

Code Of Canon Law Annotated By Catholic Church

Eventually, you will utterly discover a additional experience and endowment by spending more cash. yet when? reach you resign yourself to that you require to acquire those every needs later than having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will guide you to understand even more roughly the globe, experience, some places, taking into account history, amusement, and a lot more?

It is your totally own grow old to play-act reviewing habit. in the midst of guides you could enjoy now is **Code Of Canon Law Annotated By Catholic Church** below.

General Instruction of the Roman Missal - Catholic Church 2003

From USCCB Publishing, this revision of the General Instruction of the Roman Missal (GIRM) seeks to promote more conscious, active, and full participation of the faithful in the mystery of the Eucharist. While the Missale Romanum contains the rite and prayers for Mass, the GIRM provides specific detail about each element of the Order of Mass as well as other information related to the Mass.

Catechism of the Catholic Church - U.S. Catholic Church 2003-03-04

Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the

Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.

A Handbook on Canon Law - Joseph T. Martín de Agar 2007

The Rights of Catholics in the Church - James A. Coriden 2007

"The Right of Catholic in the Church is a basic reference for those who want to know about or pursue their rights as Catholics. It is designed primarily to promote constructive involvement and equality among the members of the church, not to encourage litigious attitudes. The author focuses on the lay members of the Roman Catholic Church because the laity seems most in need of knowledge about their rights However, the rights outlined in this excellent and most accessible book apply equally to all Catholics, including deacons, priests, bishops, and members of religious communities."--BOOK JACKET.

Code of Canons of the Eastern Churches - Catholic Church 1992

Added t.p. reproduced from original 1990 Latin ed. Latin text of Codex canonum ecclesiarum orientalium with parallel English translation. Foreword to the translation -- Apostolic constitution sacri canones -- Preface to the Latin edition -- Outline of the code by canons -- Canons of the code in Latin and English -- Tables of corresponding canons.

The Pastoral Companion - John M. Huels 2016-09

Prisms of Faith - Robert E. Alvis 2015-12-17

In *Prisms of Faith*, a diverse and distinguished group of scholars approach the theme of religious education and Catholic identity from their respective disciplinary perspectives, offering compelling insights of interest to scholars, catechists, and the general reader alike. The first three chapters are more historical in nature, offering targeted studies that focus on the Apostolic Fathers as a resource in the formation of faithful Catholics, the preaching of St. Augustine, and religious education in modern Poland. The last four chapters have a more contemporary focus, approaching current initiatives and challenges in the formation of faithful Catholics. Issues under consideration include the rights and obligations enshrined in the 1983 Code of Canon Law, the catechetical dimension of liturgy, current obstacles and opportunities in the moral formation of Catholics, and a comparative analysis of three dominant approaches to Catholic religious education. Taken together, these seven chapters form a coherent whole, illustrating well the perennial importance of Catholic religious education, the various resources and methods employed in this work, and the stubborn challenges that effective formation entails.

The Explosion of the USS Maine - Charles River 2014-10-07

*Includes pictures *Includes accounts of the explosion by the captain and surviving crew members *Includes a bibliography for further reading
"Remember the Maine, to Hell with Spain!" The USS Maine is one of the most famous ships in American history, but for all the wrong reasons. A symbol of naval strength in the late 19th century, the Maine's tragic fate is taught to students across the nation, not just because it was a disaster but because it is associated with the most notorious examples of yellow journalism in the country's history and ultimately brought about a war, despite the fact it's still unclear what caused the ship's explosion. In 1898, one of Spain's last possessions in the New World, Cuba, was waging a war for independence against Spain. Though Cuba was technically exempted from the United States' Monroe Doctrine since Cuba was already a possession of Spain when the Monroe Doctrine was issued, many Americans believed that the United States should side with

