Humanities Through the Arts - F. David Martin 2023
"The Humanities through the Arts, tenth edition, explores the humanities with an emphasis on the arts. Examining the relationship of the humanities to values, objects, and events important to people is central to this book. We make a distinction between artists and other humanists: Artists reveal values, while other humanists examine or reflect on values.

We study how values are revealed in the arts while keeping in mind a basic question: "What is art?" Judging by the existence of ancient artifacts, we see that artistic expression is one of the most fundamental human activities. It binds us together as a people by revealing the most important values of our culture"--

Loose Leaf for Landmarks in Humanities - Gloria K. Fiero
2020-01-10

All travelers appreciate a personal guide. For humanities students, LANDMARKS provides a chronological journey through the history of culture in one semester.

Focusing on prominent landmarks from prehistory to the present, LANDMARKS introduces students to the creative endeavors of the human imagination and to the prominent ideas and issues that have shaped the course and character of the world's cultures. The landmarks that mark this journey are the great works of their place and time; they have been transmitted from generation to generation as a living legacy.

Understanding that a global humanities course is taught in varying ways, Gloria Fiero

redefines the discipline for greater flexibility via a variety of personalized digital tools that meet and refine your teaching goals in less time. Enhanced by McGraw-Hill Education's SmartBook 2.0, Fiero delivers a learning experience tailored to the needs of each institution, instructor, and student. With the ability to incorporate new extended readings, streaming music, and artwork, LANDMARKS renews the understanding of the relationship between world cultures and humankind's creative legacy. LANDMARKS is unique in several ways: -It is interdisciplinary: it explores the interrelationship of various modes of expression - art, music, literature - as they work to create, define, and reflect the unique culture of a given time and place. -It is thematic: each chapter advances a key idea, presented in the chapter title and explained in the introductory paragraph. The key idea offers a context for individual landmarks as they unfold chronologically. For

instance, Chapter 1 (“Origins: The First Civilizations”) surveys our earliest cultures, emphasizing human strategies for survival and communal life; Chapter 14 (“Modernism: The Assault on Tradition”) considers the radical rejection of conventional values and styles that revolutionized early twentieth-century culture. -It is selective: some landmarks have been chosen for their universality, some for their singular beauty, and some for their iconic or symbolic value. Certain landmarks - the Statue of Liberty, the Mona Lisa, the sonnets of Shakespeare - meet more than one of these criteria. The author’s choice of landmarks may differ from those of other individuals, and readers may wish to add landmarks of their own.

From Sumer to Rome - Richard A. Gabriel 1991-01-01

This in-depth work demonstrates that ancient battles rivaled those of the modern period in size, complexity, and lethality. The organization of armies of the ancient world, their performance, their military operations, and their ability to raise the art of warfare to towering heights are the focus of this carefully documented volume. An examination is made of all the major military establishments of the Bronze and Iron Ages. Corroborative evidence is drawn from modern analysis when accepting or rejecting the claims of ancient writers. Where that was lacking, the authors conducted their own empirical studies of ancient weapons which led to better understanding of how ancient battles were really fought.

the city as a collective soul, the city as idea.” —Sycamore Review A William Carlos Williams Award Finalist A Kansas City Star Top Book of the Year A Library Journal Top Winter Poetry Pick A series of semi-mythologized, symbolic narratives interspersed with dramatic monologues, the poems collected in *The City, Our City* showcase the voice of a young poet striking out, dramatically, emphatically, to stake his claim on “the City.” It is an unnamed, crowded place where the human questions and observations found in almost any city—past, present, and future—ring out with urgency. These poems—in turn elegiac, celebratory, haunting, grave, and joyful—give hum to our modern experience, to those caught up in the City’s immensity, and announce the arrival of a major new contemporary poet.

Satchmo at the Waldorf - Terry Teachout
2015-01-01

THE STORY: SATCHMO AT THE WALDORF is a one-man,

three-character play in which the same actor portrays Louis Armstrong, the greatest of all jazz trumpeters; Joe Glaser, his white manager; and Miles Davis, who admired Armstrong's playing but disliked his onstage manner. It takes place in 1971 in a dressing room backstage at the Empire Room of New York's Waldorf-Astoria Hotel, where Armstrong performed in public for the last time four months before his death. Reminiscing into a tape recorder about his life and work, Armstrong seeks to come to terms with his longstanding relationship with Glaser, whom he once loved like a father but now believes to have betrayed him. In alternating scenes, Glaser defends his controversial decision to promote Armstrong's career (with the help of the Chicago mob) by encouraging him to simplify his musical style, while Davis attacks Armstrong for pandering to white audiences.

On the Tranquility of the Mind - Seneca 2017-06-22

Seneca the Younger (c. 4 BC - AD 65), fully Lucius Annaeus Seneca and also known simply as Seneca, was a Roman Stoic philosopher, statesman, dramatist, and—in one work—humorist of the Silver Age of Latin literature. As a tragedian, he is best-known for his *Medea* and *Thyestes*. He was a tutor and later advisor to emperor Nero. He was forced to take his own life for alleged complicity in the Pisonian conspiracy to assassinate Nero. However, some sources state that he may have been innocent. His father was Seneca the Elder, his elder brother was Lucius Junius

Gallio Annaeanus, and his nephew was the poet Lucan. In this work, the dialogue takes up the causes of man's restlessness and boredom, then moves on to Seneca's practical rules for happiness and peace of mind, rules based upon reason and virtue. The work is a timeless classic on the ultimate pursuit of happiness.
