Spam Nation - Brian Krebs
2014-11-18
Now a New York Times
bestseller! There is a Threat
Lurking Online with the Power
to Destroy Your Finances, Steal
Your Personal Data, and
Endanger Your Life. In Spam

Nation, investigative journalist and cybersecurity expert Brian Krebs unmask the criminal masterminds driving some of the biggest spam and hacker operations targeting Americans and their bank accounts.

Tracing the rise, fall, and alarming resurrection of the digital mafia behind the two largest spam pharmacies-and countless viruses, phishing, and spyware attacks-he delivers the first definitive narrative of the global spam problem and its threat to consumers everywhere. Blending cutting-edge research, investigative reporting, and firsthand interviews, this terrifying true story reveals how we unwittingly invite these digital thieves into our lives every day. From unassuming computer programmers right next door to digital mobsters like "Cosma"-who unleashed a massive malware attack that has stolen thousands of Americans' logins and passwords-Krebs uncovers the shocking lengths to which these people will go to profit

from our data and our wallets. Not only are hundreds of thousands of Americans exposing themselves to fraud and dangerously toxic products from rogue online pharmacies, but even those who never open junk messages are at risk. As Krebs notes, spammers can-and do-hack into accounts through these emails, harvest personal information like usernames and passwords, and sell them on the digital black market. The fallout from this global epidemic doesn't just cost consumers and companies billions, it costs lives too. Fast-paced and utterly gripping, Spam Nation ultimately proposes concrete solutions for protecting ourselves online and stemming this tidal wave of cybercrime-before it's too late. "Krebs's talent for exposing the weaknesses in online security has earned him respect in the IT business and loathing among cybercriminals... His track record of scoops...has helped him become the rare blogger who supports himself on the strength of his reputation for hard-nosed

reporting." -Bloomberg

Global Innovation Index 2020 - Cornell University 2020-08-13

The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to

progress and remaining challenges - including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis.

Nevertheless, She Wore It - Ann Shen 2020-09-01

From the creator of the bestselling *Bad Girls Throughout History!*

Celebrated illustrator and author Ann Shen shares her striking study of history's most iconic styles, and the women who changed the world while wearing them. From the revolutionary bikini to the presidential pantsuit, this book explores 50 fashions through bold paintings and insightful anecdotes that empower readers to make their own fashion statements. •

Demonstrates the power of fashion as a political and cultural tool for making change •

• Brilliantly illustrated with Ann's signature art style • Filled with radical clothing choices that defined their time Looks include the Flapper Dress, the unofficial outfit of women's independence in the

1920s; the Afro, worn as a symbol of black beauty, power, and pride; the Cone Bra, donned by Madonna in her 1989 power anthem "Express Yourself"; and the Dissent Collar, Ruth Bader Ginsburg's famous signifier for when she disagrees with the majority. With stunning and vibrant illustrations, this is a treasure for anyone who wants to defy style norms and rewrite the rules. • An insightful look at the intersection of fashion statements and historical female power • Perfect for fans of Ann Shen, as well as anyone who loves fashion, feminism, and political consciousness • You'll love this book if you love books like *Women In Science: 50 Fearless Pioneers Who Changed The World* by Rachel Ignotofsky; *Strong Is the New Pretty: A Celebration Of Girls Being Themselves* by Kate T. Parker; and *Women Who Dared: 52 Stories Of Fearless Daredevils, Adventurers, And Rebels* by Linda Skeers. *Designing Mobile Payment Experiences* - Skip Allums
2014-08-13

Now that consumer purchases with mobile phones are on the rise, how do you design a payment app that's safe, easy to use, and compelling? With this practical book, interaction and product designer Skip Allums provides UX best practices and recommendations to help you create familiar, friendly, and trustworthy experiences. Consumers want mobile transactions to be as fast and reliable as cash or bank cards. This book shows designers, developers, and product managers—from startups to financial institutions—how to design mobile payments that not only safeguard identity and financial data, but also provide value-added features that exceed customer expectations. Learn about the major mobile payment frameworks: NFC, cloud, and closed loop. Examine the pros and cons of Google Wallet, Isis, Square, PayPal, and other payment apps. Provide walkthroughs, demos, and easy registration to quickly gain a new user's trust. Design efficient point-of-sale

