Turn your dreams into reality by shifting your thoughts. Learn to manifest what you have been hoping for your entire life! This book teaches you simple steps to create a more balanced you.

Crazy - H. R. Stokes, III
2012-07-26

CRAZY A MEMOIR is a humorous, adventuresome romp about weed smuggling in the seventies and eighties. The author chronicles his early life in San Antonio and the influence of the growing drug culture during his teen years. He then comically depicts his required military service as a "tie-dyed hippie in army greens" and his determined attempts to stay out of Viet Nam. Lost and unsure about life following the drug related deaths of most of his friends, he later hitchhikes around Mexico and ends up attending college in Cholula

where he begins his career in weed smuggling. His entrepreneurial efforts in this area are humorously described in great detail. The book captures a slice of time, tying in political and cultural events with the author's concomitant psychological development during the hippie movement as well as his evolving career as a drug smuggler for the Cause.

A History of the Mind -
Nicholas Humphrey
1999-06-18

How does the water of the brain yield the wine of conscious experience? What is the link between bodily activity and our inner feeling of what its like to be ourselves? The problem of qualia-the so-called "hard problem" of consciousness-has intrigued philosophers, for generations, and remains the greatest challenge to contemporary science. In this path-breaking book, Nicholas Humphrey examines the issues in the fight of evolutionary history and proposes a solution very different from any previously offered. He suggests that

instead of focusing on second-order mental faculties, or "thoughts about thoughts," we need to look at the raw sensations themselves that are central to all conscious states. He takes the reader on an exhilarating journey through little-known areas of biology, psychology, and philosophy, to discover the origins of all forms of self-awareness in the primitive pain and pleasure responses of our distant ancestors. Packed with psychological information and ingenious speculation, *A History of the Mind* not only recasts the debate about the nature of conscious experience but provides fascinating insights into many other topics along the way. Already a classic, this book is as informative and entertaining as it is profound.

I Am Not My Hair - Shawneda
2013-04-19

Hairnigans. Friendship. Big Dreams. The previously scheduled life Maya Hatton planned has been interrupted for an emergency broadcast announcement. A news station

manager threatens to destroy over twenty years of brand and image building with a new contract from hell. Her husband Roddreccus moved into the rental property and refuses to move home without explanation. Instead of finding confidence, fun, and freedom as she enters her mid-fifties she's faced with crises. Fans believed she had it all together but her dream team lost a member, a villain hijacked her fairy tale marriage and now she needs to remember how to be the Maya everyone thinks she is or lose the best thing she ever had. *Natural Sistahs* series is written by an African American author whose chosen her natural hair since 1998. While one of many indie published black authors she considers her books appropriate for the women's fiction category though most would be shelved in the black fiction, black books, African American women's fiction, or black women's fiction section in most physical bookstores. *Holding Back The Tears* - Annie Mitchell
2013-09-16

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for

seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular

basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Sun Shine Down - Gillian Marchenko 2013-08

"Lifting my hand, I placed it on my breastbone and slid it towards my navel. My mid-section felt numb. Pushing down, it was as if I tapped another person's toneless stomach. White gauze held my empty abdomen tight. I had been eight months pregnant."

*** What if? What if you dreamed of having a beautiful child and in your mind you saw the life you'd share with that child. First steps, little league (or ballet). Maybe the child would play piano or make you proud on the Honor Roll. There'd be eventual graduations, college, even marriage and grandchildren. You might dream it out that far. Or not. Every parent has

hopes. No parents wish for pain-their own, or a child's. Then you had a premature delivery in a foreign country. And the words swirling around you said a different kind of "what if." What if something was wrong? The dream was at risk-or so it seemed. Would you be ready for that? Could you make peace? Or would it take you down? These are the questions author Gillian Marchenko faced as she woke up after an emergency C-section in Ukraine. Only her newborn child could answer them, in time. But first she had to find a way to hear more than the words "Down syndrome."