Cuba against Spain. At the same time, however, President William McKinley wanted to avoid getting tangled in a war between outsiders, while Spain also wanted to avoid any conflict with United States and its powerful navy. Despite leaders hoping to stay above the fray, American economic interests were being harmed by the ongoing conflict between Cuban nationalists and Spain, as merchants' trading with Cuba was suffering now that the island was undergoing conflict. Furthermore, the American press capitalized on the ongoing Cuban struggle for independence, which had been flaring up time and again since 1868. In an effort to sell papers, the press frequently sensationalized stories, which came to be known as yellow journalism, and during the run-up to war, yellow journalism spread false stories about the Cuban conflict in order to sell newspapers in the competitive New York City market. Despite President McKinley's wishes to avoid a war, he was forced to support a war with Spain after the USS Maine suffered an explosion in Havana's harbor in February 1898. McKinley had sent the ship to help protect American citizens in Cuba from the violence that was taking place there, but the explosion devastated the USS Maine, which had to be towed to harbor and eventually scuttled, but only after 266 American sailors aboard the ship were killed. Although the cause of the explosion was never determined, yellow journalists in the American press blamed Spain, claiming the USS Maine was sabotaged. President McKinley was unable to resist popular pressure after a U.S. Navy report also claimed that the ship had been subjected to an explosion outside of its hull, which subsequently ignited its powder magazines inside the ship. Later investigations proved inconclusive, but President McKinley was now forced to accept war with Spain, bringing about the Spanish-American War. The Explosion of the USS Maine chronicles the controversial explosion, tracing the history of the ship from its glorious beginning to its ignominious end, as well as the critical aftermath. Along with pictures of important people, places, and events, you will learn about the USS Maine like never before, in no time at all.

Modern Moral Problems - William B. Smith 2012-01-01

Modern Moral Problems addresses moral quandaries that can beguile

and confuse faithful Catholics. Written in a question-and-answer format, the book covers questions regarding sexuality, medical ethics, business practices, civic responsibilities, and the sacramental life of the Church. The extraordinary assortment of issues forming a single, organized collection is a valuable reference for anyone seeking clear and concise answers to tough moral questions. Written in a conversational tone often spiced with humor, this work by a highly respected moral theologian will be read with fascination for its clarity of argument and fundamental good sense. Originally published as a monthly question-and-answer column in a magazine for priests, these selections by Msgr. William B. Smith retain a striking current topicality. Msgr. Smith often tackled matters of controversy in the Catholic Church, ones which continue to draw conflicting opinions. Interesting, informative, and eminently practical, this book conveys an overall impression that sound thinking about morality is rooted in a tradition within the Catholic Church, even when the answers to particular moral questions cannot be found in catechisms or Vatican documents. Msgr. Smith offers a clear-headed approach to the quandaries of our time precisely because of his training in traditional moral principles and his fidelity to the Catholic magisterium. This book should be in the possession of all seminarians and priests, who are bound to confront moral matters that are not so easily decided at first glance. But lay people, too, will find here rich responses to the challenging and sometimes unresolved moral questions they encounter in their own lives.

The Canon Law Letter & Spirit - Canon Law Society of Great Britain and Ireland 1995

This is a practical guide for priests in parishes, teachers and students in seminaries, for those working in diocesan administration, for members of religious institutes, and not least for interested lay people. Its stated aim is to show the public what, in practical terms, are the effects in the daily life of the Church of the many profound documents of the Second Vatican Council.

Mystery of Creation - Paul Haffner 1995

In practically the only recent book in English to give a global picture of the theology of creation, Paul Haffner explores God's masterpiece, the

spiritual and material cosmos, from the angels to man and woman centred in Christ. Paul Haffner provides an authoritative, detailed and systematic introduction to this fundamental subject in Christian theology. This is the first volume in a series that has now seen publication of *The Sacramental Mystery*, *The Mystery of Reason* and *The Mystery of Mary*. All these titles have become essential texts in Catholic seminary teaching, and the series is now being published in Italian translation by Vatican Press. Paul Haffner lectures in systematic and dogmatic theology at the Pontifical Gregorian University, the Pontifical Lateran University and the Pontifical Athenaeum Regina Apostolorum in Rome.

