Two Tiny Mice - 2014-09-02

This delightfully sweet storybook follows a duo of harvest mice as they explore the countryside. A unique mouse-eye view shows creatures in their natural habitats as the two meet a quiet rabbit, get a peek in an energetic sparrow's nest, and make an amphibious acquaintance near the river. Exploring is tiring, but at the end of the day there is a cozy, warm nest to crawl back into, and the two mice dream of what nature will bring tomorrow. This title features twelve beautifully drawn animals to discover as Baker's award-winning illustrations put fascinating creatures like badgers, ducks, and squirrels at your fingertips. First published in 1990, this captivating story is a celebration of the value and irreplaceable beauty of nature, but it doesn't end there! This revised edition of *Two Tiny Mice* includes descriptions of all the animals illustrated, so kids can learn about the wildlife right outside their

door. A classic book back in print, *Two Tiny Mice* will nurture curiosity and a lasting respect for the outdoors. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
