Christ-Centered Therapy thoroughly integrates psychology and practical theology. A book written by experts from both fields, it utilizes the contributions of science in an uncompromisingly biblical framework. Here at last is a powerful resource to help you—pastor, counselor, or spiritual advisor—understand the complex problems of people and address them with the wisdom of God’s Word and the power of his Spirit. Insightful and practical, Christ-Centered Therapy unites the wisdom and expertise of pastoral theologian and best-selling author Dr. Neil Anderson and professional Christian counselors Dr. Terry and Julianne Zuehlke. The first part of the book equips you with an understanding of the different issues involved in integrating theology and psychology. The second part helps you turn theory into practical application. Chronicling Trauma - Doug Underwood 2011-09-01

To attract readers, journalists have long trafficked in the causes of trauma--crime, violence, warfare--as well as psychological profiling of deviance and aberrational personalities. Novelists, in turn, have explored these same subjects in developing their characters and by borrowing

from their own traumatic life stories to shape the themes and psychological terrain of their fiction. In this book, Doug Underwood offers a conceptual and historical framework for comprehending the impact of trauma and violence in the careers and the writings of important journalist-literary figures in the United States and British Isles from the early 1700s to today. Grounded in the latest research in the fields of trauma studies, literary biography, and the history of journalism, this study draws upon the lively and sometimes breathtaking accounts of popular writers such as Charles Dickens, Ernest Hemingway, Dorothy Parker, Graham Greene, and Truman Capote, exploring the role that trauma has played in shaping their literary works. Underwood notes that the influence of traumatic experience upon journalistic literature is being reshaped by a number of factors, including news media trends, the advance of the Internet, the changing nature of the journalism profession, the proliferation of psychoactive drugs, and journalists' greater self-awareness of the impact of trauma in their work. The most extensive scholarly examination of the role that trauma has played in the shaping of our journalistic and literary heritage, *Chronicling Trauma: Journalists and Writers on Violence and Loss* discusses more than a hundred writers whose works have won them fame, even at the price of their health, their families, and their lives.

Story Behind the Book "The Christy Miller series was actually

born when a group of thirteen-year-olds challenged me to write a novel. I'd been questioning the content of their favorite books when they said, 'Why don't you write a book for us?' I told them no, I only wrote picture books. But they persisted: 'How hard could it be? We'll even tell you what to write! We want a love story with teenagers at the beach.' And there you go. Summer Promise first released seventeen years ago and is now translated into five languages. I continue to hear from readers all over the world, many girls saying that they gave their life to Christ after reading Summer Promise . I love that!" —Robin Jones Gunn

Christ - Jack Miles 2002-11-05

With the same passionate scholarship and analytical audacity he brought to the character of God, Jack Miles now approaches the literary and theological enigma of Jesus. In so doing, he tells the story of a broken promise—God's ancient covenant with Israel—and of its strange, unlooked-for fulfillment. For, having abandoned his chosen people to an impending holocaust at the hands of their Roman conquerors, God, in the person of Jesus, chooses to die with them, in what is effectively an act of divine suicide. On the basis of this shocking argument, Miles compels us to reassess Christ's entire life and teaching: His proclivity for the powerless and disgraced. His refusal to discriminate between friends and enemies. His transformation of defeat into a victory that redeems not just Israel but the entire world. Combining a close reading of the Gospels with a range of reference that includes Donne, Nietzsche, and Elie Wiesel, *Christ: A Crisis in the Life of God* is a work of magnificent eloquence and imagination.

How to Be the Startup Hero - Tim Draper 2017-12-19

I hope that this book will inspire you to act. To make that move. To fulfill your vision. I want to take you closer to your goal, whether that be starting a billion-dollar unicorn, building a revolution, or just helping you better understand that change of any kind starts with you. You can be the Startup Hero. Startup Heroes are the ones that drive progress, and whether you bring us to another planet or make your neighborhood a nicer, happier place, you can become a Startup Hero. This book is the first step. It helps you take that first step. The step will be different for everyone. It might be to call that customer. It might be to draw up a design concept. It might be to talk to your boss. With this book, I hope to guide people to think big, drive change and go full speed ahead. I am giving them a pledge to do their work for good, and I am giving them some of the tools they need to accomplish their goals. This book is hard. It takes you through a variety of activities, questions, stories and challenges (even puzzles and poems) working both the right and left side of your brain and all the parts in between. The activities I propose are challenging and sometimes even embarrassing. The questions I ask are probing and provoking. The stories I tell are used as examples to guide you toward what I call Startup Heroism. So, why would you read this book? Well, I have worked for 30 years for entrepreneurs. I have supported, funded and coached Startup Heroes all my working life. And I

have tested the concepts of this book on the students at Draper University and they have come out to be some of the most interesting, dynamic, and motivated people the world has ever seen. In fact, we have had about 1000 students from over 60 different countries come through the program at this writing, and they have started more than 300 companies! I wrote this book so that some of the thinking that I applied to Draper University could be spread wider, in hopes that these messages would reach other potential Startup Heroes (maybe you) who might make an impact on the world, be proactive about their work, or at the very least, improve their lives. So, I implore you. Read this book, try this book, do this book, play this book, absorb this book, experience this book. It might surprise you. It might thrill you. It might drive you. It might kill you. At the very least, I hope it will give you a perspective on how real progress is made, and at the very best, it might just change your life.

Christian Art - Beth Williamson 2004-06-24

This work decodes the key themes, signs and symbols found in Christian art - the Eucharist, the Crucifixion, the Virgin Mary. It also explores the theological and historical background of Christian imagery, from the devotional works of the medieval and Renaissance periods, to the 21st century.

Christ and the Decree - Richard A. Muller 2008-09-01

In *Christ and the Decree*, one of the foremost scholars of Calvinism today expounds the doctrines of Christ and predestination as they were developed by Calvin, Bullinger, Musculus, Vermigli, Beza, Ursinus, Zanchi, Polanus, and Perkins. Muller analyzes the relationship of these two doctrines to each other and to the soteriological structure of the system. Back by demand, this seminal work on the relationship between Calvin and the Calvinists is once again available with a new contextualizing preface by the author. It offers a succinct introduction to the early development of Calvinism/Reformation thought.

Christian Fiction and Religious Realism in the Novels of Dostoevsky - Wil van den Bercken 2011-01-01

This study offers a literary analysis and theological evaluation of the

Christian themes in the five great novels of Dostoevsky - 'Crime and Punishment', 'The Idiot', 'The Adolescent', 'The Devils' and 'The Brothers Karamazov'. Dostoevsky's ambiguous treatment of religious issues in his literary works strongly differs from the slavophile Orthodoxy of his journalistic writings. In the novels Dostoevsky deals with Christian basic values, which are presented via a unique tension between the fictionality of the Christian characters and the readers' experience of the existential reality of their religious problems.

Christ and Modernity - David J. Hawkin 2010-10-30

In this re-examination of the roots of the relationship between religion and science, David Hawkin focuses on the concept of autonomy as he explores the question: Is there continuity and compatibility between the autonomy that underlies Christian faith and the role of individual freedom in the technological age? What makes this work particularly valuable is Professor Hawkin's review of the theological, philosophical, political, psychological, and sociological works that have formed our ideas of the nature of both Christianity and modernity — Reimarus, Strauss, Schweitzer, and Bultmann on the quest for the historical Jesus; Bauer and Turner on Christian faith and practice; Machiavelli, Nietzsche, Darwin, Freud, and Marx on our historicity; Gogarten, Cox, and Bonhoeffer who affirm our autonomy in the technological process; Ellul and George who deny it.