Papal Sin - Garry Wills 2002-01-08

Look out for a new book from Garry Wills, *What The Qur'an Meant*, coming fall 2017. "The truth, we are told, will make us free. It is time to free Catholics, lay as well as clerical, from the structures of deceit that are our subtle modern form of papal sin. Paler, subtler, less dramatic than the sins castigated by Orcagna or Dante, these are the quiet sins of intellectual betrayal." --from the Introduction From Pulitzer Prize-winning author Garry Wills comes an assured, acutely insightful--and occasionally stinging--critique of the Catholic Church and its hierarchy from the nineteenth century to the present. Papal Sin in the past was blatant, as Catholics themselves realized when they painted popes roasting in hell on their own church walls. Surely, the great abuses of the past--the nepotism, murders, and wars of conquest--no longer prevail; yet, the sin of the modern papacy, as revealed by Garry Wills in his penetrating new book, is every bit as real, though less obvious than the old sins. Wills describes a papacy that seems steadfastly unwilling to face the truth about itself, its past, and its relations with others. The refusal of the authorities of the Church to be honest about its teachings has needlessly exacerbated original mistakes. Even when the Vatican has tried to tell the truth--e.g., about Catholics and the Holocaust--it has ended up resorting to historical distortions and evasions. The same is true when the papacy has attempted to deal with its record of discrimination against women, or with its unbelievable assertion that "natural law" dictates its sexual code. Though the blithe disregard of

some Catholics for papal directives has occasionally been attributed to mere hedonism or willfulness, it actually reflects a failure, after long trying on their part, to find a credible level of honesty in the official positions adopted by modern popes. On many issues outside the realm of revealed doctrine, the papacy has made itself unbelievable even to the well-disposed laity. The resulting distrust is in fact a neglected reason for the shortage of priests. Entirely aside from the public uproar over celibacy, potential clergy have proven unwilling to put themselves in a position that supports dishonest teachings. Wills traces the rise of the papacy's stubborn resistance to the truth, beginning with the challenges posed in the nineteenth century by science, democracy, scriptural scholarship, and rigorous history. The legacy of that resistance, despite the brief flare of John XXIII's papacy and some good initiatives in the 1960s by the Second Vatican Council (later baffled), is still strong in the Vatican. Finally Wills reminds the reader of the positive potential of the Church by turning to some great truth tellers of the Catholic tradition-- St. Augustine, John Henry Newman, John Acton, and John XXIII. In them, Wills shows that the righteous path can still be taken, if only the Vatican will muster the courage to speak even embarrassing truths in the name of Truth itself.

The Code of Canon Law - 1985

Empowerment for Ministry - John M. Huels 2003

Empowerment for Ministry is a must-have reference book that provides a comprehensive treatment of diocesan faculties for priests, deacons, and lay ministers. It develops a coherent theory of the juridical nature and the delegation of faculties; identifies and organizes the pertinent rules of canon law and the canonical tradition on the grant, supply, use, and cessation of diocesan faculties; and offers model faculties and commentaries on them for clergy, lay ministers, and chancery officials. Part I, Canonical Theory and Rules, presents a comprehensive treatment of diocesan faculties and all the canonical rules applicable to them. Part II, Model Faculties and Commentaries, offers lists of faculties and commentaries on them. Audience: --diocesan leadership and those who

advise them in the preparation and updating of diocesan faculties -- canonists and students of canon law --priests, deacons, and lay ministers who have faculties by law and/or delegation --those preparing for ecclesial ministries--seminarians, deacon candidates, and lay ministers in formation

Medieval Poor Law - Brian Tierney 2022-08-19

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1959.

The Cambridge History of Medieval Canon Law - Anders Winroth 2021-12-31

Canon law touched nearly every aspect of medieval society, including many issues we now think of as purely secular. It regulated marriages, oaths, usury, sorcery, heresy, university life, penance, just war, court procedure, and Christian relations with religious minorities. Canon law also regulated the clergy and the Church, one of the most important institutions in the Middle Ages. This Cambridge History offers a comprehensive survey of canon law, both chronologically and thematically. Written by an international team of scholars, it explores, in non-technical language, how it operated in the daily life of people and in the great political events of the time. The volume demonstrates that medieval canon law holds a unique position in the legal history of Europe. Indeed, the influence of medieval canon law, which was at the forefront of introducing and defining concepts such as 'equity,' 'rationality,' 'office,' and 'positive law,' has been enormous, long-lasting, and remarkably diverse.