What's Wrong with Pauly? - B. J House 2013-08

Billy Johnson doesn't give it a second thought when he joins in with his friends making fun of a little girl in a wheelchair. Then Pauly comes into his life, and Billy not only learns a valuable lesson about compassion and acceptance but he gets a new best friend! Grades 3-4

The Little Lotus Learns about Wellness - Maryellen Murphy Ruggiero 2011-07

Congratulations! The Little Lotus Learns About Wellness has earned the PTPA (Parent Tested Parent Approved) Media Seal of Approval. - PTPA Media, Inc. This unique award-winning children's book is the first children's picture book on the topic of wellness! The Little Lotus has heard the word "wellness" and isn't exactly sure what that means. The Little Lotus Learns About Wellness is a tender story of a mother teaching her child the many different ways to stay healthy in mind, body, and spirit. The simple text and humorous pictures will entertain while educating children ages 3-7 on the essentials of health and wellness. A portion of all proceeds from The Little Lotus

Learns About Wellness will be donated to TargetCancer, which funds research into rare and lesser known cancers.

It's All in the Mind - K. J.

Rabane 2016-04-10

The body of a dancer is found in a flat a stone's throw away from the house where Mitchell Brooks lives, but it might just as well be a million miles away. Traumatized by events he experienced as a news cameraman Mitch is trapped in his house where every day becomes the same. He spends his days living through the lives of others, his sister, his doctor, and the friends who call to see him, until one day a stranger rings his bell. Afterwards, it seems he can't avoid being sucked in to the events surrounding the murder until he makes a disturbing discovery.

Don't go there. It's not safe.

You'll die. And other more

>> rational advice for overlanding Mexico & Central America - 2012

Your complete guide for overlanding in Mexico and Central America. This book

provides detailed and up-to-date information by country. It also includes 11 chapters of information for planning and preparing your trip and 9 chapters on what to expect while driving through Mexico and Central America.

Completed by the authors of LifeRemotely.com this is the most comprehensive guide for driving the Pan American yet! [How To Be A Great Parent To Your Inner Child](#) - William J.

Kaplanidis 2017-05-15

Have you ever wondered why you make certain negative choices about things, like with food or relationships, even though you know better? Have you ever felt depressed, scared, anxious or self-critical at a time when things were actually going well for you? Have you experienced chronic pain or feeling that you are missing something in your life? Many of your negative thoughts and feelings as well as your physical and emotional pains are connected to a part of you often called the "wounded inner child." In this unique East - West perspective

of our development stages and the seasons of life, you will learn about the benefits of understanding and connecting to your heart for healing, finding your higher purpose and living a more enlightened life. In Chinese medicine your Heart is your King or Queen. Any traumas or insults to your Inner Ruler during the spring season of your life, can break your heart into pieces leaving you with several, very powerful wounded inner children. The information, reflective questions and self-help tools provided in this book, not only guide and inspire you on how to be a great parent to your inner child, but will help you heal your body, mind and spirit. The author combines concepts from psychology, Chinese medicine and universal principles as well as inspirational case histories, including parts of the author's own transformative journey. Once you discover your inner child, learn how to: - Nurture and protect your inner child - Re-parent yourself and fill in crucial parenting gaps -

Connect with and heal your heart - Make better and more fulfilling choices - Transform negative emotions into positive virtues - Be creative and balance having fun with work - Connect to your higher purpose and express all of who you are

One Brick at a Time - Elaine Oostra 2016-03-11

One Brick at a Time is Elaine Oostra's life story from childhood to now. She shares her fond and some time humorous memories of childhood as well as the struggles of growing up with a Mom who suffered from mental illness. She goes into depth of what it took to overcome trying and difficult times. She confronts the walls we can put around ourselves for protection from present or past hurts inflicted by others , or, our own regrets we want to keep secret. The building materials for the wall is bitterness , guilt , and anger. The mortar that holds the bricks in place is fear. There is nothing attractive about these walls, no matter how pretty we try to make

them. We decorate them with pretty clothes , makeup, work, education , doing good deeds , and much more. The walls we build shut out others and God. Secrets kept buried deep inside destroy us from the inside out. We think we hide things well, yet they seep out of us in our actions and character and cling to us like a static dress. One Brick at a Time offers hope for those who are in bondage to bitterness and past pain and are longing to overcome and be set free. It offers hope to learn to trust God and tear down these walls one brick at a time. Proverbs 3:5-6 Trust in the Lord with all your heart, lean not on your own understanding , but in all your ways acknowledge Him and He will direct your paths.

