Visit www.mhhe.com/takingsides for more details.

Taking Sides in Social Research - Martyn Hammersley 2005-08-12

In the past it was generally taken for granted that the goal of social research was the production of objective knowledge; and that this required a commitment to value neutrality. In more recent times, however, both these ideals have come to be challenged, and it is often argued that all research is inevitably political in its assumptions and effects. In this major contribution to the debate, Martyn Hammersley assesses the arguments from the classic and still

influential contributions of C. Wright Mills, Howard Becker and Alvin Gouldner to the present day. He concludes that the case for partisanship is not convincing, and that an intelligent and sceptical commitment to the principles of objectivity and value neutrality must remain an essential feature of research.

Taking Sides: Clashing Views in Family and Personal Relationships - Don Dyson
2019-03-15

Taking Sides - Lisa H. Newton 1994
Readings pro and con on controversial business ethics and society.

Brief History of Social Problems - Frank J. McVeigh 2004

In this book, Frank McVeigh and Loreen Wolfer take an historical approach to examine the causes and conflicts behind ten major social problems that have existed for nearly 230 years. Using a critical thinking perspective of the history, sociology, politics, and economics of the

period, the authors analyze social problems as a series of conflicts between those with power and those who were at one time virtually powerless. Embedded in this analysis is a discussion of how the shift from a *Gemeinschaft* to *Gesellschaft* society has influenced how we address these problems. Using these themes, McVeigh and Wolfer provide thought-provoking insight into the ways individuals, groups, and social institutions change over time, gaining or losing power. The book contains a preface by Arthur Shostak, Drexel University.

Taking Sides - Leonard Abbeduto 2003-10
Provides articles that debate such topics as ability-level tracking, bilingual education, moral education, zero-tolerance policies, and Howard Gardner's theory of multiple intelligences.

Taking Sides: Clashing Views on Environmental Issues - Thomas Easton
2012-03-07

Taking Sides volumes present current controversial issues in a debate-style format

designed to stimulate student interest and develop critical thinking skills. Taking Sides: Clashing Views in Science, Technology, and Society - Thomas Easton
2016-09-20

Taking Sides - Kevin B. King 2008
Taking Sides, Second Edition, encourages students to form opinions and exchange ideas on important issues to prepare them for participation in academic settings. The text contains an introductory exercise and six units—philosophy (distributive justice), law, ethics, psychology, business negotiation, and linguistics. Within these sections, students are given practice in how to state opinions, compromise, build consensus, speak persuasively, understand group dynamics, write business memos, make presentations, engage in debate, and negotiate. The second edition of Taking Sides includes changes to the order of the units (from the first edition) to improve usability of material (based on student

feedback). New to this edition is material aimed at helping students prepare for the independent and integrated speaking tasks of the TOEFL® iBT. Whether students are preparing for the iBT or not, these activities improve students' extemporaneous speaking skills and develop true fluency.

Clashing Views on Social Issues - Kurt Finsterbusch 2007-04

Presents a variety of debates on such social issues as immigration, the family, same-sex marriage, economic inequality, welfare reform, education, crime, and feminism.

More Brain-powered Science - Thomas O'Brien 2011

The inquiry-based lessons and related extension activities can serve as the framework for professional development collaborations or as a supplement to conventional preservice science teaching methods courses.

Taking Sides: Clashing Views on Moral Issues, Expanded - Stephen Satris 2012-05-14

Taking Sides volumes present current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. Each issue is thoughtfully framed with Learning Outcomes, an Issue Summary, an Introduction, and an Exploring the Issue section featuring Critical Thinking and Reflection, Is There Common Ground?, and Additional Resources. Taking Sides readers also offer a Topic Guide and an annotated listing of Internet References for further consideration of the issues. An online Instructor's Resource Guide with testing material is available for each volume. Using Taking Sides in the Classroom is also an excellent instructor resource. Society in Focus - William E. Thompson

2016-04-20

Examining the role of mass media and information technology in contemporary society, *Society In Focus*, Eighth Edition, emphasizes the increasing diversity and globalization of societies everywhere. It is designed to help students think clearly and critically about sociological issues, concepts, and methods. Questioning is at the heart of this approach, and as students read this book they are encouraged to become part of the sociological enterprise—rather than remain passive observers. Every element of the text is designed to challenge students to evaluate social issues and, guided by the sociological imagination, to clearly formulate their own positions. By asking questions that demand sociological and creative thought, students are reminded that their conclusions and decisions, as well as their non-decisions and inaction, may have important social consequences. New to this edition: • New

coauthor Mica Thompson, an experienced teacher of introduction to sociology, brings a fresh new perspective as well as a wide array of different life experiences to this edition of *Society in Focus*. • An expanded critical analysis in Chapter 1 introduces all forms of media and technology, and every chapter examines an aspect of their powerful social influence. • Chapters 9, 16, and 17 have been updated to include the most recent worldwide financial and economic developments, to help explain globalization and cultural diversity. • Expanded application of feminist theory in every chapter to help students recognize the importance of gender diversity and the contributions of that theoretical perspective in sociology. • Updated and brand new boxes throughout encourage students to take a closer look at society and selected social issues.

Taking Sides in Revolutionary New Jersey -

Maxine N. Lurie 2022-08-12

The American Revolution in New Jersey lasted

eight long years, during which many were caught in the middle of a vicious civil war. Residents living in an active war zone took stands that varied from “Loyalist” to “Patriot” to neutral and/or “trimmer” (those who changed sides for a variety of reasons). Men and women, Blacks and whites, Native Americans, and those from a wide variety of ethnic backgrounds, with different religious affiliations all found themselves in this difficult middle ground. When taking sides, sometimes family was important, sometimes religion, or political principles; the course of the war and location also mattered. Lurie analyzes the difficulties faced by prisoners of war, the refugees produced by the conflict, and those Loyalists who remained, left as exiles, or surprisingly later returned. Their stories are interesting, often dramatic, and include examples of those literally caught in the crossfire. They illustrate the ways in which this was an extremely difficult time and place to live. In the end more of the war was fought in New

Jersey than elsewhere, resulting in the highest number of casualties, and a great deal of physical damage. The costs were high no matter what side individuals took. Taking Sides uses numerous brief biographies to illustrate the American Revolution’s complexity; it quotes from documents, pamphlets, diaries, letters, and poetry, a variety of sources to provide insight into the thoughts and reactions of those living through it all. It focuses on people rather than battles and provides perspective for the difficult choices we make in our own times.

Supplemental Instructor Resources for Taking Sides in Revolutionary New Jersey: Questions (<https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2022/07/19144155/Taking-Sides-Supplementary-Instructor-Resources-Questions.pdf>) Bibliography (<https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2022/07/19144154/Taking-Sides-Supplementary-Instructor-Resources-Bibliography.pdf>)