Code of Canon Law Annotated - Catholic Church 1993

Church Disputes Mediation - James Behrens 2003

The 1917 Or Pio-Benedictine Code of Canon Law - Catholic Church

2001

Available for the first time in a comprehensive English translation, this thoroughly annotated but easy-to-use presentation of the classic 1917 Code of Canon Law by canon and civil lawyer Dr. Edward Peters is destined to become the standard reference work on this milestone of Church law. More than just of historical interest, the 1917 Code is an indispensable tool for understanding the current 1983 Code under which the Roman Catholic Church governs itself. Dr. Peters' faithful translation of the original Latin text of 1917, along with his detailed references to such key canonical works as Canon Law Digest and hundreds of English language doctoral dissertations on canon law produced at the world's great Catholic universities, now allows researchers to access directly this great fountain of ecclesiastical legal science. No student of canon law, and indeed, no one with a need to understand modern Church administration, can afford to be without this important volume.

[Simple Dictionary of Canon Law](#) - Patricia Dugan 2014

Catechism of the Council of Trent for Parish Priests - Catholic Church 1934

Canon Law Explained - Fr. Laurence J. Spiteri 2014-02-25

Not only inefficiency, but frustration, disorder, anger, and injustice threaten all human endeavors, no matter how pure their motives or high their ideals. That's why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies, how conflicts are to be resolved, and, above all, how each organization's mission is (and is not) to be accomplished. Is it any wonder then that the Catholic Church—comprised not of 200 persons but 1.2 billion members in 200 countries—also governs itself by means of a handbook, which it calls the Code of Canon Law? Because handbooks and manuals concern themselves with the day-to-day inner working of organizations, they often reveal more than do news releases about the actual purposes and genuine spirit of organizations: a fact that's particularly true in the case of the Catholic Church. Indeed, if you want

to know the Church for who She is, you need to be familiar with the Code of Canon Law. Unfortunately, it contains over 1,752 rules (or canons). Among them, you'll find fascinating canons that lay out the Church's official principles and procedures governing matters as various as abbots and annulments, scandals and Sacraments, monks and missions, bishops and books, priests and popes, synods and sacraments, homeschoolers, hostile witnesses, baptisms, burials, parishes, penance, confessions, Councils, impotence, imprimatur, and, even marriages to the person who murdered your spouse! Thankfully, Vatican expert and veteran author Fr. Laurence Spiteri has in the pages of *Canon Law Explained* relieved you of the need to read all 1,752 of them (fascinating or not). Here he acquaints you with the fundamental canons by which the Church seeks to bring about, as it declares in the very last canon, the purpose all of them serve: "The salvation of souls, which must always be the supreme law in the Church." Fr. Spiteri's brief, but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non-Catholics about our Church and that sometimes frustrates even us Catholics. As he relates the Church's laws and procedures directly to Christ's command "to go forth and teach all nations"—and to the role those laws and procedures play in your salvation and mine—Fr. Spiteri transforms what seem to be dry-as-dust rules into the sweet waters of salvation. If you want to know the Church for who She is—and to love Her more—*Canon Law Explained* is the book for you.

Marriage in Canon Law - Ladislav M. Orsy 1988

New Commentary on the Code of Canon Law - John P. Beal 2000

A complete and updated commentary on the Code of Canon Law prepared by the leading canonists of North America and Europe. Contains the full, newly translated text of the Code itself as well as detailed commentaries by thirty-six scholars commissioned by the Canon Law Society of America.

[The Canon Law of the Roman Catholic Church and the Church of England 2nd edition](#) - Rhidian Jones 2016-04-21

A thoroughly revised and updated standard work on the Canon law of the

Roman Catholic Church and the Church of England, this work now includes a list of Eastern Catholic Churches which are fully Catholic in so far as they are in full communion with the Roman pontiff. On the Anglican side, there is a list of Churches which comprise the Anglican Communion, and the changes brought about by the Churchwardens Measure (2001), the Clergy Discipline Measure (2003) and Ecclesiastical Offices (Terms of Service) Measure (2009) have been included.

