Teaching at Post-16 - Lin Le Versha 2003-12-16

The post-16 sector is the focus of great change in education and this book provides all teaching professionals with a guide to exploring and developing successful teaching in this new environment. With contributions from education experts and subject specialists, this book addresses the issues that now face teachers at post-16. It guides readers through the new requirements in a simple and accessible way; looks at teaching and learning issues in detail and considers the professional development of those teaching at this level. Essential reading for all post-16 teachers in schools and colleges.

Introduction to Business Information Systems - Rolf T. Wigand
2003-05-21

After describing the functions of the PC and the role of computers in local and global networks, the authors explain the fundamentals of data management, as well as the support of firms' functions and processes through information processing. The concepts utilized are deployed in a multitude of modern and integrated application systems in

manufacturing and service industries. These application examples make up the core of the book. Many application examples illustrate the methodologies addressed.

[An International Handbook of Tourism Education](#) - David Airey
2006-08-11

As tourism matures as an academic subject and the number of tourism higher education providers continues to expand world-wide, there is an increasing interest in its educational aspects. At the same time the development of research into education issues related to tourism means that there is now a developing literature on the subject. This international handbook offers a timely evaluation of the sate of the art of tourism higher education. The book brings together expert contributors from around the world to present current thinking and practice about what is now a major element of education provision world-wide. It is structured round four key themes: - Curriculum - International

perspective - Teaching, learning and assessment - Resources, progression and quality Its global survey of tourism education offers a comprehensive basis for comparative review. In addition to setting out the development and current provision of tourism education it also addresses cutting edge issues such PhD education, non-formal education, cultural issues in learning, research and teaching, e-learning and e-assessment. It offers practical advice for the design, delivery, evaluation and resourcing of courses and concludes with a reflective agenda of issues for the future.

Teaching English for Tourism - Michael Ennis 2019-07-04

Teaching English for Tourism initiates a sustained academic discussion on the teaching and learning of English to tourism professionals, or to students who aspire to build a career in the tourism industry. Responding to a gap in the field, this is the first book of its kind to explore the implications of research in English for tourism (EfT) within the field of English for specific purposes. This edited volume brings together teachers and researchers of EfT from diverse national and institutional contexts, focusing on connecting current research in EfT contexts to classroom implications. It considers a wide range of themes related to the teaching of EfT, including theoretical concepts, methodological frameworks, and specific teaching methods. The book explores topics relating to the impact of changing technologies, the need for cultural understanding, and support for writing development, among others. Teaching English for Tourism explores this growing area of English for specific purposes and allows for researchers and practitioners to share their findings in an academic context. This unique book is ideal reading for researchers, post-graduate students, and professionals working in the fields of English language teaching and learning.
