Property and Casualty Insurance Concepts Simplified - Christopher J. Boggs 2010

This book details key property and casualty concepts rarely discussed or found in print; rather they are often left to be "discovered" over time. These important concepts are now written down for all insurance practitioners to easily access. Examples of the topics and concepts found in this book include rules for reading ANY insurance policy; why losses are excluded; contractual risk transfer; legal liability theories; "COPE" details; and the proper explanation of coinsurance concepts. Also included is a rather extensive glossary of insurance and insurance-related terms. Readers will: 1) Gain a deeper understanding of insurance theories; 2) Be better prepared to explain insurance concepts to their clients; and 3) Develop a greater appreciation and understanding of the claims valuation process.

Property and Casualty Exam Practice Questions - 2015-08-05

Property & Casualty Exam Practice Questions are the simplest way to prepare for the Property & Casualty Insurance Exam. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you need to study and practice more, or if you're already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our Property & Casualty Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our Property & Casualty Exam Practice Questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand. *Life & Health Exam Secrets Study Guide - & Health Exam Secrets Test Life 2018-04-12*