Great Christian Jurists in Spanish History - Rafael Domingo
2018-05-10

The Great Christian Jurists series comprises a library of national volumes of detailed biographies of leading jurists, judges and practitioners, assessing the impact of their Christian faith on the professional output of the individuals studied. Spanish legal culture, developed during the Spanish Golden Age, has had a significant influence on the legal norms and institutions that emerged in Europe and in Latin America. This volume examines the lives of twenty key personalities in Spanish legal history, in particular how their Christian faith was a factor in molding the evolution of law. Each chapter discusses a jurist within his or her intellectual and political context. All chapters have been written by distinguished legal scholars from Spain and around the world. This diversity of international and methodological perspectives gives the volume its unique character; it will appeal to scholars, lawyers, and students interested in the interplay between religion and law.

Catholic Universities in Church and Society - John P. Langan, SJ
1993-08-01

The Roman Catholic Church's first significant legislative enactment on the nature and role of the Catholic university, the apostolic constitution *Ex corde Ecclesiae* (1990) grew out of thirty years of dialogue between ecclesiastical authorities and academic representatives. The final document affirms the explicit Catholic identity of Catholic educational institutions and outlines provisions for maintaining that identity; the questions of how to implement its provisions have in turn created the need for more dialogue and examination. In this volume, distinguished scholars and legal experts define the key questions and explore the

future implications of *Ex corde* for American Catholic colleges and universities. The assertion of the Catholic identity of Catholic institutions of higher education prompts the contributors to examine the definition of Catholic education as a special synthesis of the religious and the academic, of faith and reason; and to discuss corollary issues such as secularization; the counter-cultural features of Catholic education; and the great diversity of such schools in the United States and of their sponsoring religious orders. The contributors probe the schools' relationships with the Church hierarchy, exploring in particular the role of the bishops, the degree of autonomy from ecclesiastical control, and questions of academic freedom. They also consider specific legal issues that American Catholic colleges must face, including recognition of student groups, tenure and promotion decisions, governance, student and faculty conduct, and the relationship between canon and civil law, including compliance with national and local civil rights provisions. This volume also includes the complete text in English of *Ex corde Ecclesiae* and the preliminary draft of ordinances from the *Ex corde Ecclesiae* Implementation Committee of the National Conference of Catholic Bishops. Appearing at a time when universities must face major issues of their own identity and governance, this volume will be of interest to all faculty and administrators, diocesan authorities and legal counsel, and everyone concerned with the future of Catholic higher education.

Code of Canon Law, Latin-English Edition - Catholic Church 2012

History of Canon Law - Constant van de Wiel 1991

In four periods : From the foundation of the Church to the "Decretum Gratiani", from the Gregorian Reform to the Council of Trent, from Trent to the "Codex Iuris Canonici", and from its promulgation in 1917 to the new Codex of 1983, Van de Wiel offers a clear description of the general concepts and constitutive sources of Canon Law. His work is a contribution to the history of canon law and will be of great service both to students and jurists. Constant Van de Wiel is currently professor of Canon Law at the Catholic University of Leuven, Louvain (Belgium), Chancellor and Keeper of the Archives of the Archdiocese of Mechlin-

Brussels. He published on the subject in the Louvain Journal of Theological and Canonical Studies : "Ephemerides Theologicae Lovanienses", and in several specialized journals.

National Directory for the Formation, Ministry, and Life of Permanent Deacons in the United States - Catholic Church. National Conference of Catholic Bishops. Bishops' Committee on the Permanent Diaconate 2005
The national directory addresses the dimensions and perspectives in the formation of deacons and the model standards for the formation, ministry, and life of deacons in the United States. It is intended as a guideline for formation, ministry, and life of permanent deacons and a directive to be utilized when preparing or updating a diaconate program in formulating policies for the ministry and life of deacons. This volume also includes Basic Standards for Readiness for the formation of permanent deacons in the United States, from the bishops' Committee on the Diaconate, and the committee document Visit of Consultation Teams to Diocesan Permanent Diaconate Formation Programs.