Tough Call - Matt Popovits 2016-09-07

Life is full of tough calls and daunting decisions. The question isn't if you'll face a big decision in the future, but how you'll face the tough call that's guaranteed to come your way. Think about it. There are wedding proposals to ponder,

college applications to submit, career moves to make, homes to sell, and confrontations to consider. And, knowing how poorly things could go, we sometimes find ourselves facing these decisions with a deep fear of future regret. The pressure is on. Or is it? Short and straightforward, yet full of practical insight and spiritual truths, *Tough Call*, will help you see that the Christian faith offers a mindset to confidently and joyfully make your next big decision. More importantly you'll see that you can face life with your fears recognized, your peace maximized, and your hope anchored in something greater than your ability to "get it right." Readers familiar with authors like Acuff, Chan, and Tchividjian will resonate with Matt Popovits's witty, practical, and gospel-centered take on complicated topics. *Tough Call* is an enjoyable and essential read for any and all facing a major decision.

Discovering the Brain -
National Academy of Sciences
1992-01-01

The brain ... There is no other part of the human anatomy that is so intriguing. How does it develop and function and why does it sometimes, tragically, degenerate? The answers are complex. In *Discovering the Brain*, science writer Sandra Ackerman cuts through the complexity to bring this vital topic to the public. The 1990s were declared the "Decade of the Brain" by former President Bush, and the neuroscience community responded with a host of new investigations and conferences. *Discovering the Brain* is based on the Institute of Medicine conference, *Decade of the Brain: Frontiers in Neuroscience and Brain Research*. *Discovering the Brain* is a "field guide" to the brain—an easy-to-read discussion of the brain's physical structure and where functions such as language and music appreciation lie. Ackerman examines: How electrical and chemical signals are conveyed in the brain. The mechanisms by which we see, hear, think, and pay

attention" and how a "gut feeling" actually originates in the brain. Learning and memory retention, including parallels to computer memory and what they might tell us about our own mental capacity. Development of the brain throughout the life span, with a look at the aging brain. Ackerman provides an enlightening chapter on the connection between the brain's physical condition and various mental disorders and notes what progress can realistically be made toward the prevention and treatment of stroke and other ailments. Finally, she explores the potential for major advances during the "Decade of the Brain," with a look at medical imaging techniques" what various technologies can and cannot tell us" and how the public and private sectors can contribute to continued advances in neuroscience. This highly readable volume will provide the public and policymakers" and many scientists as well" with a helpful guide to understanding

the many discoveries that are sure to be announced throughout the "Decade of the Brain."

M. D. Dreams - Jarita Hagens
2016-02-01

MD Dreams is part autobiography, part how-to guide for those who are interested in becoming a medical doctor. It contains real world experiences, study tips for the MCAT and USMLE, interview and application guidance, a survival guide (Future Doctor Checklist), sample personal statement and CV. It also contains a resource list of helpful websites, books and programs personally curated by the physician-author.

Voices of Hope for Mental Illness - Jackie Goldstein
2016-02-03

We hear about inadequate mental health care. We ask questions regarding a link between mental illness and violence. We do NOT hear as much about the stigma of mental illness that complicates one's ability to cope with a diagnosis that becomes a label,

resulting in "self-stigma," discouraging individuals from seeking and/or complying with treatment. Too often community members only "experience" mental illness through dramatic or dire media stories that fail to inform us about the real world of mental illness. Thus, stigma feeds, and is fed by, myths and misunderstandings leading to a community sense of hopelessness and fear of mental illness. In contrast, Geel, a stigma-free community in Belgium, has a centuries' old history of accepting those with mental illness - even as boarders in their own homes. Geel acknowledges the human needs of those with mental illness and responds to those needs by providing social opportunities and meaningful work, within the community. While the U.S. does not have the same history as Geel, we do have programs that offer a fostering environment, offering hope for those with a diagnosis of mental illness as well as for the communities in which they live. In a language and style

that can be understood by anyone and everyone, the author shares what she's learned and experienced regarding tolerance and inclusion - in Geel and in our own country - offering individuals and communities an opportunity to hear the encouraging "voices of hope for mental illness." When the general population is freed of myths and misunderstandings regarding mental illness, we can focus on mental health fostered by community care that thrives in "caring communities."

Brain Wreck - Becky Dennis
2012-11

At 8,000 miles away from home, a business professional delivers a polished presentation to a group of executives. And within two hours, she forgets how to walk. Talking becomes too strenuous. She is struck by an odd series of neurological deficits that baffle her and a dozen doctors ... for 27 months. Brain Wreck is a must read for anyone who has witnessed the frustration of a mysterious illness. This is a

story of determination and an unrelenting journey to save one's mind. With humor and unabashed honesty, the author restores a shattered spirit while striving to be "normal."

