Clays world of simulacra and Nothingness and argue for this being the purpose of the novel; creating a meaningless world. Through conversations and media, a Clay becomes visible, who seeks for more beyond the surface and shallowness and although the novel does not seem to follow a red thread, it suggests that Ellis as an author of 'blank fiction' is well aware of what he is doing with *Less Than Zero*. How can a novel be a how-to-torture, but also a book of serious ambition? (Baelo-Allué 2011) This paper will show that an 'in-between' is possible; an 'in-between' between "pornographic gore" and "serious postmodern literature" - and maybe the two phrases do not contradict each other so much as assumed.

**The Sun Collective** - Charles Baxter 2021-10-05

A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A timely and unsettling novel about the people drawn to—and unmoored by—a local activist group more dangerous than it appears. From the winner of the PEN/Malamud Award and “one of our most gifted writers” (Chicago Tribune). Once a promising actor, Tim Brettigan has gone missing. His father thinks he may have seen him among some homeless people. And though she knows he left on purpose, his mother has been searching for him all over their home city of Minneapolis. She checks the usual places— churches, storefronts, benches—and stumbles upon a local community group with lofty goals and an enigmatic leader. Christina, a young woman rapidly becoming addicted to a boutique drug that gives her a feeling of blessedness, is inexplicably drawn to the same collective by a man who's convinced he may start a revolution. A vision of modern American society and the specters of the consumerism, fanaticism, and fear that haunt it, *The Sun Collective* captures both the mystery and the violence that punctuate our daily lives.

**Slow Learner** - Thomas Pynchon 2012-06-13

Compiling five short stories originally written between 1959 and 1964, *Slow Learner* showcases Thomas Pynchon's writing before the publication of his first novel *V*. The Informers - Bret Easton Ellis 2010-06-09

The basis of the major motion picture starring Billy Bob Thornton, Kim Basinger and Mickey Rourke, *The Informers* is a seductive and chillingly nihilistic novel, in which Bret Easton Ellis, returns to Los Angeles, the city whose moral badlands he portrayed so unforgettably in

*Less Than Zero*. This time is the early eighties. The characters go to the same schools and eat at the same restaurants. Their voices enfold us as seamlessly as those of DJs heard over a car radio. They have sex with the same boys and girls and buy from the same dealers. In short, they are connected in the only way people can be in that city. Dirk sees his best friend killed in a desert car wreck, then rifles through his pockets for a last joint before the ambulance comes. Cheryl, a wannabe newscaster, chides her future stepdaughter, “You're tan but you don't look happy.” Jamie is a clubland carnivore with a taste for human blood. As rendered by Ellis, their interactions compose a chilling, fascinating, and outrageous descent into the abyss beneath L.A.'s gorgeous surfaces. Look for Bret Easton Ellis's new novel, *The Shards*, coming in January.

**Look at Me** - Jennifer Egan 2009-12-23

A National Book Award Finalist In this ambitiously multilayered novel from the acclaimed and award-winning writer Jennifer Egan, a fashion model named Charlotte Swenson emerges from a car accident in her Illinois hometown with her face so badly shattered that it takes eighty titanium screws to reassemble it. She returns to New York still beautiful but oddly unrecognizable, a virtual stranger in the world she once effortlessly occupied. With the surreal authority of a David Lynch, Jennifer Egan threads Charlotte's narrative with those of other casualties of our infatuation with the image. There's a deceptively plain teenaged girl embarking on a dangerous secret life, an alcoholic private eye, and an enigmatic stranger who changes names and accents as he prepares an apocalyptic blow against American society. As these narratives inexorably converge, *Look at Me* becomes a coolly mesmerizing intellectual thriller of identity and imposture.

*The Love Poems of Marichiko* - Marichiko 1978

*So Long, See You Tomorrow* - William Maxwell 2011-04-27

In this magically evocative novel, William Maxwell explores the enigmatic gravity of the past, which compels us to keep explaining it even as it makes liars out of us every time we try. On a winter morning in the 1920s, a shot rings out on a farm in rural Illinois. A man named Lloyd Wilson has been killed. And the tenuous friendship between two lonely teenagers—one privileged yet neglected, the other a troubled farm boy—has been shattered. Fifty years later, one of those boys—now a grown man—tries to reconstruct the events that led up to the murder. In doing so, he is inevitably drawn back to his lost friend Cletus, who has the misfortune of being the son of Wilson's killer and who in the months before witnessed things that Maxwell's narrator can only guess at. Out of memory and imagination, the surmises of children and the destructive passions of their parents, Maxwell creates a luminous American classic of youth and loss.

