How to Read Like a Writer - Mike Bunn

When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

Let's Talk - Andrea A Lunsford 2020-12

Students are encouraged to seek out, engage, and listen to people with viewpoints that differ from their own"--

The Baseball Book of Why - John McCollister 2020-04-01

Why do we sometimes refer to a left-handed pitcher as a "southpaw?" Why are major league pitchers normally limited to 100 pitches per game? Why was Jack Roosevelt Robinson the first African-American ever to play as part of an official lineup for a team in Major League Baseball? Why is a baseball field sometimes referred to as a diamond? This book provides over 100 questions and detailed answers concerning the traditions, rules, and history of the national pastime. Organized by the sport's five eras—Dead Ball, Live Ball, Golden Age, Expansion, and Steroid Era—it answers questions about hitting, pitching, fielding, base running, managing, scouting and ownership that vex even the most ardent fans of the game. Moreover, this book is an appreciation of how baseball's traditions began.

Writing Awesome Answers to Comprehension Questions (Even the Hard Ones) - Nancy Boyles 2021-05-04

Help students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can

inspire teachers' creativity as well as deepen students' literacy skills.

Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they've read, and then set them down in writing.

A Modest Proposal - Jonathan Swift 2021-08-18

A Modest Proposal Jonathan Swift - To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision.

The Borrowers - Mary Norton 1953

Miniature people who live in an old country house by borrowing things from the humans are forced to emigrate from their home under the clock.

Anxious People - Fredrik Backman 2020-09-08

Instant #1 New York Times Bestseller A People Book of the Week, Book of the Month Club selection, and Best of Fall in Good Housekeeping, PopSugar, The Washington Post, New York Post, Shondaland, CNN, and more! "[A] quirky, big-hearted novel...Wry, wise, and often laugh-out-loud funny, it's a wholly original story that delivers pure pleasure."

—People From the #1 New York Times bestselling author of A Man Called Ove comes a charming, poignant novel about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Looking at real estate isn't usually a life-or-death situation, but an apartment open house becomes just that when a failed bank robber bursts in and takes a group of strangers hostage. The captives include a recently retired couple who relentlessly hunt down fixer-uppers to avoid the painful truth that they can't fix their own marriage. There's a wealthy bank director who has been too busy to care about anyone else and a young couple who are about to have their first child but can't seem to agree on anything, from where they want to live to how they met in the first place. Add to the mix an eighty-seven-year-old woman who has lived long enough not to be afraid of someone waving a gun in her face, a flustered but still-ready-to-make-a-deal real estate agent, and a mystery man who has locked himself in the apartment's only bathroom, and you've got the worst group of hostages in the world. Each of them carries a lifetime of grievances, hurts, secrets, and passions that are ready to boil over. None of them is entirely who they appear to be. And all of them—the bank robber included—desperately crave some sort of rescue. As the authorities and the media surround the premises these reluctant allies will reveal surprising truths about themselves and set in motion a chain of events so

unexpected that even they can hardly explain what happens next. Rich with Fredrik Backman's "pitch-perfect dialogue and an unparalleled understanding of human nature" (Shelf Awareness), *Anxious People* is an ingeniously constructed story about the enduring power of friendship, forgiveness, and hope—the things that save us, even in the most anxious times.

Petry is a gifted artist." — Tayari Jones, from the Introduction *The Street* follows the spirited Lutie Johnson, a newly single mother whose efforts to claim a share of the American Dream for herself and her young son meet frustration at every turn in 1940s Harlem. 25 Great Sentences and How They Got That Way - Geraldine Woods 2020-08-18

A guide to the artistry that lifts a sentence from good to great. We all know the basic structure of a sentence: a subject/verb pair expressing a complete thought and ending with proper punctuation. But that classroom definition doesn't begin to describe the ways in which these elements can combine to resonate with us as we read, to make us stop and think, laugh or cry. In *25 Great Sentences and How They Got That Way*, master teacher Geraldine Woods unpacks powerful examples of what she instead prefers to define as "the smallest element differentiating one writer's style from another's, a literary universe in a grain of sand." And that universe is very large: the hundreds of memorable sentences gathered here come from sources as wide-ranging as Edith Wharton and Yogi Berra, Toni Morrison and Yoda, T. S. Eliot and Groucho Marx. Culled from fiction, nonfiction, drama, poetry, song lyrics, speeches, and even ads, these exemplary sentences are celebrated for the distinctive features—whether of structure, diction, connection/comparison, sound, or extremes—that underlie their beauty, resonance, and creativity. With dry humor and an infectious enjoyment that makes her own sentences a pleasure to read, Woods shows us the craft that goes into the construction of a memorable sentence. Each chapter finishes with an enticing array of exercises for those who want to test their skill at a particular one of the featured twenty-five techniques, such as onomatopoeia (in the Sound section) or parallelism (in the Structure section). This is a book that will be treasured by word nerds and language enthusiasts, writers who want to hone their craft, literature lovers, and readers of everything from song lyrics and speeches to novels and poetry.
