Alcyone - Gabriele D'Annunzio 1978

Virtual Medicine - Keith Scott-Mumby 2008

Life extends beyond the boundaries of our skin. We are a whirling field of energies, which modern instruments can easily detect and measure. This opens the door to many exciting and revolutionary ways to diagnose and treat illness, including the use of interactive electronics.

Feng Shui for Healing - Rodika Tchi 2019-11-12

Accessible ancient wisdom for a happy modern home. Creating a powerful and healing home sanctuary is the essence of feng shui--the Chinese system of designing a space based on how energy flows. Feng Shui for Healing is a modern interpretation of this ancient wisdom, presented with empowering advice and step-by-step guidance for using your own space to nurture wellness and vitality. Improper feng shui can keep you from feeling comfortable in your home and keep you stuck in old thoughts, stubborn habits, and stalled health goals. But with this book, you can learn to free up that energy with simple, time-tested feng shui home edits--like adding imagery that fosters a lighter mood and happier relationships. When the energy in your space moves freely, you'll feel better inside and out. Feng Shui for Healing is your accessible guide to: Practical exercises--Discover simple rituals to sanctify your time and space, with actionable steps you can take right away. Mindful pauses--Simple breathing exercises are included throughout to help you slow down and check in with yourself as you take on this powerful home energy work. The 9 life areas--See how feng shui can enhance and protect family, friends, prosperity, health, reputation, career, creativity, relationships, and knowledge. Make your home more comfortable and restorative with this fun and easy start to feng shui.

Vibrational Medicine - Richard Gerber 2001-03-01

The original comprehensive guide to energetic healing with a new preface by the author and updated resources. • More than 125,000 copies sold. • Explores the actual science of etheric energies, replacing the Newtonian worldview with a new model based on Einstein's physics of energy. • Summarizes key points at the end of each chapter to help the serious student absorb and retain the wealth of information presented. Vibrational Medicine has gained widespread acceptance by individuals, schools, and health-care institutions nationwide as the textbook of choice for the study of alternative medicine. Trained in a variety of alternative therapies as well as conventional Western medicine, Dr. Gerber provides an encyclopedic treatment of energetic healing, covering subtle-energy fields, acupuncture, Bach flower remedies, homeopathy, radionics, crystal healing, electrotherapy, radiology, chakras, meditation, and psychic healing. He explains current theories about how various energy therapies work and offers readers new insights into the physical and spiritual perspectives of health and disease.

Secrets of Space Clearing - Denise Linn 2021-01-26

Learn mystical methods for clearing and uplifting the energy in your home, including feng shui, clearing clutter (physical, emotional, or spiritual), essential oils, and crystals. Space clearing is the art of cleansing and harmonizing the energy within an environment. This ancient practice has the power to not only make your home feel good but also help those within to feel more positive and energetic, to bring balance to relationships, and to remove blocks for increased abundance, creativity, and well-being. In this comprehensive guide to space clearing, internationally best-selling author Denise Linn distills more than 50

years of experience as a leading authority in energy healing to guide you through sacred ceremonies and modern techniques for regaining control of the energy in any environment, including your home and your body. You'll learn how to transform any space using feng shui, clutter clearing, prayer, crystals, essential oils, mystic mudras, holy water, pendulums, and more!

Chinese Acupuncture - Georges Soulié de Morant 1994

Soulie de Morant's masterpiece is the most detailed study of acupuncture available in a Western language. It was nominated for a Nobel prize and provided the foundation for French acupuncture. This text is divided into 5 parts: the energetics of acupuncture, the application of the energetics, physiology, meridians and points, and treatment. This book is a unique historical document, but more than this, it is the most practical of texts and has already served a generation of clinicians well.

A Practical Guide to Ascension with Archangel Metatron - Kristin Taylor 2019-02-10

In this book, Archangel Metatron, the Angel of the Presence, provides practical guidance, exercises and meditations to assist with the global awakening known as Ascension, which has been largely misunderstood. The information is particularly important for lightworkers, wayshowers, healers, sensitive people, and those on the spiritual path.

The Channels of Acupuncture Cards - Giovanni Maciocia 2006

Flash cards allow students and practitioners of acupuncture to test themselves on the channels and extraordinary vessels of acupuncture.

