The Last Platoon - Bing West 2020-12-08

A platoon of Marines and CIA operatives clash in a fight to the death with the drug lords and the Taliban, while in Washington, the president seeks a way out. This authentic war story vividly displays how a warrior must replenish his own moral courage and not allow ambition to coarsen his sense of decency. The Last Platoon explores firefights expertly told by a combat veteran. Readers feel like they have entered a strange, alien world as they watch the Marines and Taliban clash, circle each other,

probe for weakness, and clash again in primordial violence, neither side yielding. While intrigue and deceit play out at the higher levels, in Afghanistan's bright poppy fields only the killing instinct will decide the winner. "Bing West is the grunt's Homer." —L.A. Times "No correspondent has spent as much time on this ground as former Marine, Bing West, and no one has brought to it as much real-world, infantry-command experience." —Steven Pressfield, author of *Gates of Fire* "Bing West is on his way to becoming the Thucydides of the global war on Terror." —The Washington Times "Some of the most compelling descriptions of small-unit combat that I have ever read." —The Wall Street Journal "Bing has seen more war than most professional soldiers...utterly gripping—and utterly different from the sanitized picture." —Max Boot, author of *Invisible Armies: An Epic History of Guerrilla Warfare from Ancient Times to the Present* "West shows in the most granular, detailed way how and why America's counterinsurgency in Afghanistan is failing." —The New York Times "West has become the Marine Corps' bard of the Iraq and Afghanistan wars as an embedded reporter in some of the most brutal fighting." —The Washington Times

Call Sign Chaos - Jim Mattis 2021-03-02

#1 NEW YORK TIMES BESTSELLER • A clear-eyed account of learning how to lead in a chaotic world, by General Jim Mattis—the former Secretary of Defense and one of the most formidable strategic thinkers of our time—and Bing West, a former assistant secretary of defense and combat Marine. “A four-star general’s five-star memoir.”—The Wall Street Journal *Call Sign Chaos* is the account of Jim Mattis’s storied career, from wide-ranging leadership roles in three wars to ultimately commanding a quarter of a million troops across the Middle East. Along the way, Mattis recounts his foundational experiences as a leader, extracting the lessons he has learned about the nature of warfighting and

peacemaking, the importance of allies, and the strategic dilemmas—and short-sighted thinking—now facing our nation. He makes it clear why America must return to a strategic footing so as not to continue winning battles but fighting inconclusive wars. Mattis divides his book into three parts: Direct Leadership, Executive Leadership, and Strategic Leadership. In the first part, Mattis recalls his early experiences leading Marines into battle, when he knew his troops as well as his own brothers. In the second part, he explores what it means to command thousands of troops and how to adapt your leadership style to ensure your intent is understood by your most junior troops so that they can own their mission. In the third part, Mattis describes the challenges and techniques of leadership at the strategic level, where military leaders reconcile war’s grim realities with political leaders’ human aspirations, where complexity reigns and the consequences of imprudence are severe, even catastrophic. *Call Sign Chaos* is a memoir of a life of warfighting and lifelong learning, following along as Mattis rises from Marine recruit to four-star general. It is a journey about learning to lead and a story about how he, through constant study and action, developed a unique leadership philosophy, one relevant to us all.

Then again, why trouble yourself

with the unfortunate resolutions? With 5 million copies sold in the UK alone, one might consider Lemony Snicket's A Series of Unfortunate Events to make him one of the most successful children's authors of the past decade. We, however, consider these miserable so-called adventure stories and the Hollywood film starring Jim Carrey that accompanied the books for children as nothing more than a dreadful mistake.

Fool's Gold - Mark Y. Herring 2009-08-12

This work skeptically explores the notion that the internet will soon obviate any need for traditional print-based academic libraries. It makes a case for the library's staying power in the face of technological advancements (television, microfilm, and CD-ROM's were all once predicted as the contemporary library's heir-apparent), and devotes individual chapters to the pitfalls and prevarications of popular search engines, e-books, and the mass digitization of traditional print material.

Field Manual FM 6-0 Commander and Staff Organization and Operations May 2014 provides commanders and their staffs with tactics and procedures for exercising mission command. This publication supersedes ATTP 5-0.1, Commander and Staff Officer Guide. To comprehend the doctrine contained in this publication, readers must first understand the nature of unified land operations as described in ADP 3-0 and ADRP 3-0, Unified Land Operations. In addition, readers must also fully understand the principles of mission command as described in ADP 6-0 and ADRP 6-0, Mission Command, and the fundamentals of the operations process found in ADP 5-0 and ADRP 5-0, The Operations Process. The principal audience for FM 6-0 includes Army commanders, leaders, and unit staffs (officers, noncommissioned officers, and Soldiers). Commanders and staffs of Army headquarters serving as a joint task force or multinational headquarters should also refer to applicable joint or multinational doctrine concerning the range of military operations as well as the employment of joint or multinational forces. Trainers and educators

throughout the Army will also use this publication. Commanders, staffs, and subordinates ensure their decisions and actions comply with applicable United States, international, and, in some cases, host-nation laws and regulations. Commanders at all levels ensure their Soldiers operate in accordance with the law of war and the rules of engagement. FM 6-0 uses joint terms where applicable. Selected joint and Army terms and definitions appear in both the glossary and the text. Terms for which FM 6-0 is the proponent publication (the authority) are marked with an asterisk (*) in the glossary. Terms and definitions for which FM 6-0 is the proponent publication are boldfaced in the text. For other definitions shown in the text, the term is italicized and the number of the proponent publication follows the definition. FM 6-0 applies to the Active Army, the Army National Guard/Army National Guard of the United States, and the United States Army Reserve unless otherwise stated. FM 6-0 contains 16 chapters and 4 appendixes. The chapters are organized by topic and have been updated to reflect changes to doctrine formats (Doctrine

2015) and changes in ADP 3-0 and ADRP 3-0, ADP 6-0 and ADRP 6-0, and ADP 5-0 and ADRP 5-0. The following is a brief introduction and summary of changes by chapter and appendix.

Intelligence, Genes, and Success - Bernie Devlin 2013-12-01

A scientific response to the best-selling *The Bell Curve* which set off a hailstorm of controversy upon its publication in 1994. Much of the public reaction to the book was polemic and failed to analyse the details of the science and validity of the statistical arguments underlying the book's conclusion. Here, at last, social scientists and statisticians reply to *The Bell Curve* and its conclusions about IQ, genetics and social outcomes.