Uprising UK - George Hill
2010-11-16

The Ogre faces not just the undead, but also the demonic powers that control and drive them to feed on human flesh.

But I'm Not Depressed - Lia Rees
2017-03-28

Brain injury plunged Lia into a world of distortion and chaos, where her own thoughts and senses could no longer be trusted. Searching for medical help, she found doubt and manipulation instead. *But I'm Not Depressed* is a bleak but ultimately hopeful tale, and a slap in the face to the culture of psychobabble.

Use It - Cheryl Hunter
2012-06

As eighteen-year-old Cheryl Hunter escapes rural Colorado for the bright lights of Europe, she does so with nothing more than an over-packed suitcase and a dream. Once there, her mind is bent on solving one problem alone: how does a

small-town cowgirl pull off the feat of becoming an international supermodel? When Cheryl is abducted, raped and brutally beaten instead, she is faced with solving a much bigger problem: how does she survive? Using her journey of rising from the ashes as fuel, Hunter delivers a step-by-step method that can be applied by anyone who has ever dealt with less-than-favorable circumstances. In a world where—let's face it—life often hijacks our personal agendas, Cheryl shows you how to immediately take back the reins, design a life you love, and become the unstoppable force of nature you were born to be.

Sea Glass Windows - Richard Morgan
2016-05-03

Sea Glass Windows, Richard Morgan's fifth book of poetry, is a collection of his words and his wife, Pat Morgan's watercolors. The poems are accessible, sometimes humorous and often give insight to the complexity of being human. Topics include love and conflict, Superman

and Santa, youth and old age.
Hi My Name Is Cj - Willetta J. Davis 2013-12

Hi My Name Is C.J. is an easy to read, fun, interactive children's book. Meet 5 year-old C.J. and learn about all the things he likes and does. Enjoy the interactive pages by writing your own C.J. story and have fun drawing and colorizing the characters. Have fun and use your imagination.
I Woke Up with My Mind on Freedom - Janice Kelsey 2017-07-15

In 1963, 16-year-old Janice Wesley made a decision that had a profound affect on her future. She decided to risk it all and go to jail by becoming a foot soldier in the Birmingham, Alabama Children's Crusade to protest the racial segregation that prevailed in her city and throughout the South. Janice tells the story of her arrest in *I Woke Up with My Mind on Freedom*, and goes on to describe her role in the new South as an educator and administrator. Today, she travels the United States, speaking about the horrors of

living in the old South while describing how she and other youth made a difference and changed their world.

The Mind to Lead - Suzanne Kryder Ph. D. 2011-08-01
Thanks to advances in neuroscience including the validated effectiveness of mindfulness practice, you can be the calm, confident leader you've always known you could be - the leader people want to follow. This captivating introduction to the emerging fields of neuroleadership and mindful leadership will help you: >Stop overreacting to bad news and difficult people. >Let go of your fears of being in charge. >Stay calm, get what you want, and enjoy challenging conversations with employees, clients, and your boss. >Feel totally confident when making tough decisions. >Use links to our website packed with valuable assessments, audio, and other resources. The Mind to Lead brain-based coaching model helps leaders be less reactive, more focused, and more self-confident. Just imagine what

you can accomplish with that mindset! If you're looking for a way to translate your silent mindfulness practice to your work environment, *The Mind to Lead* model describes specific tools and exercises for staying present and communicating calmly in even the most difficult situations. Learn how busy leaders like yourself improved their productivity and effectiveness by incorporating practical brain-based techniques---some taking only ten seconds---into their work day and leadership style. In addition to mindfulness tools, read how Suzanne's coaching clients used *The Work* (2011, Byron Katie International, Inc) to investigate judgmental thoughts and increase their confidence as leaders. Thanks to the plasticity of the brain and mind, you can create lasting change in yourself, your team, and your organization.

The Birth of the Mind - Gary Fred Marcus 2004

A psychologist offers a detailed study of the genetic underpinnings of human

thought, looking at the small number of genes that contain the instructions for building the vastly complex human brain to determine how these genes work, common misconceptions about genes, and their implications for the future of genetic engineering.

30,000 first printing.