Sticking to the Point: A rational methodology for the step by step formulation & administration of an acupuncture treatment - Bob Flaws 1989

A new, revised edition of the first book for students and practitioners which explains how to do TCM style acupuncture. This book explains in depth how to do a complex, individualized TCM pattern discrimination, how to arrange and make sense of a welter of confusing signs and symptoms, and how to think using TCM terms and statement of fact. Western students and beginning practitioners will find this book an invaluable aid in honing their ability to understand and use TCM. Although specifically about acupuncture, the method presented in this book can be used to erect a TCM treatment plan using any Chinese modality Chinese herbs, Chinese dietary therapy, tui na or Chinese massage, or qi gong, Chinese energy exercises. Included in this book are the functions of the main points of acupuncture and the functions of the main two and three point combinations.

A Melody in Silver - Keene Abbott 2019-12-09

"A Melody in Silver" by Keene Abbott. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten--or yet undiscovered gems--of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Vibrational Medicine - Richard Gerber 1996

An overview of theory, history and spiritual philosophy of energetic medicine. Covers homeopathic remedies, flower essences, crystal healing, therapeutic touch, acupuncture, radionics, electrotherapy, herbal medicine, psychic healing, and therapeutic radiology.

Feng shui interiore. Armonizza i tuoi spazi mentali - Susanne Marx 2014

Potentiating Health and the Crisis of the Immune System - A. Mizrahi 1997-06-30

With all the enormous resources that are invested in medicine, it is sometimes a mystery why there is so much sickness still in evidence. Our life span, though higher than at any time in history, has now leveled off and has not significantly increased in the last two generations. There is a one-third increase in long-term illness in the last 20 years and a 44% increase in cancer incidence, which are not related to demographic issues. In some modern countries, the level of morbidity (defined as days off work because of sickness) has increased by two thirds in this time. Despite \$1 trillion spent on cancer research in 20 years, the "War On Cancer" has recently been pronounced a complete failure by the u. s. President's Cancer Panel. Evidently we still have a long way to go. The goal of "Health for All by the Year 2000" as the World Health Organization has put it, is another forgotten dream. As ever, the answer will be found in breaking out of the old philosophical patterns and discovering the new, as yet unacceptable concepts. The problems of medicine today require a Kuhnian breakthrough into new paradigms, and new ways of thinking. And these new ways will not be mere variations of the old, but radical departures. This book, and the conference upon which it was based, is part of a search for these new pathways.

Practical Feng Shui - Simon Brown 1997

Feng Shui is the ancient Chinese art of designing your surroundings in order to channel the positive energies of the universe and promote success in life, health, wealth, and happiness. This book shows readers the way with guidance in choosing colors, fabrics, plants, artwork, mirrors, lighting, and more.

Jane Eyre - Charlotte Brontë 1898

[Acupoint Pocket Reference](#) - Bob Flaws 1997-11

Alternative Medicine - Larry Trivieri, Jr. 2002

21st Century Science Collection.

Tantric Pulsation - Aneesha L Dillon 2005

This book celebrates Aneesha's thirty years of experience working with neo-Reichian methods of energy release, combined with meditation. It contains both theoretical and descriptive information about her work with people, which she calls Pulsation, and also traces the development of a new branch of her work, Tantric Pulsation. Aneesha's book, "Tantric Pulsation," is rooted in the insights of two of the most controversial figures of the twentieth century, Wilhelm Reich and Osho Rajneesh. Reich was a disciple of Sigmund Freud, the founder of modern psychology. Reich agreed with Freud that sexual repression lies at the root of psychological neurosis, and went on to state that even ordinary, normal human beings are incapable of enjoying their lives because of widespread sexual and emotional repression practiced by all civilized societies. Reich found that the physical body stores these repressed energies as tension in the muscles, which he called "muscular armoring." He developed a system which uses breathing and body movement to release this tension, including strong emotional expression. This, in turn, allows energy to flow freely and naturally throughout the whole body, inducing a physical state of tremendous aliveness, together with feelings of relaxation and well-being. Osho Rajneesh, an Indian mystic considered by many a modern Tantra master, also works with life energy through his extraordinary and transforming Active meditations. His Tantra vision, wholly life affirmative, is rooted in acceptance, let-go, meditation, and celebration of life. This is a vision which embraces all human experience, from sex to superconsciousness. Aneesha's methods have grown from these two streams of understanding, one western, one eastern. The result is a unique process of self experience and transformation, both delightful and profound.

