Intermediate Korean Short Stories - Lingo Mastery 2021-08-30

Are you looking for a new Korean challenge after mastering the basics? Welcome to the Intermediate level! The Korean language is constantly advancing and conquering new markets. Whether it's with their television series, their incredible music or simply the culture and tourism, the Korean tongue is currently taking over the world! And we guess that you don't want to be left behind in not understanding and speaking Korean, right? Because of this, we have created the next level of Korean stories for the students who have already surpassed the beginner level: Intermediate Korean Short Stories! In this book we have compiled 12 challenging, compelling and fun stories that will allow you to expand your vocabulary, educate you on the culture and give you the tools to boost your grasp of the wonderful Korean tongue. How

Intermediate Korean Short Stories works: - Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to discover more about the Korean way of life. The last two are even more challenging in length and level for those of you getting ready for Advanced Korean! - The summaries follow the story: a synopsis in Korean and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. Use them if you're having trouble. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Korean, allowing you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after (and in English), but no cheating! We want you to feel comfortable while mastering the Korean tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Intermediate Korean Short Stories and level up your Korean language learning right now!

The Development of a Common Framework Scale of Language Proficiency - Brian North 2000

Scales describing language proficiency in a series of levels can provide orientation for educational programmes, criteria for assessment, and reporting to stakeholders. However, in most cases such instruments are produced just by expert opinion. A scale of language proficiency actually implies a descriptive scheme related to theory but usable by practitioners. It also implies a methodology for scaling content to different levels. This book describes the use of both qualitative and quantitative techniques to develop scales for the «Common Reference Levels» in the Common European Framework of Reference for modern languages. Short stand-alone descriptors were (i) developed and classified, (ii) refined and elaborated in workshops, and then (iii) scaled by analyzing the judgments of one hundred teachers on the English language proficiency of the learners in their classes.

Hopeful - Louise Bay 2021-01-15

A long time ago, Joel Wentworth told me he'd love me for infinity . . . and I can't give up hope that it might have been true. How long does it take to get over your first love? Eight years should be long enough. My mind knows that, but there's no convincing my heart. Guys like Joel weren't supposed to fall for girls like me. He had his pick of women at University, but somehow the laws of nature were defied and we fell crazy in love. After graduation, Joel left to pursue his career in New York. He wanted me to go with him but my life was in London. We broke up and my heart split in two. I haven't seen or spoken to him since he left. If only I'd known that I'd love him this long, this painfully, this desperately. I might have said yes all those years ago. He might have been mine all this time in between. Now, he's moving back to London and I need to get over him before he gets over here. But how do you forget someone who gave you so much to remember?