**Bret Easton Ellis's Controversial Fiction** - Sonia Baelo-Allué  
2011-04-21

Both literary author and celebrity, Bret Easton Ellis represents a type of contemporary writer who draws from both high and the low culture, using popular culture references, styles and subject matters in a literary fiction that goes beyond mere entertainment. His fiction, arousing the interest of the academia, mass media and general public, has fuelled heated controversy over his work. This controversy has often prevented serious analysis of his fiction, and this book is the first monograph to fill in this gap by offering a comprehensive textual and contextual analysis of his most important works up to the latest novel *Imperial Bedrooms*. Offering a study of the reception of each novel, the influence of popular, mass and consumer culture in them, and the analysis of their literary style, it takes into account the controversies surrounding the novels and the changes produced in the shifty terrain of the literary marketplace. It offers anyone studying contemporary American fiction a thorough and unique analysis of Ellis's work and his own place in the literary and cultural panorama.

*The Rules of Attraction* - Bret Easton Ellis 2010-06-09

From the bestselling author of *Less Than Zero* and *American Psycho*, *The Rules of Attraction* is a startlingly funny, kaleidoscopic novel about three students at a small, affluent liberal-arts college in New England with no plans for the future--or even the present--who become entangled in a curious romantic triangle. Lauren changes boyfriends every time she changes majors and still pines for Victor who split for Europe months ago and she might or might not be writing anonymous love letter to ambivalent, hard-drinking Sean, a hopeless romantic who only has eyes for Lauren, even if he ends up in bed with half the campus, and Paul, Lauren's ex, forthrightly bisexual and whose passion masks a shrewd pragmatism. They waste time getting wasted, race from Thirsty Thursday Happy Hours to *Dressed To Get Screwed* parties to drinks at *The Edge of the World* or *The Graveyard*. *The Rules of Attraction* is a poignant, hilarious take on the death of romance. [Lithium for Medea](#) - Kate Braverman 2011-01-04

*Lithium for Medea* is as much a tale of addiction—to sex, drugs, and dysfunctional family chains—as it is one of mothers and daughters, their mutual rebellion and unconscious mimicry. Here is the story according to Rose—the daughter of a narcissistic, emotionally crippled mother and a father who shadowboxes with death in hospital corridors—as she slips deeply and dangerously into the lair of a cocaine-fed artist in the bohemian squalor of Venice. *Lithium for Medea* sears us with Rose's breathless, fierce, visceral flight—like a drug that leaves one's perceptions forever altered.

His mother, Jenny, is slowly going crazy from resentment at a husband who refuses either to stay or to stay away. As Ned veers between allegiances to these grossly inadequate role models, Richard Russo gives us a book that overflows with outsized characters and outlandish predicaments and whose vision of family is at once irreverent and unexpectedly moving.

**White** - Bret Easton Ellis 2020-03-31

Own it, snowflakes: you've lost everything you claim to hold dear. *White* is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from *Less Than Zero* to *American Psycho*, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of "the left." Eschewing convention, he embraces views that will make many in literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, *White* is a clarion call for freedom of speech and artistic freedom. "The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native

California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture."—Karen Heller, *The Washington Post* "Sweating with rage . . . humming with paranoia."—Anna Leszkiewicz, *The Guardian* "Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces."—Bari Weiss, *The New York Times* Look for Bret Easton Ellis's new novel, *The Shards*, coming in January.

**American Psycho** - Bret Easton Ellis 2014-12-15

A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

**Play It as It Lays** - Joan Didion 2017-05-09

A "scathing novel" of one woman's path of self-destruction in 1960s Hollywood—by the *New York Times*-bestselling author of *The White Album* (*The Washington Post* Book World). Spare, elegant, and terrifying, *Play It as It Lays* is the unforgettable story of a woman and a society come undone. Raised in the ghost town of Silver Wells, Nevada, Maria Wyeth is an ex-model and the star of two films directed by her estranged husband, Carter Lang. But in the spiritual desert of 1960s Los Angeles, Maria has lost the plot of her own life. Her daughter, Kate, was born with an "aberrant chemical in her brain." Her long-troubled marriage has slipped beyond repair, and her disastrous love affairs and strained friendships provide little comfort. Her only escape is to get in her car and drive the freeway—in the fast lane with the radio turned up high—until it runs out "somewhere no place at all where the flawless burning concrete just stopped." But every ride to nowhere, every sleepless night numbed by pills and booze and sex, makes it harder for Maria to find the meaning in another day. Told with profound economy of style and a "vision as bleak and precise as Eliot's in 'The Wasteland'," *Play It as It Lays* ruthlessly dissects the dark heart of the American dream (*The New York Times*). It is a searing masterpiece "from one of the very few writers of our time who approaches her terrible subject with absolute seriousness, with fear and humility and awe" (Joyce Carol Oates, *The New York Times* Book Review).