Feng Shui That Makes Sense - Cathleen McCandless 2011

You don't need to be a professional designer or a feng shui expert in order to have a beautiful, comfortable home. Feng Shui That Makes Sense takes you step-by-step through the process of using feng shui principles to create a home that will please your eye, relax your body, inspire your mind, and lift your spirit. After reading this book, you will be able to:

- Easily create a home of beauty, harmony, and comfort
- Learn basic feng shui principles that work every time in every space
- Improve the look and feel of any room in your home
- Discover the origins of popular feng shui myths and misunderstandings
- Enhance the areas of your home relating to Love, Money, Health, Family, and more
- Apply feng shui principles to your landscape and

garden • Integrate nature and natural materials into your living space • Clear your home of unwanted energy • Create a home that nurtures and inspires you physically, mentally, and spiritually • Understand how and why your environment affects you the way it does

Feng Shui - Simon Brown 2000

Using the Japanese Compass method as a foundation, introduces the elements of feng shui, and describes ways to incorporate those principles into homes and buildings in order to enhance Chi energy and promote well-being,

The Undivided Universe - David Bohm 2006-01-16

First published in 1995. Routledge is an imprint of Taylor & Francis, an informa company.

The Phenomena of Life - George Washington Crile 1936

[Doctors, Patients, and Placebos](#) - Howard Marget Spiro 1986

Discusses the difference between disease and illness, the problem of pain, patient-physician relations, alternative medicine, and medical practice

Feng Shui Modern - Cliff Tan 2022-01-20

The ancient practice of feng shui is uncovered in this simple and practical guide, revealing the tools that will lead to a healthier, happier home for every budget. How do you place a bed in an awkward room? How can your space help you be more focused and more productive? How do you set up your room to make you ready for romantic love? It's simple! In Feng Shui for Modern Living, TikTok influencer Cliff Tan answers these questions and more, explaining the ancient practice of feng shui and how it can be translated to modern homes. Cliff has become an internet sensation with his videos demonstrating the principles of feng shui, and in this practical guide he shows how to apply these principles room-by-room in your own home. He takes you behind the mysticism to reveal the logic behind feng shui. This is the key to unlocking the power of this ancient practice: once you understand the logic, your application of feng shui will work every time. There is no room too challenging, no problem that feng shui can't unravel. That's why people have been using it for thousands of years. In the tradition of Marie Kondo and Mrs Hinch, this guide will revolutionise how you think about your space. It's feng shui made simple, and anyone can learn.

Thematic Origins of Scientific Thought - Gerald Holton 1988-05-25

The highly acclaimed first edition of this major work convincingly established Gerald Holton's analysis of the ways scientific ideas evolve. His concept of "themata," induced from case studies with special attention to the work of Einstein, has become one of the chief tools for understanding scientific progress. It is now one of the main approaches in the study of the initiation and acceptance of individual scientific insights. Three principal consequences of this perspective extend beyond the study of the history of science itself. It provides philosophers of science with the kind of raw material on which some of the best work in their field is based. It helps intellectual historians to redefine the place of modern science in contemporary culture by identifying influences on the scientific imagination. And it prompts educators to reexamine the conventional concepts of education in science. In this new edition, Holton has masterfully reshaped the contents and widened the coverage. Significant new material has been added, including a penetrating account of the advent of quantum physics in the United States, and a broad consideration of the integrity of science, as exemplified in the work of Niels Bohr. In addition, a revised introduction and a new postscript provide an updated perspective on the role of themata. The result of this thoroughgoing revision is an indispensable volume for scholars and students of scientific thought and intellectual history.

The Derveni Papyrus - Theokritos Kouremenos 2006

[Frances Yates and the Hermetic Tradition](#) - Marjorie G. Jones 2008-03-23

This is the first full-length biography of British historian Frances Yates, author of such acclaimed works as Giordano Bruno and The Hermetic Tradition and The Art of Memory, one of the most influential non-fiction books of the twentieth century. Jones's book explores Yates' remarkable life and career and her interest in the mysterious figure of Giordano Bruno and the influence of the Hermetic tradition on the culture of the Renaissance. Her revolutionary way of viewing history, literature, art, and the theater as integral parts of the cultural picture of the time period did much to shape modern interdisciplinary approaches to history

and literary criticism. Jones focuses not only on the particulars of Yates' life, but also sheds light on the tradition of female historians of her time and their contributions to Renaissance scholarship. In addition to her insightful commentary on Yates' academic work, Jones quotes from Frances' diaries and the writings of those who were close to her, to shed light on Yates' private life. This biography is significant for those with an interest in literary criticism, women's history, scientific history, or the intellectual atmosphere of post-war Britain, as well as those interested in the Hermetic tradition.