interactions, using NFC, QR, barcodes, or geolocation Add peripheral services such as points, coupons and offers, and money management

it's also more complex. That's where this Missing Manual comes in. With crystal-clear explanations and hands-on examples, *Excel 2013: The Missing Manual* shows you how to master Excel so you can easily track, analyze, and chart your data. You'll be using new features like PowerPivot and Flash Fill in no time. The important stuff you need to know: Go from novice to ace. Learn how to analyze your data, from writing your first formula to charting your results. Illustrate trends. Discover the clearest way to present your data using Excel's new Quick Analysis feature. Broaden your analysis. Use pivot tables, slicers, and timelines to examine your data from different perspectives. Import data. Pull data from a variety of sources, including website data feeds and corporate databases. Work from the Web. Launch and manage your workbooks on the road, using the new Excel Web App. Share your worksheets. Store Excel files on SkyDrive and collaborate with colleagues

on Facebook, Twitter, and LinkedIn. Master the new data model. Use PowerPivot to work with millions of rows of data. Make calculations. Review financial data, use math and scientific formulas, and perform statistical analyses. *Segment Reporting - International Accounting Standards Committee 1997*

Scaling Up Excellence - Robert I. Sutton 2014-02-04
Wall Street Journal Bestseller
"The pick of 2014's management books." -Andrew Hill, Financial Times
"One of the top business books of the year." -Harvey Schacter, The Globe and Mail
Bestselling author, Robert Sutton and Stanford colleague, Huggy Rao tackle a challenge that determines every organization's success: how to scale up farther, faster, and more effectively as an organization grows. Sutton and Rao have devoted much of the last decade to uncovering what it takes to build and uncover pockets of exemplary performance, to help spread

Downloaded from
viewfromthefridge.com on

them, and to keep recharging organizations with ever better work practices. Drawing on inside accounts and case studies and academic research from a wealth of industries--including start-ups, pharmaceuticals, airlines, retail, financial services, high-tech, education, non-profits, government, and healthcare--Sutton and Rao identify the key scaling challenges that confront every organization. They tackle the difficult trade-offs that organizations must make between whether to encourage individualized approaches tailored to local needs or to replicate the same practices and customs as an organization or program expands. They reveal how the best leaders and teams develop, spread, and instill the right mindsets in their people--rather than ruining or watering down the very things that have fueled successful growth in the past. They unpack the principles that help to cascade excellence throughout an organization, as well as show how to eliminate destructive

beliefs and behaviors that will hold them back. *Scaling Up Excellence* is the first major business book devoted to this universal and vexing challenge and it is destined to become the standard bearer in the field.

Commerce Business Daily - 1997-12-31

Built from Scratch - Bernie Marcus 2019-08-20

One of the greatest entrepreneurial success stories of the past twenty years When a friend told Bernie Marcus and Arthur Blank that “you’ve just been hit in the ass by a golden horseshoe,” they thought he was crazy. After all, both had just been fired. What the friend, Ken Langone, meant was that they now had the opportunity to create the kind of wide-open warehouse store that would help spark a consumer revolution through low prices, excellent customer service, and wide availability of products. *Built from Scratch* is the story of how two incredibly determined and creative people—and their

associates—built a business from nothing to 761 stores and \$30 billion in sales in a mere twenty years. Built from Scratch tells many colorful stories associated with The Home Depot's founding and meteoric rise; shows that a company can be a tough, growth-oriented competitor and still maintain a high sense of responsibility to the community; and provides great lessons useful to people in any business, from start-ups to the Fortune 500.

Information is Beautiful - David McCandless 2009

A visual guide to the way the world really works Every day, every hour, every minute we are bombarded by information - from television, from newspapers, from the internet, we're steeped in it, maybe even lost in it. We need a new way to relate to it, to discover the beauty and the fun of information for information's sake. No dry facts, theories or statistics. Instead, *Information is Beautiful* contains visually stunning displays of information that blend the facts

with their connections, their context and their relationships - making information meaningful, entertaining and beautiful. This is information like you have never seen it before - keeping text to a minimum and using unique visuals that offer a blueprint of modern life - a map of beautiful colour illustrations that are tactile to hold and easy to flick through but intriguing and engaging enough to study for hours.