The New Canon Law - Stanislaus Woywod 2020-06-29

An Introduction to Canon Law Revised Edition - James A. Coriden
2004-01-09

Catholic canon law changes very slowly, but it constantly adds rules, interpretations, and applications. Some canons are frequently invoked, and others rarely used, quietly pass from memory. In the dozen or so years since this introduction to canon law was first written, there have been many changes and adaptations. This is one reason for a revised edition, although many of the alterations are too subtle to be captured in an introductory treatment. A second reason is to include some of the many new resources, commentaries, and explanations which authorities in the field have made available. Since many have found the original book helpful in beginning their exploration of the church's regulations, a fact which gratifies its author greatly, it is worth improving. Hence many sections have been clarified, expanded, and updated, and some others deleted. In a few places the material is reordered. Seven new case studies have been added. These improvements are a third reason for

revision. Context of recent scandal has revealed inadequate applications of canon law. Serious canonical crimes were often treated as personnel problems, calling for repentance, therapy, and reassignment, rather than the investigation and imposition of penalties which the canons prescribe. Would a more careful observance of the traditional canonical system have saved many young people from serious harm and the church from an immense disgrace? The question provides one more incentive to begin to learn about canon law.

Keeping Faith in Practice - James Sweeney 2013-02-12

Keeping Faith in Practice is an addition to SCM's growing Practical and Pastoral Theology list. Most books in this field are written by authors from various Protestant backgrounds. Catholic teachers in this field are frequently asked by colleagues for suggestions of Catholic resources, and find themselves at a loss. The central subject of this book is an exploration of how theology engages with the dimension of practice in the life of the Church and contemporary society and culture. The book covers the main focal points of a Catholic view of pastoral/practical theology - its foundations and different fields.

The Treatise on Laws (Decretum DD. 1-20) with the Ordinary Gloss (Studies in Medieval and Early Modern Canon Law, Volume 2) - Gratian
1993

No description available

The Catechism Of The Council Of Trent - 2021-02-26

The Catechism Of The Council Of Trent has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

The Catholic Tradition of the Law of Nations - John Eppstein 2012-04-01
The Catholic Tradition of the Law of Nations is a well-edited collection of annotated documents illustrating the Church's doctrine regarding war and peace and its opinion of such topics as the League of Nations,

nationality and minority rights. Valuable for its insights into the history, doctrine and traditions of Catholic thought on international law, it includes important papal writings that are difficult to locate and otherwise unavailable in English. Published for the Carnegie Endowment for International Peace by the Catholic Association for International Peace. Reprint of the sole edition. "Being somewhat familiar with the Catholic tradition and an outspoken advocate of the Catholic conception of international law, the reviewer feels no hesitancy in recommending unreservedly Mr. Eppstein's excellent compendium of The Catholic Tradition of the Law of Nations." --JAMES BROWN SCOTT, Georgetown Law Journal 24 (1935-1936) 1063 JOHN EPPSTEIN [1895-1988] was the author of numerous books on Catholicism and human rights, including Catholics and the Problem of Peace (1925), Code of International Ethics (1953) and The Cult of Revolution of the Church (1974).

Children's Rights and Obligations in Canon Law - Mary McAleese
2019-11-04

In Childrens' Rights and Obligations in Canon Law Mary McAleese subjects to scrutiny for the first time the extensive terms and conditions of Church membership which apply to over three hundred million child members of the Catholic Church, the largest non-governmental provider

of services to children world-wide.

The Code of Canon Law - Catholic Church 1985

A comprehensive commentary on the 1983 Code of Canon Law by leading canon lawyers in the United States, with a complete English text of the Code. [from front cover]

Code of Canon Law Annotated - Ernest Caparros 2004

The Canon Law of the Roman Catholic Church and the Church of England - Rhidian Jones 2000-11-02

This highly useful book provides quick reference and accessibility to the current canon law of both churches. The entry for every canonical term presents its definition and the law relating to it in each canon. There are cross-references throughout to help the reader make further significant connections. Also included are terms not easily translated across the two canons, and some common terms from the Eastern Catholic Church. The appendices contain changes to the Universal law of the Roman Catholic Church which are outside the 1983 Code of Canon law. At a time when Christians are increasingly working side by side, this is an essential resource for pastoral workers, scholars and clergy in all the churches.