New Concepts in Diagnosis and Treatment - Albert Abrams 1922

The Star Money / Die Sternthaler (Bilingual Edition) - Brüder Grimm 2017-04-09

This edition contains the English translation and the original text in German. "The Star Money" or "The Star Talers" (German: "Die Sterntaler") is a German fairy tale collected by the Brothers Grimm in "Grimm's Fairy Tales". It is Aarne-Thompson type 779, Divine Rewards and Punishments. "Die Sterntaler" ist ein kurzes Märchen (ATU 779H*). Es steht in den Kinder- und Hausmärchen der Brüder Grimm ab der 2. Auflage von 1819 an Stelle 153 (KHM 153), vorher als "Das arme Mädchen" an Stelle 83, und geht zum Teil auf Achim von Arnims Novelle "Die drei liebevollen Schwestern und der glückliche Färber" zurück. Bei Grimm schrieb sich der Titel "Die Sternthaler".

Concepts of Space - Max Jammer 2013-08-16

Historical surveys consider Judeo-Christian notions of space, Newtonian absolute space, perceptions from 18th century to the present, more. Numerous quotations and references. "Admirably compact and swiftly paced style." — Philosophy of Science.

The Assyrians and the Babylonians - Alfredo Rizza 2007

This meticulously researched and handsomely illustrated volume explores the chronology, historic events, key public figures, and cultural legacy of the Assyro-Babylonian civilization. Tracing the roots of this ancient society to 3000—2001 BC, historian Alfredo Rizza reveals the impact of various earlier civilizations on the development of Mesopotamia in the second and first millennium BC (ca. 2000—500 BC). Offering fresh insight into the pivotal historical events and the complex political and cultural configuration of the Assyrians and Babylonians, this book delves into the convergence in Mesopotamia of various ethnic and cultural groups. The authoritative text describes the role played by each group in trade, diplomatic relations, cultural heritage, and military action. Specially commissioned photographs depict the topography, archaeology, and antiquities of this ancient civilization, including stone reliefs discovered in royal palaces depicting battle scenes, kings with different deities conducting religious ceremonies, ziggurats, ornate gates guarding the cities, and much more, all of which reveal details of this intriguing epoch.

Gemmotherapy, and the Scientific Foundations of a Modern Meristemotherapy - Marcello Nicoletti 2020-08-27

This book reports on the current state of meristemotherapy (also called gemmotherapy or budtherapy) and its possible future directions. Meristemotherapy focuses on the growth of plants, and is based on analytical studies, pre-clinic research, clinical trials and activity tests. The book investigates the determination of preparation methods, collateral effects, posology, and administration methods.

From Atlantis to the Sphinx - Colin Wilson 2004-07-01

In this compelling book, Colin Wilson argues that thousands of years before ancient Egypt and Greece held sway, there was a great civilization whose ships traveled the world from China to Antarctica. Their

advanced knowledge of science, mathematics, and astronomy was passed on to descendants who escaped to Egypt and South America. From Atlantis to the Sphinx bases this assertion on a true fact: that archaeologists and geologists are at odds over the age of the Sphinx. Archaeologists claim that the Sphinx dates to classical dynastic Egypt, around 2,400 b.c. But some geologists claim that it could have been built as early as 7,000 to 10,500 b.c. The geologists' claim is based on the curious fact that the erosion of the Sphinx is more characteristic of water erosion than that of wind and sand. Starting from the assumption that there was an advanced civilization in existence much earlier than previously thought, Wilson goes on to claim that it could very well be Atlantis--not a literal island that sank, but more of a great civilization that either declined naturally or experienced a great catastrophe, passing on only a fraction of its knowledge to other peoples. From Atlantis to the Sphinx delves into what might have been a completely different knowledge system from that of modern man--one as alien to us as that of the Martians. The book sets out to reconstruct that ancient knowledge in a fascinating exploration of the remote depths of history, a groundbreaking attempt to understand how these long-forgotten peoples thought, felt, and communicated with the universe.

Clear Your Clutter with Feng Shui (Revised and Updated) - Karen Kingston 2016-01-05

In this revised and updated edition of her classic, bestselling book, Karen Kingston draws on her wealth of experience as a clutter clearing, space-clearing, and feng shui practitioner to show you how to transform your life by letting go of clutter. Her unique approach lies in understanding that clutter is stuck energy that has far-reaching physical, mental, emotional, and spiritual effects. You'll be motivated to clutter clear as never before when you realize just how much your junk has been holding you back! You will learn: - Why people keep clutter - How clutter causes stagnation in your life - How to clear clutter quickly and effectively - How to live clutter-free