It Is about You - Kathleen Juline 2008-07-10

A Workbook for Using Spiritual Mind Treatment to Experience Health, Happiness, Abundance and Peace. The greatest discovery ever made is the discovery of the creative power of thought. - ERNEST HOLMES

It Is About You is a step-by-step guide to spiritual healing in twelve important life areas, such as health, finances, employment, and marriage and partnership. Through a series of detailed, easy-to-follow exercises, respected Religious Science writer/editor Kathy Juline guides readers in developing their own spiritual mind treatments, empowering them to: gain clarity about problem issues, break negative thought patterns, release

limiting beliefs about themselves, look beyond the appearance of lack, and live fully and freely as who they truly are. Discover the secret of success, abundance, happiness and peace with the guidance and tools provided in *It Is About You*.

Mr Lazarus - Patrice Chaplin
2016-08-03

'... a surging intensity that keeps the reader glued to the page.' - New York Times
London. 1970. Vicky Graham, an unsuccessful film producer at the BBC, crosses the path of Luciano Raffi, a famous violinist, as he performs at the Proms. For Vicky he represented something she could not have, but something she longingly craved for. A chance to lift her out of the unloving greyness of everyday life. Through her job at the BBC, she is able to organise an interview with him, but their meeting triggers a renewed obsession with him. The reason? Luciano has something in common with Vicky - they both know about the portal. A secret history,

nearly untraced, connects these distant souls. But will it last? Raffi is about to disappear from her life... To get him back, she must travel to where and when she had never expected. She must uncover the secret history of the portal... *Mr Lazarus* is the latest book in Patrice Chaplin's series following *The City of God* and *The Portal*. Chaplin is a renowned international bestselling author. Praise for Patrice Chaplin 'Powerful romantic fiction in the tradition of Emily Bronte.' - Guardian '... a surging intensity that keeps the reader glued to the page.' - New York Times 'Genuinely witty horrors' - The Observer Patrice Chaplin is an author, journalist and playwright. She first visited the city of Gerona, in Spain, when she was 15 and it was then that she learnt about the Grail mystery. Throughout her life she has maintained an active interest in the history of the Grail and has lived in Spain and France. She has published more than 36 books, plays and short stories.
E - Kate Wrath 2014-05-04

A poignant tale of love and friendship in a world beyond hope...Outpost Three: a huddle of crumbling buildings choked by a concrete wall. Cracked pavement, rusted metal, splintering boards. Huge robotic Sentries police the streets, but the Ten Laws are broken every time one turns its back. Eden is determined, smart, and a born survivor. Stripped of her memories and dumped on the streets of the Outpost, slavers and starvation are only the beginning of her problems. A devastating conflict is coming that threatens to consume her world and tear her newfound family apart. Life is harsh. It makes no exceptions. Not even for the innocent. "Absolutely heart-stopping! Grizzly, dark, haunting and gripping in a way that kept me glued in to the very end. If you are looking for a strong and smart heroine in a kick butt dystopian world, this is the book for you." - Leti Del Mar, author of Land of the Unaltered "A dark dystopian world, intelligent robots, warlords, rats...oh and sexy

boys. 'E' has everything you could ask for." - Nicola S. Dorrington, author of Chasing Freedom "The characters are fascinating, especially the enigmatic love interest Jonas, and his threatening rival, the dark and sizzling Matt." - Pol Blaze, author of Pan-Dim.

And I Thought... - Wilnona Marie 2016-06-08

Getting money, paying bills, finding your prince charming, finding your happiness it looked so easy when you were young. You thought you had it all figured out. Little did you know life throws you curve balls. And you thought grownups had it easy so did these ladies. Follow their journies while getting lost in the grownup world.

The Future of the Human Mind: a Study of the Potential Powers of the Brain - George Estabrooks 2017-04-04

An illuminating introduction to the wonders and mysteries of the mind, by the father of modern hypnosis, George H. Estabrooks, covering such subjects as memory

stimulation, time distortion, tapping the subconscious mind for creative purposes, mind-body relationships, paranormal and extrasensory perception (ESP), and much more. Dr. Estabrooks was instrumental in bringing the powers of hypnosis to the battlefield, by helping the U.S. military design and develop its hypnosis, remote-viewing, and ESP programs, which allowed the Western powers to stave off crippling Cold War attacks from the Soviet Union and other Eastern Bloc organizations. "This excellent book should be required reading for all who wish to gain an introductory and insightful understanding of the human mind..." -Dr. Milton V. Kline "A popular book written by a psychologist well qualified to hold opinions on this subject..." -The Journal of the American Society For Psychological Research "A fascinating book about the human brain. Start reading it, and you won't put it down. The book itself is hypnotic!" -The Philadelphia Record