**Glamorama** - Bret Easton Ellis 2000-03-21

The *New York Times* bestselling author of *American Psycho* and *Less Than Zero* delivers a gripping and brilliant dissection of our celebrity obsessed culture. • "Arguably the novel of the 1990's...Should establish Ellis as the most ambitious and fearless writer of his generation...a must read." —*The Seattle Times* Set in 90s Manhattan, Victor Ward, a model with perfect abs and all the right friends, is seen and photographed everywhere, even in places he hasn't been and with people he doesn't know. He's living with one beautiful model and having an affair with another on the eve of opening the trendiest nightclub in New York City history. And now it's time to move to the next stage. But the future he gets is not the one he had in mind. With the same deft satire and savage wit he has brought to his other fiction, Bret Ellis gets beyond the facade and introduces us, unsparingly, to what we always feared was behind it. *Glamorama* shows us a shadowy looking-glass reality, the juncture where fame and fashion and terror and mayhem meet and then begin to resemble the familiar surface of our lives. Look for Bret Easton Ellis's new novel, *The Shards*, coming in January.

**They Came Like Swallows** - William Maxwell 2009-09-23

To eight-year old Bunny Morison, his mother is an angelic comforter in whose absence nothing is real or alive. To his older brother, Robert, his mother is someone he must protect, especially since the deadly, influenza epidemic of 1918 is ravaging their small Midwestern town. To James Morison, his wife, Elizabeth, is the center of a life that would disintegrate all too suddenly were she to disappear. Through the eyes of these characters, William Maxwell creates a sensitive portrait of an American family and of the complex woman who is its emotional pillar. Beautifully observed, deftly rendering the civilities and constraints of a vanished era,

*They Came Like Swallows* measures the subterranean currents of love and need that run through all our lives. The result confirms Maxwell's reputation as one of the finest writers we have.

**Inherent Vice** - Thomas Pynchon 2012-06-13

Part noir, part psychedelic romp, all Thomas Pynchon—Private eye Doc Sportello surfaces, occasionally, out of a marijuana haze to watch the end of an era In this lively yarn, Thomas Pynchon, working in an unaccustomed genre that is at once exciting and accessible, provides a classic illustration of the principle that if you can remember the sixties, you weren't there. It's been a while since Doc Sportello has seen his ex-girlfriend. Suddenly she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. It's the tail end of the psychedelic sixties in L.A., and Doc knows that "love" is another of those words going around at the moment, like "trip" or "groovy," except that this one usually leads to trouble. Undeniably one of the most influential writers at work today, Pynchon has penned another unforgettable book.

**White** - Bret Easton Ellis 2019-04-16

Own it, snowflakes: you've lost everything you claim to hold dear. *White* is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from *Less Than Zero* to *American Psycho*, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of "the left." Eschewing convention, he embraces views that will make many in literary and media communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, "woke" cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, *White* is a clarion call for freedom of speech and artistic freedom. "The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture."—Karen Heller, *The Washington Post* "Sweating with rage . . . humming with paranoia."—Anna Leszkiewicz, *The Guardian* "Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces."—Bari Weiss, *The New York Times*

**Lunar Park** - Bret Easton Ellis 2005-08-16

Bret Ellis, the narrator of *Lunar Park*, is the bestselling writer whose first novel *Less Than Zero* catapulted him to international stardom while he was still in college. In the years that followed he found himself adrift in a world of wealth, drugs, and fame, as well as dealing with the unexpected death of his abusive father. After a decade of decadence a chance for salvation arrives; the chance to reconnect with an actress he was once involved with, and their son. But almost immediately his new life is threatened by a freak sequence of events and a bizarre series of murders that all seem to connect to Ellis's past. His attempts to save his new world from his own demons makes *Lunar Park* Ellis's most suspenseful novel. In this chilling tale reality, memoir, and fantasy combine to create not only a fascinating version of this most controversial writer but also a deeply moving novel about love and loss, parents and children, and ultimately forgiveness. Look for Bret Easton Ellis's new novel, *The Shards*, coming in January.