Max Opposite - Meldon J. Wright 2012-02-01
Max Opposite What do you do when you can't control what you do, When your brain behaves in mysterious ways, When you're only 13, And discover your life is a lie? What do you do, When your search for the truth, Plunges you into a nightmare? "Max has it all: action, adventure, international settings, a touch of romance and a sci-fi tilt. Great read for all ages." - A. H. (Auckland, New Zealand) "Rachel, do you dream?" "Of course I do. Everyone does." "Do you always have the same dream?" "Ah, no, that'd be pretty weird." "I thought so." "So what's this about, Max?" "I have the same dream every single night. Always have, for as long as I can remember." "That's definitely not normal. Even recurring dreams don't stay forever." "Fast moving with a clever plot. Max kept me completely involved. Thoroughly enjoyable... waiting for the next episode." - J. G. (Sydney, Australia) "Max makes Harry Potter look wimpy! Great

characters and an absolutely fantastic story.” – P. L. (South Carolina, U.S.A.)

Max
Opposite

Every morning, thirteen year old Max wakes from the same dream, scans his bedroom and waits for his memories to return. Every morning, when they do, he takes a deep breath and prepares for another day of humiliating events: Nicknamed 'Opposite' at school, Max is known for bizarre and inexplicable behaviour. Tired of being the fool, Max begins to question his purpose in life. What is wrong with him? Why does his mother keep secrets from him? Where does she secretly go at night? With the help of Rachel, his only friend, Max sets out to find the answers, and is quickly drawn into a world of danger far beyond any of the problems faced at school. Soon he and Rachel find themselves at odds with one of the most ruthless and wealthy criminal masterminds the world has ever known. In an international battle for survival, Max is forced to face the truth about

himself, and soon realises that it's not easy being thirteen and discovering that your whole life has been a lie. It's not easy being Max Opposite.

State of Mind - Alain Nu
2015-10-30

The author presents his perspectives and personal experiences on mentalism and how it can be used to tap into the mind's hidden powers.

A Complicated Legacy - Robert H. Stucky
2014-05-23

If movies and books like *Belle*, *Twelve Years a Slave*, *The Butler*, *The Help*, *A Time to Kill*, and *Amistad* have moved you, you'll love *A Complicated Legacy*, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy - the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time.

It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

Stay Young to 100 - Charlotte Hackin 2010-03

This book shows you how to overcome personal problems so life will be wise, happy, fun, inspiring, healthy, loving and prosperous every day. The book is filled with personal experience, wise sayings, useful exercises, organic diets and self-help steps. The pages give you a healthy mind, healthy body, and healthy

spirit, so you live the very best life for the rest of your days--p. 4 of cover.

Homo Luminous - Mike Frost 2011-01-21

David Werden wants nothing more than to lead a quiet, ordinary life. But his world is turned upside down when an unknown event changes the face of the planet. Realizing he cannot live alone in the ruins of the old world, and compelled by a strange internal force to reach the sea, he sets out on foot, carrying what he can, struggling against the harsh post-apocalyptic environment to search out others who may still be alive. Thrust into the leadership of a band of survivors, David struggles to scratch out the necessities of life while dealing with the staggering destruction and overwhelming sense of loss - and begins to understand the tragic and marvelous events that have occurred to the planet and to humanity itself. Finding love and betrayal, he must fight those who cling to the old world with all their strength and those who wish to

stamp out the growing number of people coming to terms with their new levels of perception and insight into the Universal Mind.

It Was All a Dream - Tre' Taylor
2017-10-31

Eli just wants to be a normal kid and stay out of trouble, until he has a dream that changes his life.

This workbook has three main purposes. The first of which is, of course, to improve

handwriting skills. This involves the strengthening of the tiny hand muscles for better grip and control. The second purpose is to encourage reading of written texts. And the third purpose is to improve your child's understanding of the Bible by reading and writing *My Little Valentine* - Kellee Parr 2016-02-17

This is the true story of lost love between a mother and daughter. When a teenager is forced to give up her baby to be raised by strangers, she is devastated and always hopes her daughter is happy.. The baby, adopted and raised by a wonderful family, always wonders the who and why about her her birth mother. This story is about their journey.
